Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-13 inclusive; issues #14-25 inclusive (issue #26 cumulative for issues #1-26); issues #27-38 inclusive (issue #39, cumulative for issues #1-39); issues #40-52 inclusive, with final index (#1-52, or 53 in some years). An annual subject matter index for rules was separately printed usually in August, but starting with Volume 19 now appears in the final issue of each volume. For copies or subscriptions to the State Register, contact Minnesota's Bookstore, 660 Olive Street (one block east of I-35E and one block north of University Ave), St. Paul, MN 55155, phone: (612) 297-3000, or toll-free 1-800-657-3757. Proposed Rules

Comments on Planned Rules or Rule Amendments. An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, and within 60 days of the effective date of any new statutory grant of required rulemaking.

Rules to be Adopted After a Hearing. After receiving comments and deciding to hold a public hearing on the rule, an agency drafts its rule. It then publishes its rules with a notice of hearing. All persons wishing to make a statement must register at the hearing. Anyone who wishes to submit written comments may do so at the hearing, or within five working days of the close of the hearing. Administrative law judges may, during the hearing, extend the period for receiving comments up to 20 calendar days. For five business days after the submission period the agency and interested persons may respond to any new information submitted during the written submission period and the record then is closed. The administrative law judge prepares a report within 30 days, stating findings of fact, conclusions and recommendations. After receiving the report, the agency decides whether to adopt, withdraw or modify the proposed rule based on consideration of the comments made during the rule hearing procedure and the report of the administrative law judge. The agency must wait five days after receiving the report before taking any action.

Rules to be Adopted Without a Hearing. Pursuant to *Minnesota Statutes* § 14.22, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing. An agency must first solicit **Comments on Planned Rules** or **Comments on Planned Rule Amendments** from the public. The agency then publishes a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the *State Register*. If, during the 30-day comment period, 25 or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of §§ 14.1414.20, which state that if an agency decides to hold a public hearing, it must publish a notice of intent in the *State Register*.

You must identify the portion of the proposed rules that you object to or state that you oppose the entire set of rules. Any request that does not comply with these requirements is not valid and the Agency cannot count it when determining whether it must hold a public hearing. You are also encouraged to state the reason for the request and any changes you want made to the proposed rules.

Withdrawal of Requests. If 25 or more persons submit a valid written request for a hearing, the Agency will hold a public hearing unless a sufficient number withdraw their requests in writing. If enough requests for hearing are withdrawn to reduce the number below 25, the Agency must give written notice of this to all persons who requested a hearing, explain the actions the Agency took to effect the withdrawal, and ask for written comments on this action. If a public hearing is required, the Agency will follow the procedures in *Minnesota Statutes*, sections 14.131 to 14.20.

Alternative Format. Upon request, this information can be made available in an alternative format, such as large print, braille, or audio. To make such a request, please contact the Agency contact person at the address or telephone number listed above.

Modifications. The Agency may modify the proposed rules as a result of public comment. The modifications must be supported by comments and information submitted to the Agency, and the adopted rules may not be substantially different than these proposed rules, unless the Agency follows the procedure under Minnesota Rules, part 1400.2110. If the proposed rules affect you in any way, the Agency encourages you to participate in the rulemaking process.

Statement of Need and Reasonableness. The statement of need and reasonableness statement contains a summary of the justification for the proposed rules, including a description of who will be affected by the proposed rules and an estimate of the probable cost of the proposed rules. It is now available from the Agency contact person. You may review it or obtain copies for the cost of reproduction by contacting the Agency contact person.

Minnesota Pollution Control Agency (MPCA) Environmental Analysis and Outcomes Division Public Notice on State Implementation Plan Revision

NOTICE IS HEREBY GIVEN that the Commissioner of the Minnesota Pollution Control Agency (MPCA) has determined that a State Implementation Plan (SIP) update must be submitted to meet Minnesota's requirements under section 110(a) of the Clean Air Act (CAA). The draft SIP update is now available for public comment.

Background. Section 110(a) of the CAA requires that each state prepare and submit to the U.S. Environmental Protection Agency (EPA) SIPs to demonstrate that the state's air quality management program has the structural components in place to meet the state's responsibilities under the CAA to attain and maintain the National Ambient Air Quality Standards. Minnesota first submitted state rules and statutes to the EPA after the original promulgation of the CAA. Those rules were codified in the Code of Federal Regulations (CFR) at Title 40 Section 52.1220, which makes them federally enforceable as required by federal law. When state rules and statutes are updated by MPCA, the agency is expected to provide EPA with the edited rules and statutes for review and approval into the SIP, and subsequent re-codification into the federal code at § 52.1220.

Purpose of the SIP revision. The purpose of this SIP revision is to fulfill Minnesota's responsibility under the CAA to demonstrate our ability to implement, maintain, and enforce our air quality management program. This includes information about Minnesota's air quality programs such as monitoring, permitting, and modeling.

When states update the rules and statutes that are part of their SIP, they must submit those updates to EPA for review and approval into the SIP. Minnesota first submitted state rules and statutes to the EPA after the original promulgation of the CAA, and has since periodically submitted new and updated rules and statutes to EPA to ensure the state rules and statutes codified in the CFR align with current state rules and statutes and to demonstrate Minnesota's continued compliance with the requirements of Section 110(a) of the CAA. In recent years, Minnesota has undertaken various state-level rule revisions to modernize and streamline our air quality management program, to align with federal regulations, and to clarify rule language. This proposed SIP revision is being submitted to align the CFR with state rules and statutes and to ensure consistent enforceability at the state and federal levels.

The MPCA will consider changing the contents of the proposed SIP revision based on comments received during the comment period. Following the end of the comment period, the Commissioner will decide whether to submit the proposed SIP revision to the EPA.

MPCA contact person. The MPCA contact person is Christine Steinwand. Written comments, requests, and petitions should be mailed to: Christine Steinwand, Minnesota Pollution Control Agency, Environmental Analysis and Outcomes Division, 520 Lafayette Road North, St. Paul, Minnesota 55155-4194; telephone: 651-757-2327 or toll free 1-800-657-3864; fax: 651-297-8324; and email: Christine.Steinwand@state.mn.us. TTY users may call the MPCA at TTY 651-252-5332 or 1-800-657-3864.

Availability of SIP. A copy of the proposed SIP revision is available on the MPCA's web site at <http://www.pca.state.mn.us/public-notices>. A copy of the proposed SIP revision is also available upon request by contacting Christine Steinwand at 651-757-2327 or Christine.Steinwand@state.mn.us, or can be mailed to any interested person upon the MPCA's receipt of a written request. Additional materials relating to the SIP revision are available for inspection by appointment at the MPCA, 520 Lafayette Road North, St. Paul, Minnesota 55155-4194, between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday. To examine these materials, or for more information, please contact Christine Steinwand. All MPCA offices may be reached by calling 1-800-657-3864.

Public comment period and potential public meeting. The public comment period begins August 20, 2018 and ends on September 21, 2018. Your comments must be in writing and received by Christine Steinwand by 4:30 p.m. on September 21, 2018. Written comments may be submitted to them at the mailing address, facsimile number, or e-mail address listed above.

Official Notices

As this SIP revision does not include any substantive changes to the Minnesota's SIP at 40 CFR § 52.1220, a public information meeting will only be held if one is requested by 4:30 p.m. on September 21, 2018. If such a meeting is requested, it will be held on September 27, 2018 from 2:30 p.m. to 4:30 p.m. at the MPCA St. Paul Office, 520 Lafayette Road North, St. Paul, Minnesota 55155-4194. To find out if a public information meeting will be held, please contact Christine Steinwand at 651-757-2327 or Christine.Steinwand@state.mn.us after September 21, 2018 at 4:30 p.m. The public information meeting, if one is requested, will provide information, receive public input, and answer questions about the proposed SIP revision. If the public information meeting is held, additional written comments on the proposed documents will be accepted until 4:30pm on October 5, 2018, following the same guidelines described above.
