Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact the editor at 651-201-3204 or email at sean.plemmons@state.mn.us

Adopted Rules

A rule becomes effective after the requirements of *Minnesota Statutes* §§ 14.05-14.28 have been met and five working days after the rule is published in the *State Register*, unless a later date is required by statutes or specified in the rule. If an adopted rule is identical to its proposed form as previously published, a notice of adoption and a citation to its previous *State Register* publication will be printed. If an adopted rule differs from its proposed form, language which has been deleted will be printed with strikeouts and new language will be underlined. The rule's previous *State Register* publication will be cited.

KEY: Proposed Rules - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material."
Adopted Rules - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

Minnesota Plumbing Board

Adopted Permanent Rules Adopting Updates to the Minnesota Plumbing Code

The rules proposed and published at State Register, Volume 46, Number 18, pages 581-586, November 01, 2021 (46 SR 581), are adopted as proposed.

Official Notices

Pursuant to *Minnesota Statutes* §§ 14.101, an agency must first solicit comments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, and within 60 days of the effective date of any new statutory grant of required rulemaking.

The *State Register* also publishes other official notices of state agencies and non-state agencies, including notices of meetings and matters of public interest.

Minnesota Board of High Pressure Piping Systems

REQUEST FOR COMMENTS for Possible Amendments to Rules Governing High Pressure Piping Systems, *Minnesota Rules*, Chapter 5230; Revisor's ID Number R-04739

Subject of Rules. The Minnesota Board of High Pressure Piping Systems ("Board") requests comments on its possible amendments to rules governing Minnesota's High Pressure Piping Code, *Minnesota Rules*, Chapter 5230. The Board of High Pressure Piping Systems is considering rule amendments that will incorporate by reference updated national codes and engineering standards regarding high pressure steam and other heating media piping, ammonia refrigeration piping, bioprocess piping, and the welding requirements for these high pressure piping systems. The national codes and standards currently incorporated by reference into Chapter 5230 are not subject to frequent change, but from time to time are updated and republished by the American Society of Mechanical Engineers ("ASME") and the American National Standards Institute ("ANSI"). This proposed rulemaking intends to amend those rule parts in Chapter 5230 which incorporate by reference these national codes and standards by updating the rule parts to reflect the most current versions and editions of those national codes and standards.

Persons Affected. Persons affected by the rule amendments will likely include high pressure pipefitters; high pressure pipefitting contractors and businesses; persons and entities owning, operating, improving or constructing high pressure piping systems; mechanical and biotechnical design professionals; manufacturers of integrated high pressure piping systems; unlicensed individuals who wish to assist in the practical construction and installation of high pressure piping and appurtenances while in the employ of a licensed high pressure piping business; engineers; designers, owners, managers and users of high pressure piping systems; state and local inspectors and enforcement authorities of high pressure piping systems; and employees and members of the public who occupy buildings with high pressure piping systems.

Official Notices

Statutory Authority. Minnesota Statutes, section 326B.925, subdivision 2 (a)(3), authorizes the Board to adopt rules for establishing a High Pressure Piping Code, and any amendments thereto, that must be followed in the State of Minnesota.

Public Comment. Interested persons or groups may submit comments or information on these possible rules in writing until further notice is published in the *State Register* that the Board intends to adopt or to withdraw the rules. The Board will not publish a notice of intent to adopt the rules until more than 60 days have elapsed from the date of this request for comments. The Board has appointed advisory committees to review the updated national standards and comment on any possible amendments to the full Board. Meeting dates and times of the advisory committees will be posted on the Board's website at: ***Board of High-Pressure Piping Systems | Minnesota Department of Labor and Industry (mn.gov)***. The public is invited to participate. Public participation is welcomed and encouraged.

Rules Drafts. The Board does not anticipate that a draft of the rule amendments will be available before the publication of the notice of intent to adopt rules. However, upon completion, a copy of the proposed rules draft may be found on the Board's website at: ***<https://www.dli.mn.gov/about-department/rulemaking/rulemaking-docket-minnesota-rules-chapter-5230-r-04739>***.

Agency Contact Person. Written comments, questions, requests to receive a proposed draft of the rules when it has been prepared and requests for more information on these possible rules may be directed to: Brittany Wysokinski at the Minnesota Department of Labor and Industry, 443 Lafayette Road North, St. Paul, Minnesota 55155, (651) 284-5302 or ***dli.rules@state.mn.us***.

Alternative Format. Upon request, this information can be made available in an alternative format, such as large print, braille, or audio. To make such a request, please contact the agency contact person at the address or telephone number listed above.

NOTE: Comments received in response to this notice will not necessarily be included in the formal rulemaking record submitted to the administrative law judge if and when a proceeding to adopt rules is started. The Board is required to submit to the judge only those written comments received in response to the rules after they are proposed in a Notice of Intent to Adopt Rules published in the *State Register*. If you submitted comments during the development of the rules and you want to ensure that the Administrative Law Judge reviews those comments, you should resubmit the comments after the rules are formally proposed.

Department of Human Services (DHS)

Health Care Administration

Public Notice Regarding Changes to Payment Rates and Methodologies, and Services under the Medical Assistance Program

This notice is published pursuant to *Code of Federal Regulations*, title 42, part 447, section 205 (42 CFR § 447.205), which requires publication of a notice when there is any significant proposed change in the methods and standards for setting payment rates for Medicaid services.

Effective February 1, 2022, the Department will implement the Medicare resource based relative value scale calculated values for 2022. The Department will also adjust the conversion factor for "mental health" to \$28.44. The Department will also adjust the conversion factor for "evaluation and management and obstetrics" to \$25.32. The Department will also adjust the conversion factor for "all other physician services" to \$25.30.

Because of annual changes to the 2022 relative values published by Medicare, the Department is increasing the conversion factors in order to maintain budget neutrality. These changes have no fiscal impact.

For more information, please contact Susan Hammersten at (651) 431-4869 or e-mail: susan.hammersten@state.mn.us.

State Grants & Loans

In addition to requests by state agencies for technical/professional services (published in the State Contracts Section), the *State Register* also publishes notices about grants and loans available through any agency or branch of state government. Although some grant and loan programs specifically require printing in a statewide publication such as the State Register, there is no requirement for publication in the *State Register* itself. Agencies are encouraged to publish grant and loan notices, and to provide financial estimates as well as sufficient time for interested parties to respond.

State Contracts

Informal Solicitations: Informal solicitations for professional/technical (consultant) contracts valued at over \$5,000 through \$50,000, may either be published in the *State Register* or posted on the Department of Administration, Materials Management Division's (MMD) Web site. Interested vendors are encouraged to monitor the P/T Contract Section of the MMD Website at www.mmd.admin.state.mn.us for informal solicitation announcements.

Formal Solicitations: Department of Administration procedures require that formal solicitations (announcements for contracts with an estimated value over \$50,000) for professional/technical contracts must be published in the *State Register*. Certain quasi-state agency and Minnesota State College and University institutions are exempt from these requirements.

Requirements: There are no statutes or rules requiring contracts to be advertised for any specific length of time, but the Materials Management Division strongly recommends meeting the following requirements: \$0 - \$5000 does not need to be advertised. Contact the Materials Management Division: (651) 296-2600 \$5,000 - \$25,000 should be advertised in the *State Register* for a period of at least seven calendar days; \$25,000 - \$50,000 should be advertised in the *State Register* for a period of at least 14 calendar days; and anything above \$50,000 should be advertised in the *State Register* for a minimum of at least 21 calendar days.

Non-State Public Bids, Contracts & Grants

The State Register also serves as a central marketplace for contracts let out on bid by the public sector. The *State Register* meets state and federal guidelines for statewide circulation of public notices. Any tax-supported institution or government jurisdiction may advertise contracts and requests for proposals from the private sector. It is recommended that contracts and RFPs include the following: 1) name of contact person; 2) institution name, address, and telephone number; 3) brief description of commodity, project or tasks; 4) cost estimate; and 5) final submission date of completed contract proposal. Allow at least three weeks from publication date (four weeks from the date article is submitted for publication). Surveys show that subscribers are interested in hearing about contracts for estimates as low as \$1,000. Contact editor for further details.

Besides the following listing, readers are advised to check: <http://www.mmd.admin.state.mn.us/solicitations.htm> as well as the Office of Grants Management (OGM) at: <http://www.grants.state.mn.us/public/>.
