Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-13 inclusive; issues #14-25 inclusive (issue #26 cumulative for issues #1-26); issues #27-38 inclusive (issue #39, cumulative for issues #1-39); issues #40-52 inclusive, with final index (#1-52, or 53 in some years). An annual subject matter index for rules was separately printed usually in August, but starting with Volume 19 now appears in the final issue of each volume. For copies or subscriptions to the State Register, contact Minnesota's Bookstore, 660 Olive Street (one block east of I-35E and one block north of University Ave), St. Paul, MN 55155, phone: (612) 297-3000, or toll-free 1-800-657-3757. Department of Health (MDH)

Division of Health Policy

Notice of Adoption of Revised Rule: Minnesota Uniform Companion Guide (MUCG) for the ASC X12N/005010X214E2 Health Care Claim Acknowledgment (277), v8.0

NOTICE IS HEREBY GIVEN that the Minnesota Department of Health (MDH) has adopted into rule:

Version 8.0 of the Minnesota Uniform Companion Guide (MUCG) for the Implementation of the ASC X12N/005010X214E2 Health Care Claim Acknowledgment (277).

Description of the Rule. Minnesota Statutes, section 62J.536, requires the Minnesota Commissioner of Health, in consultation with the Minnesota Administrative Uniformity Committee (AUC), to promulgate rules pursuant to section 62J.61 establishing and requiring group purchasers, clearinghouses, and health care providers to exchange specified health care administrative transactions electronically, using the applicable single uniform companion guide adopted by the Commissioner of Health known as the Minnesota Uniform Companion Guide (MUCG). Under Minnesota Statutes, section 62J.61, the Commissioner of Health is exempt from chapter 14, including section 14.386, in implementing sections 62J.50 to 62J.54, subdivision 3, and 62J.56 to 62J.59.

Because the Commissioner of Health has determined that it is unduly cumbersome to publish the entire text of the rules, the Commissioner is publishing this notice adopting the above referenced MUCG. The rule:

- Describes the data content and other transaction specific characteristics of the above transaction, for use by entities subject to Minnesota Statutes, section 62J.536;
- Supersedes all previous versions and is effective 30 days after the publication of this notice of adoption in the State Register;
- Is to be used in conjunction with all applicable Minnesota and federal regulations, including 45 CFR Parts 160, 162, and 164 (HIPAA Administrative Simplification, including adopted federal operating rules) and related ASC X12N and retail pharmacy specifications (ASC X12N and NCPDP implementation specifications);
- Supplements, but does not otherwise modify, the ASC X12N and NCPDP implementation specifications in a manner that will make their implementation by users to be out of compliance; and
- Must be appropriately incorporated by reference and/or the relevant transaction information must be displayed in any companion guides provided by entities subject to Minnesota Statutes, section 62J.536.

Changes and Updates to Previously Adopted Rule - MUCG for the ASC X12N/005010X214E2 Health Care Claim Acknowledgment (277)

The version of the above-referenced MUCG for the ASC X12N/005010X214E2 Health Care Claim Acknowledgment (277) most recently adopted into rule was published as version 6.0 (v6.0) and was posted at <http://www.health.state.mn.us/asa/rules.html>. The Commissioner of Health, in consultation with the AUC and its Acknowledgment Technical Advisory Group (TAG), determined that it was necessary to make revisions to the v6.0 rule to ensure that it remained up-to-date and was as clear and useful as possible.

In particular, the AUC recommended that for enhanced capabilities that the MUCG be updated to be the same as

(i.e., to incorporate by reference) the X12 reference document, the *ASC X12/005010X214E2 Health Care Claim Acknowledgment (277)*. MDH published a proposed revised version of the MUCG rule with the recommended changes as version 7.0 (v7.0) in the *State Register*, Volume 41, Number 47, May 22, 2017. The *State Register* notice also announced the start of a thirty day public comment period regarding the proposed revisions that concluded on June 22, 2017. No public comments were received.

Modifications. In order to improve the capabilities and usefulness of the above-referenced rule, modifications to version 6.0 are being adopted as proposed in v7.0 and as incorporated in v8.0 as described below. An underline-strikeout copy of 8.0 will be posted at <http://www.health.state.mn.us/asa/> for approximately 30 days following the publication of this announcement. The strikeout-underline copy shows changes from v6.0 as adopted in v8.0 with single line underline-strikeout.

The following modifications to version 6.0 of the rule were proposed in v7.0 and are being adopted in v8.0:

Nearly all of v6.0 has been deleted and replaced by a new single page document that is now being adopted as v8.0. V8.0 incorporates by reference the X12 Implementation Guide known as the “ASC X12/005010X214E2 Health Care Claim Acknowledgment (277)” as the Minnesota Uniform Companion Guide for the 005010X214E2 Health Care Claim Acknowledgment (277) transaction.

In addition, a table showing a document revision history has been updated to show the addition of v7.0 and v8.0, and a footer has been created with document information.

How to Obtain the Proposed Changes to Minnesota Uniform Companion Guides. Free copies of the adopted rule as described above are available for viewing or downloading on the World Wide Web beginning August 14, 2017 at: <http://www.health.state.mn.us/asa/>.

Persons who wish to obtain paper copies should email Susie.Veness@state.mn.us or call Ms. Veness at MDH, (651) 201-5508, or fax a request to (651) 201-3830, and clearly identify the document(s) being requested.

Notice of Adoption of Revised Rule: Minnesota Uniform Companion Guide for the Implementation of the ASC X12N/005010X221A1 Health Care Claim Payment/Advice (835), version 12.0

NOTICE IS HEREBY GIVEN that the Minnesota Department of Health (MDH) has adopted into rule version 12.0 of the Minnesota Uniform Companion Guide (MUCG) for the implementation of the ASC X12N/005010X221A1 Health Care Claim Payment/Advice (835). For brevity, this MUCG is also referred to below as the “835 MUCG.”

Description of the Rules. Minnesota Statutes, section 62J.536, requires the Minnesota Commissioner of Health, in consultation with the Minnesota Administrative Uniformity Committee (AUC), to promulgate rules pursuant to section 62J.61 establishing and requiring group purchasers, clearinghouses, and health care providers to exchange specified health care administrative transactions electronically, using the applicable single uniform companion guide adopted by the Commissioner of Health. Under Minnesota Statutes, section 62J.61, the Commissioner of Health is exempt from chapter 14, including section 14.386, in implementing sections 62J.50 to 62J.54, subdivision 3, and 62J.56 to 62J.59.

Official Notices

Because the Commissioner of Health has determined that it is unduly cumbersome to publish the entire text of the rules, the Commissioner is publishing this notice adopting version 12.0 (v12.0) of the above referenced MUCGs. The v12.0 rule:

- Describes the data content and other transaction-specific characteristics of the transaction listed above, for use by entities subject to Minnesota Statutes, section 62J.536;
- Supersedes all previous versions and is effective 30 days after the publication of this notice of adoption in the State Register;
- Is to be used in conjunction with all applicable Minnesota and federal regulations, including 45 CFR Parts 160, 162, and 164 (HIPAA Administrative Simplification, including adopted federal operating rules) and related ASC X12N and retail pharmacy specifications (ASC X12N and NCPDP implementation specifications);
- Supplements, but does not otherwise modify, the ASC X12N and NCPDP implementation specifications in a manner that will make their implementation by users to be out of compliance; and
- Must be appropriately incorporated by reference and/or the relevant transaction information must be displayed in any companion guides provided by entities subject to Minnesota Statutes, section 62J.536.

Changes and Updates to Previously Adopted Rules. The version of the 835 MUCG most recently adopted into rule was published as version 10.0 (v10.0) and was posted at <http://www.health.state.mn.us/asa/rules.html>. The Commissioner of Health, in consultation with the AUC and its EOB/Remittance Advice Technical Advisory Group (TAG), determined that it was necessary to make revisions to the v10.0 rule to ensure that it remained up-to-date and as clear and useful as possible.

In particular, the AUC recommended that additional Remittance Advice Remark Codes (RARC) be available for use to provide supplemental information regarding Claim Adjustment Reason Code (CARC) 227, the code for “Information requested from the patient/insured/responsible party was not provided or was insufficient/incomplete.” The AUC also recommended the addition of a new appendix, “Appendix E: Reporting All Patients Refined Diagnosis Related Groups (APR-DRG)” with instructions for reporting APR-DRG based on an X12 Request for Interpretation (RFI), “RFI # 2166: Reporting APR-DRG on 5010 835.”

After reviewing the AUC’s recommendations, MDH published an announcement of a proposed revised version of the 835 MUCG with the changes described above and other minor changes. The proposed revised MUCG was announced as version 11.0 (v11.0) in the Minnesota State Register, Volume 41, Number 47, May 22, 2017. The State Register notice also announced the start of a thirty day public comment period regarding the proposed revisions that concluded on June 22, 2017. No public comments were received.

Modifications. The revisions proposed in the v11.0 835 MUCG and additional minor changes are now being adopted as v12.0 and as described below. In addition, an underline-strikeout copy of v12.0 will be posted at <http://www.health.state.mn.us/asa/> for approximately 30 days following the publication of this announcement. The strikeout-underline copy shows changes from v10.0 that are being adopted in v12.0.

The following modifications to version 10.0 of the 835 MUCG are being adopted in v12.0 as summarized below:

The cover page has been revised to update the summary information regarding the document;

The Table of Contents was modified to reflect additional content and a renumbering of the appendices;

Section 1.6.2, “Document revision history,” has been updated to add information for versions 11.0 and 12.0;

Section 5, “List of Appendices” was renumbered and includes a new appendix title, in section 5.5, for “Appendix E. Reporting All Patients Refined Diagnosis Related Groups (APR-DRG);”

Each of the section headings and subsection headings for all the appendices have been renumbered, starting with section 5.1, “Appendix A: Minnesota Crosswalk for the Claim Adjustment Reason Codes (CARC), Claim Adjustment

Group Codes, and Remittance Advice Remark Codes (RARC).” Corresponding references to subsections in the narrative parts of the appendices have also been changed to refer to the appropriate subsection number;

Table A-1 in v10.0 has been deleted and replaced with section 5.1.5 in v12.0, which greatly expands the list of RARC available for use with CARC 227, the code for “Information requested from the patient/insured/responsible party was not provided or was insufficient/incomplete;”

A new appendix, section 5.5, Appendix E: Reporting All Patients Refined Diagnosis Related Groups (APR-DRG), has been added.

In addition to the aforementioned modifications, grammatical and other minor errors have been corrected and other formatting changes were made to improve readability and accessibility.

How to Obtain the Proposed Changes to Minnesota Uniform Companion Guides. Free copies of the adopted rule as described above are available for viewing or downloading on the World Wide Web beginning August 14, 2017 at: <http://www.health.state.mn.us/asa/>.

For brevity and ease of reference, the MUCG above is hereinafter referred to the 837D MUCG.

Description of the Rule. Minnesota Statutes, section 62J.536, requires the Minnesota Commissioner of Health, in consultation with the Minnesota Administrative Uniformity Committee (AUC), to promulgate rules pursuant to section 62J.61 establishing and requiring group purchasers, clearinghouses, and health care providers to exchange specified health care administrative transactions electronically, using the applicable single, uniform companion guide adopted by the Commissioner of Health. Under Minnesota Statutes, section 62J.61, the Commissioner of Health is exempt from chapter 14, including section 14.386, in implementing sections 62J.50 to 62J.54, subdivision 3, and 62J.56 to 62J.59.

Because the Commissioner of Health has determined that it is unduly cumbersome to publish the entire text of the rule, the Commissioner is publishing this notice adopting version 12.0 (v12.0) of the 837D MUCG. The v12.0 rule:

- Describes the data content and other transaction-specific characteristics of the transaction listed above, for use by entities subject to Minnesota Statutes, section 62J.536;
- Supersedes all previous versions and is effective 30 days after the publication of this notice of adoption in the State Register;

Official Notices

- Is known as a Minnesota Uniform Companion Guide (MUCG) because it is to be used in conjunction with and as a companion to all applicable Minnesota and federal regulations, including 45 CFR Parts 160, 162, and 164 (HIPAA Administrative Simplification, including adopted federal operating rules and related ASC X12N and retail pharmacy specifications (ASC X12N and NCPDP implementation specifications));
- Supplements, but does not otherwise modify, the ASC X12N and NCPDP implementation specifications in a manner that will make their implementation by users to be out of compliance; and
- Must be appropriately incorporated by reference and/or the relevant transaction information must be displayed in any companion guides provided by entities subject to Minnesota Statutes, section 62J.536.

Changes and Updates to Previously Adopted Rules. MDH periodically reviews and revises the MUCG rules as needed with the assistance of the AUC, to ensure that the rules remain up-to-date, correct, and as clear and useful as possible. The previous version of the MUCG 837D most recently adopted into rule was published as version 10.0 (v10.0) and was posted at <http://www.health.state.mn.us/asa/rules.html>. The Commissioner of Health, in consultation with the AUC and its Claims DD and Medical Code TAG Technical Advisory Groups (TAGs), determined that it was necessary to make revisions to the v10.0 rule to ensure that it remained current, accurate, and clear.

In particular, the AUC recommended the addition of coding instructions for reporting of teledentistry services as part of the 837D MUCG, as well as inclusion of an appendix provided in other MUCGs with instructions for use of the K3 segment. After reviewing the AUC's recommendations, MDH published an announcement in Volume 41, Number 46 (May 15, 2017) of the Minnesota State Register of a proposed revised MUCG 837D rule, incorporating the changes recommended by the AUC above and other minor changes. The proposed revised MUCG 837D was announced as version 11.1 (v11.1). The State Register notice announcing the proposed rule also announced the start of a 30-day public comment period that concluded on June 14, 2017. MDH received one set of comments suggesting technical corrections to nomenclature used in the proposed appendix with instructions for the use of the K3 segment.

The changes proposed in v11.1 and in the public comments are now being adopted into rule as v12.0. In addition, an underline-strikeout copy of v12.0 will be posted at <http://www.health.state.mn.us/asa/> for approximately 30 days following the publication of this announcement. The strikeout-underline copy shows changes from v10.0 that are being adopted in v12.0.

The following modifications to version 10.0 of the 837D MUCG are being adopted in v12.0 as summarized below:

The cover page was updated for v12.0;

The table of contents was updated;

Section 1.6.2, Document Revision History, was updated for v11.0, v11.1, and v12.0;

Section 3.1, Classification and display of Minnesota-specific requirements, was revised to note the addition of teledentistry coding instructions, correct a description of the use of the K3 segment, and add a reference to an appendix with instructions for reporting the MinnesotaCare tax;

Section 3.2.5, Claim Attachments and Notes, was revised to include a note regarding Minnesota statutory requirements for claim attachments for workers' compensation medical claims only;

Section 4.2, 005010X224A2 Dental (837) -- Transaction Table, was revised to include a new row at the end of the table with an entry for 2400 Service Line Number -- SV3 Dental Service;

Section 5, List of Appendices, was reorganized to add appendix B, K3 Segment Usage Instructions, and to move Reporting MNCare Tax to appendix C.

Section A.1, Introduction, was revised to include a new bullet point for “teledentistry”;

A new section A.5, Teledentistry, was added;

Appendix B: K3 Segment Usage Instructions was added;

Reporting MNCare Tax now appears at appendix C.

In addition, other minor grammatical and formatting changes were made as needed.

Minnesota State Colleges and Universities (Minnesota State) Request for Proposal (RFP) for Consulting Services for ERP Solution Selection

Background

Minnesota State Colleges and Universities (Minnesota State) is the fifth-largest system of higher education in the United States. It is comprised of 37 two-year and four-year state colleges and universities with 54 campuses located in 47 Minnesota communities. Minnesota State serves approximately 430,000 students and over 16,000 employees each year. Minnesota State is a state entity that is governed by a 15 member Board of Trustees. The law creating the system was passed by the Minnesota Legislature in 1991 and went into effect July 1, 1995. The law merged the state's community colleges, technical colleges and state universities into one system, excluding the University of Minnesota campuses. For more information about Minnesota State Colleges and Universities, please view its website at www.minnstate.edu.

Minnesota State currently uses an internally developed Enterprise Resource Planning (ERP) system created by Minnesota State's Information Technology Services division and its constituent partners. This ERP system is herein referred to as Integrated Statewide Record System (ISRS). ISRS was developed more than 20 years ago with upgrades made over time. ISRS provides support for students as well as finance and human resource functions for the colleges and universities in the Minnesota State system. ISRS has been highly customized to accommodate various business practices across all colleges, universities, and System Office, and interfaces with other state of Minnesota systems.

Minnesota State's vision is to acquire an ERP system that supports all aspects of serving students, including HR and Finance, to improve student experiences with Minnesota State. In addition, Minnesota State must have common practices in finance, human resources, and academic and student affairs for all colleges and universities that will accommodate each campus' continued functioning while allowing for seamless consolidation for audits, required reporting, analytics, and other management needs.

Minnesota State desires to hire consulting services to assess and analyze the business processes currently used throughout Minnesota State with ISRS; to develop an RFP for a modern higher education ERP; to assist staff in the selection of a vendor for a higher education ERP system, and to be the strategic partner throughout the implementation of a new ERP system that will ultimately better serve student engagement, student experience, and student success.

Nature of RFP

Minnesota State requests proposals for professional services to lead Minnesota State in the planning and requirements gathering phases for the ERP replacement project. These services are summarized in four projects that include:

- Project A: Business Process Review for Finance/Human Resources
- Project B: Business Process Review for Academic Student Affairs

- Project C: RFP creation and evaluation services for an ERP solution
- Project D: Strategic Implementation Leader Services that will manage the implementation of the chosen ERP system.

Interested vendors may respond to one, multiple, or all projects. Minnesota State will individually evaluate responses for each project. Vendor responses may call out milestones, deliverables and / or requirements that are not mentioned / missing or excluded within the scope of deliverables which the vendor deems critical to the success of the project.

General Selection Criteria for All Projects A, B, C and D

General criteria upon which proposals will be evaluated include, but are not limited to, the following:

- Ability to lead business process review and redesign of higher education operating practices, procedures, forms, and process flows by applying continuous improvement strategies and efficiencies, or other similarly accepted industry standard management efficiency theory.
 - Ability to develop business requirements documents, flow charts, diagrams, statistical models and graphical representations of business processes, and business operations
 - Ability to interpret process interfaces with other state agencies and all other external stakeholder partners during definition, design, development, testing, documentation, quality assurance, and implementation of business processes.
 - Ability to define functional and technical system requirements related to ERP implementation
 - Ability to attain compromise and consensus from groups with differing opinions and objectives.
 - Knowledge of modern electronic concepts in information technology such as web applications, cloud computing, reporting and knowledge of application interfaces and data exchange concepts.
 - Ability to provide qualified professional services to assist in the RFP process for an ERP solution
 - Ability to attain compromise and consensus from groups with differing opinions and objectives.

Non-State Public Bids, Contracts & Grants

The State Register also serves as a central marketplace for contracts let out on bid by the public sector. The *State Register* meets state and federal guidelines for statewide circulation of public notices. Any tax-supported institution or government jurisdiction may advertise contracts and requests for proposals from the private sector. It is recommended that contracts and RFPs include the following: 1) name of contact person; 2) institution name, address, and telephone number; 3) brief description of commodity, project or tasks; 4) cost estimate; and 5) final submission date of completed contract proposal. Allow at least three weeks from publication date (four weeks from the date article is submitted for publication). Surveys show that subscribers are interested in hearing about contracts for estimates as low as \$1,000. Contact editor for further details.

Besides the following listing, readers are advised to check: <http://www.mmd.admin.state.mn.us/solicitations.htm> as well as the Office of Grants Management (OGM) at: <http://www.grants.state.mn.us/public/>.
