## Get the Earliest Delivery of the State Register

A subscription to the **STATE REGISTER** gets you the **EARLIEST DELIVERY**. Instead of waiting until Monday at 8:00 a.m. when the magazine is posted on our website, we'll SEND you the magazine on Friday at close of business with the State, 4:30 pm: 2-1/2 days early.

Yes, that's right -- 2-1/2 days ahead of normal publication schedule -- to get to know what's coming in the next week; to prepare your plans for your submissions to grant and loan programs and RFPs, RFIs and other contracts and bids.

Subscriptions for an entire year cost \$180. The magazine is **SENT TO YOU**, as well as ONE OTHER PERSON YOU DESIGNATE, in case of vacations, or illnesses, or other absences in your office . . . and you won't have to access our website or click, click, click to find us.

Subscriptions include the most up-to-date information, including a growing index to issues in each volume, issue by issue, including the current volume, which others do not have access to until the end of the volume year.

And a subscription gets you our Current Listing of All OPEN bids, contracts, grants, loans, and RFPs that are still open for bid, so you don't have to hunt through each back issue to find something.

# Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-13 inclusive; issues #14-25 inclusive (issue #26 cumulative for issues #1-26); issues #27-38 inclusive (issue #39, cumulative for issues #1-39); issues #40-52 inclusive, with final index (#1-52, or 53 in some years). An annual subject matter index for rules was separately printed usually in August, but starting with Volume 19 now appears in the final issue of each volume. For copies or subscriptions to the State Register, contact Minnesota's Bookstore, 660 Olive Street (one block east of I-35E and one block north of University Ave), St. Paul, MN 55155, phone: (612) 297-3000, or toll-free 1-800-657-3757. TTY relay service phone number: (800) 627-3529.

# Proposed Rules

**Comments on Planned Rules or Rule Amendments.** An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, and within 60 days of the effective date of any new statutory grant of required rulemaking.

**Rules to be Adopted After a Hearing.** After receiving comments and deciding to hold a public hearing on the rule, an agency drafts its rule. It then publishes its rules with a notice of hearing. All persons wishing to make a statement must register at the hearing. Anyone who wishes to submit written comments may do so at the hearing, or within five working days of the close of the hearing. Administrative law judges may, during the hearing, extend the period for receiving comments up to 20 calendar days. For five business days after the submission period the agency and interested persons may respond to any new information submitted during the written submission period and the record then is closed. The administrative law judge prepares a report within 30 days, stating findings of fact, conclusions and recommendations. After receiving the report, the agency decides whether to adopt, withdraw or modify the proposed rule based on consideration of the comments made during the rule hearing procedure and the report of the administrative law judge. The agency must wait five days after receiving the report before taking any action.

**Rules to be Adopted Without a Hearing.** Pursuant to *Minnesota Statutes* § 14.22, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing. An agency must first solicit **Comments on Planned Rules** or **Comments on Planned Rule Amendments** from the public. The agency then publishes a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the *State Register*. If, during the 30-day comment period, 25 or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of §§ 14.1414.20, which state that if an agency decides to hold a public hearing, it must publish a notice of intent in the *State Register*.

**KEY: Proposed Rules** - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated “all new material.” **Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

9:00 AM – 3:00 PM on Thursday, July 26, 2018  
American Legion  
900 1st St E  
Park Rapids, MN 5670

Each hearing will continue until the hearing is completed. The agency will schedule additional days of hearing if necessary. All interested or affected persons will have an opportunity to participate by submitting either oral or written data, statements, or arguments. Statements may be submitted without appearing at the hearing.

**Administrative Law Judge.** Administrative Law Judge Palmer-Denig will conduct the hearing. The judge can be reached at the Office of Administrative Hearings, 600 North Robert Street, P.O. Box 64620, Saint Paul, Minnesota 55164-0620, telephone (651) 361-7875, and fax (651) 539-0310. The rule hearing procedure is governed by *Minnesota Statutes*, sections 14.131 to 14.20, and by the rules of the Office of Administrative Hearings, *Minnesota Rules*, parts 1400.2000 to 1400.2240. You should direct questions about the rule hearing procedure to the administrative law judge.

**Subject of Rules, Statutory Authority, and Agency Contact Person.** The proposed rules are about the protection of groundwater from nitrate pollution due to agricultural chemicals, including nitrogen fertilizer, and agricultural practices. The proposed rules are authorized by *Minnesota Statutes*, section 103H.275. A copy of the proposed rules is published in the *State Register* and is available at the agency's website at [www.mda.state.mn.us/nfr](http://www.mda.state.mn.us/nfr).

A free copy of the rules is available upon request from the agency contact person. The agency contact person is: Larry Gunderson at Minnesota Department of Agriculture, 625 Robert Street North, St. Paul, MN, 55155, phone: 651-201-6659, fax: 651-201-6112, and email: [larry.gunderson@state.mn.us](mailto:larry.gunderson@state.mn.us).

**Statement of Need and Reasonableness.** The statement of need and reasonableness contains a summary of the justification for the proposed rules, including a description of who will be affected by the proposed rules and an estimate of the probable cost of the proposed rules. It is now available from the agency contact person. You may review or obtain copies for the cost of reproduction by contacting the agency contact person.

**Public Comment.** You and all interested or affected persons, including representatives of associations and other interested groups, will have an opportunity to participate. *The administrative law judge will accept your views* either orally at the hearing or in writing at any time before the close of the hearing record. Submit written comments *to the administrative law judge at the address above or via the Office of Administrative Hearings Rulemaking e-comments website at <https://minnesotaoah.granicusideas.com/discussions>*. All evidence that you present should relate to the proposed rules. You may also submit written material *to the administrative law judge* to be recorded in the hearing record for five working days after the public hearing ends. At the hearing the administrative law judge may order this five-day comment period extended for a longer period but for no more than 20 calendar days. Following the comment period, there is a five-working-day rebuttal period during which the agency and any interested person may respond in writing to any new information submitted. No one may submit additional evidence during the five-day rebuttal period. The Office of Administrative Hearings must receive all comments and responses submitted to the administrative law judge no later than 4:30 p.m. on the due date. All comments or responses received are public and will be available for review at the Office of Administrative Hearings.

# Proposed Rules

The agency requests that any person submitting written views or data to the administrative law judge before the hearing or during the comment or rebuttal period also submit a copy of the written views or data to the agency contact person at the address stated above.

**Alternative Format/Accommodation.** Upon request, this information can be made available in an alternative format, such as large print, braille, or audio. To make such a request or if you need an accommodation to make this hearing accessible, please contact the agency contact person at the address or telephone number listed above.

**Modifications.** The agency may modify the proposed rules as a result of the rule hearing process. It must support modifications by data and views presented during the rule hearing process. The adopted rules may not be substantially different than these proposed rules, unless the agency follows the procedure under *Minnesota Rules*, part 1400.2110. If the proposed rules affect you in any way, the agency encourages you to participate.

**Adoption Procedure after the Hearing.** After the close of the hearing record, the administrative law judge will issue a report on the proposed rules. You may ask to be notified of the date when the judge's report will become available, and can make this request at the hearing or in writing to the administrative law judge. You may also ask to be notified of the date that the agency adopts the rules and files them with the Secretary of State, or ask to register with the agency to receive notice of future rule proceedings. You may make these requests at the hearing or in writing to the agency contact person stated above.

**Lobbyist Registration.** *Minnesota Statutes*, chapter 10A, requires each lobbyist to register with the State Campaign Finance and Public Disclosure Board. You should direct questions regarding this requirement to the Campaign Finance and Public Disclosure Board at: Suite #190, Centennial Building, 658 Cedar Street, St. Paul, Minnesota 55155, telephone (651) 539-1180 or 1-800-657-3889.

**Order.** I order that the rulemaking hearing be held at the date, time, and location listed above.

Date: April 23, 2018

Dave Frederickson  
Commissioner

## **1573.0010 DEFINITIONS.**

Subpart 1. **Scope.** The terms used in this chapter have the meanings given them in this part. Other terms used in this chapter are defined in the part in which the terms are used. Terms used in this chapter that are not specifically defined in applicable federal or state law shall be construed in conformance with the context and in relation to the applicable section of the statutes pertaining to the matter and current professional usage.

Subp. 2. **Alternative management tools.** “Alternative management tools” means specific practices and solutions as described in part 1573.0090, subpart 1, other than nitrogen fertilizer best management practices, that are approved by the commissioner to address groundwater nitrate problems. Alternative management tools include precision agricultural methods that can be used for the precise, variable, and site-specific application of nitrogen fertilizer.

Subp. 3. **Coarse textured soils.** “Coarse textured soils” means soils that are sand, loamy sand, fine sand, loamy fine sand, coarse sand, loamy coarse sand, very fine sand, loamy very fine sand, single grained, or any of these textures with the following textural modifiers: gravelly, cobbly, channery, and flaggy, based on the United States Department of Agriculture, Natural Resources Conservation Service, Web Soil Survey.

Subp. 4. **Commissioner.** “Commissioner” means the commissioner of agriculture.

Subp. 5. **Cropland.** “Cropland” means land used primarily for the production or harvest of annual or perennial field, forage, food, fiber, or energy crops. Cropland includes pasture but does not include forestland.

# Proposed Rules

---

---

Subp. 6. **Drinking water supply management area.** “Drinking water supply management area” has the meaning given in part 4720.5100, subpart 13.

Subp. 7. **Fall application.** “Fall application” means the application of nitrogen fertilizer to cropland after August 31 in each calendar year.

Subp. 8. **Frozen soil.** “Frozen soil” means soil frozen to a depth that does not allow for the proper placement and incorporation of nitrogen fertilizer. For purposes of this subpart, proper placement means that a responsible party is able to incorporate granular products within three days of application at a minimum depth of three inches below the surface of the soil.

Subp. 9. **Groundwater.** “Groundwater” has the meaning given in Minnesota Statutes, section 115.01, subdivision 6.

Subp. 10. **Groundwater monitoring network.** “Groundwater monitoring network” means a network of wells used by the commissioner to monitor and test nitrate-nitrogen concentrations in groundwater.

Subp. 11. **Growing season.** “Growing season” means the period of time from planting to physiological maturity of crops identified by the nitrogen fertilizer best management practices.

Subp. 12. **Lag time.** “Lag time” means the period of time it takes for nitrate to travel through an unsaturated zone to impact groundwater quality in an aquifer being monitored.

Subp. 13. **Leaching index.** “Leaching index” means the annual precipitation minus evapotranspiration for the years 1981-2010 as calculated at daily intervals using the gridMet dataset.

Subp. 14. **Local advisory team.** “Local advisory team” means a team of individuals approved by the commissioner who advise the commissioner regarding appropriate response activities for a specific local area.

Subp. 15. **Municipal public water supply well.** “Municipal public water supply well” has the meaning given in part 4720.5100, subpart 22. For the purposes of this subpart, municipal public water supply well also includes a rural water system.

Subp. 16. **Nitrogen fertilizer best management practices.** “Nitrogen fertilizer best management practices” means practices associated with nitrogen use that are adopted by the commissioner pursuant to Minnesota Statutes, section 103H.151, subdivision 2.

Subp. 17. **Nitrogen fertilizer.** “Nitrogen fertilizer” means a substance containing nitrogen that is used for its plant nutrient content, is designed for use or claimed to have value in promoting plant growth, and requires a guaranteed analysis under Minnesota Statutes, section 18C.215. Nitrogen fertilizer does not include animal and vegetable manures that are not manipulated, or marl, lime, limestone, biosolids, industrial by-product, industrial wastewater, irrigation water, or other products exempted by the commissioner.

Subp. 18. **Public well.** “Public well” means a community water system as defined in part 4725.0100, subpart 23a.

Subp. 19. **Residual soil nitrate tests.** “Residual soil nitrate tests” means soil tests conducted by or under the direction of the commissioner that are representative of changes in soil nitrate levels in soil below the root zone for cropland within a drinking water supply management area.

Subp. 20. **Responsible party.** “Responsible party” means the owner, operator, or agent in charge of cropland.

Subp. 21. **Section.** “Section” means a subdivision of a township typically one square mile in size as established under a public land survey system.

Subp. 22. **Spring frost-free date.** “Spring frost-free date” means the date where there is a ten percent probability of

observing a temperature of 32 degrees Fahrenheit or colder based on the years 1981-2010 as published by the Minnesota State Climatology Office.

Subp. 23. **Vulnerable groundwater area.** “Vulnerable groundwater area” means land with:

A. coarse textured soils;

B. soils that are shallow to bedrock as identified in the United States Department of Agriculture, Natural Resources Conservation Service, Web Soil Survey; or

C. karst, as identified in the Department of Natural Resources Pollution Sensitivity of Near-Surface Materials Report.

Vulnerable groundwater area does not include areas identified as ultra-low sensitivity in the Department of Natural Resources Pollution Sensitivity of Near-Surface Materials Report.

## **1573.0030 STATEWIDE WATER RESOURCE PROTECTION REQUIREMENTS.**

### **Subpart 1. Prohibitions.**

A. A responsible party must not make:

(1) a fall application of nitrogen fertilizer to cropland located in a drinking water supply management area from a municipal public water supply well with nitrate-nitrogen levels greater than or equal to 5.4 mg/L at any point in the previous ten years;

(2) a fall application of nitrogen fertilizer to cropland located in a quarter section where vulnerable groundwater areas make up 50 percent or more of the quarter section; or

# Proposed Rules

---

---

(3) an application of nitrogen fertilizer to cropland with frozen soil located in:

(a) a vulnerable groundwater area; or

(b) a drinking water supply management area that has nitrate-nitrogen levels greater than or equal to 5.4 mg/L at any point in the previous ten years.

B. The commissioner shall annually develop a fall application restrictions map. The commissioner shall post the fall restrictions map on the department's Web site by March 1 of each year.

C. Any responsible party in charge of cropland in a vulnerable groundwater area as depicted on the commissioner's vulnerable groundwater area map is subject to item A.

## Subp. 2. Exclusions.

A. A responsible party in a county or a portion of a county is excluded from the fall application restriction requirements under subpart 1 if the county or the portion of the county meets one of the following conditions:

(1) the spring frost-free date in the county or a portion of the county is on or after May 22 and has a leaching index less than or equal to -12 inches as determined by the commissioner;

(2) the spring frost-free date in the county or a portion of the county is on or after May 29 and the leaching index is less than or equal to -10 inches as determined by the commissioner; or

(3) the spring frost-free date in the county or a portion of the county is on or after June 5 and the leaching index is less than or equal to -6 inches as determined by the commissioner.

B. The exclusion under this subpart applies to an entire county if a condition under item A is represented on 50 percent or more of the land area of the county.

C. For purposes of determining the exclusion under item A, the commissioner may subdivide a county by geographical boundary if there is a clear change in conditions represented in a specific area of the county.

D. The exclusion under this subpart does not apply to a drinking water supply management area with nitrate-nitrogen levels greater than or equal to 5.4 mg/L.

E. If cropland makes up less than three percent of a county's total land area, the county is excluded from the requirements in item A.

F. The commissioner may exclude responsible parties in a drinking water supply management area from the fall application restrictions in subpart 1 if the commissioner determines there is a point source of nitrate-nitrogen contamination, including but not limited to an improperly sealed well, an animal feedlot, or an agricultural chemical incident, that is a significant source of nitrate-nitrogen contamination in the drinking water supply management area's well.

G. The commissioner may exclude part of a drinking water supply management area from the fall application restriction if the commissioner determines that the area is not contributing significantly to the contamination of the well in the drinking water supply management area.

## Subp. 3. Exceptions.

A. Notwithstanding subpart 1, a responsible party may make a fall application in a vulnerable groundwater area if the responsible party uses applicable nitrogen rates, as defined in item B, in the following situations only:

(1) when nitrogen fertilizer is required to establish winter grains planted in the fall;

(2) when nitrogen fertilizer is required for pasture fertilization;

(3) when nitrogen fertilizer is required for perennial crops;

(4) when nitrogen fertilizer is required for grass seed production. For purposes of this subitem, grass seed production does not include corn production;

(5) when nitrogen fertilizer is required for cultivated wild rice; or

(6) when nitrogen fertilizer is required for growing cover crops for the specific purpose of reducing commercial applications of soil fumigants to the subsequent potato crop.

B. For purposes of item A, “nitrogen rates” means:

(1) the nitrogen rates included in the nitrogen fertilizer best management practices adopted by the commissioner under Minnesota Statutes, section 103H.151, subdivision 2; or

(2) if applicable nitrogen rates have not been adopted by the commissioner under Minnesota Statutes, section 103H.151, subdivision 2, the nitrogen rates included in the Fertilizer Guidelines for Agronomic Crops in Minnesota as published by the University of Minnesota Extension.

C. Notwithstanding subpart 1 and in addition to item A, a responsible party may make a fall application in a vulnerable groundwater area in the following situations:

(1) when applying ammoniated phosphate or micronutrient formulations containing nitrogen, so long as the applied nitrogen rate does not exceed an average of 40 pounds per acre in a field. Fields that have had a soil analysis completed by a certified lab and determined to have low to very low phosphorus levels according to the Fertilizer Guidelines for Agronomic Crops in Minnesota are not subject to the 40 pounds per acre total nitrogen rate;

(2) when making a land application of agricultural-chemical-contaminated soil and other media according to Minnesota Statutes, section 18D.1052; or

(3) when making an application of nitrogen fertilizer for agricultural research and demonstrations for academic purposes. Application of nitrogen fertilizer for agricultural research and demonstrations is limited to 20 acres or less unless a higher acreage amount is approved by the commissioner.

## **1573.0040 DRINKING WATER SUPPLY MANAGEMENT AREA; MITIGATION LEVEL DESIGNATION.**

Subpart 1. **Application.** This part applies to responsible parties in drinking water supply management areas.

Subp. 2. **Evaluation of nitrate-nitrogen concentrations in groundwater.** The commissioner shall evaluate nitrate-nitrogen concentrations in groundwater from public wells in drinking water supply management areas for purposes of making drinking water supply management area mitigation level 1 and 2 designations. The commissioner shall use public well nitrate-nitrogen concentration data provided by the commissioner of health or the commissioner of health’s designee under chapter 4720 for this purpose. The commissioner shall initially designate a drinking water supply management area as a mitigation level 1 or a mitigation level 2 drinking water supply management area according to the criteria in subpart 3.

Subp. 3. **Criteria for initial mitigation level designation.**

A. The commissioner shall use the following criteria to make mitigation level designations for drinking water supply management areas.

# Proposed Rules

---

---

(1) To be designated as a mitigation level 1 drinking water supply management area, the groundwater nitrate-nitrogen concentration of the public well in the drinking water supply management area has been greater than or equal to 5.4 mg/L but less than 8.0 mg/L at any point in the previous ten years.

(2) To be designated as a mitigation level 2 drinking water supply management area, the groundwater nitrate-nitrogen concentration data of the public well in the drinking water supply management area meets one of the following:

(a) the statistical analysis of the groundwater nitrate-nitrogen concentration data for the previous ten years demonstrates that the groundwater nitrate-nitrogen concentration of the public well is projected to exceed the health risk limit in the next ten years; or

(b) the nitrate-nitrogen concentration of the public well is 8.0 mg/L or greater at any point in the previous ten years.

B. For a nonmunicipal public water supply well, the commissioner may make exceptions for increasing a mitigation level designation based on:

(1) whether there has been a significant change in the amount of land used for agricultural production within the drinking water supply management area;

(2) the severity of the nitrate-nitrogen concentration found in other wells in the drinking water supply management area;

(3) the population affected by the groundwater contamination of nitrate-nitrogen; and

(4) other factors expected to influence nitrate-nitrogen concentrations.

C. The commissioner may exclude a drinking water supply management area from mitigation level determinations in subpart 2 if the commissioner determines there is a point source of nitrate-nitrogen contamination, including but not limited to an improperly sealed well, an animal feedlot, or an agricultural chemical incident, that is a significant source of nitrate-nitrogen contamination in the drinking water supply management area's well.

D. The commissioner may exclude part of a drinking water supply management area from a mitigation level designation if the commissioner determines that the area is not contributing significantly to the contamination of the well in the drinking water supply management area.

## **Subp. 4. Determination of nitrogen fertilizer best management practices and mitigation levels.**

A. For a mitigation level 2 drinking water supply management area, the commissioner shall determine the nitrogen fertilizer best management practices applicable for that drinking water supply management area. The commissioner may form a local advisory team to consult on the determination of applicable nitrogen fertilizer best management practices.

B. The commissioner shall provide notice to the public of the designation of a drinking water supply management area as a mitigation level 2 and the nitrogen fertilizer best management practices that are applicable to that drinking water supply management area through publication in the legal newspaper for the affected drinking water supply management area and on the Department of Agriculture's Web site.

## **Subp. 5. Monitoring.**

A. The commissioner shall monitor a drinking water supply management area's nitrate-nitrogen concentrations pursuant to Minnesota Statutes, section 103H.251, subdivision 2. For purposes of the monitoring required by this subpart, the commissioner may:

---

---

# Proposed Rules

(1) use groundwater nitrate-nitrogen concentrations of a public well provided by the commissioner of health or the commissioner's designee; or

(2) establish a groundwater monitoring network to determine changes in water quality in the drinking water supply management area.

B. If the commissioner establishes a groundwater monitoring network, the commissioner must design the groundwater monitoring network to represent the drinking water supply management area or a portion of the drinking water supply management area being monitored.

C. The commissioner may conduct residual soil nitrate tests to evaluate changes in residual soil nitrate for cropland within a drinking water supply management area.

## **Subp. 6. Nitrogen fertilizer best management practices evaluation.**

A. The commissioner shall conduct an evaluation in designated mitigation level 2 drinking water supply management areas to determine whether the nitrogen fertilizer best management practices approved by the commissioner have been implemented by responsible parties on at least 80 percent of the cropland, excluding soybean cropland. The commissioner shall not conduct an evaluation under this subpart for at least three growing seasons subsequent to the publication of the nitrogen fertilizer best management practices applicable to the drinking water supply management area. The commissioner may conduct periodic evaluations during the three growing seasons to monitor the drinking water supply management area's progress.

B. When conducting an evaluation under this subpart, the commissioner shall consider:

(1) cropland where a responsible party has implemented approved alternative management tools as being in compliance with nitrogen fertilizer best management practices applicable to that drinking water supply management area;

(2) cropland certified by the Minnesota Agricultural Water Quality Certification Program as being cropland in compliance with all nitrogen fertilizer best management practices;

(3) nitrogen fertilizer best management practices not to be implemented if the responsible party does not provide information or provides insufficient information to the commissioner to make a determination related to the implementation of nitrogen fertilizer best management practices on that cropland;

(4) practices that do not meet the nitrogen fertilizer best management practices to be in compliance with the nitrogen fertilizer best management practices if the noncompliance is due to an agricultural emergency or other extreme circumstance as determined by the commissioner; and

(5) cropland where a manure management plan has been implemented by the responsible party as cropland that has implemented nitrogen fertilizer best management practices if the manure management plan has been approved and determined to be implemented by the commissioner of the Pollution Control Agency or the commissioner's designee, and includes the nitrogen fertilizer best management practices determined applicable for the drinking water supply management area by the commissioner.

## **Subp. 7. Mitigation level 2 drinking water supply management area; mitigation designation review.**

A. The commissioner shall review the water quality and monitoring data of a mitigation level 2 drinking water supply management area and either provide a new mitigation level designation or maintain the existing mitigation level designation for the drinking water supply management area after no fewer than three growing seasons or the lag time, whichever is longer, following the commissioner's initial mitigation level 2 designation. However, if residual soil nitrate testing is conducted, the review period shall not be less than three growing seasons. The commissioner shall review the

# Proposed Rules

---

---

mitigation level designation not less than every three growing seasons thereafter.

B. The commissioner shall designate a mitigation level 2 drinking water supply management area as a mitigation level 1 drinking water supply management area if the commissioner determines that the statistical analysis for nitrate-nitrogen concentrations in the public well is not projected to exceed the health risk limit and the groundwater nitrate-nitrogen concentration has been below 8.0 mg/L for ten years.

C. The commissioner shall designate a mitigation level 2 drinking water supply management area as a mitigation level 3 drinking water supply management area if responsible parties within the drinking water supply management area have implemented nitrogen fertilizer best management practices on less than 80 percent of cropland and:

(1) the statistical analysis of the nitrate-nitrogen concentration of the public well within the drinking water supply management area for the past ten years is projected to exceed the health risk limit in the next ten years; or

(2) the nitrate-nitrogen concentration of the public well within the drinking water supply management area is 8.0 mg/L or more at any point in the previous ten years.

D. The commissioner shall designate a mitigation level 2 drinking water supply management area as a mitigation level 3 drinking water supply management area if the net residual nitrate in soil below the root zone is increasing after not less than three growing seasons within the drinking water supply management area.

E. The commissioner shall designate a mitigation level 2 drinking water supply management area as a mitigation level 3 drinking water supply management area if the statistical analysis indicates the nitrate-nitrogen concentration is increasing for the public well or groundwater monitoring network.

F. The mitigation level remains a mitigation level 2 unless one of the criteria in items B to E is met.

G. If responsible parties within a drinking water supply management area have demonstrated progress in addressing nitrates in groundwater within the drinking water supply management area, the commissioner may grant a onetime exemption from designating a mitigation level 2 drinking water supply management area as a mitigation level 3 drinking water supply management area for a period equal to the period for the mitigation level designation decision under item A.

H. The commissioner may make exceptions for increasing a mitigation level designation if there has been a significant change in land use in a drinking water supply management area.

## **Subp. 8. Mitigation level 3 drinking water supply management areas; mitigation level designation review.**

A. The commissioner shall review the water quality and monitoring data of a mitigation level 3 drinking water supply management area and either make a new mitigation level designation or maintain the existing mitigation level designation for the drinking water supply management area after no fewer than three growing seasons or the lag time, whichever is longer, following the commissioner's initial mitigation level 3 designation. However, if residual soil nitrate testing is conducted, the review period shall not be fewer than three growing seasons. The commissioner shall review the mitigation level designation not fewer than every three growing seasons thereafter.

B. The commissioner shall designate a mitigation level 3 drinking water supply management area as a mitigation level 1 drinking water supply management area if the commissioner determines that the statistical analysis for nitrate-nitrogen concentrations in the public well is not projected to exceed the health risk limit and the groundwater nitrate-nitrogen concentration has been below 8.0 mg/L for ten years.

C. The commissioner shall designate a mitigation level 3 drinking water supply management area as a mitigation level 4 drinking water supply management area if the nitrate-nitrogen concentration of the public well within the drinking water supply management area is 9.0 mg/L or higher for any three samples in the previous ten years unless a statistical trend analysis indicates nitrate-nitrogen concentrations have decreased.

---

---

# Proposed Rules

D. The commissioner shall designate a mitigation level 3 drinking water supply management area as a mitigation level 4 drinking water supply management area if net residual nitrate in soil below the root zone is increasing after not less than three growing seasons within the drinking water supply management area.

E. The commissioner shall designate a mitigation level 3 drinking water supply management area as a mitigation level 4 drinking water supply management area if the statistical analysis of the nitrate-nitrogen concentration in the public well or in the groundwater monitoring network is increasing.

F. The mitigation level remains a mitigation level 3 unless one of the criteria in items B to E is met.

G. If responsible parties within a drinking water supply management area have demonstrated progress in addressing nitrate in groundwater, the commissioner may grant a onetime exemption from designating a mitigation level 3 drinking water supply management area as a mitigation level 4 drinking water supply management area for a period equal to the period for the mitigation level designation decision under item A.

## **Subp. 9. Mitigation level 4 drinking water supply management area; mitigation level designation review.**

A. The commissioner shall review the water quality and monitoring data of a mitigation level 4 drinking water supply management area and either make a new mitigation level designation or maintain the existing mitigation level 4 designation for the drinking water supply management area after no fewer than three growing seasons or the lag time, whichever is longer, following the commissioner's initial mitigation level 4 designation. However, if residual soil nitrate testing is conducted, the review period shall not be less than three growing seasons. The commissioner shall review the mitigation level designation every three growing seasons thereafter.

B. The commissioner shall designate a mitigation level 4 drinking water supply management area as a mitigation level 3 drinking water supply management area if:

(1) the statistical analysis for groundwater nitrate-nitrogen concentrations in the public well shows that the well is not projected to exceed the health risk limit for a period of ten years; and

(2) the groundwater nitrate-nitrogen concentrations in the public well have not reached or exceeded 9.0 mg/L for any three samples in the past ten years.

Subp. 10. **Limitation on change in designation.** The commissioner shall not designate a drinking water supply management area more than one mitigation level higher than the drinking water supply management area's previous designation for a minimum of three growing seasons.

## **1573.0050 WATER RESOURCE PROTECTION REQUIREMENTS ORDER.**

### **Subpart 1. Commissioner's water resource protection requirements order.**

A. The commissioner shall issue a water resource protection requirements order to responsible parties in mitigation level 3 and 4 drinking water supply management areas that meet the criteria in part 1573.0040, subparts 7 to 9. The commissioner shall use the nitrate-nitrogen concentration results obtained in part 1573.0040, subpart 5, to issue a water resource protection requirements order for a mitigation level 3 or 4 drinking water supply management area.

B. If a groundwater monitoring network is installed or residual soil nitrate testing is conducted in the drinking water supply management area, then a commissioner's order applies to the entire drinking water supply management area.

C. If a groundwater monitoring network is not installed or residual soil nitrate testing is not conducted in the drinking water supply management area, then the commissioner's order applies to the area within the drinking water supply management area for which land surface practices may impact water quality within the monitored well after the

# Proposed Rules

---

---

recommended nitrogen fertilizer best management practices for the drinking water supply management area are first published by the commissioner. This area shall be determined based on the estimated travel time, including lag time, for nitrate-nitrogen to travel from the place of application to the well.

D. In prioritizing the issuance of water resource protection requirements orders throughout the state, the commissioner shall consider the following:

- (1) the nitrate-nitrogen concentration in drinking water supply management areas as determined by the commissioner of health's public well data or the groundwater monitoring network data;
- (2) the population at risk in the drinking water supply management area due to high nitrate in groundwater;
- (3) whether the drinking water supply management area has a water treatment system; and
- (4) the potential cost for a new water treatment system or systems.

E. A commissioner's water resource protection requirements order shall include the following:

- (1) the mitigation level of the drinking water supply management area;
- (2) the drinking water supply management area that is subject to the water resource protection requirements order;
- (3) the water resource protection requirements for the drinking water supply management area that is subject to the water resource protection requirements order;
- (4) the effective date of the water resource protection requirements order; and
- (5) information on a responsible party's right to request a contested case hearing regarding the water resource protection requirements order.

F. A commissioner's water resource protection requirements order applies to responsible parties in a drinking water supply management area that is subject to a water resource protection requirements order.

G. The commissioner may exclude part of a drinking water supply management area from the water resource protection requirements order if the commissioner determines that the area is not contributing significantly to the contamination in the well or it is not practicable to include that part.

## **Subp. 2. Notice of proposed water resource protection requirements order.**

A. The commissioner shall hold at least one public informational meeting in the county of the mitigation area subject to the proposed water resource protection requirements order before publishing the proposed water resource protection requirements order.

B. The commissioner shall provide notice of the proposed water resource protection requirements order to all known affected responsible parties within the drinking water supply management area. If personal notification is not practicable, the commissioner shall publish notice of the proposed water resource protection requirements order in two consecutive issues of the legal newspaper for the affected drinking water supply management area and in the State Register.

C. The commissioner shall also provide the notice required under item B to the following entities whose jurisdiction includes a mitigation area:

- (1) cities;

- (2) township boards;
- (3) counties;
- (4) soil and water conservation districts; and
- (5) watershed districts.

D. The commissioner shall also provide the notice required under item B to the executive director of the Board of Water and Soil Resources, the commissioner of natural resources, the commissioner of the Pollution Control Agency, the commissioner of health, and the executive director of the Environmental Quality Board.

E. The commissioner must provide or publish the notices required under this subpart at least 60 days before the proposed effective date of the water resource protection requirements order.

**Subp. 3. Contested case hearing.**

A. Following notice of the proposed water resource protection requirements order as required by subpart 2, any person or entity subject to the water resource protection requirements order may petition the commissioner for a contested case hearing to challenge a water resource protection requirements order.

B. A petition for a hearing must contain a statement of the issue or issues proposed to be addressed at the hearing as well as the part of the proposed water resource protection requirements order to be challenged. The petition must also contain the specific relief or resolution requested as well as the proposed findings of fact in dispute.

C. Upon receipt of a timely petition for a hearing, the commissioner shall order a public hearing. The commissioner shall publish the order for hearing in the legal newspaper for the affected drinking water supply management area and in the State Register at least 30 days before the public hearing. The public hearing shall be held within 60 days of the proposed effective date of the proposed water resource protection requirements order before an administrative law judge in the county in which the mitigation area is located.

D. The administrative law judge shall submit recommended findings of fact, conclusions of law, and the final order to the commissioner and each petitioner no later than 30 days from the conclusion of the public hearing.

E. Any party to the hearing may submit written exceptions and argument to the commissioner up to ten business days from the date of issuance of the recommendations from the administrative law judge.

F. Within 30 days of the issuance of the recommended findings of fact, conclusions of law, and final order by the administrative law judge, the commissioner shall issue a final water resource protection requirements order, which is the final decision of the agency for a contested case for purposes of judicial review under Minnesota Statutes, sections 14.63 to 14.69.

G. The commissioner shall publish notice of the final water resource protection requirements order in two consecutive issues of the legal newspaper for any affected drinking water supply management area.

The commissioner shall also provide the notice of the final water resource protection requirements order to the executive director of the Board of Water and Soil Resources, the commissioner of natural resources, the commissioner of the Pollution Control Agency, the commissioner of health, and the executive director of the Environmental Quality Board.

Subp. 4. **Final water resource protection requirements order.** If the commissioner does not receive any petitions requesting a hearing under subpart 3 within 60 days of the notice of the proposed water resource protection requirements order as required by subpart 2, the published proposed water resource protection requirements order is effective on the date provided in the proposed water resource protection requirements order.

---

## Subp. 5. Amendment to a water resource protection requirements order.

A. The commissioner may amend the content of a water resource protection requirements order based on the content of part 1573.0070.

B. The commissioner shall provide notice of proposed amendments to a water resource protection requirements order to all known affected responsible parties within the drinking water supply management area. If personal notification is not practicable, the commissioner shall publish notice of proposed amendments to a water resource protection requirements order in two consecutive issues of the legal newspaper for any affected drinking water supply management area and in the State Register at least 30 days before the proposed effective date of the amendments. The commissioner shall also provide notice of proposed amendments to a water resource protection requirements order to the executive director of the Board of Water and Soil Resources, the commissioner of natural resources, the commissioner of the Pollution Control Agency, the commissioner of health, and the executive director of the Environmental Quality Board at least 30 days before the proposed effective date of the amendments.

C. Any person or entity subject to proposed amendments to a water resource protection requirements order has 30 days from the date of notice of the amendments under item B to provide written comments to the commissioner on the proposed amendments.

D. The commissioner shall publish notice of the amended final water resource protection requirements order in two consecutive issues in the legal newspaper for any drinking water supply management area affected by the amendments to the water resource protection requirements order.

E. The amended final water resource protection requirements order is effective upon publication under item D.

## Subp. 6. Judicial review.

A. Any person or entity subject to a final water resource protection requirements order or an amended water resource protection requirements order may seek judicial review pursuant to Minnesota Statutes, sections 14.63 to 14.69.

B. For judicial review of an amended water resource protection requirements order, only the amendments to the water resource protection requirements order are subject to judicial review.

Subp. 7. **Recording.** The commissioner shall record all final water resource protection requirements orders and amendments for water resource protection requirements in the appropriate county.

## **1573.0060 REQUIREMENTS FOR WATER RESOURCE PROTECTION REQUIREMENTS ORDERS.**

A. A responsible party in a mitigation level 3 or 4 drinking water supply management area must comply with the following:

(1) maintain field-specific records for six years, starting with the effective date of the water resource protection requirements order. The records required to be kept under this subitem must document nitrogen fertilizer use, including but not limited to its application date, application rate, any credit given for organic and inorganic nitrogen sources, the timing of the nitrogen fertilizer application, the source of the nitrogen, and nitrogen's placement;

(2) provide records maintained under this part to the commissioner upon request;

(3) comply with the prohibitions on fall application and application to frozen soils under part 1573.0030, unless the application is excluded from the prohibitions under part 1573.0030, subpart 2; and

(4) comply with any water resource protection requirements orders that apply to the drinking water supply management area governing the cropland over which the responsible party has control.

---

---

# Proposed Rules

B. This chapter is enforceable pursuant to Minnesota Statutes, chapter 18D.

## **1573.0070 WATER RESOURCE PROTECTION REQUIREMENTS ORDER CONTENTS.**

### **Subpart 1. Mitigation level 3.**

A. The commissioner shall consider including the following requirements for responsible parties in a water resource protection requirements order for mitigation level 3 drinking water supply management areas:

- (1) nitrogen fertilizer best management practices approved by the commissioner pursuant to Minnesota Statutes, section 103H.151, subdivision 2;
- (2) application guidelines for nitrogen fertilizer from the University of Minnesota;
- (3) educational activities approved by the commissioner;
- (4) field testing to determine nitrogen requirements for specific crops;
- (5) testing of manure using a lab approved or certified by the commissioner;
- (6) testing as needed to monitor nitrate-nitrogen concentrations in the groundwater;
- (7) nitrogen crediting from previous crops, manure application, irrigation application, and all other sources of nitrogen;
- (8) irrigation, fertilizer chemigation, water, manure, and nutrient management plans developed or approved by a qualified professional;
- (9) soil amendments registered with the commissioner that reduce the need for or improve the use of nitrogen;
- (10) plant amendments registered with the commissioner that improve the efficient use of nitrogen inputs;
- (11) products delaying nitrification, approved by the commissioner; or
- (12) products delaying plant available nitrogen, approved by the commissioner.

B. The commissioner may require alternative management tools to be used in drinking water supply management areas provided that a source of funding for increased costs related to the implementation of the alternative management tool is available to responsible parties. The commissioner shall select alternative management tools for purposes of this subpart in consultation with the local advisory team. The commissioner shall not restrict the selection of the primary crop.

Subp. 2. Mitigation level 4. The commissioner shall consider including the requirements in items A to C for responsible parties in a water resource protection requirements order for mitigation level 4 drinking water supply management areas:

- A. any requirement listed in subpart 1;
- B. specific nitrogen fertilizer rate requirements for crops. The commissioner shall not set rate requirements for nitrogen fertilizer below the lowest University of Minnesota recommended rate; and
- C. water resource protection requirements as defined in Minnesota Statutes, section 103H.005, subdivision 15, and that meet factors under Minnesota Statutes, section 103H.275, subdivision 2a. The commissioner shall not restrict

the selection of the primary crop.

Subp. 3. **Exceptions.** The commissioner may provide exceptions to a water resource protection requirements order on a site-specific basis.

## **1573.0080 MINNESOTA AGRICULTURAL WATER QUALITY CERTIFICATION PROGRAM EXEMPTION.**

A responsible party certified through the Minnesota Agricultural Water Quality Certification Program under Minnesota Statutes, sections 17.9891 to 17.993, is deemed to be in compliance with this chapter for the duration of the water quality certification.

## **1573.0090 ALTERNATIVE MANAGEMENT TOOLS; ALTERNATIVE PROTECTION REQUIREMENTS.**

### **Subpart 1. Alternative management tools.**

A. The commissioner shall maintain a list of alternative management tools on the Department of Agriculture's Web site.

B. The commissioner shall identify on the list of alternative management tools if an alternative management tool can be substituted for a nitrogen fertilizer best management practice in the nitrogen fertilizer best management practice evaluation.

C. A responsible party subject to a water resource protection requirements order may implement an alternative management tool as an alternative to a specific requirement in a water resource protection requirements order only if the commissioner states in the list of alternative management tools that the alternative management tool is a substitute for a nitrogen fertilizer best management practice. A responsible party must keep records of all alternative management tools used and the specific water resource protection requirements order that allows the alternative management tool to be used.

D. A responsible party may use an alternative management tool in addition to the requirements in the water resource protection requirements order.

### **Subp. 2. Alternative protection requirements.**

A. A person subject to a water resource protection requirements order may apply to the commissioner to suggest an alternative protection requirement pursuant to Minnesota Statutes, section 103H.275, subdivision 2, paragraph (e).

B. All applications for alternative protection requirements shall be made on a form approved by the commissioner.

**EFFECTIVE DATE.** Minnesota Rules, part 1573.0030, is effective January 1, 2020.

## Department of Labor and Industry

### Proposed Permanent Rules Relating to Workers' Compensation Vocational Rehabilitation Fees; DUAL NOTICE: Notice of Intent to Adopt Rules Without a Public Hearing Unless 25 or More Persons Request a Hearing, and Notice of Hearing if 25 or More Requests for Hearing Are Received; Revisor's ID Number R-04438

#### Proposed Amendments to Rules Governing Workers' Compensation Vocational Rehabilitation Fees; Minnesota Rules, Part 5220.1900

**Introduction.** The commissioner of DLI intends to adopt rules without a public hearing following the procedures in the rules of the Office of Administrative Hearings, Minnesota Rules, parts 1400.2300 to 1400.2310, and the Administrative Procedure Act, Minnesota Statutes, sections 14.22 to 14.28. If, however, 25 or more persons submit a written request for a hearing on the rules by 4:30 p.m. on May 31, 2018, DLI will hold a public hearing in the Minnesota Room at the Department of Labor and Industry, 443 Lafayette Road N., St. Paul, MN 55155, starting at 9:30am on Thursday, June 14, 2018. To find out whether the commissioner of DLI will adopt the rules without a hearing or if DLI will hold the hearing, you should contact the agency contact person after May 31, 2018, and before June 14, 2018.

**Agency Contact Person.** Submit any comments or questions on the rules or written requests for a public hearing to the agency contact person. The agency contact person is: Matt Jobe, Office of General Counsel, Minnesota Department of Labor and Industry, 443 Lafayette Road N., St. Paul, MN 55155; telephone: 651-284-5006; email: [dli.rules@state.mn.us](mailto:dli.rules@state.mn.us).

**Subject of Rules and Statutory Authority.** The proposed rules are amendments to the rules governing fees for vocational rehabilitation services provided to injured workers. Specifically, the proposed rules eliminate the fee reduction for lengthy and costly rehabilitation plans and adjust the maximum hourly rate for qualified rehabilitation consultant (QRC) services so that total QRC costs remain neutral as of the effective date of the rules. The proposed rules also increase the hourly limit on QRC services when a person other than the QRC is providing job development or job placement services. Next, the proposed rules provide clarity to rehabilitation providers and insurers about billing and payment for certain types of services and activities. Finally, the rules reference penalty authority that exists under the workers' compensation statutes for an insurer's failure to timely pay or deny a rehabilitation provider's bill.

The statutory authority to adopt the proposed rules is Minnesota Statutes 2016, section 176.102, subdivision 2(a), which grants the commissioner of DLI the authority to adopt rules regarding rehabilitation fees, and Minnesota Statutes 2016, section 176.83, subdivisions 1 & 2, which grant the commissioner the authority to adopt "rules necessary to implement and administer section 176.102" and adopt, amend, or repeal rules to carry out the provisions of chapter 176. A copy of the proposed rules is published in the *State Register* and attached to this notice.

**Comments.** You have until 4:30 p.m. on Thursday, May 31, 2018, to submit written comments in support of or in opposition to the proposed rules or any part or subpart of the rules. Your comments must be in writing and received by the agency contact person by the due date. Comments are encouraged. Your comments should identify the portion of the proposed rules addressed, the reason for the comment, and any change proposed. You are encouraged to propose any change that you desire. Any comments that you have about the legality of the proposed rules must also be made during this comment period.

**Request for a Hearing.** In addition to submitting comments, you may also request that DLI hold a hearing on the rules. You must make your request for a public hearing in writing, and the agency contact person must receive your request by 4:30 p.m. on Thursday, May 31, 2018. You must include your name and address in your written request. In addition, you must identify the portion of the proposed rules that you object to or state that you oppose the entire set of rules. Any request that does not comply with these requirements is not valid and DLI cannot count it when determining whether it must hold a public hearing. You are also encouraged to state the reason for the request and any changes you want made to the proposed rules.

---

**Withdrawal of Requests.** If 25 or more persons submit a valid written request for a hearing, DLI will hold a public hearing unless a sufficient number of persons withdraw their requests in writing. If enough requests for hearing are withdrawn to reduce the number below 25, DLI must give written notice of this to all persons who requested a hearing, explain the actions DLI took to effect the withdrawal, and ask for written comments on this action. If a public hearing is required, DLI will follow the procedures in Minnesota Statutes, sections 14.131 to 14.20.

**Alternative Format/Accommodation.** Upon request, this information can be made available in an alternative format, such as large print, braille, or audio. To make such a request, or if you need an accommodation to make the hearing accessible, please contact the agency contact person at the address or telephone number listed above.

**Modifications.** DLI might modify the proposed rules, either as a result of public comment or as a result of the rule hearing process. DLI must support modifications by data and views submitted to DLI or presented at the hearing. The adopted rules may not be substantially different than these proposed rules unless DLI follows the procedure under Minnesota Rules, part 1400.2110. If the proposed rules affect you in any way, DLI encourages you to participate in the rulemaking process.

**Cancellation of Hearing.** DLI will cancel the hearing scheduled for June 14, 2018, if DLI does not receive requests for a hearing from 25 or more persons. If you requested a public hearing, DLI will notify you before the scheduled hearing whether the hearing will be held. You may also call the agency contact person at the telephone number listed above after May 31, 2018, to find out whether the hearing will be held.

**Notice of Hearing.** If 25 or more persons submit valid written requests for a public hearing on the rules, DLI will hold a hearing following the procedures in Minnesota Statutes, sections 14.131 to 14.20. DLI will hold the hearing on the date and at the time and place listed above. The hearing will continue until all interested persons have been heard. Administrative Law Judge Eric L. Lipman has been appointed to conduct the hearing. Judge Lipman can be reached at the Office of Administrative Hearings, 600 North Robert Street, P.O. Box 64620, Saint Paul, Minnesota 55164-0620, telephone (651) 361-7911, and fax (651) 539-0310. Judge Lipman's Legal Assistant Katie Lin can be reached at the Office of Administrative Hearings, 600 North Robert Street, P.O. Box 64620, Saint Paul, Minnesota 55164-0620, telephone (651) 361-7900 and FAX (651) 539-0310 or [katie.lin@state.mn.us](mailto:katie.lin@state.mn.us).

**Hearing Procedure.** If DLI holds a hearing, you and all interested or affected persons, including representatives of associations or other interested groups, will have an opportunity to participate. You may present your views either orally at the hearing or in writing at any time before the hearing record closes. All evidence presented should relate to the proposed rules. You may also submit written material to the Administrative Law Judge to be recorded in the hearing record for five working days after the public hearing ends. At the hearing, the Administrative Law Judge may order that this five-day comment period is extended for a longer period, but not more than 20 calendar days. Following the comment period, there is a five-working-day rebuttal period when DLI and any interested person may respond in writing to any new information submitted. No one may submit **new** evidence during the five-day rebuttal period. The Office of Administrative Hearings must receive all comments and responses submitted to the Administrative Law Judge **via the Office of Administrative Hearings Rulemaking ecomments website at <https://minnesotaoah.granicusideas.com/discussions>** no later than 4:30 p.m. on the due date. All comments or responses received will be available for review **at DLI or on DLI's website at <http://www.dli.mn.gov/PDF/docket/5220docket.pdf>**. This rule hearing procedure is governed by Minnesota Rules, parts 1400.2000 to 1400.2240, and Minnesota Statutes, sections 14.131 to 14.20. You may direct questions about the procedure to the Administrative Law Judge.

DLI requests that any person submitting written views or data to the Administrative Law Judge before the hearing or during the comment or rebuttal period also submit a copy of the written views or data to the agency contact person at the address stated above.

**Statement of Need and Reasonableness.** The statement of need and reasonableness summarizes the justification for the proposed rules, including a description of who will be affected by the proposed rules and an estimate of the probable cost of the proposed rules. It is available from the agency contact person. You may review it electronically at **<http://www.dli.mn.gov/PDF/docket/5220docket.pdf>**. You may obtain copies for the cost of reproduction by contacting the agency contact person.

**Lobbyist Registration.** Minnesota Statutes, chapter 10A, requires each lobbyist to register with the State Campaign Finance and Public Disclosure Board. Ask any questions about this requirement of the Campaign Finance and Public Disclosure Board at: Suite #190, Centennial Building, 658 Cedar Street, St. Paul, Minnesota 55155, telephone (651) 539-1180 or 1-800-657-3889.

**Adoption Procedure if No Hearing.** If no hearing is required, the commissioner of DLI may adopt the rules after the end of the comment period. DLI will submit the rules and supporting documents to the Office of Administrative Hearings for a legal review. You may ask to be notified of the date the rules are submitted to the office. If you want either to receive notice of this, to receive a copy of the adopted rules, or to register with DLI to receive notice of future rule proceedings, submit your request to the agency contact person listed above.

**Adoption Procedure after a Hearing.** If a hearing is held, the Administrative Law Judge will issue a report on the proposed rules after the close of the hearing record. You may ask to be notified of the date that the Administrative Law Judge's report will become available, and can make this request at the hearing or in writing to the Administrative Law Judge. You may also ask to be notified of the date that the commissioner of DLI adopts the rules and the rules are filed with the Secretary of State by requesting this at the hearing or by writing to the agency contact person stated above.

**Order.** I order that the rulemaking hearing be held at the date, time, and location listed above.

Signed by Commissioner Ken B. Peterson on April 19, 2018

## 5220.1900 REHABILITATION SERVICE FEES AND COSTS.

*[For text of subs 1 and 1a, see M.R.]*

Subp. 1b. **Fees.** Hourly fees for rehabilitation services shall not exceed the maximum rates in subparts 1c, 1d, ~~and 1e, and 1f~~, except that the maximum rates may be ~~increased~~ adjusted annually according to Minnesota Statutes, section 176.102, subdivision 2, paragraph (a), beginning October 1, ~~1993, but 2018~~. Any annual increase is limited by the annual adjustment for injured employees under Minnesota Statutes, section 176.645.

Subp. 1c. **Consultants.** When billing on an hourly basis for the services of qualified rehabilitation consultants, a qualified rehabilitation consultant or qualified rehabilitation consultant firm shall bill at an hourly rate not to exceed ~~\$65~~, \$103.10 per hour as adjusted under subpart 1b. A rehabilitation provider shall bill one-half of the hourly rate for wait time, and three-fourths of the hourly rate for travel time. Travel time shall be prorated as outlined in part 5220.1805, item E.

*[For text of subp 1d, see M.R.]*

Subp. 1e. **Job development and placement services.** Whether provided by registered rehabilitation vendors or qualified rehabilitation consultant firms, job development and job placement services, when billed on an hourly basis, shall be billed at an hourly rate not to exceed ~~\$50~~ \$82.58 per hour as adjusted under subpart 1b.

Subp. 1f. [See repealer.]

Subp. 1g. **Payment.** As soon as reasonably possible, and no later than 30 calendar days after receiving the rehabilitation provider's bill for rehabilitation services, the employer or insurer shall pay the charge or any portion of the charge that is not denied, deny all or a part of the charge stating the specific service charge and the reason it is excessive or unreasonable, or specify the additional data needed, with written notification to the rehabilitation provider. An employer or insurer is subject to penalties pursuant to Minnesota Statutes, chapter 176, for failure to pay or deny the payment as required by this chapter and Minnesota Statutes, section 176.102.

Subp. 2. **Reasonable and necessary services.** A rehabilitation provider shall bill for only those necessary and reasonable services ~~which that~~ are rendered ~~in accordance with~~ according to Minnesota Statutes, section 176.102, and the rules adopted to administer that section. A dispute about reasonable and necessary services and costs shall be determined by the commissioner or a compensation judge. The commissioner's or a compensation judge's review must include all the following factors:

---

*[For text of items A to D, see M.R.]*

*[For text of subps 3 to 6, see M.R.]*

Subp. 6a. **Billing Payment limits on qualified rehabilitation consultant services.** When a rehabilitation provider other than a qualified rehabilitation consultant is providing and billing for job development or job placement services pursuant to an approved rehabilitation plan, ~~the qualified rehabilitation consultant shall limit the qualified rehabilitation consultant's billing to no payment for more than two six hours in any 30-calendar-day period of qualified rehabilitation consultant services per calendar month requires specific approval by the insurer or a determination by the commissioner or a compensation judge that the services were reasonable and necessary under subpart 2. Billing beyond this limit will require specific approval of the parties or a determination by the department or a compensation judge. Travel time and wait time are not included in the six-hour limit.~~

Subp. 6b. **Plans; exceptions.** The qualified rehabilitation consultant shall bill no more than eight hours for a rehabilitation consultation as described in Minnesota Statutes, section 176.102, subdivision 4, and part 5220.0100, subpart 26, and the development, preparation, and filing of a rehabilitation plan as described in Minnesota Statutes, section 176.102, subdivision 4, and part 5220.0410. If conditions exist that necessitate traveling over 50 miles to visit the employee, employer, or health care provider, or an unusually difficult medical situation is documentable, billing payment beyond this limit is allowed upon ~~the express consent of the parties~~ specific approval by the insurer or a determination by the ~~department commissioner~~ or a compensation judge that the services were reasonable and necessary under subpart 2.

Subp. 7. **Case activities requiring insurer consent for payment that require approval or are not billable.** ~~The rehabilitation provider must obtain the consent of the insurer before billing for the following case activities, however, the presence or absence of consent shall not preclude the commissioner or a compensation judge from determining the reasonable value or necessity of these case activities:~~

The services and activities described in items A and B either require approval or are not billable by the rehabilitation provider.

A. The following services and activities are not compensable unless the rehabilitation plan specifies them, the insurer approves them, or the commissioner or a compensation judge determines that they were reasonable and necessary under subpart 2:

A.

(1) when not directed by the plan, phone calls; or visits to health care providers and accompanying the employee to appointments or examinations; or

B. follow-up activity with employers during job placement services to verify employee applications or applications not arranged by the rehabilitation provider;

C. phone calls to the department regarding general procedures or questions on rehabilitation direction not related to a specific rehabilitation plan;

D. unanswered attempted phone calls;

E. time spent for report writing not required by rules or requested by a party;

F. assigned qualified rehabilitation consultant service during vendor activity periods beyond required reporting or specific problem-solving activity;

G. time for attendance at an administrative conference by the supervisor of the qualified rehabilitation consultant intern who is providing services to the employee;

N. ~~charges beyond the hourly fee for testimony at a judicial hearing when the qualified rehabilitation consultant or registered rehabilitation vendor has provided rehabilitation services under the plan;~~

O. ~~travel costs beyond those needed to develop or complete a plan; or~~

P. ~~services after a request to suspend or terminate the rehabilitation plan has been filed.~~

B. Rehabilitation providers shall not bill for the following services and activities:

(1) phone calls to the department regarding general procedures or questions about rehabilitation not related to a specific rehabilitation plan;

(2) unanswered attempted phone calls where the rehabilitation provider does not leave a message;

(3) time for attendance at an administrative conference by the supervisor of the qualified rehabilitation consultant intern who is providing services to the employee;

(4) time spent reviewing the file by an assigned qualified rehabilitation consultant or registered rehabilitation vendor when a case has been transferred from another qualified rehabilitation consultant or registered rehabilitation vendor within the same rehabilitation firm; or

(5) wait time exceeding 15 minutes for early arrival for a prearranged meeting or appointment.

**REPEALER.** Minnesota Rules, part 5220.1900, subpart 1f, is repealed.

# Exempt Rules

Exempt rules are excluded from the normal rulemaking procedures (*Minnesota Statutes* §§ 14.386 and 14.388). They are most often of two kinds. One kind is specifically exempted by the Legislature from rulemaking procedures, but approved for form by the Revisor of Statutes, reviewed for legality by the Office of Administrative Hearings, and then published in the State Register. These exempt rules are effective for two years only.

The second kind of exempt rule is one adopted where an agency for good cause finds that the rulemaking provisions of *Minnesota Statutes*, Chapter 14 are unnecessary, impracticable, or contrary to the public interest. This exemption can be used only where the rules:

- (1) address a serious and immediate threat to the public health, safety, or welfare, or
- (2) comply with a court order or a requirement in federal law in a manner that does not allow for compliance with *Minnesota Statutes* Sections 14.14-14.28, or
- (3) incorporate specific changes set forth in applicable statutes when no interpretation of law is required, or
- (4) make changes that do not alter the sense, meaning, or effect of the rules.

These exempt rules are also reviewed for form by the Revisor of Statutes, for legality by the Office of Administrative Hearings and then published in the *State Register*. In addition, the Office of Administrative Hearings must determine whether the agency has provided adequate justification for the use of this exemption. Rules adopted under clauses (1) or (2) above are effective for two years only. The Legislature may also exempt an agency from the normal rulemaking procedures and establish other procedural and substantive requirements unique to that exemption.

**KEY: Proposed Rules** - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

### Adopted Exempt Permanent Rules Relating to Designated Trout Lakes and Streams

Notice is hereby given that the above entitled rules have been adopted through the process prescribed by *Minnesota Statutes*, section 97C.005.

Dated: February 26, 2018

Tom Landwehr  
Commissioner of Natural Resources

#### 6264.0050 RESTRICTIONS ON DESIGNATED TROUT LAKES AND STREAMS.

Subpart 1. **Restrictions on designated trout lakes.** The lakes described in this part are inhabited by trout other than lake trout. In order to protect and foster the propagation of trout, the following restrictions on fishing in these lakes apply:

- A. taking of fish is prohibited, except during the open season;
- B. not more than one line may be used for angling at any time, including when angling through the ice;
- C. taking of minnows is prohibited, except under special permit issued by the commissioner; and

D. possession or use of minnows as bait, except live leeches and processed minnows in a dried, frozen, or pickled condition, is prohibited.

Subp. 2. **Listing of designated trout lakes.** The following described lakes are designated as trout lakes:

# Commissioner's Orders

Various agency commissioners are authorized to issue "commissioner's orders" on specified activities governed by their agency's enabling laws. See the *Minnesota Statutes* governing each agency to determine the specific applicable statutes. Commissioners' orders are approved by assistant attorneys general as to form and execution and published in the *State Register*. These commissioners orders are compiled in the year-end subject matter index for each volume of the *State Register*.

## Department of Natural Resources

### Commissioner's Order 18-01: Wildlife Lake Designation of Sulem Lake (83005100), Watonwan County

**Date:** April 17, 2018

**Statutory authority:** *Minnesota Statutes*, section 97A.101.

- Supersedes [describe with reference information]
- Supplements [describe with reference information]

#### BACKGROUND

The Department met the statutory requirements to designate Sulem Lake as a Wildlife Management Lake under authority in Minnesota Statute, section 97A.101 as follows:

1. A public hearing was held for the proposed designation of Sulem Lake in Watonwan County under M.S. 97A.101 at the Butterfield Community Center at 6:00 p.m on December 6<sup>th</sup>, 2017.
2. Legal notices announcing the hearing for Sulem Lake management were published in local legal newspapers, the Butterfield Observer Advocate on November 22, 2017 and the St. James Plaindealer on November 23, 2017.

#### ORDER

**NOW, THEREFORE, IT IS HEREBY ORDERED**, pursuant to authority vested in me by law, including *Minnesota Statutes*, section 97A.101, that Sulem Lake (DOW# 83005100), Township 105 North, Range 33 West, Sections 5 and 6, is designated for the purposes of wildlife management.

Date: April 17, 2018  
Tom Landwehr, Commissioner

# Official Notices

Pursuant to *Minnesota Statutes* §§ 14.101, an agency must first solicit comments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, and within 60 days of the effective date of any new statutory grant of required rulemaking.

The *State Register* also publishes other official notices of state agencies and non-state agencies, including notices of meetings and matters of public interest.

## Department of Employment and Economic Development (DEED) Rehabilitation Services and Disability Determination Services Fee Schedule for Medical Consultative Examinations and Ancillary Testing Effective January 1, 2018

### D. Vocational Rehabilitation Services And Disability Determination Services Medical/Psychological Fee Schedule

#### Disability Determination Services Payment

The following boxed paragraphs apply to the Disability Determination Services (DDS) *only*.

#### INCENTIVES TO SUBMIT TIMELY REPORTS:

Psychiatric and psychological exams – DDS will pay providers 100% of either the usual and customary amount billed or 100% of the agency fee maximum, whichever is less, if the report is received from 1 to 10 days from the date of the examination (i.e. the day after the date of the examination is day 1). Reports received from 11 – 18 calendar days will be paid 90%.

Reports received 19 – 30 days from the date of the examination will be paid at a 75% rate.

For reports received 31 or more calendar days from the date of the examination, the DDS reserves the right to cancel the CE authorization invoice. Should the DDS decide to pay for such late evidence, the DDS will pay providers no more than 50% of either the usual and customary amount billed or 50% of the agency fee maximum, whichever is less.

All other consultative examinations:

Reports received by DDS 1-18 calendar days from the date of the examination (i.e. the day after the date of the examination is day 1), the DDS will pay providers 100% of either the usual and customary amount billed or 100% of the agency fee maximum, whichever is less.

Reports received by DDS from 19 – 30 days from the date of the examination will be paid 75%.

For reports received by the DDS 31 or more calendar days from the date of the examination, the DDS reserves the right to cancel the CE authorization invoice. Should the DDS decide to pay for such late evidence, the DDS will pay providers no more than 50% of either the usual and customary amount billed or 50% of the agency fee maximum, whichever is less.

**Payment will not be issued until receipt of the signed CE report.**

Use of our contracted medical transcription service:

Fee of \$15 (this fee is waived for treating physicians performing exams for their patients. Refer to page 14 D –13 for complete information.

3. Reports from treating sources summarizing medical evidence of record.

## LABORATORY AND X-RAY FEES

The subheadings are self-explanatory. The CURRENT PROCEDURAL TERMINOLOGY CODE corresponds to

# Official Notices

the American Medical Association's Current Procedural Terminology (CPT) codes, which are used by most sources providing medical services. These may also be used for easy in-agency identification of a particular procedure. When ordering and authorizing a particular laboratory or x-ray study, however, describe the test or x-ray to be done. Do not authorize by the CPT code.

X-ray charges may be presented in two possible formats: one combines the technical (the x-ray, itself) and professional (the physician's interpretation) components when these are provided by the same facility; the other format separates the technical and professional components when these services are provided by separate facilities.

For example: For a PA Chest X-ray, single view, one would find:

71010	Chest single view, PA	\$ 55.00
-------	-----------------------	----------

This would be the acceptable maximum for an x-ray and interpretation at a single facility; however, when the **professional component** is billed separately, the procedure may be identified by adding the modifier **-26** to the usual CPT code. When the **technical component** is billed separately, the procedure may be identified by adding the modifier **-TC** to the usual CPT code.

For example:

71010-26	Chest single view, PA --PROF COMP ONLY	\$ 20.00
71010-TC	Chest single view, PA --TECH COMP ONLY	\$ 35.00

## Department of Labor and Industry Notice of Interstate Industrialized Buildings Commission's Uniform Administrative Procedure Proposals

NOTICE IS HEREBY GIVEN that the Interstate Industrialized Buildings Commission ("IIBC") is in the process of making amendments to its Uniform Administrative Procedures ("UAP"). The IIBC is a multi-state compact commission responsible for oversight of the construction of modular buildings. Under the compact, member states agree to accept modular buildings bearing the IIBC label as suitable for use in their state. IIBC's oversight guarantees that these units comply with member states' applicable building codes and are therefore equivalent in terms of both construction and inspection to units that are sight-built within the member state.

The UAP addresses approvals of plans, certification programs for modular units to be shipped, responsibilities of manufacturers, responsibilities of evaluation and inspection agencies, reciprocity agreements between member states, program oversight by the Commission, and available appeal procedures.

The IIBC's proposed amendments to its Uniform Administrative Procedures can be viewed directly on the IIBC's website at: [www.interstateibc.org](http://www.interstateibc.org).

**Contact Person.** Comments or questions concerning the IIBC's proposed amendments may be submitted to N. Kevin Egilmez, IIBC Project Manager, Interstate Industrialized Buildings Commission, 505 Huntmar Park Drive, Suite 210, Herndon, Virginia 20170, or at [kegilmez@interstateibc.org](mailto:kegilmez@interstateibc.org).

**Public Comment.** Interested persons or groups have until **4:30 p.m., EST, on Thursday, May 31, 2018**, to submit written comments in support of or in opposition to any part of the proposed amendments. Comments must be in writing and received by the IIBC's contact person by the due date. Comments should identify which amendment or portions thereof are being addressed, the reason for the comment, and any recommended changes.

Dated: April 30, 2018

Minnesota Department of Labor & Industry

## Department of Public Safety Driver and Vehicle Services (DVS) Request for Information for Replacement of Motor Vehicle Information System

The Department of Public Safety (DPS), on behalf of its Driver and Vehicle Services division (DVS), is soliciting information from vendors to determine the feasibility of contracting with a private vendor to design, develop, deploy, transition, and maintain a new motor vehicle information system.

The purpose of the RFI will be to identify and obtain information from industry leaders that have the ability, capacity and experience to replace the functionality of the State's former legacy motor vehicle information system, a mainframe system, and its present system known as MNLARS.

# Official Notices

---

The required transition of functionality corresponds to: vehicle title and registration; dealer licensing; interstate vehicle title and registration (called Prorate); license plate and sticker inventory management that interfaces with supply chain stakeholders; and corresponding financial processes.

DPS intends to invite qualified vendors that properly respond to this RFI to present their solutions and technical framework at the DPS headquarters during June 2018.

To obtain a copy of the Request for Information, please submit a written request via email to:

Name: Kevin Donnan-Marsh  
Title: Dept. of Public Safety Contracts Officer  
Email Address: [kevin.donnan-marsh@state.mn.us](mailto:kevin.donnan-marsh@state.mn.us)  
Email Subject Line: MNLARS RFI Request

The deadline for submission is **4:00 p.m. Central Time on Thursday, May 31, 2018.**

This Request for Information does not obligate the State of Minnesota to complete the work contemplated in this notice; and the State reserves the right to cancel this RFI. All expenses incurred in responding to this notice are solely the responsibility of the responder.

## Teachers Retirement Association Notice of Meeting

The Board of Trustees, Minnesota Teachers Retirement Association will hold a meeting on **Wednesday, May 23, 2018 at 9:30 a.m.** in Suite 400, 60 Empire Drive, St. Paul, MN to consider matters which may properly come before the Board. Board members may participate by telephone.

## State Grants & Loans

In addition to requests by state agencies for technical/professional services (published in the State Contracts Section), the *State Register* also publishes notices about grants and loans available through any agency or branch of state government. Although some grant and loan programs specifically require printing in a statewide publication such as the State Register, there is no requirement for publication in the *State Register* itself. Agencies are encouraged to publish grant and loan notices, and to provide financial estimates as well as sufficient time for interested parties to respond.

## Minnesota Pollution Control Agency (MPCA)

### Notice of Request for Proposals for Fiscal Year 2018 - 2019 Environmental Assistance Grants

The Minnesota Pollution Control Agency (MPCA) is issuing this Request for Proposals (RFP) to solicit projects for the Fiscal Years (FY) 2018-2019 Environmental Assistance (EA) Grant Program.

Applications for financial assistance will be accepted starting May 1, 2018, for proposals in the following seven focus areas:

- Focus area 1. Communities adapting to climate change and extreme weather
- Focus area 2. Environmental education
- Focus area 3. Expansion of capacity to collect and/or transport source-separated organics
- Focus area 4. Market development - increase use of compost
- Focus area 5. Prevention of wasted food
- Focus area 6. Reduce/reuse/repair
- Focus area 7. Toxicity reduction

**The application deadline is no later than 2:00 p.m. Central Time, June 26, 2018.**

Approximately \$493,000 is available for FY2018-2019 EA grant awards to encourage outcome-oriented, economically-driven approaches to pollution prevention, waste reduction, toxicity reduction and resource conservation. Projects that benefit previously underserved communities and areas of concern for environmental justice will be rated higher. The MPCA considers communities with higher concentrations of low-income residents and people of color, including tribal communities, to be areas of concern for environmental justice. Eligible applicants, grant award amounts and minimum matching fund requirements will vary by preferred projects. The RFP provides detailed information on requirements, the process to apply, and is available on the MPCA's EA Grants Program webpage at <https://www.pca.state.mn.us/about-mpca/environmental-assistance-grants>. The webpage also provides downloadable application forms, links to applicable statutes and rules, and frequently asked questions (FAQ).

The EA grant round is a competitive application process. Grant offers and awards are contingent on available funding, MPCA approval of final workplans and budgets, and the execution of grant agreements. Formal review of eligible applications will be conducted by a team of MPCA staff and community-based grant reviewers to determine the projects that best meet the environmental outcomes outlined in the RFP.

This notice is issued under authority provided in Minn. Stat. § 115A.0716, subd. 1 and Minn. R. Parts 9210.0800 to 9210.0855. Applications must be electronically submitted by the applicable deadlines to [grants-loans.pca@state.mn.us](mailto:grants-loans.pca@state.mn.us).

If you experience difficulty in accessing the MPCA webpage or in electronically submitting your application, please contact the MPCA at [grants-loans.pca@state.mn.us](mailto:grants-loans.pca@state.mn.us) using subject line: **EA Question** prior to the application deadline.

# State Contracts

**Informal Solicitations:** Informal solicitations for professional/technical (consultant) contracts valued at over \$5,000 through \$50,000, may either be published in the *State Register* or posted on the Department of Administration, Materials Management Division's (MMD) Web site. Interested vendors are encouraged to monitor the P/T Contract Section of the MMD Website at [www.mmd.admin.state.mn.us](http://www.mmd.admin.state.mn.us) for informal solicitation announcements.

**Formal Solicitations:** Department of Administration procedures require that formal solicitations (announcements for contracts with an estimated value over \$50,000) for professional/technical contracts must be published in the *State Register*. Certain quasi-state agency and Minnesota State College and University institutions are exempt from these requirements.

**Requirements:** There are no statutes or rules requiring contracts to be advertised for any specific length of time, but the Materials Management Division strongly recommends meeting the following requirements: \$0 - \$5000 does not need to be advertised. Contact the Materials Management Division: (651) 296-2600 \$5,000 - \$25,000 should be advertised in the *State Register* for a period of at least seven calendar days; \$25,000 - \$50,000 should be advertised in the *State Register* for a period of at least 14 calendar days; and anything above \$50,000 should be advertised in the *State Register* for a minimum of at least 21 calendar days.

# Non-State Public Bids, Contracts & Grants

The State Register also serves as a central marketplace for contracts let out on bid by the public sector. The *State Register* meets state and federal guidelines for statewide circulation of public notices. Any tax-supported institution or government jurisdiction may advertise contracts and requests for proposals from the private sector. It is recommended that contracts and RFPs include the following: 1) name of contact person; 2) institution name, address, and telephone number; 3) brief description of commodity, project or tasks; 4) cost estimate; and 5) final submission date of completed contract proposal. Allow at least three weeks from publication date (four weeks from the date article is submitted for publication). Surveys show that subscribers are interested in hearing about contracts for estimates as low as \$1,000. Contact editor for further details.

Besides the following listing, readers are advised to check: <http://www.mmd.admin.state.mn.us/solicitations.htm> as well as the Office of Grants Management (OGM) at: <http://www.grants.state.mn.us/public/>.
