Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact Minnesota's Bookstore, 660 Olive Street (one block east of I-35E and one block north of University Ave), St. Paul, MN 55155, phone: (612) 297-3000, or toll-free 1-800-657-3757. Minnesota Agricultural and Economic Development Board Proposed Change in Conduit Bond Issuance Fees

The Minnesota Agricultural and Economic Development Board's (the "Board") fee structure to issue conduit bonds has been unchanged since 2010. The Board currently charges a one-time fee based on the original amount of the conduit bond issues of 1/6th of 1 percent (16.5 basis points) with a minimum of \$10,000 and a maximum of \$50,000.

The Board will be implementing changes in this fee structure so fees are more consistent with rates being charged by similar entities and to better reflect the costs involved with these transactions. The fee for initial issuances will increase to 1/5th of 1 percent (20 basis points) and the minimum fee will increase to \$15,000 but the maximum will be unchanged at \$50,000.

The Board will also increase the fees associated with conduit refund bond issues to 10 basis points (up from 8.25 basis points) with a minimum of \$15,000 (up from \$10,000) and maximum fee of \$50,000 which will be unchanged.

The Board will also establish a \$2,500 fee for required Board action related to approvals necessary to meet the requirements of the Tax Equity and Fiscal Responsibility Act of 1982 (TEFRA).

The Board reserves the right to be reimbursed for any extraordinary expenses related to conduit issues that exceed these fees.

Any comments on this new fee schedule should be forwarded by **March 31, 2020**:

Department of Transportation (MnDOT)

Notice of Decision – Commissioner of Transportation – Railbank

The State of Minnesota, acting through its Commissioner of Transportation on March 2, 2020, has determined that the sale of a section of rail bank in Albany has no adverse effect on the rail bank corridor.

The cash sale of a 34 foot strip of rail bank property to the city of Albany out of the total corridor width of 134 feet, is deemed consistent with the preservation of the rail bank corridor. This notice is published pursuant to Minnesota Statute 222.63, subd. 3, and Minnesota rules 8830.5820 and 8830.5840.

The state reviewed the need for the sale and solicited comments to the proposed sale of a small strip of the rail bank.

A public meeting was held at the Albany City Hall on Tuesday, January 28, 2020, where no comments were received during the 30 day public comment period, which ended on February 28, 2020.

The 50 foot sale to the city is 11,528 square feet. It is located in Albany, Stearns County. The city requested the State to sell a strip of rail bank for economic development in the city. The State plans no conditions on the sale to the city. The consideration for the sale will be \$14,400.

After the sale of the rail bank to the City, the City plans to sell the parcel to a private business owner.

Rail bank issues can be directed to the local Minnesota Department of Transportation Right of Way office by emailing kevin.schmidt@state.mn.us or calling Kevin Schmidt at 218-232-4181.

Midwestern Higher Education Compact (MHEC) Request for Proposals for Virtualization & Data Center Modernization

Solicitation Posting: <http://www.mhec.org/news>

Proposals Due: April 7, 2020, 10 A.M. CDT.

NOTICE TO INFORMATION TECHNOLOGY VENDORS

The Midwestern Higher Education Compact (MHEC) is competitively soliciting proposals on behalf of MHEC's 12 Compact member states. The purpose of this Request for Proposal is to establish one or more MHEC Master Agreement(s) with qualified provider(s). This Request for Proposal (RFP) does not obligate the Midwestern Higher Education Compact (MHEC) or its member states to award a contract and reserves the right to cancel this RFP if it is considered to be in its best interest.

The Midwestern Higher Education Compact (MHEC) is an instrumentality of 12 Midwestern states (Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Nebraska, North Dakota, Ohio, South Dakota, and Wisconsin). The Compact was established in 1991 through a common statute enacted into law by each of the member states (Minnesota Statute – Section 135A.20). The purpose of the Compact is to promote higher education through interstate cooperation and resource sharing.

MHEC has determined that developing a region-wide acquisition strategy for higher education Virtualization & Data Center Modernization through one or more providers will benefit both the higher education community and the provider(s). MHEC is seeking competitive solicitations with the intent to negotiate master agreement terms and conditions, licensing, and pricing. The resulting agreement will allow an institution to focus most of its energy on finding the technology solution that best fits its needs instead of the contract itself. The result is a master agreement that facilitates a direct relationship between the technology provider(s) and institutions which contains discount pricing as well as terms and conditions that are better than most higher education institutions can negotiate individually.

For a complete copy of the RFP and required submission materials, please visit our website at <http://www.mhec.org/news>.
