## NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). An annual subject matter index for rules was separately printed usually in August, but starting with Volume 19 now appears in the final issue of each volume. For copies or subscriptions to the State Register, contact Minnesota's Bookstore, 660 Olive Street (one block east of I-35E and one block north of University Ave), St. Paul, MN 55155, phone: (612) 297-3000, or toll-free 1-800-657-3757. # Proposed Rules

**Comments on Planned Rules or Rule Amendments.** An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, and within 60 days of the effective date of any new statutory grant of required rulemaking.

**Rules to be Adopted After a Hearing.** After receiving comments and deciding to hold a public hearing on the rule, an agency drafts its rule. It then publishes its rules with a notice of hearing. All persons wishing to make a statement must register at the hearing. Anyone who wishes to submit written comments may do so at the hearing, or within five working days of the close of the hearing. Administrative law judges may, during the hearing, extend the period for receiving comments up to 20 calendar days. For five business days after the submission period the agency and interested persons may respond to any new information submitted during the written submission period and the record then is closed. The administrative law judge prepares a report within 30 days, stating findings of fact, conclusions and recommendations. After receiving the report, the agency decides whether to adopt, withdraw or modify the proposed rule based on consideration of the comments made during the rule hearing procedure and the report of the administrative law judge. The agency must wait five days after receiving the report before taking any action.

**Rules to be Adopted Without a Hearing.** Pursuant to *Minnesota Statutes* § 14.22, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing. An agency must first solicit **Comments on Planned Rules or Comments on Planned Rule Amendments** from the public. The agency then publishes a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the *State Register*. If, during the 30-day comment period, 25 or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of §§ 14.1414.20, which state that if an agency decides to hold a public hearing, it must publish a notice of intent in the *State Register*.

**KEY: Proposed Rules** - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

**Introduction.** The Department of Health intends to adopt rules without a public hearing following the procedures in the rules of the Office of Administrative Hearings, *Minnesota Rules*, parts 1400.2300 to 1400.2310, and the Administrative Procedure Act, *Minnesota Statutes*, sections 14.22 to 14.28. You may submit written comments on the proposed rules and may also submit a written request that a hearing be held on the rules until June 5, 2019.

**Subject of Rules and Statutory Authority.** The proposed rules reflect changes made to U.S. Nuclear Regulatory (NRC) regulations that Minnesota, as an Agreement State, must adopt to meet compatibility requirements. There are also some MDH-initiated changes. The changes being made to meet NRC compatibility requirements are to:

- Amend regulations related to a reportable safety event involving special nuclear material.
- Exempt commercial vehicle drivers from background checks for road shipments of category 1 quantities of radioactive material.
- Require individuals to safeguard schedule information for shipments of category 1 quantities of radioactive material.
- Make conforming changes based on the International Atomic Energy Agency's (IAEA) 2009 standards for the international transportation of radioactive material and maintain consistency with the DOT's regulations.
- Miscellaneous changes including renaming the Office of Information Services, capitalizing the words Tribe, Tribes, and Tribal, and correcting a Web site address.

The MDH-initiated changes are to:

- Add the radioactive materials rules to the list of those that regulated parties may request a variance from the commissioner.
- Clarify telephone notification requirements.
- Clarify that changes in reciprocity notifications must be made prior to the scheduled work.
- Remove a provision that permits an applicant to reference previously submitted information in license applications.
- Remove a provision that permits an application for a radioactive materials license to be considered an application for other activities that require licensure by the commissioner.
- Require a decommissioning funding plan for high activities of unsealed special nuclear material.
- Change the reference for the calculation of the sum of ratios to MDH rules rather than NRC regulations.
- Remove temporary license extensions.
- Make miscellaneous formatting changes.

The statutory authority to adopt the rules is *Minnesota Statutes*, section 144.1201 through 144.1205. A copy of the proposed rules is available on the MDH Radioactive Materials website at <https://www.health.state.mn.us/communities/environment/radiation/radioactive/index.html>. A free copy of the rules is available upon request from the agency contact person listed above.

**Comments.** You have until 4:30 p.m. on Wednesday, June 5, 2019, to submit written comment in support of or in opposition to the proposed rules and any part or subpart of the rules. Your comment must be in writing and the agency contact person must receive it by the due date. The Department encourages comment. Your comment should identify the portion of the proposed rules addressed and the reason for the comment. You are encouraged to propose any change desired. Any comments that you have about the legality of the proposed rules must also be made during this comment period.

**Request for a Hearing.** In addition to submitting comments, you may also request that the Department hold a hearing on the rules. Your request must be in writing and the agency contact person must receive it by 4:30 p.m. on June 5, 2019. Your written request for a public hearing must include your name and address. You must identify the portion of the proposed rules that you object to or state that you oppose the entire set of rules. Any request that does not comply with these requirements is not valid and the agency cannot count it when determining whether it must hold a public hearing. You are also encouraged to state the reason for the request and any changes you want made to the proposed rules.

**Withdrawal of Requests.** If 25 or more persons submit a valid written request for a hearing, the Department will hold a public hearing unless a sufficient number withdraw their requests in writing. If enough requests for hearing are withdrawn to reduce the number below 25, the agency must give written notice of this to all persons who requested a hearing, explain the actions the agency took to effect the withdrawal, and ask for written comments on this action. If a

public hearing is required, the agency will follow the procedures in *Minnesota Statutes*, sections 14.131 to 14.20.

**Alternative Format.** Upon request, this information can be made available in an alternative format, such as large print, braille, or audio. To make such a request, please contact the agency contact person at the address or telephone number listed above.

**Modifications.** The Department may modify the proposed rules as a result of public comment. The modifications must be supported by comments and information submitted to the agency, and the adopted rules may not be substantially different than these proposed rules, unless the agency follows the procedure under *Minnesota Rules*, part 1400.2110. If the proposed rules affect you in any way, the Department encourages you to participate in the rulemaking process.

**Statement of Need and Reasonableness.** The statement of need and reasonableness statement contains a summary of the justification for the proposed rules, including a description of who will be affected by the proposed rules and an estimate of the probable cost of the proposed rules. It is now available from the agency contact person. You may review it or obtain copies for the cost of reproduction by contacting the agency contact person.

**Lobbyist Registration.** *Minnesota Statutes*, chapter 10A, requires each lobbyist to register with the State Campaign Finance and Public Disclosure Board. You should direct questions about this requirement to the Campaign Finance and Public Disclosure Board at: Suite 190, Centennial Building, 658 Cedar Street, St. Paul, Minnesota 55155, telephone (651) 539-1180 or 1-800-657-3889.

**Adoption and Review of Rules.** If no hearing is required, the agency may adopt the rules after the end of the comment period. The agency will then submit the rules and supporting documents to the Office of Administrative Hearings for review for legality. You may ask to be notified of the date the Department submits the rules to the office. If you want to be so notified, or want to receive a copy of the adopted rules, or want to register with the agency to receive notice of future rule proceedings, submit your request to the agency contact person listed above.

**Introduction.** The Board of Nursing intends to repeal obsolete rules under the rulemaking process in the Administrative Procedure Act, *Minnesota Statutes*, section 14.3895. You may submit written comments on the proposed repeal of obsolete rules until July 5, 2019

**Agency Contact Person.** You must submit comments or questions on the rules to: Julie Sabo PhD, RN, APRN, CNS at the Minnesota Board of Nursing, 2829 University Ave S.E., Minneapolis, MN, 55414, 612-317-3013, FAX 612-617-2190, [julie.sabo@state.mn.us](mailto:julie.sabo@state.mn.us).

Minnesota Rule 6310.3100 Subp. 8 requires a licensee residing outside of Minnesota applying for reregistration for the purpose of obtaining verification of current registration status to another country or United States jurisdiction submit a request and fee with the reregistration application. This rule is obsolete because licensure verification of licensees

residing outside of Minnesota is performed by Nursys®, an online service for electronic verification of licensure between boards of nursing and is addressed in Minnesota Statute. 148.243 Subd. 9.

Minnesota Rule 6316.0200 Subp. 3 which requires a fee of \$5.00 is obsolete because it is addressed in MS 148.243 Subd. 6 and the fee is \$20.00.

The agency identified the proposed obsolete rules to be repealed in its annual obsolete rules report under Minnesota Statutes section 14.05, subdivision 5. The statutory authority to repeal the obsolete rules is found in Minnesota Statutes, section 14.3895. A copy of the proposed obsolete rules to be repealed is published in the State Register and attached to this notice as mailed. The proposed obsolete rules to be repealed may also be viewed at [www.nursingboard.state.mn.us](http://www.nursingboard.state.mn.us).

**Comments.** You have until 4:30 p.m. on Friday, July 5, 2019 to submit written comment in support of or in opposition to the proposed repeal of obsolete rules and any part or subpart of the repeal. Your comment must be in writing and received by the agency contact person by the due date. The Board of Nursing encourages comment. Your comment should identify the portion of the proposed obsolete rules to be repealed addressed and the reason for the comment. In addition, you are encouraged to object to the repeal of any part or subpart. You must also make any comments on the legality of the proposed rules during this comment period.

**Request for Hearing.** In addition to submitting comments, you may also request that a hearing be held on the rules. You must make your request in writing and the agency contact person must receive it by 4:30 p.m. Friday, July 5, 2019. Your written request must include your name and address. You must identify the portion of the proposed repealed rules to which you object or state that you oppose the entire set of rules. Any request that does not comply with these requirements is not valid and the agency cannot count it for determining whether it must hold a public hearing. You are also encouraged to state the reason for the request and any changes you want made to the proposed rules.

- **Effect of Requests.** If 25 or more people submit a written request, the agency will have to meet the requirements of Minnesota Statutes, sections 14.131 to 14.20 for rules adopted after a hearing or the requirements of Minnesota Statutes, sections 14.22 to 14.28 for rules adopted without a hearing, including the preparation of a statement of need and reasonableness and the opportunity for a hearing.

**Modifications.** The agency might modify its choice of these designated rules or parts proposed for repeal (e.g. fixing a typo or deciding not to repeal a rule because the rule is discovered not to be obsolete), based on comments and information submitted to the agency. If the final rules are identical to the rules originally published in the State Register, the agency will publish a notice of adopting the repealers in the State Register. If the final rules are different from the rules originally published in the State Register, the agency must publish a copy of the changes in the State Register. If the proposed repeal of obsolete rules affects you in any way, the agency encourages you to participate in the rulemaking process.

**Alternative Format.** Upon request, this information can be made available in an alternative format, such as large print, braille, or audio. To make such a request, please contact the agency contact person at the address or telephone number listed above.

**Lobbyist Registration.** *Minnesota Statutes*, chapter 10A, requires each lobbyist to register with the State Campaign Finance and Public Disclosure Board. You may direct questions regarding this requirement to the Campaign Finance and Public Disclosure Board at: Suite 190, Centennial Building, 658 Cedar Street, St. Paul, Minnesota 55155, telephone (651) 539-1180 or 1-800-657-3889.

**Repeal and Review of Obsolete Rules.** If no hearing is required, the agency may repeal the obsolete rules at the end of the comment period. The agency will then submit rules and supporting documents to the Office of Administrative Hearings for review for legality. You may ask to be notified of the date that the agency submits the rules. If you want to be so notified, or want to receive a copy of the repealed obsolete rules, or want to register with the agency to receive notice of future rule proceedings, submit your request to the agency contact person listed above.

## 6316.0200 PUBLIC HEALTH NURSE REGISTRATION CERTIFICATE.

*[For text of subparts 1 and 2, see Minnesota Rules]*

Subp. 3. **Replacement document.** If a nurse requests the replacement of a public health nurse registration certificate, the nurse shall explain in writing the reason for requesting a replacement. On written request of the nurse and the payment of a \$5 fee, a replacement public health nurse registration certificate may be issued. The replacement certificate shall be marked "Replacement." **REPEALER.** Minnesota Rules, part 6310.3100, subpart 8, is repealed.

## Expedited Emergency Rules

Provisions exist for the Commissioners of some state agencies to adopt expedited emergency rules when conditions exist that do not allow the Commissioner to comply with the requirements for emergency rules. The Commissioner must submit the rule to the attorney general for review and must publish a notice of adoption that includes a copy of the rule and the emergency conditions. Expedited emergency rules are effective upon publication in the *State Register*, and may be effective up to seven days before publication under certain emergency conditions.

Expedited emergency rules are effective for the period stated or up to 18 months. Specific *Minnesota Statute* citations accompanying these expedited emergency rules detail the agency's rulemaking authority.

### Adopted Expedited Emergency Game and Fish Rules: 2019 Bear Season

Notice is hereby given that the above entitled rules have been adopted through the process prescribed by *Minnesota Statutes*, section 84.027, subdivision 13 (b). The statutory authority for the content of the rules is *Minnesota Statutes*, sections 97B.405, 97B.411, 97B.425, and 97B.431.

The following conditions do not allow compliance with Minnesota Statutes, sections 97A.0451 to 97A.0459. Annual population and harvest data are used to set bag limits and allow timely adjustment of permit area boundaries to better reflect bear habitat and hunting opportunities.

## 6232.3300 NUISANCE BEARS.

Nuisance bears may be taken under the conditions in this part by licensed bear hunters from July 1 to August 31 under the conditions in this part or as authorized in item C.

A. Wildlife managers or conservation officers may authorize licensed hunters to take nuisance bears after the manager or officer has verified that a nuisance problem exists. To be eligible to take a nuisance bear, a licensed hunter must indicate interest as instructed on the application form for the bear lottery.

*[For text of item B, see Minnesota Rules]*

C. If no licensed hunter who is eligible to take a nuisance bear under item A is available to take a nuisance bear, a hunter with a no-quota license may take a nuisance bear in the quota area if the hunter's license is validated by a wildlife manager or conservation officer. A no-quota license validated to take nuisance bears is valid for any area where a wildlife manager or conservation officer verifies that a nuisance-bear problem exists and is valid for taking nuisance bear during the time specified by the wildlife manager or conservation officer.

### Adopted Expedited Emergency Game and Fish Rules: Mille Lacs Lake Fishing

Notice is hereby given that the above-entitled rules have been adopted through the process prescribed by *Minnesota Statutes*, sections 97A.045, subd. 2; 97C.005; and 97C.401.

The conditions that do not allow compliance with *Minnesota Statutes*, sections 97A.0451 to 97A.0459, are as follows:

1. Each year a harvestable surplus is set for walleye in Mille Lacs Lake pursuant to the procedures set forth in the 1996 Stipulated Settlement and Federal Consent Decree adopted by the Minnesota Federal District Court in 1997 and affirmed by the U.S. Supreme Court in 1999. The harvestable surplus is the volume of fish that can be harvested safe-

ly from Mille Lacs Lake while ensuring sufficient remaining walleye in the lake for a healthy fishery. The harvestable surplus is then divided between the state of Minnesota and the eight Chippewa Tribal Bands. This year, the harvestable surplus has been set at 150,000 pounds. The Mille Lacs Band, Fond Du Lac Band, and six Wisconsin Bands of Chippewa declared their harvest intention on Mille Lacs Lake to be 62,200 pounds based on the formula agreed to in the 2017 Consensus Document.

2. The proposed walleye fishing regulations for Mille Lacs Lake are based on the harvestable surplus of 150,000 pounds of walleye determined for 2019. Based on the formula agreed to in the 2017 Consensus Document, this provides the state an allocation of 87,800 pounds. The 2019 walleye regulations were developed using and are consistent with the applicable biological data used to set the harvestable surplus and reflect that the state was under its full allocation in 2018. The biological data indicates that a conservative one walleye between 21 and 23 inches in length, or 1 walleye over 28 inches, limit from May 11-31, followed by a catch-and-release regulation on June 1 for the remainder of the open water season for state anglers needs to be put in place by the May 11, 2019, inland fishing opener to ensure that angler harvest does not exceed state angler harvest thresholds for the 2019 open water fishing season.

### Division of Community Services, Inspection and Enforcement Unit

#### REQUEST FOR COMMENTS for Possible Amendment to Rules Governing Adult Detention Facilities, Minnesota Rules, Chapter 2911

**Subject of Rules.** The Minnesota Department of Corrections requests comments on its possible amendment to rules governing adult detention facilities. The Department is considering rule amendments that update the minimum standards for local adult detention facilities. The proposed revisions include several rules that needed clarification, as well as revised and new definitions that are used in facility operation and policy. All sections of the current rule have some level of revision, some are significant and some are minor. A statement of needs and reasonableness has also been drafted to guide a reader through all of the changes and revisions.

**Persons Affected.** The amendment to the rules would likely affect County Boards, Sheriffs, and detention facility staff including administrators, medical and nursing staff, facility health authority and custody officers, as well as Community Corrections Act administrators. In addition, professional organizations such as the Minnesota Sheriffs' Association and the Association of Minnesota Counties may be impacted by this rule revision.

**Statutory Authority.** The Department's statutory authority to adopt the initial rules and thereby amend them is set forth in *Minnesota Statutes*, section 241.021, subdivision 1, which provides in part:

**“Correctional facilities; inspection; licensing.** (a) Except as provided in paragraph (b), the commissioner of corrections shall inspect and license all correctional facilities throughout the state, whether public or private, established and operated for the detention and confinement of persons detained or confined therein according to law except to the extent that they are inspected or licensed by other state regulating agencies. The commissioner shall promulgate pursuant to chapter 14, rules establishing minimum standards for these facilities with respect to their management, operation, physical condition, and the security, safety, health, treatment, and discipline of persons detained or confined therein “

**Public Comment.** Interested persons or groups may submit comments or information on these possible rules in writing until 4:30 p.m. on July 5, 2019. The Department will not publish a notice of intent to adopt the rules until more than 60 days have elapsed from the date of this request for comments. The Department does not plan to appoint an advisory committee to comment on the possible rules.

**Rules Drafts.** The Department has drafted the possible rules amendments.

**Agency Contact Person.** Written comments, questions, and requests for more information on these possible rules should be directed to: Greg Croucher at Minnesota Department of Corrections, Inspection and Enforcement Unit, 1450 Energy Park Drive, Suite 200, St. Paul, MN, 55108-5219, Telephone: 218-628-4993, Email: [greg.croucher@state.mn.us](mailto:greg.croucher@state.mn.us) TTY users may call the Minnesota Relay Service at 800-627-3529.

**Alternative Format.** Upon request, this information can be made available in an alternative format, such as large print, braille, or audio. To make such a request, please contact the agency contact person at the address or telephone number listed above.

**NOTE:** Comments received in response to this notice will not necessarily be included in the formal rulemaking record submitted to the administrative law judge if and when a proceeding to adopt rules is started. The agency is required to submit to the judge only those written comments received in response to the rules after they are proposed. If you submitted comments during the development of the rules and you want to ensure that the Administrative Law Judge reviews the comments, you should resubmit the comments after the rules are formally proposed.

## State Grants & Loans

In addition to requests by state agencies for technical/professional services (published in the State Contracts Section), the *State Register* also publishes notices about grants and loans available through any agency or branch of state government. Although some grant and loan programs specifically require printing in a statewide publication such as the *State Register*, there is no requirement for publication in the *State Register* itself. Agencies are encouraged to publish grant and loan notices, and to provide financial estimates as well as sufficient time for interested parties to respond.

## Minnesota Department of Agriculture (MDA) Requests for Proposals for Agricultural Plastic Collection Grant

The state needs a study of existing programs and structures in place for collecting agricultural plastic in Minnesota. This information will aid in establishing one central data base to assist counties and cities in siting additional collection points for agricultural plastic. The study should identify counties and/ or organizations with current collection programs, quantify the extent of their program- service area and identify number of farms wanting to participate and the volume of agricultural plastic that would be available to recycle. The study will need to work with MN Milk, Minnesota State Cattlemen's Association and similar agricultural organizations in identifying farms wanting to participate. The study should also identify goals, resources and estimates of the amount of plastic for recycling.

---

---

# State Grants & Loans

The study should also assess new and existing recyclers and haulers in order to establish an infrastructure base. Additional components of the study should identify the scope of services recyclers are willing and able to provide, capacity and interest in transportation of materials as well as determine capacity of agricultural plastic recyclers and markets to collect and manage materials. Administration, meetings to inform affected parties as well as allocation of funds towards equipment and advertising to aid in establishment of collection and transportation infrastructure are all eligible expenses and should be included in the proposal.

One of the final conclusions should be to determine efficiencies of scale and location toward the collection and recycling of agricultural plastic.

Applicants should submit written explanation of how they will accomplish the tasks spelled out above by June 3, 2019 @ 4pm. Applications may be submitted via email or in person. The grant should also explain how the applicant will be able to address the diversity population across the state and inclusion of their needs and ability to collect and recycle agricultural plastic. Final report and recommendations are due to the Minnesota Dept. of Agriculture by May 31, 2020. Up to \$56,000 is available and funds will be distributed based on reimbursement of expenses on a monthly basis with the final 10% available upon approval and acceptance of the final report. All applications will be reviewed for completeness and selected on how closely they are able to accomplish the goals of the grant. Any questions may be directed to David Weinand, [David.Weinand@state.mn.us](mailto:David.Weinand@state.mn.us). Funded applications will become public data upon award and signed contract of the awardee.

## Minnesota State Lottery

### Request for Proposals for Sponsorship Agreements

#### Description of Opportunity

The Minnesota State Lottery develops sponsorship agreements throughout the year with organizations, events, and sports teams to create excitement for lottery players, to interest new players and increase the visibility of lottery games. The Lottery encourages and continually seeks new sponsorship agreements to help achieve current Lottery marketing goals.

#### Proposal Content

A sponsorship proposal presented to the Lottery should meet the following three criteria:

1. **Maximize Lottery Visibility** – the event, sports or tie-in proposal should draw a large number of desired participants (typically 50,000 or more) whose demographics match the Lottery player profile. The Lottery is interested in effectively delivering its message of fun and entertainment to Minnesota adults whose demographics skew primarily towards those aged 25-64, with a household income of \$35,000-\$75,000, and having an educational background of some college or higher. The Lottery does not market to those under the age of 18, and family events with high levels of children present are generally not accepted. Attendance, on-site signage visibility and paid media exposure will be critical components that will be evaluated.
2. **Enhance Lottery Image** – the event, sports or tie-in proposal should inherently project the attitude that the Lottery is a fun and socially acceptable part of the community. The Lottery's presence should fit well within the lineup of other sponsors. The Lottery is interested in creating opportunities whereby the sponsorship can translate into sales revenue, either via on-site sales from a Lottery booth, from sales-generating promotions with Lottery retailers or from joint programs with the sponsor's media partners.
3. **Provide Promotional Extensions** – the event, sports or tie-in proposal should offer exciting, value-added ways to interact with our players and have opportunities to motivate attendees, listeners and viewers to participate in and purchase Lottery games. The proposal must include proper staffing availability or other considerations to help the Lottery implement any appropriate promotional extension ideas.

Proposals should address all pertinent elements of the sponsorship and how the Lottery criteria as stated above and on the Evaluation Form are to be met. To view or print copies of the Request for Proposal go to <https://www.mnlottery.com/vendors/> This Solicitation does not obligate the state to award a contract or pursue a proposed sponsorship opportunity, and the state reserves the right to cancel the solicitation if it is considered to be in its best interest.

## Non-State Public Bids, Contracts & Grants

The State Register also serves as a central marketplace for contracts let out on bid by the public sector. The *State Register* meets state and federal guidelines for statewide circulation of public notices. Any tax-supported institution or government jurisdiction may advertise contracts and requests for proposals from the private sector. It is recommended that contracts and RFPs include the following: 1) name of contact person; 2) institution name, address, and telephone number; 3) brief description of commodity, project or tasks; 4) cost estimate; and 5) final submission date of completed contract proposal. Allow at least three weeks from publication date (four weeks from the date article is submitted for publication). Surveys show that subscribers are interested in hearing about contracts for estimates as low as \$1,000. Contact editor for further details.
