Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-13 inclusive; issues #14-25 inclusive (issue #26 cumulative for issues #1-26); issues #27-38 inclusive (issue #39, cumulative for issues #1-39); issues #40-52 inclusive, with final index (#1-52, or 53 in some years). An annual subject matter index for rules was separately printed usually in August, but starting with Volume 19 now appears in the final issue of each volume. For copies or subscriptions to the State Register, contact Minnesota's Bookstore, 660 Olive Street (one block east of I-35E and one block north of University Ave), St. Paul, MN 55155, phone: (612) 297-3000, or toll-free 1-800-657-3757. Adopted Rules

A rule becomes effective after the requirements of *Minnesota Statutes* §§ 14.05-14.28 have been met and five working days after the rule is published in the *State Register*, unless a later date is required by statutes or specified in the rule. If an adopted rule is identical to its proposed form as previously published, a notice of adoption and a citation to its previous *State Register* publication will be printed. If an adopted rule differs from its proposed form, language which has been deleted will be printed with strikeouts and new language will be underlined. The rule's previous *State Register* publication will be cited.

KEY: Proposed Rules - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **Adopted Rules** - Underlining indicates additions to proposed rule language. Strikeout indicates deletions from proposed rule language.

Adopted Permanent Rules Pertaining to Communicable Disease Reporting

The rules proposed and published at *State Register*, Volume 42, Number 46, pages 1441-1443, May 14, 2018 (42 SR 1441), are adopted as proposed.

Official Notices

Pursuant to *Minnesota Statutes* §§ 14.101, an agency must first solicit comments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, and within 60 days of the effective date of any new statutory grant of required rulemaking.

The *State Register* also publishes other official notices of state agencies and non-state agencies, including notices of meetings and matters of public interest.

Department of Health

Notice of Reporting of New Diseases, Melioidosis and Glanders, under Minnesota Communicable Disease Rules, Part 4605.7080

The Commissioner of Health gives notice that all mandated reporters are required to report melioidosis (*Burkholderia pseudomallei*) and glanders (*Burkholderia mallei*).

MDH will be conducting this surveillance under Minnesota Rules 4605.7000 to 4605.7900. Specifically, Minnesota Rules part 4605.7080 permits the Commissioner of Health to require reporting of newly recognized or emerging diseases and syndromes suspected to be of infectious origin if certain criteria are met.

Disease Definition. For mandated reporters, melioidosis includes suspected or confirmed cases of melioidosis or evidence of infection including isolation of *Burkholderia pseudomallei* from any body site, or detected by any other direct or indirect method. Glanders includes suspected or confirmed cases of glanders or evidence of infection, including isolation of *Burkholderia mallei* from any body site, or detected by any other direct or indirect method.

You can find documentation on why this surveillance is necessary and what laboratories and providers need to know about reporting these cases at <http://www.health.state.mn.us/divs/idepc/dtopics/reportable/glanders.html> and <http://www.health.state.mn.us/divs/idepc/dtopics/reportable/melioidosis.html>

Request for Comments on Planned Amendment of Rules Governing Construction and Demolition Debris Landfills, Minnesota Rules, Chapters 7001, Permits, and 7035, Solid Waste; Revisor's ID Number R-04556

NOTICE IS HEREBY GIVEN that the Minnesota Pollution Control Agency (MPCA or Agency) is requesting comments on its plans to amend existing Minnesota Rules, chapters 7001 and 7035 governing permits and solid waste landfills. It is seeking comments from interested parties on the scope and content of planned amendments. The Agency is calling this its Proposed Construction and Demolition Debris Landfill (CDL) rulemaking (Revisor ID #: R-04556). Please follow the instructions found under the public comment section below to submit comments.

Subject of rules. The MPCA requests comments on its plans to amend its rules governing CDLs. The Agency's CDL program has been implementing Agency priorities using outdated rules and guidance. The goal is to update these rules by incorporating lessons it has learned about the potential for groundwater impacts of unlined CDLs. Since its promulgation of the existing rules in 1988 and its development of 2005 CDL guidance, the Agency has found pollutants in groundwater monitored around unlined CDLs. These pollutants have exceeded Minnesota Department of Health (MDH) Human Health-Based Water Guidance values. These values include Health Risk Limits (HRLs), Health-Based Values (HBVs), Risk Assessment Advice (RAA), U.S. Environmental Protection Agency's Maximum Concentration Limits (MCLs), as well as the Agency's own solid waste Intervention Limits (ILs).

At this time, the Agency does not foresee any likely disproportionate negative impacts to environmental justice (EJ) communities related to these possible rules (discussed further in the persons affected section).

The Agency intends to limit the scope of this rulemaking to issues described for CDLs with the understanding that related issues may eventually need to be addressed for other types of Minnesota landfills. At its discretion, the Agency may try to address an occasional related item, but only as the Agency believes resources would allow. The Agency considers all input, formal or informal, to be advisory in nature with the Agency deciding how it must focus its resources.

Plain language summary. Agency rules and guidance that have been governing landfills are incomplete and outdated. The Agency is mindful of needing to provide regulatory certainty, a level playing field, a faster permitting process, and improved environmental protection for all types of landfills. With few exceptions, the Agency intends to limit the scope of this rulemaking to amendments aimed at regulating CDLs.

Official Notices

This public notice is the first of several opportunities for public input on this rulemaking. At this stage, the Agency has not drafted any rule language. The Agency is seeking input on amending CDL regulations. For example, the Agency recognizes that compliance costs can be a concern. If you have cost information or other data that would help inform these rules, please share that information in writing. Sharing your thoughts at this early stage allows the Agency more time to address unanticipated issues and helps inform our decisions.

Persons affected. New rules will ensure a more consistent application of the conditions necessary to protect water quality around landfills. The anticipated requirements for CDLs will address growing concerns about groundwater contamination.

Because most unlined CDLs are located outside of the Minneapolis/St. Paul metropolitan area, the impacts or changes will be experienced primarily in Greater Minnesota. The Agency expects that the benefits of mitigated or reduced groundwater contamination and the cost of compliance will also be most experienced in Greater Minnesota.

Approximately 1/3 of the unlined C&D landfills are within 1 mile of an identified EJ community of concern according to preliminary data. The Agency believes that more protective rules would benefit these and other nearby communities by reducing exposure to pollutants. The Agency welcomes any additional information or questions regarding potential issues of concern for EJ communities associated with this potential rulemaking.

Statutory authority. The Minnesota Legislature may provide agencies with either specific or general statutory rulemaking authorities. The Agency did not seek specific authority for this rulemaking as it intended to use the existing general solid waste rulemaking authority cited below.

Minnesota Statutes, § 116.07 Powers and Duties, subdivisions 2 and 4 authorize the Agency to adopt rules governing solid waste management. The Agency is using its existing authority under this statute to promulgate the amendments found here: www.revisor.mn.gov/statutes/?id=116.07.

Public comment. Interested persons or groups may submit comments or information on these possible rules in writing until **4:30 p.m. on Monday, December 31, 2018**. The Agency will not publish a notice of intent to adopt these rules until at least 60 days after the date of this request for comments.

The Agency may create an optional advisory panel, representing industry, local government and citizens, to weigh in on this rulemaking effort.

The Agency does not anticipate that the rule amendments will require local government to adopt or amend any ordinance or other regulation under Minnesota Statutes Section, 14.128. Local governments may submit written information to the contrary.

The Agency is seeking information pertaining to the cumulative effect of these amendments when applied in conjunction with other federal or state regulations related to the specific purpose of these rules. **Cumulative effect** means the impact that results from incremental impact of the proposed rules in addition to other rules, regardless of what state or federal agency has adopted the other rules.

Rules drafts. The Agency has not yet drafted the possible amendments and does not anticipate that a draft will be available before it proposes them for public comment. The Agency encourages any person interested in being notified when a draft of these rules (or related activities) is available to register at: <http://public.govdelivery.com/accounts/MNP/CA/subscriber/new>.

Agency contact person. Please direct comments or requests for information on these possible rules (or for alternative formats such as large print, braille, e-text, or audio) to:

State Grants & Loans

In addition to requests by state agencies for technical/professional services (published in the State Contracts Section), the *State Register* also publishes notices about grants and loans available through any agency or branch of state government. Although some grant and loan programs specifically require printing in a statewide publication such as the *State Register*, there is no requirement for publication in the *State Register* itself. Agencies are encouraged to publish grant and loan notices, and to provide financial estimates as well as sufficient time for interested parties to respond.

Department of Health Community and Family Health Division Request for Proposals for Evidence-Based Home Visiting Grant Program

The Minnesota Department of Health (MDH) is issuing a Request for Proposals (RFP) for the Evidence-Based Home Visiting (EBHV) Grant Program. This is a competitive funding opportunity that will support the implementation of evidence-based home visiting models in communities that serve families in need. Eligible applicants include community health boards, non-profits, and tribal nations. The Minnesota EBHV Grant program has an estimated total amount of 26 million for grantee funding under this RFP for the period of May 1, 2019 – December 31, 2022. Applicants may apply for an implementation grant for the purpose of start-up or expansion of services using an evidence-based home visiting model.

Interested applicants should read the entire RFP available at: <http://www.health.state.mn.us/fhv/grant.cfm> for important information about applying for this grant opportunity.

MDH will host an informational webinar, which will include a review of the main components of the grant application, on Thursday, October 11, 2018 from 2:00 - 3:00 p.m. (CST). Applicants do not need to attend the webinar to submit

Notice of Contract Opportunity to Conduct Analyses in Support of Monitoring Minnesota Health Care Spending

PROJECT NAME: Request for Proposal for Contract to Conduct Analyses in Support of Monitoring Minnesota Health Care Spending

DETAILS: The Minnesota Department of Health (MDH) is seeking a multiple category (i.e., multi-project) solicitation that could result in awards to one or more contractors to perform two projects:

(1) Project 1: Certification of Health Care Spending Estimates and Development of Projections

- a. Review and certify total health care spending estimates; and
- b. Extend and, as necessary, refine Minnesota's rolling ten-year projections for health care spending in the state.

(2) Project 2: Development of Spending Estimates for Set of Health Care Episodes

- a. Produce spending estimates for select health care episodes using the Minnesota All Payer Claims Database (MN APCD). This includes recommending which health care episodes to estimate and what refinements if any to the grouping methodology should be made to develop the spending estimates. Contractor will implement and run grouping algorithms for the set of episodes chosen by MDH to produce spending estimates per clinical episode, and will adhere to applicable statutory and administrative data use guardrails.

Work is anticipated to start after January 1, 2019.

Minnesota State Lottery

Request for Proposals for Sponsorship Agreements

Description of Opportunity

The Minnesota State Lottery develops sponsorship agreements throughout the year with organizations, events, and sports teams to create excitement for lottery players, to interest new players and increase the visibility of lottery games. The Lottery encourages and continually seeks new sponsorship agreements to help achieve current Lottery marketing goals.

Proposal Content

A sponsorship proposal presented to the Lottery should meet the following three criteria:

1. **Maximize Lottery Visibility** – the event, sports or tie-in proposal should draw a large number of desired participants (typically 50,000 or more) whose demographics match the Lottery player profile. The Lottery is interested in effectively delivering its message of fun and entertainment to Minnesota adults whose demographics skew primarily towards those aged 25-64, with a household income of \$35,000-\$75,000, and having an educational background of some college or higher. The Lottery does not market to those under the age of 18, and family events with high levels of children present are generally not accepted. Attendance, on-site signage visibility and paid media exposure will be critical components that will be evaluated.

2. **Enhance Lottery Image** – the event, sports or tie-in proposal should inherently project the attitude that the Lottery is a fun and socially acceptable part of the community. The Lottery’s presence should fit well within the lineup of other sponsors. The Lottery is interested in creating opportunities whereby the sponsorship can translate into sales revenue, either via on-site sales from a Lottery booth, from sales-generating promotions with Lottery retailers or from joint programs with the sponsor’s media partners.

3. **Provide Promotional Extensions** – the event, sports or tie-in proposal should offer exciting, value-added ways to interact with our players and have opportunities to motivate attendees, listeners and viewers to participate in and purchase Lottery games. The proposal must include proper staffing availability or other considerations to help the Lottery implement any appropriate promotional extension ideas.

Proposals should address all pertinent elements of the sponsorship and how the Lottery criteria as stated above and on the Evaluation Form are to be met. To view or print copies of the Request for Proposal go to <https://www.mnlottery.com/vendors/> This Solicitation does not obligate the state to award a contract or pursue a proposed sponsorship opportunity, and the state reserves the right to cancel the solicitation if it is considered to be in its best interest.

Non-State Public Bids, Contracts & Grants

The State Register also serves as a central marketplace for contracts let out on bid by the public sector. The *State Register* meets state and federal guidelines for statewide circulation of public notices. Any tax-supported institution or government jurisdiction may advertise contracts and requests for proposals from the private sector. It is recommended that contracts and RFPs include the following: 1) name of contact person; 2) institution name, address, and telephone number; 3) brief description of commodity, project or tasks; 4) cost estimate; and 5) final submission date of completed contract proposal. Allow at least three weeks from publication date (four weeks from the date article is submitted for publication). Surveys show that subscribers are interested in hearing about contracts for estimates as low as \$1,000. Contact editor for further details.

Besides the following listing, readers are advised to check: <http://www.mmd.admin.state.mn.us/solicitations.htm> as well as the Office of Grants Management (OGM) at: <http://www.grants.state.mn.us/public/>.

ServeMinnesota: Minnesota Commission on National and Community Service Request for Proposal Announcement for 2019-2020 AmeriCorps State Grants

Through this RFP, organizations can apply to receive an AmeriCorps Operational Grant.

AmeriCorps Operational Grants

AmeriCorps grants are awarded to eligible organizations engaged in evidence-based interventions that utilize AmeriCorps members to strengthen communities. An AmeriCorps member is an individual who is enrolled in an approved national service position and engages in community service. Members may receive a living allowance and other benefits while serving. Upon successful completion of their service members receive a Segal AmeriCorps Education Award from the National Service Trust.

Applicants wishing to apply should follow the submission procedures outlined in the Notice of Funding Opportunity (NOFO) and Application Instructions which can be found on ServeMinnesota's website at www.serveminnesota.org/grants

Application Deadline:

A concept paper is due by 5:00 pm on October 5, 2018. A full application is due on November 9, 2018 for applicants invited to submit based on a review of the concept paper. Funding decisions for Operational Grants will be announced by April 1, 2019.

For information about AmeriCorps and national service, visit ServeMinnesota (www.serveminnesota.org) and the Corporation for National and Community Service (www.nationalservice.gov).
