Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact Minnesota's Bookstore, 660 Olive Street (one block east of I-35E and one block north of University Ave), St. Paul, MN 55155, phone: (612) 297-3000, or toll-free 1-800-657-3757. Executive Orders

The governor has the authority to issue written statements or orders, called Executive Orders, as well as Emergency Executive Orders. The governor's authority is specified in the Constitution of the State of Minnesota, Article V, and in *Minnesota Statutes* § 4.035. Emergency Executive Orders, for protection from an imminent threat to health and safety, become effective immediately, are filed with the secretary of state, and published in the *State Register* as soon as possible after they are issued. Other Executive Orders become effective 15 days after publication in the *State Register* and filing with the secretary of state. Unless otherwise specified, an executive order expires 90 days after the date the governor who issued the order vacates office.

Office of the Governor

Emergency Executive Order 20-25: Authorizing Peace Officers, Firefighters, and Security-Related Licensing Boards to Modify Requirements During the COVID-19 Peacetime Emergency

I, **Tim Walz, Governor of the State of Minnesota**, by the authority vested in me by the Constitution and applicable statutes, issue the following Executive Order:

The COVID-19 pandemic presents an unprecedented challenge to our State. Minnesota has taken proactive steps to ensure that we are ahead of the curve on COVID-19 prevention and response. On March 13, 2020, I issued Executive Order 20-01 and declared a peacetime emergency because this pandemic, an act of nature, threatens the lives of Minnesotans, and local resources are inadequate to address the threat. In Executive Order 20-01, I directed all state agencies to submit proposed orders and rules to protect and preserve public health and safety.

In Minnesota Statutes 2019, section 12.02, subdivision 1, the Minnesota Legislature recognized the “existing and increasing possibility of the occurrence of natural and other disasters of major size and destructiveness” and conferred upon the Governor the emergency and disaster powers provided in Chapter 12 to “ensure the preparations of this state will be adequate to deal with disasters,” to “generally protect the public peace, health, and safety,” and to “preserve the lives and property of the people of the state.” Pursuant to Minnesota Statutes 2019, section 12.21, subdivision 1, the Governor has general authority to control the State’s emergency management as well as carry out the provisions of Minnesota’s Emergency Management Act. Pursuant to subdivision 3 of that same section, the Governor may “make, amend, and rescind the necessary orders and rules to carry out the provisions” of Minnesota Statutes 2019, Chapter 12. When approved by the Executive Council and filed in the Office of the Secretary of State, such orders and rules have the force and effect of law during the pendency of a peacetime emergency. Any inconsistent rules or ordinances of any agency or political subdivision of the state are suspended during the pendency of the emergency.

Peace officers, emergency services providers, and security professionals are on the front lines of responding to the COVID-19 pandemic. These workers keep Minnesotans and their communities safe and help ensure that critical services continue to be provided. For these dedicated professionals to continue supporting Minnesotans during the peacetime emergency, they need to maintain an active license.

Minnesota Rules 2019, Chapter 6700, pertaining to training and licensing, provides the requirements established by the Minnesota Board of Peace Officer Standards and Training (“POST Board”) for renewal of licenses. These requirements are designed to promote the continuing professional competence of licensees. Minnesota Rules 2019, part 6700.1000 addresses the requirements established by the POST Board for license renewal and dictates that full- and part-time peace officer licenses are valid for a three-year period with a renewal date of June 30 on the third year of licensure. Peace officers are prohibited from working without an active license. During this peacetime emergency, compliance with licensing and continuing education requirements has become burdensome, and in some cases impossible, as many of the entities tasked with operations related to testing and education are not currently open or offering these services. I have concluded that during this peacetime emergency and to ensure that our peace officers can fully support Minnesotans during the COVID-19 pandemic, the POST Board must have the authority to appropriately modify licensing and continuing education requirements given the present constraints on the licensing and continuing education process.

Executive Orders

Minnesota Statutes 2019, section 299N.05, subdivision 6, pertaining to license renewal, provides the requirements enforced by the Minnesota Board of Firefighter Training and Education for renewal of licenses designed to promote the continuing professional competence of licensees. A firefighter employed full-time by a fire department is not eligible for permanent employment without being licensed. During this peacetime emergency, compliance with licensing and continuing education requirements has become burdensome, and in some cases impossible, as many of the entities tasked with operations related to testing and education are not currently open or offering these services. I have concluded that during this peacetime emergency and to ensure that our firefighters can fully support Minnesotans during the COVID-19 pandemic, the Minnesota Board of Firefighter Training and Education must have the authority to appropriately modify licensing and continuing education requirements given the present constraints on the licensing and continuing education process.

Minnesota Statutes 2019, section 326.3383, pertaining to license reissuance, provides requirements enforced by the Minnesota Board of Private Detectives and Protective Agent Services for renewal of licenses designed to promote the continuing professional competence of licensees. Private security entities protect and guard people, businesses, and critical infrastructure. These private security entities are not allowed to operate without an active license. During this peacetime emergency, compliance with licensing and continuing education requirements has become burdensome, and in some cases impossible, as many of the entities tasked with operations related to testing and education are not currently open or offering these services. I have concluded that during this peacetime emergency and to ensure that our private detective and security professionals can fully support Minnesotans during the COVID-19 pandemic, the Minnesota Board of Private Detectives and Protective Agent Services must have the authority to appropriately modify licensing and continuing education requirements given the present constraints on the licensing and continuing education process.

For these reasons, I order as follows:

1. I authorize the POST Board to defer continuing education requirements until January 1, 2021 for all active peace officer licenses with an expiration date of June 30, 2020.
2. I authorize the Minnesota Board of Firefighter Training and Education to extend the June 30, 2020 expiration date for any license issued by the board to January 1, 2021, thereby allowing for such license holders to meet the continuing education and examination requirements of Minnesota Statutes 2019, sections 299N.04 and 299N.06.
3. I authorize the Minnesota Board of Private Detectives and Protective Agent Services to temporarily suspend the license renewal period as prescribed in Minnesota Statutes 2019, section 326.3383. Such licenses will go into a contingent status and remain in contingent status until 60 days after the termination of the peacetime emergency declared in Executive Order 20-01, to the extent that this section requires license holders to submit renewal applications to the board for review and approval.
4. I authorize the Minnesota Board of Private Detectives and Protective Agent Services to temporarily suspend the license renewal period as prescribed in Minnesota Rules 2019, parts 7506.0110 and 7506.0130. Such licenses will go into a contingent status and remain in contingent status until 60 days after the termination of the peacetime emergency declared in Executive Order 20-01, to the extent that these parts require the board's review of renewal applications and guidelines for contingent or lapsed licenses.

Pursuant to Minnesota Statutes 2019, section 4.035, subdivision 2, and section 12.32, this Executive Order is effective immediately upon approval by the Executive Council. It remains in effect until the peacetime emergency declared in Executive Order 20-01 is terminated or until it is rescinded by proper authority.

A determination that any provision of this Executive Order is invalid will not affect the enforceability of any other provision of this Executive Order. Rather, the invalid provision will be modified to the extent necessary so that it is enforceable.

Signed on March 31, 2020.

Emergency Executive Order 20-26: Ensuring Continuing Operations of the Medical Cannabis Program during the COVID-19 Peacetime Emergency

I, **Tim Walz, Governor of the State of Minnesota**, by the authority vested in me by the Constitution and applicable statutes, issue the following Executive Order:

The COVID-19 pandemic presents an unprecedented challenge to our State. Minnesota has taken proactive steps to ensure that we are ahead of the curve on COVID-19 prevention and response. On March 13, 2020, I issued Executive Order 20-01 and declared a peacetime emergency because this pandemic, an act of nature, threatens the lives of Minnesotans, and local resources are inadequate to address the threat. In Executive Order 20-01, I directed all state agencies to submit proposed orders and rules to protect and preserve public health and safety.

In Minnesota Statutes 2019, section 12.02, subdivision 1, the Minnesota Legislature recognized the “existing and increasing possibility of the occurrence of natural and other disasters of major size and destructiveness” and conferred upon the Governor the emergency and disaster powers provided in Chapter 12 to “ensure the preparations of this state will be adequate to deal with disasters,” to “generally protect the public peace, health, and safety,” and to “preserve the lives and property of the people of the state.” Pursuant to Minnesota Statutes 2019, section 12.21, subdivision 1, the Governor has general authority to control the State’s emergency management as well as carry out the provisions of Minnesota’s Emergency Management Act. Pursuant to subdivision 3 of that same section, the Governor may “make, amend, and rescind the necessary orders and rules to carry out the provisions” of Minnesota Statutes 2019, Chapter 12. When approved by the Executive Council and filed in the Office of the Secretary of State, such orders and rules have the force and effect of law during the pendency of a peacetime emergency. Any inconsistent rules or ordinances of any agency or political subdivision of the State are suspended during the pendency of the emergency.

Medical cannabis provides therapeutic and palliative relief to many of Minnesota’s most severely ill residents. Medical cannabis distribution facilities will continue to operate during this peacetime emergency. There are measures that will reduce the risks associated with COVID-19 to these people and to the staff who work in medical cannabis distribution facilities.

COVID-19 is particularly dangerous for people with serious underlying health conditions. To participate in Minnesota’s Medical Cannabis Program, a patient must have at least one of the qualifying medical conditions identified by the Legislature and Commissioner of Health in Minnesota Statutes 2019, section 152.22, subdivision 14, and section 152.27, subdivision 2(b). These serious medical conditions put these patients at greater risk for serious health events, including serious health events related to COVID-19. Minnesota laws, however, require these patients or their caregivers to leave their homes to pick up their medical cannabis in person at a distribution facility. Additionally, under Minnesota law, before a caregiver can pick up medical cannabis on behalf of a patient, a patient’s health care practitioner must

Executive Orders

certify that the patient has a disability and requires assistance in obtaining medical cannabis from a distribution facility. During the COVID-19 emergency, it is important for individuals with underlying health conditions to avoid leaving home as much as possible to lessen the likelihood of contracting or spreading COVID-19.

Under Minnesota Statutes 2019, section 152.27, subdivision 3, and section 152.30(b), patients in the Medical Cannabis Program are required to maintain regular appointments and recertification appointments with their health care practitioners. Recommended pandemic mitigation measures include delaying visits to medical providers for routine or administrative purposes to avoid contact with infected individuals and to lessen the burden on health care providers.

For these reasons, I order as follows:

1. In order to keep immunocompromised individuals at home and to lessen the burden on busy healthcare providers during the COVID-19 pandemic, medical cannabis patient enrollments that are scheduled to expire beginning March 31, 2020 through seven days after the end of the peacetime emergency declared in Executive Order 20-01 are extended to expire on August 1, 2020 or 60 days after the end of the peacetime emergency, whichever date is later. Patients are strongly encouraged to work with their providers to accomplish reenrollment sooner than the expiration date set forth in this Executive Order.
2. During the peacetime emergency declared in Executive Order 20-01, the Commissioner of Health may permit a health care practitioner to certify a patient's qualifying medical condition after a visit through videoconference, telephone, or other remote means, and the requirement that the certification be made only after an in-person visit under Minnesota Rules 2019, part 4770.4014, subpart 2.B.1, is waived and suspended. Certifying health care practitioners must still meet the applicable professional standards of care when certifying a patient's qualifying medical condition.
3. The Office of Medical Cannabis is authorized to register emergency temporary caregivers to assist registered patients in accessing medical cannabis for the duration of the peacetime emergency declared in Executive Order 20-01. For purposes of this Executive Order:
 - a. A patient's diagnosis with a qualifying medical condition to obtain medical cannabis is presumed to satisfy the requirement in Minnesota Statutes 2019, section 152.27, subdivision 4(a), that a patient's health care practitioner certify the need for assistance from a caregiver in obtaining medical cannabis due to a disability.
 - b. An emergency temporary caregiver's participation must be voluntary.
 - c. The criminal background check requirement in Minnesota Statutes 2019, section 152.27, subdivision 4(b), is suspended for emergency temporary caregivers.
 - d. The requirement under Minnesota Statutes 2019, section 152.27, subdivision 4(a)(3), that caregivers serve only one patient is suspended.
4. For the duration of the peacetime emergency declared in Executive Order 20-01, medical cannabis manufacturers registered with the State under Minnesota Statutes 2019, Section 152.25, subdivision 1, may use curbside pick up to dispense to patients or their registered caregivers. For the purposes of this Executive Order, and notwithstanding the requirements in Minnesota Rules 2019, part 4770.0700, subpart 2, these manufacturers may dispense medical cannabis outside of restricted access areas after verifying a patient's identity and enrollment in the State's Medical Cannabis Registry, provided that:
 - a. The manufacturer and the patient or patient's caregiver exchange the cash and medical cannabis in a designated zone that is as close to the facility's front door as feasible.
 - b. The manufacturer does not store medical cannabis outside the facility's restricted access areas. Distribution site staff may transport medical cannabis from the restricted access areas only when

Executive Orders

they have confirmed that the patient or patient's registered caregiver is in the designated zone for curbside pickup.

- c. For purposes of this Executive Order, the requirement under Minnesota Rules 2019, part 4770.1750, subpart 2, and Minnesota Statutes 2019, section 152.29, subdivision 3(c)(4), that the dispensing pharmacist consult with the patient or caregiver before the transaction, may be satisfied and occur by videoconference, telephone, or other remote means, and in a manner that protects patient privacy.
 - d. The manufacturer must immediately enter the transaction into the State's Medical Cannabis Registry IT Database.
 - e. Staff who dispense the medical cannabis to a patient or patient's caregiver outside the distribution facility must take the cash into the facility immediately after each transaction.
 - f. Security must be present for all curbside transactions. Security must include a closed-circuit television ("CCTV") surveillance camera that is able to visually record transactions in the designated curbside zone.
5. Because compliance with Minnesota Statutes 2019, Chapter 152, and Minnesota Rules 2019, part 4770, will prevent, hinder, or delay necessary action under this Executive Order, those provisions, and any other provisions in Minnesota Statutes or Rules that are inconsistent with this Executive Order, are waived and suspended during the peacetime emergency declared in Executive Order 20-01.

Pursuant to Minnesota Statutes 2019, section 4.035, subdivision 2, and section 12.32, this Executive Order is effective immediately upon approval by the Executive Council. It remains in effect until the peacetime emergency declared in Executive Order 20-01 is terminated or until it is rescinded by proper authority.

A determination that any provision of this Executive Order is invalid will not affect the enforceability of any other provision of this Executive Order. Rather, the invalid provision will be modified to the extent necessary so that it is enforceable.

Signed on March 31, 2020.

Emergency Executive Order 20-27: Providing for Emergency Relief from Regulations to Motor Carriers and Drivers Operating in Minnesota

I, **Tim Walz, Governor of the State of Minnesota**, by the authority vested in me by the Constitution and applicable statutes, issue the following Executive Order:

The COVID-19 pandemic presents an unprecedented challenge to our State. Minnesota has taken proactive steps to ensure that we are ahead of the curve on COVID-19 prevention and response. On March 13, 2020, I issued Executive Order 20-01 and declared a peacetime emergency because this pandemic, an act of nature, threatens the lives of Minnesotans, and local resources are inadequate to address the threat. In Executive Order 20-01, I directed all state agencies to submit proposed orders and rules to protect and preserve public health and safety.

On March 25, 2020, I issued Executive Order 20-20, which, among other directives to promote the health and safety of Minnesotans, establishes a list of Critical Sectors, including the food and agricultural industries. Minnesota's agricultural industry and community are facing a significant decrease in the commercial driver workforce due to health and other impacts related to COVID-19. This decrease poses risk to the supply of food in Minnesota and the region.

Based on data collected through the 2017 USDA Census of Agriculture, Minnesota is one of the top agriculture states in the country—ranking first in grain sales, second in hog sales, and fourth in dairy sales. Commodities such as animal feed and fertilizer are needed to ensure the continuity of essential farming activities and the supply of food in Minnesota and throughout the country. With the ongoing spread of COVID-19, especially in rural areas of the state, there are heightened concerns within the agricultural industry and community about the decrease in the commercial driver workforce and the risk it poses to efficient movement of agricultural commodities.

Farmers in Minnesota and neighboring states will begin spring planting soon, and assistance is needed to ensure that drivers and trucks are available to transport fertilizer to enable farmers to complete spring crop planting. The livestock markets in Minnesota have been and will continue to be impacted by the COVID-19 pandemic. Reliable access to feed is critical to maintaining healthy animals, which are essential to the economic security and viability of many farming operations. Relief is needed to facilitate the safe and efficient movement of livestock feed and fertilizer used for spring crop planting.

Minnesota Statutes 2019, section 221.0314, subdivision 9, adopts federal regulations, including hours of service requirements for drivers. Minnesota Statutes 2019, section 221.0269, provides: "The governor may declare an emergency and grant relief from any of the regulations incorporated in section 221.0314 to carriers and drivers operating motor vehicles in Minnesota to provide emergency relief during the emergency."

Strict enforcement of certain hours of service regulations would prevent or hinder the efficient transportation of livestock feed and fertilizer used for spring crop planting. The continued and efficient movement of these commodities is vital to the health and safety of Minnesotans.

For these reasons, I order as follows:

1. A state of emergency exists in Minnesota that requires assistance from motor carriers to transport livestock feed and fertilizer used for spring crop planting. Vehicles and drivers providing direct assistance for emergency relief efforts in response to COVID-19 are exempted from certain regulations as described in this Executive Order.
2. Pursuant to Minnesota Statutes 2019, section 221.0269, subdivision 1, conditions exist in Minnesota that require relief from regulations incorporated in Minnesota Statutes 2019, section 221.0314, subdivision 9, pertaining to hours of service for carriers and drivers of commercial motor vehicles providing direct assistance to emergency relief efforts in response to COVID-19.

Executive Orders

3. Motor carriers and drivers providing direct assistance to emergency relief efforts by transporting livestock feed or fertilizer used for spring crop planting are exempted from paragraphs (b) and (c) under the Code of Federal Regulations, title 49, part 395.3, which are incorporated in Minnesota Statutes 2019, section 221.0314, subdivision 9, pertaining to hours of service.
4. Nothing in this Executive Order shall be construed to relieve motor carriers and drivers providing direct assistance to emergency relief efforts by transporting livestock feed or fertilizer used for spring crop planting from the requirements under paragraph (a) of the Code of Federal Regulations, title 49, part 395.3, which states, in part, a driver may drive only 11 hours during a period of 14 consecutive hours after coming on duty following 10 consecutive hours off duty.
5. This Executive Order does not relieve motor carriers and drivers providing direct assistance to emergency relief efforts from regulations pertaining to driver qualifications; driving of commercial motor vehicles; commercial drivers' licenses; drug and alcohol testing for drivers; or equipment, parts, and accessories necessary for the safe operation of vehicles.
6. No motor carrier operating under the terms of this Executive Order shall require or allow a fatigued or ill driver to operate a commercial motor vehicle. A driver who informs a carrier that he or she needs immediate rest shall be relieved of all duty and responsibilities and given at least 10 consecutive hours off duty before the driver is required to return to service.
7. Upon the expiration date of this Executive Order, or when a driver or carrier has been relieved of all duty and responsibility to provide direct assistance to the emergency relief efforts, a driver is required to comply with paragraphs (b) and (c) under the Code of Federal Regulations, title 49, part 395.3, by taking 34 consecutive hours off-duty before the driver is required to return to service.

This Executive Order is effective immediately under Minnesota Statutes 2019, section 4.035, subdivision 2, and remains in effect for 30 days, or until the direct assistance has ended, whichever occurs first. For purposes of this Executive Order, and as defined in Minnesota Statutes 2019, section 221.0269, subdivision 3(c), "direct assistance to an emergency relief effort terminates when a driver or commercial motor vehicle is used to transport cargo not destined for the emergency relief effort, or when the carrier dispatches that driver or vehicle to another location to begin operations in commerce."

A determination that any provision of this Executive Order is invalid will not affect the enforceability of any other provision of this Executive Order. Rather, the invalid provision will be modified to the extent necessary so that it is enforceable.

Signed on April 3, 2020.

State Grants & Loans

In addition to requests by state agencies for technical/professional services (published in the State Contracts Section), the *State Register* also publishes notices about grants and loans available through any agency or branch of state government. Although some grant and loan programs specifically require printing in a statewide publication such as the State Register, there is no requirement for publication in the *State Register* itself. Agencies are encouraged to publish grant and loan notices, and to provide financial estimates as well as sufficient time for interested parties to respond.

Department of Employment and Economic Development (DEED) Notice by the Minnesota Department of Employment and Economic Development with Respect to the Minnesota Small Business Loan Guarantee Program

Per Minnesota Session Laws 2020, Chapter 71, the Minnesota Department of Employment and Economic Development (DEED) now offers the Minnesota Small Business Loan Guarantee Program. This program will be available for 12 months after the March 13, 2020 declaration of a peacetime public health emergency.

The program will provide an 80% guarantee up to a maximum of \$200,000. The loan proceeds may be used for a variety of purposes and can be subordinate to other financing. Allowable loan uses must be exclusively in Minnesota and include machinery or equipment purchases, maintenance, or repair; expenses related to moving into or within Minnesota; and working capital when the working capital is secured by fixed assets when possible.

Businesses with 250 or less full-time equivalent employees are eligible for the program. A fee of .25 percent on the guarantee loan principal will be charged for each loan enrolled into the program.

For more program and lender eligibility information, please see DEED's website (mn.gov/deed).

Minnesota Housing Consolidated Request for Proposals: 2020 Single Family Request for Proposals, 2020 Multifamily Request for Proposals, 2021 Housing Tax Credit Program Request for Proposals

Housing is the foundation for success, so we collaborate with individuals, communities and partners to create, preserve and finance housing that is affordable.

The 2020 Single Family Request for Proposals will provide Minnesota Housing and partner funding resources to complete homeownership projects that include:

- Grant funds
- Deferred loan funds
- Interim construction loans

Single Family resources can be used for affordability gap/downpayment assistance, owner-occupied rehabilitation, new construction, acquisition, rehabilitation and resale, and the Tribal Indian Housing Program. The Single Family Request for Proposals will include funding for the Workforce and Affordable Homeownership Development Program.

The Multifamily Consolidated Request for Proposals (RFP) will provide Minnesota Housing and partner funding resources, which includes

State Grants & Loans

- Deferred funding
- \$11.7 million in annual Housing Tax Credits

This RFP, including funding amounts, application materials, guides and deadlines, is available on the Minnesota Housing website at www.mnhousing.gov as of April 2, 2020.

If you are unable to access the website or need assistance locating the appropriate materials, contact the Multifamily Division at 651.296.9832 or 800.657.3647 or Single Family Division at 651.296.2291 or 800.710.8871.

Board Approval

- Recommendations for the 2020 Single Family and Multifamily RFP and 2021 Housing Tax Credit Round 1 will be approved by Minnesota Housing's Board of Directors on a date to be posted on the Minnesota Housing website.
- Recommendations for the 2021 Housing Tax Credit Round 2 will be approved by Minnesota Housing's Board of Directors on a date to be posted on the Minnesota Housing website.
- Funding partners' single family and multifamily proposal recommendations will be approved at their respective board meetings.

Funding Notification

Notification of awards will be posted on the Minnesota Housing website after the board meetings noted above; notification of selection will be mailed within approximately 10 business days of the approval. Organizations awarded funds from Minnesota Housing funding partners will be notified by the appropriate funding partner directly, after each of their respective board meetings.

This RFP is subject to all applicable federal and state laws, rules, and regulations. Minnesota Housing reserves the right to modify or withdraw this RFP at any time and is not able to reimburse any applicant for costs incurred in the preparation or submittal of proposals.

2021 Housing Tax Credit (HTC) Program RFP

The HTC program continues to have two funding rounds per year.

Eligible applicants are invited to submit proposals to the 2020 Multifamily Consolidated RFP and the 2021 HTC Program using the Minnesota Housing Multifamily Customer Portal and its required forms and submittals.

For detailed information, refer to the Multifamily Application Instructions available on the Minnesota Housing website at www.mnhousing.gov (Multifamily Rental Partners > Apply for Funding > Application Resources).

Minnesota Housing is accepting 2021 HTC Round 1 applications for 2021 Housing Tax Credits. Housing Tax Credits offer a ten-year reduction in tax liability to owners and investors in eligible low-income rental housing developments involving new construction, rehabilitation, or acquisition with rehabilitation.

The total estimated 2021 tax credits available for the State of Minnesota is approximately \$15.8 million. Minnesota Housing has estimated the housing credit ceiling for Minnesota for calendar year 2021 based on the housing credit ceiling for calendar year 2020. The actual housing credit ceiling for the year 2021 will not be known by Minnesota Housing until early 2021.

2021 HTC Round 1 will be the primary tax credit selection/allocation round. It is anticipated that most of the 2021 tax credits will be forward-selected during this round for the 2021 tax credit year. Any credits remaining following the conclusion of the 2021 HTC Round 1 will be made available for 2021 HTC Round 2.

2021 HTC Program, QAP, Procedural Manual and Scoring Changes

As part of its annual revisions process, Minnesota Housing's 2021 Housing Tax Credit Program, Qualified Allocation Plan, Housing Tax Credit Program Procedural Manual, Self-Scoring Worksheet and various related programmatic

State Grants & Loans

documents have been revised in several key respects. Details regarding these changes can be found at www.mnhousing.gov > Multifamily Rental Partners > Apply for Funding > Tax Credits.

Credit Formula

The Minnesota Legislature designated Minnesota Housing as the primary allocating agency for housing tax credits for the state and authorized eligible cities and counties to administer the tax credits in their respective jurisdictions based on Minnesota Statutes Sections 462A.222 and 462A.223.

Minnesota Housing Administration of Tax Credits

In both tax credit rounds, applicants with eligible buildings in the balance of the state, not within the jurisdiction of a Suballocator, may apply to Minnesota Housing for an allocation of housing tax credits.

Each year, 10 percent of the state ceiling is set aside by Minnesota Housing for allocation to nonprofit sponsored developments with a Section 501(c)(3) or 501(c)(4) status or appropriate designation approval by the IRS as required by Section 42(h)(5). Qualified nonprofit organizations can apply to Minnesota Housing for these credits, regardless of the geographic location of the proposed low-income housing development, as specified in the Qualified Allocation Plan.

Local Administration of Tax Credits

The following eligible cities and counties have the authority to administer the tax credits locally:

Suballocator	Joint Powers Suballocator
Saint Paul: 651.266.6020	Duluth: 218.730.5303
Dakota County: 651.675.4478	St. Cloud: 320.252.0880
Minneapolis: 612.673.5263	Rochester: 507.328.2003
Washington County: 651.458.0936	

In Round 1, applicants with eligible buildings located in the jurisdiction of a Suballocator must apply to the local administrator for housing tax credits.

Joint Powers Suballocators enter into an agreement with Minnesota Housing to perform allocation and compliance functions. Applicants with eligible buildings located within the jurisdiction of a Joint Powers Suballocator must submit a complete application to Minnesota Housing.

Nonprofit applicants may apply to both Minnesota Housing and the Suballocator. For further information, please contact the city or county at the phone number above.

In Round 2, all unallocated tax credits will be transferred to a unified pool for allocation by Minnesota Housing on a statewide basis as specified in the Qualified Allocation Plan.

Minnesota State Lottery Request for Proposals for Sponsorship Agreements

Description of Opportunity

The Minnesota State Lottery develops sponsorship agreements throughout the year with organizations, events, and sports teams to create excitement for lottery players, to interest new players and increase the visibility of lottery games. The Lottery encourages and continually seeks new sponsorship agreements to help achieve current Lottery marketing goals.

Proposal Content

A sponsorship proposal presented to the Lottery should meet the following three criteria:

State Contracts

1. Maximize Lottery Visibility – the event, sports or tie-in proposal should draw a large number of desired participants (typically 50,000 or more) whose demographics match the Lottery player profile. The Lottery is interested in effectively delivering its

message of fun and entertainment to Minnesota adults whose demographics skew primarily towards those aged 25-64, with a household income of \$35,000-\$75,000, and having an educational background of some college or higher. The Lottery does not market to those under the age of 18, and family events with high levels of children present are generally not accepted. Attendance, on-site signage visibility and paid media exposure will be critical components that will be evaluated.

2. Enhance Lottery Image- the event, sports or tie-in proposal should inherently project the attitude that the Lottery is a fun and socially acceptable part of the community. The Lottery's presence should fit well within the lineup of other sponsors. The Lottery is interested in creating opportunities whereby the sponsorship can translate into sales revenue, either via on-site sales from a Lottery booth, from sales-generating promotions with Lottery retailers or from joint programs with the sponsor's media partners.

3. Provide Promotional Extensions – the event, sports or tie-in proposal should offer exciting, value-added ways to interact with our players and have opportunities to motivate attendees, listeners and viewers to participate in and purchase Lottery games. The proposal must include proper staffing availability or other considerations to help the Lottery implement any appropriate promotional extension ideas.

Proposals should address all pertinent elements of the sponsorship and how the Lottery criteria as stated above and on the Evaluation Form are to be met. To view or print copies of the Request for Proposal go to <http://www.mnlottery.com/vendorops.html>

This Solicitation does not obligate the state to award a contract or pursue a proposed sponsorship opportunity, and the state reserves the right to cancel the solicitation if it is considered to be in its best interest.

Non-State Public Bids, Contracts & Grants

The State Register also serves as a central marketplace for contracts let out on bid by the public sector. The *State Register* meets state and federal guidelines for statewide circulation of public notices. Any tax-supported institution or government jurisdiction may advertise contracts and requests for proposals from the private sector. It is recommended that contracts and RFPs include the following: 1) name of contact person; 2) institution name, address, and telephone number; 3) brief description of commodity, project or tasks; 4) cost estimate; and 5) final submission date of completed contract proposal. Allow at least three weeks from publication date (four weeks from the date article is submitted for publication). Surveys show that subscribers are interested in hearing about contracts for estimates as low as \$1,000. Contact editor for further details.
