Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact the editor at 651-201-3204 or email at sean.plemmons@state.mn.us

Proposed Rules

Comments on Planned Rules or Rule Amendments. An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, and within 60 days of the effective date of any new statutory grant of required rulemaking.

Rules to be Adopted After a Hearing. After receiving comments and deciding to hold a public hearing on the rule, an agency drafts its rule. It then publishes its rules with a notice of hearing. All persons wishing to make a statement must register at the hearing. Anyone who wishes to submit written comments may do so at the hearing, or within five working days of the close of the hearing. Administrative law judges may, during the hearing, extend the period for receiving comments up to 20 calendar days. For five business days after the submission period the agency and interested persons may respond to any new information submitted during the written submission period and the record then is closed. The administrative law judge prepares a report within 30 days, stating findings of fact, conclusions and recommendations. After receiving the report, the agency decides whether to adopt, withdraw or modify the proposed rule based on consideration of the comments made during the rule hearing procedure and the report of the administrative law judge. The agency must wait five days after receiving the report before taking any action.

Rules to be Adopted Without a Hearing. Pursuant to *Minnesota Statutes* § 14.22, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing. An agency must first solicit **Comments on Planned Rules** or **Comments on Planned Rule Amendments** from the public. The agency then publishes a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the *State Register.* If, during the 30-day comment period, 25 or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of §§ 14.1414.20, which state that if an agency decides to hold a public hearing, it must publish a notice of intent in the *State Register.*

KEY: Proposed Rules - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

Introduction. The Department of Agriculture intends to repeal obsolete rules under the rulemaking process in the Administrative Procedure Act, *Minnesota Statutes*, section 14.3895. You may submit written comments on the proposed repeal of obsolete rules until January 28, 2022.

Agency Contact Person. You must submit comments or questions on the rules to: Mark Abrahamson at Minnesota Department of Agriculture, 625 Robert Street North, St Paul, MN 55155, phone: 651-201-6505, **email: *mark.abrahamson@state.mn.us***

or

You may also review the proposed rule and submit written comments via the Office of Administrative Hearings Rulemaking eComments website at ***https://minnesotaoah.granicusideas.com/discussions*.**

Subject of the Repeal of Obsolete Rules and Statutory Authority.

- **Grain warehouse examinations:** Minnesota Statutes 232: Grain Storage, was revised during the 2019 legislative session. Revisions included reducing the required number of examinations for grain warehouses from two to one. This makes section 1562, subparts 1-3 obsolete as they provide an opportunity for a third party to conduct the second inspection which is no longer required.

- **Seed tolerances and requirements:** Minnesota Statutes 21.80-21.92: Seed Law, was revised during the 2020 legislative session. One revision inserted language that references federal seed law for calculating tolerances around seed germination rates. This brought Minnesota law into harmony with federal regulations as well as other states and made sections 1510.0050-0.100, 1510.0231 and 1510.0261 obsolete since they provide information for making tolerance calculations that are now out-of-date.

  Another revision made to the Seed Law during the 2020 legislative session was to create a process for the Commissioner of Agriculture to maintain a list of prohibited and restricted noxious seeds in consultation with a formal advisory group. This made 1510.0271 and 1510.0320 obsolete as they contain lists for prohibited (.0271) and restricted (.0320) noxious weed seeds that are now out-of-date.

- **Wholesale produce bonding and regulation:** Specifically, Minnesota Statute 27, Farm Products Dealers, was revised during the 2020 legislative session. Revisions included removing the requirement for purchasers of farm products to be licensed or to hold a bond. This makes certain sections of the current rule obsolete including:

- 1500.0201 subpart 2 which defines a bond
- 1500.0601 – which lays out requirements for financial statements related to licensing
- 1500.0801 – which lays out procedures for making a claim against a bond
- 1500.1900 – which lays out consequences for operating without a license and bond

The agency identified the proposed obsolete rules to be repealed in its annual obsolete rules report under Minnesota Statutes section 14.05, subdivision 5. The statutory authority to repeal the obsolete rules is found in Minnesota Statutes, section 14.3895. A copy of the proposed obsolete rules to be repealed is published in the State Register and attached to this notice as mailed.

Comments. You have until 4:30 p.m. on January 28, 2022 to submit written comment in support of or in opposition to the proposed repeal of obsolete rules and any part or subpart of the repeal. Your comment must be in writing and received by the agency contact person by the due date. The Department encourages comment. Your comment should identify the portion of the proposed obsolete rules to be repealed addressed and the reason for the comment. In addition, you are encouraged to object to the repeal of any part or subpart. You must also make any comments on the legality of the proposed rules during this comment period.

Request for Hearing. In addition to submitting comments, you may also request that a hearing be held on the rules. You must make your request in writing and the agency contact person must receive it by 4:30 p.m. on January 28, 2021. Your written request must include your name and address. You must identify the portion of the proposed repealed rules to which you object or state that you oppose the entire set of rules. Any request that does not comply with these requirements is not valid and the agency cannot count it for determining whether it must hold a public hearing. You are also encouraged to state the reason for the request and any changes you want made to the proposed rules.

- **Effect of Requests.** If 25 or more people submit a written request, the agency will have to meet the requirements of Minnesota Statutes, sections 14.131 to 14.20 for rules adopted after a hearing or the

requirements of Minnesota Statutes, sections 14.22 to 14.28 for rules adopted without a hearing, including the preparation of a statement of need and reasonableness and the opportunity for a hearing.

Modifications. The agency might modify its choice of these designated rules or parts proposed for repeal (e.g. fixing a typo or deciding not to repeal a rule because the rule is discovered not to be obsolete), based on comments and information submitted to the agency. If the final rules are identical to the rules originally published in the State Register, the agency will publish a notice of adopting the repealers in the State Register. If the final rules are different from the rules originally published in the State Register, the agency must publish a copy of the changes in the State Register. If the proposed repeal of obsolete rules affects you in any way, the agency encourages you to participate in the rulemaking process.

Alternative Format. Upon request, this information can be made available in an alternative format, such as large print, braille, or audio. To make such a request, please contact the agency contact person at the address or telephone number listed above.

Lobbyist Registration. *Minnesota Statutes*, chapter 10A, requires each lobbyist to register with the State Campaign Finance and Public Disclosure Board. You may direct questions regarding this requirement to the Campaign Finance and Public Disclosure Board at: Suite 190, Centennial Building, 658 Cedar Street, St. Paul, Minnesota 55155, Phone (651) 539-1180 or 1-800-657-3889.

Repeal and Review of Obsolete Rules. The agency may repeal the obsolete rules at the end of the comment period. The agency will then submit rules and supporting documents to the Office of Administrative Hearings for review for legality. You may ask to be notified of the date that the agency submits the rules. If you want to be so notified, or want to receive a copy of the repealed obsolete rules, or want to register with the agency to receive notice of future rule proceedings, submit your request to the agency contact person listed above.

REPEALER. Minnesota Rules, parts 1500.0201, subpart 2; 1500.0601; 1500.0801; 1500.1900; 1510.0050; 1510.0060; 1510.0070; 1510.0080; 1510.0090; 1510.0100; 1510.0231; 1510.0261; 1510.0271; 1510.0320; and 1562.1100, subparts 1, 2, and 3, are repealed.

You may also review the proposed rules and submit written comments via the Office of Administrative Hearings Rulemaking eComments website at ***https://minnesotaoah.granicusideas.com/discussions***.

Subject of Rules. An executive summary of the subjects of the proposed rules, as follows:

3100.0100 DEFINITIONS.

Subparts 5, 9a, 9c, 12b, 13, and 16c – the changes made in these subparts reflect the changes made in other parts regarding allied dental personnel, CPR, dental assistant with a limited radiology registration, licensee, and registrant.

3100.1100 to 3100.1380.

Regarding 3100.1100 to 3100.1380, the Board decided to create a more user-friendly guide in Minnesota Rules, chapter 3100 for all dentists, dental therapists, dental hygienists, and licensed dental assistants regarding the standard license options that are available to them. Previously, some of the standard license options were only found in Minnesota statutes and now are included in the proposed rules. Each standard license option will still basically have the same application and examination requirements as before, but the new proposed language is now consistent throughout making for easy reading and interpretation of the Board's rules. In addition, each standard license option lists other key requirements pertaining to that license such as terms and renewal, reinstatement, and professional development to name a few. Furthermore, the Board has examined each standard license option and completed a major housekeeping of each license by eliminating non-relevant or outdated requests made by the Board's existing rules.

3100.1400 LICENSURE BY CREDENTIALS.

Numerous changes were made to 3100.1400 making it a logistical challenge to address each line change in detail. Overall, the Board updated all educational or examination requirements that are needed to pursue the licensure by credentials pathway. The Board also standardized the language to match other licensure paths by including the fee and CPR requirement. In addition, the Board completed major housekeeping of this rule by eliminating non-relevant or outdated language present in the Board's existing rules and streamlining the licensing by credentials process.

3100.1700 TERMS AND RENEWAL OF LICENSE OR REGISTRATION; GENERAL.

Numerous changes were made to 3100.1700 including major housekeeping to eliminate non-relevant or outdated language that is present in the Board's existing rules. None of the actual terms or requirements for renewal of a license have changed but the format changes will make the Board's rules clearer and concise.

3100.1750 TERMS AND RENEWAL OF LICENSE; LIMITED FACULTY DENTIST, RESIDENT DENTIST, RESIDENT DENTAL THERAPIST, OR RESIDENT DENTAL HYGIENIST.

Two substantial modifications were made to 3100.1750 include adding the resident dental therapist and resident dental hygienist to this group and adding a description of the Board process for those individuals who fail to renew their annual license. This process is the same as other license renewal requirements. The Board notifies the Licensee who must respond within a specified time period otherwise their license will be administratively terminated. All remaining changes to this rule are considered housekeeping by eliminating non-relevant or outdated language that is present in the Board's existing rules.

3100.1850 REINSTATEMENT OF LICENSE.

Numerous changes were made to 3100.1850 below that includes major housekeeping by eliminating non-relevant or outdated language that is present in the Board's existing rules. None of the actual reinstatement requirements for licensure for the various time periods of termination have changed but the format changes will make the Board's rules clearer and concise.

3100.3600 ADMINISTRATION OF NITROUS OXIDE INHALATION ANALGESIA, GENERAL ANESTHESIA, DEEP SEDATION, AND MODERATE SEDATION.

The many changes to 3100.3600 will reorganize the contents and revise the language regarding nitrous oxide, general anesthesia, and sedation. These changes aim to provide a more understandable guide for Licensees to find the information they need to acquire the skills to administer nitrous oxide, general anesthesia, and sedation. None of the actual educational requirements, equipment requirements, or inspection requirements for these services have changed in this part but are now better explained and simplified. The language regarding "Reporting of incidents required" has been moved to subpart 1a, the front of this part, so it is no longer buried in the middle, where the information is difficult for Licensees to find. For nitrous oxide, each profession is listed and represents what is required to administer this service. As for the certifications for dentists to administer general anesthesia/deep sedation and moderate sedation, or to obtain a certificate for a contracted sedation provider, the format is easier to follow with the application requirement listed, the types of certificates, and how to renew a certificate.

3100.5100 PROFESSIONAL DEVELOPMENT.

In 3100.5100, many changes were made including eliminating the self-assessment examination as part of professional development, which is supported by the Board and other licensed dental professionals. For 16 years, the Board required that Licensees complete the self-assessment as part of fundamental continuing education activities. It has been a challenge for the Board to produce a new self-assessment every two years due to the lack of new resources to create questions and the excessive amount of time required to manage the entire self-assessment project.

Regarding the core subject requirement, the Board is choosing not to use the phrase "core subjects" and go back to simply referring to these categories as "fundamental" courses. The list of fundamental courses will remain the same but will add HIPAA, as follows: Recordkeeping; Ethics; Patient Communications; Management of Medical Emergencies; Treatment and Diagnosis; and Health Insurance Portability and Accountability Act (HIPAA). One item that will NOT change is that the Board will still require that a Licensee complete at least two fundamental courses on the list for each initial or biennial professional development cycle. Other than these changes, the current professional development requirements will continue to remain the same.

Regarding CPR course/certification, Licensees will still be required to complete and maintain CPR as a requirement for licensure for each biennial cycle. However, the CPR course/certification will no longer be listed as a requirement under professional development. Therefore, the four or more hours obtained for taking either a CPR course or ACLS course can no longer be counted as a professional development credit toward the Licensee's required credit hours.

The Board also added language to the extenuating circumstances section giving a seven-day deadline before the end of a cycle and informing the Licensee that their license will be terminated if they do not comply with this or completion of professional development by the end of the granted extension period. The Board needed to establish some deadlines and inform Licensees of the possible consequences for their actions in these situations.

3100.6200 CONDUCT UNBECOMING A LICENSEE.

In 3100.6200, the Board updated outdated rules that will simplify the language regarding rebates and split fees and more accurately capture the true violations that are occurring with sexual misconduct issues, billing, and communication. It has been many years since significant changes have been made to this part by the Board, and now is the time to move forward with these more progressive changes relating to unprofessional conduct.

3100.6600 ADVERTISING DENTAL FEES AND SERVICES.

In 3100.6600, some housekeeping changes were made by eliminating non-relevant or outdated language that is present in the Board's existing rules. These changes will not change the meaning or intent of the rules in any way but will make the Board's rules clearer and concise.

3100.6900 COMPENSATION FOR PATIENT REFERRAL.

Regarding 3100.6900, the Board still upholds the idea that a dentist shall not engage with a third party where a fee or compensation is involved for the referral of the patient for dental services. With that said, the Board has now added language that does allow a dentist to provide a gift to a patient or provide a credit for dental services. The Board acknowledges that dentists have been giving gifts to their patients for years now, and it was decided to change the rules to accommodate what was already happening out in dental practices.

3100.7000 ADVERTISING DENTAL SPECIALTY PRACTICE.

In 3100.7000, the Board eliminated the naming of all the specialty examining boards, which is unnecessary language. The Board only needs to list the actual specialty areas and added dental anesthesiology, oral medicine, and orofacial pain, which have all been recognized as specialty areas by the American Dental Association.

3100.8400 ASSISTANTS WITHOUT A LICENSE.

In 3100.8400, some housekeeping changes were made by eliminating non-relevant or outdated language that is present in the Board's existing rules. None of the actual permissible procedures or compliance requirements have changed but these changes will make the Board's rules clearer and concise.

3100.8500 LICENSED DENTAL ASSISTANTS.

Numerous clarification changes were made throughout 3100.8500 where the changes mirror the current language used in the existing rules for dental hygienist's delegated procedures. Other changes were for housekeeping eliminating non-relevant or outdated language that is present in the Board's existing rules. None of the actual delegated procedures or the level of supervision for procedures for licensed dental assistants have changed.

In subpart 2, the Board added language to clarify what type of education is required for each new delegated procedure added to the list over the years. If the procedure specifically states that additional education through a course is needed to perform that procedure, the licensed dental assistant must complete a course to perform that procedure. If the procedure is listed without any specific course requirements, this procedure is considered as an allowable delegated procedure within their scope of practice and can be performed by a licensed dental assistant after in-office training by a dentist in the practice if the procedure was not included in the curriculum of their dental assisting program.

In subpart 3, the Board moved the "Limited-license Permit" to a new part (See 3100.1320) and renamed it "Limited Radiology Registration" as part of creating an understandable guide regarding the standard license or registration options that are available from the Board. This registration option will still have similar application and examination requirements as before, but more detailed information has been provided for the applicant. In addition, this registration option lists other key requirements pertaining to registration, including terms and renewal, reinstatement, and professional development.

3100.8700 DENTAL HYGIENISTS.

Numerous clarification changes were made throughout 3100.8700 where the changes mirror the current language used in the rules for licensed dental assistant's delegated procedures. Other changes were for housekeeping eliminating non-relevant or outdated language that is present in the Board's existing rules. None of the actual delegated procedures or the level of supervision for procedures for licensed dental hygienists have changed.

3100.9600 RECORD KEEPING.

Some minor housekeeping changes were made to 3100.9600 eliminating non-relevant or outdated language that is present in the Board's existing rules. None of the actual components of recordkeeping have changed but these changes will make the Board's rules clearer and concise.

REPEALED RULES: 3100.0100, subparts 8b, 15, and 18b; 3100.1100, subparts 2, 4, and 5; 3100.1500; 3100.1600; 3100.1700, subpart 5; 3100.1750, subparts 4, 5, and 6; 3100.3100; 3100.3200; 3100.3300; 3100.3350; 3100.3400; 3100.3500; 3100.3600, subparts 2, 3, 4, 5, 6, 7, 8, 9, 9a, 9b, 10, and 11; 3100.5400; 3100.6325; 3100.7200; and 3100.8500, subpart 3. The Board's existing rules listed will be repealed because they were found to be either obsolete, unnecessary, or duplicative rules. In general, the Board found that these rules no longer serve a purpose or some of the information within a part was kept and relocated to a different part in the Board's proposed rules.

Statutory Authority. The statutory authority to adopt the rules is *Minnesota Statutes*, section 150A.04, subdivision 5 and section 150A.06, subdivision 9. On October 26, 2021, the Office of Administrative Hearings waived the publication of the full text of the proposed rules in the *State Register*. A copy of the entire proposed rules is available on the Board's website at ***www.mn.gov/boards/dentistry*** or a free copy of the entire proposed rules is available upon request from the agency contact person listed above.

You must include your name and address in your written request. In addition, you must identify the portion of the proposed rules that you object to or state that you oppose the entire set of rules. Any request that does not comply with these requirements is not valid and the Board cannot count it when determining whether the Board must hold a public hearing. You are also encouraged to state the reason for the request and any changes you want made to the proposed rules.

Withdrawal of Requests. If 25 or more persons submit a valid written request for a hearing, the Board will hold a public hearing unless a sufficient number of persons withdraw their requests in writing. If enough requests for hearing are withdrawn to reduce the number below 25, the Board must give written notice of this to all persons who requested a hearing, explain the actions the Board took to affect the withdrawal, and ask for written comments on this action. If a public hearing is required, the Board will follow the procedures in *Minnesota Statutes*, sections 14.131 to 14.20.

If the proposed rules affect you in any way, the Board encourages you to participate in the rulemaking process.

You may also call the agency contact person at (612) 548-2134 after December 29, 2021, to find out whether the hearing will be held.

The Board will hold the hearing on the date and at the time and through the Webex access information listed above. The hearing will continue until all interested persons have been heard. Administrative Law Judge Barbara Case is assigned to conduct the hearing. Non-State Public Bids, Contracts & Grants

The State Register also serves as a central marketplace for contracts let out on bid by the public sector. The *State Register* meets state and federal guidelines for statewide circulation of public notices. Any tax-supported institution or government jurisdiction may advertise contracts and requests for proposals from the private sector. It is recommended that contracts and RFPs include the following: 1) name of contact person; 2) institution name, address, and telephone number; 3) brief description of commodity, project or tasks; 4) cost estimate; and 5) final submission date of completed contract proposal. Allow at least three weeks from publication date (four weeks from the date article is submitted for publication). Surveys show that subscribers are interested in hearing about contracts for estimates as low as $1,000. Contact editor for further details.
