Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact Minnesota's Bookstore, 660 Olive Street (one block east of I-35E and one block north of University Ave), St. Paul, MN 55155, phone: (612) 297-3000, or toll-free 1-800-657-3757. Adopted Rules

A rule becomes effective after the requirements of *Minnesota Statutes* §§ 14.05-14.28 have been met and five working days after the rule is published in the *State Register*, unless a later date is required by statutes or specified in the rule. If an adopted rule is identical to its proposed form as previously published, a notice of adoption and a citation to its previous *State Register* publication will be printed. If an adopted rule differs from its proposed form, language which has been deleted will be printed with strikeouts and new language will be underlined. The rule's previous *State Register* publication will be cited.

KEY: Proposed Rules - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

Department of Human Services

Office of Inspector General, Surveillance and Integrity Review Section REQUEST FOR COMMENTS for Possible Amendment to the Rules Governing Use of Random Sample Extrapolation in Monetary Recovery, *Minnesota Rules*, Part 9505.2220; Revisor's ID Number 4567

Subject of Rules. The Minnesota Department of Human Services requests comments on its possible amendments to the rules governing the use of random sample extrapolation in monetary recovery. The proposed rule amendments remove reliance on an outdated textbook, clarify the sampling and extrapolation methodologies that are acceptable, and remove the requirement that the provider be notified of the sampling method before a sample is drawn.

Persons Affected. The rule amendments would likely affect all persons and entities who provide services through medical assistance, consolidated chemical dependency treatment, MinnesotaCare, or any other health services program administered by the Department.

Statutory Authority. Minnesota Statutes, section 256B.04, subdivision 2 requires the Department to make rules to carry out and enforce the law regarding the Medical Assistance program. Minnesota Statutes, section 256B.04, subdivision 10 specifically directs the Department to establish by rule criteria and procedures for the identification and prompt investigation of suspected fraud, theft, abuse, and other improper claims for Medical Assistance, and for the imposition of sanctions against a vendor of medical care. Minnesota Statutes, section 256B.04, subdivision 15 requires the Department to establish a utilization review function to guard against the unnecessary and inappropriate use of medical assistance services and excess payments for services.

Public Comment. Interested persons or groups may submit comments or information on these possible rules in writing or orally until further notice is published in the *State Register* that the Department intends to adopt or to withdraw the rules. The Department will not publish a notice of intent to adopt the rules until more than 60 days have elapsed from the date of this request for comments. The Department does not plan to appoint an advisory committee to comment on the possible rules.

Rules Drafts. The Department does not anticipate that a draft of the rules will be available before the publication of the proposed rules.

Agency Contact Person. Written or oral comments, questions, and requests for more information on the specific subject matter of this possible rules amendment should be directed to Elizabeth Oji. Questions about the rulemaking process should be directed to Vanessa Vogl:

State Grants & Loans

In addition to requests by state agencies for technical/professional services (published in the State Contracts Section), the *State Register* also publishes notices about grants and loans available through any agency or branch of state government. Although some grant and loan programs specifically require printing in a statewide publication such as the State Register, there is no requirement for publication in the *State Register* itself. Agencies are encouraged to publish grant and loan notices, and to provide financial estimates as well as sufficient time for interested parties to respond.
