Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact the editor at 651-201-3204 or email at sean.plemmons@state.mn.us

Expedited Emergency Rules

Provisions exist for the Commissioners of some state agencies to adopt expedited emergency rules when conditions exist that do not allow the Commissioner to comply with the requirements for emergency rules. The Commissioner must submit the rule to the attorney general for review and must publish a notice of adoption that includes a copy of the rule and the emergency conditions. Expedited emergency rules are effective upon publication in the *State Register*, and may be effective up to seven days before publication under certain emergency conditions.

Expedited emergency rules are effective for the period stated or up to 18 months. Specific *Minnesota Statute* citations accompanying these expedited emergency rules detail the agency's rulemaking authority.

KEY: Proposed Rules - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

Department of Natural Resources

Adopted Expedited Emergency Game and Fish Rules: 2021 Deer Seasons and Special Hunts

Notice is hereby given that the above entitled rules have been adopted through the process prescribed by *Minnesota Statutes*, section 84.027, subdivision 13(b). The statutory authority for the content of the rules is *Minnesota Statutes*, 97A.045, subdivision 11; 97A.091 subdivision 2; 97A.401 subdivision 4; 97A.535 subdivision 2; 97B.111; 97B.301; 97B.311.

The following conditions do not allow compliance with *Minnesota Statutes*, sections 97A.0451 to 97A.0459: Population data needed to set bag limits for specific deer permit areas are not available until spring of each year. Special hunts to reduce deer density in municipalities, state parks and other areas where hunting is not normally allowed are based on annual changes in local deer populations. Other special hunts are authorized to provide opportunities to special groups and for mentoring or for disease control.

The emergency rule is also necessitated by the continuing effort to manage Chronic Wasting Disease (CWD), which has been found in wild deer harvested in southern and north central Minnesota and in captive deer at farms in western, central, north central and southern Minnesota. CWD infectious agents are extremely persistent in the environment and transmission may be both direct and indirect. The concentration of deer in certain areas likely increases the risk of transmission between individual deer. Disease management measures are implemented to control disease spread based on discoveries of infections in both wild and farm-raised captive deer. Reducing the number of deer reduces the risk of transmission between individuals.

To facilitate CWD management where the disease has been detected, the DNR is opening two Scientific and Natural Areas (SNAs) that would normally be closed to hunting. Allowing hunting on the Pin Oak Prairie Scientific and Natural Area in Fillmore County as well as the South Unit of Mound Prairie Scientific and Natural Area in Houston County decreases the possibility that deer will become concentrated in these areas to avoid hunters. This increases the likelihood of achieving the overall goal of reducing the risk of CWD transmission between wild deer.

The DNR will also hold special hunts in late December 2021 and early January 2022 in deer permit areas where the disease has been classified as a persistent infection in accordance with the DNR's CWD Response Plan. These include permit areas 643, 645, 646, 647, 648, 649 and 655. Permit areas 605 and 343 will also be included, although they are not yet classified as persistent, to gain more information on disease prevalence and location. All hunters must submit samples from deer taken during these special hunts to the DNR for testing. By testing harvested deer, the DNR is able to track the spread of the disease and determine whether the risk to the wild deer herd is increasing and whether further action may be necessary.

To provide as much hunter access as possible, the DNR is opening portions of state parks, SNAs, and other public areas that are not normally open to hunting during the late-season special hunts. DNR is limiting the number of hunters in Great River Bluffs State Park, Forestville Mystery Cave State Park, Beaver Creek Valley State Park, Pin Oak Prairie

SNA, Prairie Creek SNA, and King's and Queen's Bluffs SNA to prevent hunter overcrowding. Participation in these hunts will require a free Disease Hunt Surplus permit that will be available by telephone, online and at license vendors throughout the state on a first-come, first-served basis. The number of hunters who will be allowed in these areas will be consistent with past special hunts held to reduce deer numbers for resource management. Hunting will also be allowed during these hunts on portions of Rushford Sand Barrens SNA, Cannon River Turtle Reserve SNA, and Savage Fen SNA, which are open to hunting during the regular hunting seasons. Archery hunting will be allowed on portions of the Minnesota Valley State Recreation Area, through January 2 for the late CWD hunt. The areas are also open as a special hunt though December 31. By opening these areas to hunting, the DNR is providing as much hunter access as possible to lower overall deer numbers and deer density.

Because the hunts occur when public use and agency operations on the SNAs are reduced, deer hunting on these SNAs will not interfere with the units' normal function. Hunters must be qualified for these hunts by being legally eligible to purchase a deer hunting license and must meet any firearms safety requirements (based on their age).

6232.0300 GENERAL RESTRICTIONS FOR TAKING DEER.

Subpart 1. **Season options for regular firearms.** ~~A firearm deer hunter may purchase a firearm license valid for the regular firearms deer season or a youth firearms license. A muzzleloader deer hunter may purchase a muzzleloader license valid for the muzzleloader season or a youth muzzleloader license.~~ For the regular firearm season, a hunter must select either the A or B season ~~and this option will be printed on the license at the time of purchase~~. A person may ~~only~~ hunt deer by firearms only within the selected season ~~option indicated on the person's firearm license,~~ except:

A. as prescribed in part 6232.1970, subpart 2;

B. a firearm license for any season option is valid in ~~the Metropolitan Deer Management Zone~~ deer permit area 701 under part 6232.4700, subpart 158, the chronic wasting disease early detection management zone, and the chronic wasting disease persistent infection zone; and

C. youth firearm license holders with a license issued under Minnesota Statutes, section 97A.475, subdivision 2 or 3, may hunt deer in both the statewide A and late southeast B seasons.

[For text of subpart 2, see Minnesota Rules]

Subp. 3. **Party hunting.**

A. A party is a group of two or more licensed deer hunters who are afield hunting together and are all using firearms or all using archery equipment.

B. A member of a party may kill a legal buck or antlerless deer for another member of the party who has an unused tag valid for that deer~~, except:~~

~~A.~~ as provided by Minnesota Statutes, section 97B.301~~; and~~.

~~B. in all 300 series deer permit areas as prescribed in part 6232.1300, subpart 3, where unused tags can be used on antlerless deer only.~~

C. A mixed-weapons group is considered two separate parties.

D. Persons issued permits under Minnesota Statutes, section 97B.055, subdivision 3, who are hunting in ~~a~~ an antlerless lottery deer permit area and do not have an either-sex permit may not tag antlerless deer for another member of the party.

[For text of subparts 4 and 5, see Minnesota Rules]

Subp. 6. ~~**License purchase**~~ **Bonus permits and validation.**

A. A bonus permit may be purchased ~~any time throughout the open deer seasons. Bonus permits are valid immediately upon purchase, as long as the purchaser has a valid regular license. When a regular license is purchased after the start of the season for that license, a bonus permit is not valid until the waiting period has expired for the regular license.~~ before and throughout the open archery, firearms, and muzzleloader deer seasons. A bonus permit is not valid unless:

(1) it is issued before legal shooting hours on the day it is first used; and

(2) the hunter's regular license is valid under Minnesota Statutes, section 97A.411, subdivision 3.

B. Bonus permits are valid for taking deer by archery, firearms, or muzzleloader license holders in areas where taking more than one deer is authorized, except that bonus permits are not valid in areas where taking or tagging more than one deer is authorized solely by landowner permits.

C. Unless otherwise specified, bonus permits are valid in archery, firearms, and muzzleloader special hunts, including early or late season hunts.

~~B.~~ D. Before a deer is moved from the site of kill, ~~the person tagging the deer must validate the tag~~ a site tag must be validated at the site of kill by the licensed deer hunter whose tag is being used on the deer. Validation consists of using a knife or similar sharp object to cut out or a pen to indelibly mark the appropriate notches on the tag indicating:

(1) the month the deer was taken;

(2) the date the deer was taken; and

(3) the time of day the deer was taken.

[For text of subpart 7, see Minnesota Rules]

Subp. 8. **Bag limit.**

A. Except in the chronic wasting disease persistent infection zone, a person may not tag more than one legal buck per calendar year using any combination of licenses. In the chronic wasting disease persistent infection zone, a person may tag one legal buck during the archery season, the firearms season, and the muzzleloader season but not more than three legal bucks per calendar year. A person may not tag more than one deer during a license year by any method, except as authorized in ~~items A to G~~ this subpart.

~~A.~~ B. In deer permit areas designated as ~~managed or intensive~~ two-deer limit, three-deer limit, or five-deer limit, a person may tag deer with an archery, firearms, or muzzleloader license.

~~B.~~ C. A person may tag a deer by archery, firearm, or muzzleloader with a bonus permit in specified areas as prescribed in this chapter.

~~C.~~ D. In no case may a person tag more than five deer per year by firearms, archery, muzzleloader, or all methods combined, except additional deer may be taken as provided in items ~~D~~ E, subitem ~~(4); E;~~ (5); and F~~; and G~~.

~~D.~~ E. Except as provided in ~~items E and~~ item F, the total bag limits by deer permit area are as follows:

(1) the total bag limit for antlerless lottery, ~~hunter choice~~ either-sex, and ~~youth-only antlerless~~ bucks-only deer permit areas is one deer;

(2) the total aggregate bag limit for ~~managed~~ two-deer limit deer permit areas is two deer;

(3) the total aggregate bag limit for ~~intensive~~ three-deer limit deer permit areas is ~~five~~ three deer; ~~and~~

(4) the total aggregate bag limit for five-deer limit deer permit areas is five deer; and

~~(4)~~ (5) in addition to the total bag limits under subitems (1) to ~~(3)~~ (4), a person with a free landowner deer license may take one ~~additional~~ antlerless deer on land owned or leased by the person in ~~managed and intensive~~ either-sex, two-deer limit, three-deer limit, and five-deer limit deer permit areas or during the early antlerless deer season.

~~E.~~ F. Up to ~~two~~ five antlerless deer may be taken in the early antlerless deer permit areas as prescribed in part 6232.1750. These deer may be taken in addition to the bag limit established in item ~~C~~ D.

~~F. Hunters hunting in the Metropolitan Deer Management Zone under part 6232.4700, subpart 158, may take and tag an unlimited number of deer.~~

~~G. Muzzleloader and archery deer hunters hunting in deer permit areas 300 to 399 may take deer under the most liberal bag limits prescribed for the deer permit area.~~

[For text of subpart 9, see Minnesota Rules]

6232.0400 REGISTRATION OF DEER.

[For text of subpart 1, see Minnesota Rules]

Subp. 2. **Registration requirements.**

[For text of item A, see Minnesota Rules]

B. Deer must be registered according to item A:

(1) before the deer is processed either privately or commercially; and

(2) within ~~24~~ 48 hours after ~~the close of the season in which~~ the deer was taken.

[For text of items C and D, see Minnesota Rules]

[For text of subpart 3, see Minnesota Rules]

Subp. 4. **General provisions for registration of deer.**

A. Registration agents are not required to inspect deer at registration stations. Legally registered deer may be transported anytime during or after the deer hunting season except as prescribed in subparts 6 to 10.

B. No part of the carcass, except skin or entrails, may be removed until after the deer has been registered using one of the methods described in subpart 2, except that deer may be quartered prior to registration as long as all parts remain together ~~and are presented for registration~~ and the head of the deer remains attached to one quarter. A person may not process a deer unless it has been registered as evidenced by a possession tag or registration confirmation number.

C. Authorized staff of the Department of Natural Resources may transport carcasses statewide when conducting department operations.

Subp. 5. [See repealer.]

Subp. 6. **Deer carcasses in chronic wasting disease early detection management zone.**

A. Except as provided in items B, D, and E, carcasses of wild deer harvested by hunters, killed by vehicles, or killed in any other manner in the chronic wasting disease early detection management zone must remain in the zone until the results of a test for chronic wasting disease show that the disease has not been detected in the deer.

B. Cut and wrapped meat, quarters, or other portions of meat from a deer taken in the chronic wasting disease early detection management zone may be transported out of the zone if no part of the spinal column or head is attached. Antlers, hides, teeth, finished taxidermy mounts, and antlers attached to skull caps that are cleaned of all brain tissue may be transported out of the chronic wasting disease early detection management zone.

C. The following deer must be submitted at a designated sampling station listed on the Department of Natural Resources website for chronic wasting disease sampling within 24 hours of harvest and before transport out of the chronic wasting disease early detection management zone:

(1) deer taken on November 6 or 7, 2021, in deer permit area 604, as defined in part 6232.4700, subpart 163; and

(2) except as provided in items D and E, deer taken on November 6, 7, 20, or 21, 2021, in deer permit area 605, as defined in part 6232.4700, subpart 169.

D. Enrolled members of the Prairie Island Indian Community who take deer on lands held in trust for the Prairie Island Indian Community are exempt from items A and C.

E. Enrolled members of the Shakopee Mdewakanton Sioux Community who take deer on lands held in trust for the Shakopee Mdewakanton Sioux Community are exempt from items A and C.

Subp. 7. **Deer carcasses in chronic wasting disease control zone.**

A. Except as provided in item B, carcasses of wild deer harvested by hunters, killed by vehicles, or killed in any other manner in the chronic wasting disease control zone must remain in the zone:

(1) unless transported to the chronic wasting disease persistent infection zone; or

(2) until results of a test for chronic wasting disease show that the disease has not been detected in the deer.

B. Department of Natural Resources

Adopted Expedited Emergency Game and Fish Rules: 2021 Youth and Adult Special Deer Hunts and Seasons

Notice is hereby given that the above entitled rules have been adopted through the process prescribed by *Minnesota Statutes*, section 84.027, subdivision 13(b). The statutory authority for the content of the rules is *Minnesota Statutes*, sections 97B.112, 97B.311.

The following conditions do not allow compliance with *Minnesota Statutes*, sections 97A.0451 to 97A.0459: Youth and adult special deer hunts are subject to adjustment on an annual basis based upon current biological and harvest data. Deer population and harvest data used for setting quotas and determining areas is gathered annually and analyzed each winter. Adjustments to areas and quotas are based on annual and long-term population data as well as input from the public.

Dated: July 12, 2021

Sarah Strommen
Commissioner of Natural Resources

6232.2550 YOUTH AND ADULT SPECIAL DEER HUNTS.

[For text of subpart 1, see Minnesota Rules]

Subp. 2. **Application requirements.**

A. Applications for youth special hunts must be made according to this part and according to application instructions provided by the commissioner. Applicants for youth firearms special hunts must be at least 12 years old and under age 16 by the beginning hunt date. Applicants for youth archery special hunts must be at least 12 years old and under age

18 by the beginning hunt date. Each person must apply at an electronic license system agent or the Department of Natural Resources License Center. Group applications are not allowed. If the number of eligible applicants exceeds the quota established by the commissioner, the commissioner shall conduct a drawing to determine eligible participants. Preference for the youth special hunt drawing is given to applicants based on the number of years they have correctly applied for a youth special hunt permit but have been unsuccessful. Upon issuance of a youth special hunt permit, all accumulated preference is lost. The application deadline is the Friday nearest August 17.

B. Adult learn-to-deer-hunt participants are selected on a first-come, first-served basis.

Subp. 3. **Open areas.** In addition to complying with the requirements of this part, hunters who are hunting under a special deer hunt permit must meet all requirements of the municipality, park, or area in which the special hunt occurs and those of the sponsoring organization. State Grants & Loans

In addition to requests by state agencies for technical/professional services (published in the State Contracts Section), the *State Register* also publishes notices about grants and loans available through any agency or branch of state government. Although some grant and loan programs specifically require printing in a statewide publication such as the State Register, there is no requirement for publication in the *State Register* itself. Agencies are encouraged to publish grant and loan notices, and to provide financial estimates as well as sufficient time for interested parties to respond.

Department of Corrections

Request for Proposals for Post-Release Employment for Incarcerated Individuals

PROJECT NAME: Post-Release Employment for Incarcerated Individuals

DETAILS: The Minnesota Department of Corrections is requesting proposals for the purpose of providing transformational opportunities and corporate mentors to individuals releasing from Minnesota Correctional Facilities (MCFs) and assist them in finding employment. Transformational opportunities shall include participation in a curriculum grounded in evidence-informed principles, connection to a prosocial corporate mentor, and learning skills to secure meaningful employment.

Work is anticipated to start on December 1, 2021.

COPY REQUEST: To get a copy of the Request for Proposals, please send a written request, by email to ***jana.carr-weerts@state.mn.us*** or follow this link: ***https://mn.gov/doc/staff-partners/doing-business-doc/request-proposals/***.

PROPOSAL DEADLINE: Proposals in response to the Request for Proposals in this advertisement must be received via email, mail not later than **4:30 p.m., Central Time, Monday, October 4, 2021. Late proposals will not be considered.** Faxed or mailed proposals will not be considered.

This request does not obligate the State of Minnesota to award a contract or complete the proposed program, and the State reserves the right to cancel this solicitation if it is considered in its best interest. All costs incurred in responding to this solicitation will be borne by the responder.

Department of Public Safety

Office of Justice Programs

Request for Proposals: Violent Crime Enforcement Team (VCET) Grants

This program provides support for the investigation and prosecution of narcotics, gangs and associated violent crimes. It is a multi-jurisdictional approach intended to target drug distribution networks, firearm crimes, violent gang activity and related serious criminal activity beyond the investigative resources of individual agencies. Required elements include establishment of a Joint Powers Agreement, oversight by an Advisory Board, and agreement to operate in accordance with the Multijurisdictional Task Force Operating Procedures and Guidelines Manual and statutory certification requirements.

Approximately $10 million in state funds and federal Justice Assistance Grant (JAG) funds are available for two-year grants. Local units of government including cities, counties and tribal governments are eligible to apply.

All applications must be submitted via e-grants, the Office of Justice Programs (OJP) online grants management system, at ***e-grants*** . Applications must be submitted by 4:00 p.m. on October 7, 2021.

To view the RFP go to the OJP website: ***OJP website***

State Contracts

Informal Solicitations: Informal solicitations for professional/technical (consultant) contracts valued at over $5,000 through $50,000, may either be published in the *State Register* or posted on the Department of Administration, Materials Management Division's (MMD) Web site. Interested vendors are encouraged to monitor the P/T Contract Section of the MMD Website at *www.mmd.admin.state.mn.us* for informal solicitation announcements.

Formal Solicitations: Department of Administration procedures require that formal solicitations (announcements for contracts with an estimated value over $50,000) for professional/technical contracts must be published in the *State Register.* Certain quasi-state agency and Minnesota State College and University institutions are exempt from these requirements.

Requirements: There are no statutes or rules requiring contracts to be advertised for any specific length of time, but the Materials Management Division strongly recommends meeting the following requirements: $0 - $5000 does not need to be advertised. Contact the Materials Management Division: (651) 296-2600 $5,000 - $25,000 should be advertised in the *State Register* for a period of at least seven calendar days; $25,000 - $50,000 should be advertised in the *State Register* for a period of at least 14 calendar days; and anything above $50,000 should be advertised in the *State Register* for a minimum of at least 21 calendar days.

Minnesota State Lottery
Request for Proposals for Sponsorship Agreements

Description of Opportunity

The Minnesota State Lottery develops sponsorship agreements throughout the year with organizations, events, and sports teams to create excitement for lottery players, to interest new players and increase the visibility of lottery games. The Lottery encourages and continually seeks new sponsorship agreements to help achieve current Lottery marketing goals.

Proposal Content

A sponsorship proposal presented to the Lottery should meet the following three criteria:

1. **Maximize Lottery Visibility** – the event, sports or tie-in proposal should draw a large number of desired participants (typically 50,000 or more) whose demographics match the Lottery player profile. The Lottery is interested in effectively delivering its message of fun and entertainment to Minnesota adults whose demographics skew primarily towards those aged 25-64, with a household income of $35,000-$75,000, and having an educational background of some college or higher. The Lottery does not market to those under the age of 18, and family events with high levels of children present are generally not accepted. Attendance, on-site signage visibility and paid media exposure will be critical components that will be evaluated.

2. **Enhance Lottery Image- –** the event, sports or tie-in proposal should inherently project the attitude that the Lottery is a fun and socially acceptable part of the community. The Lottery's presence should fit well within the lineup of other sponsors. The Lottery is interested in creating opportunities whereby the sponsorship can translate into sales revenue, either via on-site sales from a Lottery booth, from sales-generating promotions with Lottery retailers or from joint programs with the sponsor's media partners.

3. **Provide Promotional Extensions** – the event, sports or tie-in proposal should offer exciting, value-added ways to interact with our players and have opportunities to motivate attendees, listeners and viewers to participate in and purchase Lottery games. The proposal must include proper staffing availability or other considerations to help the Lottery implement any appropriate promotional extension ideas.

Proposals should address all pertinent elements of the sponsorship and how the Lottery criteria as stated above and on the Evaluation Form are to be met. To view or print copies of the Request for Proposal go to ***http://www.mnlottery.com/vendorops.html***

This Solicitation does not obligate the state to award a contract or pursue a proposed sponsorship opportunity, and the state reserves the right to cancel the solicitation if it is considered to be in its best interest.

COPY REQUEST: To receive a copy of the Request for Proposals, please send a written request by email to:

Minnesota Zoological Garden
Abigail Mosher, Chief Financial officer
Abigail.Mosher@state.mn.us

PROPOSAL DEADLINE: Proposals in response to the Request for Proposals in this advertisement must be received by email not later than **4 PM, Central Time, September 28. Late proposals will not be considered.** Fax or mailed proposals will not be considered.

This request does not obligate the State of Minnesota to award a contract or complete the proposed program, and the State reserves the right to cancel this solicitation if it is considered in its best interest. All costs incurred in responding to this solicitation will be borne by the responder.

Non-State Public Bids, Contracts & Grants

The State Register also serves as a central marketplace for contracts let out on bid by the public sector. The *State Register* meets state and federal guidelines for statewide circulation of public notices. Any tax-supported institution or government jurisdiction may advertise contracts and requests for proposals from the private sector. It is recommended that contracts and RFPs include the following: 1) name of contact person; 2) institution name, address, and telephone number; 3) brief description of commodity, project or tasks; 4) cost estimate; and 5) final submission date of completed contract proposal. Allow at least three weeks from publication date (four weeks from the date article is submitted for publication). Surveys show that subscribers are interested in hearing about contracts for estimates as low as $1,000. Contact editor for further details.
