## NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact Minnesota's Bookstore, 660 Olive Street (one block east of I-35E and one block north of University Ave), St. Paul, MN 55155, phone: (612) 297-3000, or toll-free 1-800-657-3757. # Executive Orders

The governor has the authority to issue written statements or orders, called Executive Orders, as well as Emergency Executive Orders. The governor's authority is specified in the Constitution of the State of Minnesota, Article V, and in *Minnesota Statutes* § 4.035. Emergency Executive Orders, for protection from an imminent threat to health and safety, become effective immediately, are filed with the secretary of state, and published in the *State Register* as soon as possible after they are issued. Other Executive Orders become effective 15 days after publication in the *State Register* and filing with the secretary of state. Unless otherwise specified, an executive order expires 90 days after the date the governor who issued the order vacates office.

## Office of the Governor

### Emergency Executive Order 19-33: Declaring an Emergency and Providing for Relief from Regulations to Motor Carriers and Drivers Operating in the State of Minnesota

I, **Tim Walz, Governor of the State of Minnesota**, by the authority vested in me by the Constitution and applicable statutes, issue the following Executive Order:

Unanticipated events—including a fire at the Husky refinery in Superior, Wisconsin and spring flooding impacting the HollyFrontier refinery in Tulsa, Oklahoma—have disrupted the normal supply of gasoline and other petroleum products in Minnesota.

Motor fuel terminals are part of the distribution chain of petroleum products, and gasoline from the terminals is pumped into trucks for delivery to local gas stations and convenience stores across Minnesota. Many fuel terminals across the Midwest are experiencing a shortage of petroleum products, resulting in shortages of these products at local gas stations in Minnesota.

Due to this shortage of petroleum products, motor carriers and drivers are traveling farther distances to alternate terminals and facing long delays at terminals, depleting the drivers' available on-duty hours in accordance with hours of service regulations.

The week of July 4 is a peak travel time within Minnesota, and relief is needed to ensure that gas stations have an adequate and reliable supply of petroleum products. Without sufficient and dependable access to fuel, Minnesota motorists risk being stranded.

For these reasons, I order that:

1. Pursuant to Minnesota Statutes 2018, section 221.0269, subdivision 1, a state of emergency exists in Minnesota that requires relief from regulations incorporated in Minnesota Statutes 2018, section 221.0314, subdivision 9, pertaining to hours of service for carriers and drivers of commercial motor vehicles providing direct assistance to emergency relief efforts by obtaining and delivering gasoline, diesel fuel, or fuel oil.

2. Motor carriers and drivers providing direct assistance to emergency relief efforts by transporting gasoline, diesel fuel, or fuel oil to the affected areas of the state are exempted from paragraphs (b), (c), and (d) under the Code of Federal Regulations, title 49, part 395.3, which are incorporated in Minnesota Statutes 2018, section 221.0314, subdivision 9, pertaining to hours of service.

3. Nothing in this Executive Order shall be construed to relieve motor carriers and drivers providing direct assistance for emergency relief efforts from the requirements under paragraph (a) of the Code of Federal Regulations, title 49, part 395.3, which states, in part, that a driver may drive only 11 hours during a period of 14 consecutive hours after coming on duty following 10 consecutive hours off duty.

4. This Executive Order does not relieve motor carriers and drivers providing direct assistance for emergency relief efforts from regulations pertaining to driver qualifications; driving of commercial motor vehicles; commercial

drivers' licenses; drug and alcohol testing for drivers; or equipment, parts, and accessories necessary for the safe operation of vehicles.

5. No motor carrier operating under the terms of this Executive Order shall require or allow a fatigued or ill driver to operate a commercial motor vehicle. A driver who informs a carrier that he or she needs immediate rest shall be given at least 10 consecutive hours off duty before the driver is required to return to service.

6. Upon the expiration date of this Executive Order, or when a driver or carrier has been relieved of all duty and responsibility to provide direct assistance to the emergency relief efforts, a driver that has had at least 34 consecutive hours off-duty shall be permitted to start his or her on-duty status hours and 60/70 clock at zero.

This Executive Order is effective immediately under Minnesota Statutes 2018, section 4.035, subdivision 2, and remains in effect for 30 days, or until the direct assistance has ended, whichever occurs first. For purposes of this Executive Order, and as defined in Minnesota Statutes 2018, section 221.0269, subdivision 3, paragraph (c), direct assistance to an emergency relief effort terminates when a driver or commercial motor vehicle is used to transport cargo not destined for the emergency relief effort, or when the carrier dispatches that driver or vehicle to another location to begin operations in commerce.

Signed on July 3, 2019.

**Tim Walz**  
Governor

Filed According to Law:

**Steve Simon**  
Secretary of State

## Commissioner's Orders

Various agency commissioners are authorized to issue "commissioner's orders" on specified activities governed by their agency's enabling laws. See the *Minnesota Statutes* governing each agency to determine the specific applicable statutes. Commissioners' orders are approved by assistant attorneys general as to form and execution and published in the *State Register*. These commissioners orders are compiled in the year-end subject matter index for each volume of the *State Register*.

### Commissioner's Order: Designation of Off-Highway Vehicle Trails in Wildlife Management Areas on Lands in Beltrami County, Minnesota, Under The Management Authority of the Commissioner of Natural Resources

**Date:** July 8, 2019

**Statutory authority:** *Minnesota Statute 97A.133, Subd. 3*

#### BACKGROUND

#### WHEREAS:

1. *Minnesota Statutes*, Section 97A.133, subdivision 3, directs the commissioner of natural resources to identify, designate and sign off-highway vehicle (OHV) trails on lands acquired under chapter 84A in order to connect trails, forest roads and public highways to provide reasonable travel for off-highway

vehicles in areas of historic off-highway vehicle use, including trails that are within or contiguous to designated Wildlife Management Areas (WMA).

2. Based on natural resource concerns, roads and trails designated in the 2004 and 2006 Commissioner's Orders did not include an historical connector route along the Moose River Dike Road within the Moose River WMA, which is still desired for connections between trail systems today.
3. The commissioner has committed to conduct a two-year pilot project to evaluate if OHV travel on the Moose River Dike Road can be sustained in a manner that is consistent with impoundment operations, natural resource conservation, and public safety objectives.
4. To implement this pilot, the Moose River Dike Road must be designated as an OHV trail; in exchange, an equal amount of infrequently used routes designated in the 2006 Commissioner's Order will be undesignated.
5. The commissioner consulted with wildlife management area users, including both motorized and non-motorized trail users.
6. All notice and procedural requirements in Minnesota Statutes, and other applicable rules and law have been followed.
7. The OHV trail designation modifications are both needed and reasonable.

## ORDER

**NOW, THEREFORE, IT IS HEREBY ORDERED**, pursuant to authority vested in me by law, including *Minnesota Statute 97A.133* Subdivision 3, that the off-highway vehicle trails identified in *Attachment A*, attached hereto and incorporated herein, are hereby designated.

**IT IS FURTHER ORDERED** that the off-highway vehicle trails identified in *Attachment B*, attached hereto and incorporated herein, are hereby undesignated.

**IT IS FURTHER ORDERED** that the designations and un-designations of said off-highway vehicle trails shall become effective on JULY 15, 2019.

**IT IS FURTHER ORDERED** that this order and the designation and un-designations herein, shall be rescinded via notice in the *State Register* if the Commissioner determines that continuation of the pilot project would result in ongoing damage to natural resource conservation, public safety, or impoundment operations.

**IT IS FURTHER ORDERED** that the designation of said off-highway vehicle trails shall be reviewed after SEPTEMBER 15, 2020, and a final notice will be published in the *State Register* regarding the ongoing designation of the off-highway vehicle trails included in the pilot project.
