# Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact the editor at 651-201-3204 or email at sean.plemmons@state.mn.us

# Executive Orders

The governor has the authority to issue written statements or orders, called Executive Orders, as well as Emergency Executive Orders. The governor's authority is specified in the Constitution of the State of Minnesota, Article V, and in *Minnesota Statutes* § 4.035. Emergency Executive Orders, for protection from an imminent threat to health and safety, become effective immediately, are filed with the secretary of state, and published in the *State Register* as soon as possible after they are issued. Other Executive Orders become effective 15 days after publication in the *State Register* and filing with the secretary of state. Unless otherwise specified, an executive order expires 90 days after the date the governor who issued the order vacates office.

## Office of the Governor

### Emergency Executive Order 22-12: Providing for Emergency Relief from Regulations to Motor Carriers and Drivers Transporting Livestock and Livestock Feed in Minnesota

**I, Tim Walz, Governor of the State of Minnesota,** by the authority vested in me by the Constitution and applicable statutes, issue the following Executive Order:

Last week, Minnesota and several neighboring states were heavily impacted by extreme storm conditions. On May 9, 2022, parts of the state saw severe thunderstorms, large hail, and heavy rain. Two days later, a significant storm complex spread from southwestern Minnesota, across southern and central portions of the state, and to the North Shore. These storms produced wind damage, power outages, and additional heavy rain. On May 12, record-breaking heat and humidity combined and created a derecho storm system that moved through eastern South Dakota and west-central Minnesota. The National Weather Service ("NWS") reported that this storm system produced straight-line winds of between 60 to 100 miles per hour, which snapped powerline poles and caused extensive damage to silos, grain bins, and other agricultural structures on farms across the state.

Data compiled by the Minnesota Department of Natural Resources and NWS show that in certain areas of the state, rainfall totals from last week's storms were approximately four to seven inches. In addition to damage caused by wind gusts, the heavy rain has washed out or flooded many roads and bridges, causing farmers and drivers to take longer or more circuitous routes to reach their destinations.

On May 13, 2022, I issued Executive Order 22-11, which provides relief for 30 days from certain hours of service requirements for drivers and vehicles transporting fertilizer, anhydrous ammonia, pesticide, and seed, to aid spring crop planting in Minnesota. Recently, I traveled to the northwestern part of our state to meet with farmers who have been affected by the severe flooding. During that visit, I saw firsthand how agricultural operations have been disrupted. The delayed spring planting season will likely affect crop yields, profitability, and international trade. It is critical that we continue to support and provide relief to our agricultural industry.

Farmers and livestock producers throughout the state continue to be affected by the recent weather. The Minnesota Farm Bureau, the Minnesota Milk Producers Association, and the Minnesota Pork Producers Association have indicated that operations have been significantly impacted by extensive power outages over the weekend and structural damage to both farm sites and local roads. They have requested immediate help to support the safe and efficient movement of livestock, poultry, and feed used to keep these animals healthy.

Temporary relief is needed to allow for the continued movement of livestock, poultry, and feed used for livestock or poultry as carriers and drivers provide necessary and time-sensitive assistance. Strict enforcement of certain hours of service regulations would prevent or hinder the efficient transportation of these essential supplies.

Minnesota Statutes 2021, section 221.0314, subdivision 9, adopts federal safety regulations, including hours of service requirements for drivers. Minnesota Statutes 2021, section 221.0269, provides: "The governor may declare an emergency and grant relief from any of the regulations incorporated in section 221.0314 to carriers and drivers operating motor vehicles in Minnesota to provide emergency relief during the emergency."

For these reasons, I order as follows:

1. Pursuant to Minnesota Statutes 2021, section 221.0269, subdivision 1, a state of emergency exists in Minnesota that requires relief from regulations incorporated in Minnesota Statutes 2021, section 221.0314, subdivision 9, pertaining to hours of service for motor carriers and drivers of commercial motor vehicles providing direct assistance to emergency relief efforts by transporting livestock, poultry, and feed used for livestock or poultry.

2. Motor carriers and drivers providing direct assistance to the emergency relief efforts by transporting livestock, poultry, and feed used for livestock or poultry are exempted from paragraphs (b) and (c) under the Code of Federal Regulations, title 49, part 395.3, and incorporated in Minnesota Statutes 2021, section 221.0314, subdivision 9, pertaining to hours of service.

3. Nothing in this Executive Order may be construed to relieve motor carriers and drivers providing direct assistance to the emergency relief efforts by transporting livestock, poultry, and feed used for livestock or poultry from the requirements under paragraph (a) of the Code of Federal Regulations, title 49, part 395.3, and incorporated in Minnesota Statutes 2021, section 221.0314, subdivision 9, which states, in part, that a driver may drive only 11 hours during a period of 14 consecutive hours after coming on duty following 10 consecutive hours off duty.

4. This Executive Order does not relieve motor carriers and drivers providing direct assistance to emergency relief efforts from regulations pertaining to driver qualifications; driving of commercial motor vehicles; commercial driver's licenses; drug and alcohol testing for drivers; or equipment, parts, and accessories necessary for the safe operation of vehicles.

5. A motor carrier operating under the terms of this Executive Order must not require or allow a fatigued or ill driver to operate a commercial motor vehicle. A driver who informs a carrier that he or she needs immediate rest must be given at least 10 consecutive hours off duty before the driver is required to return to service.

6. Upon the expiration of this Executive Order, or when a driver or motor carrier has been relieved of all duty and responsibility to provide direct assistance to the emergency relief efforts, a driver must take at least 34 consecutive hours off duty.

7. A motor carrier or driver operating under the terms of this Executive Order may not combine or simultaneously utilize the relief provided in Executive Order 22-09, which pertains to the movement of highly pathogenic avian influenza emergency equipment and supplies and includes poultry and poultry feed.

8. For purposes of this Executive Order, and as defined in Minnesota Statutes 2021, section 221.0269, subdivision 3, paragraph (c), direct assistance to an emergency relief effort terminates when a driver or commercial motor vehicle is used to transport cargo not destined for the emergency relief effort, or when the carrier dispatches that driver or vehicle to another location to begin operations in commerce.

This Executive Order is effective immediately under Minnesota Statutes 2021, section 4.035, subdivision 2, and it will remain in effect until it is rescinded by proper authority or May 31, 2022, whichever occurs first.

A determination that any provision of this Executive Order is invalid will not affect the enforceability of any other provision of this Executive Order. Rather, the invalid provision will be modified to the extent necessary so that it is enforceable.

Signed on May 16, 2022.

## Emergency Executive Order 22-13: Declaring a Peacetime Emergency and Providing National Guard Assistance to Local Emergency Flood Operations in Minnesota

**I, Tim Walz, Governor of the State of Minnesota,** by the authority vested in me by the Constitution and applicable statutes, issue the following Executive Order:

Starting on April 22, 2022, heavy spring rains fell on frozen lakes and terrain throughout the Rainy River Basin in northern Minnesota. Successive rounds of precipitation, combined with rapid snowmelt during the following weeks, have caused significant lake, riverine, and overland flooding throughout the region. More rain is forecast for the coming days, which will likely push many lake and river levels beyond their historic highs of 2014 and 1950.

Local governments are fully utilizing their resources to protect life and safety in the affected areas, and to guard property and infrastructure from additional damage. Unfortunately, local government resources are not sufficient to address the threat to life and property posed by the flooding. Several counties have declared local emergencies and activated their emergency operations plans. The sheriffs and emergency management directors of St. Louis and Koochiching counties have requested that the Minnesota National Guard provide logistics and operations support with the production and staging of flood protection materials.

The Department of Public Safety's Division of Homeland Security and Emergency Management ("HSEM") has partially activated the State Emergency Operations Center and implemented the Minnesota Emergency Operations Plan, making state agencies available to assist local governments.

For these reasons, I declare a peacetime emergency pursuant to Minnesota Statutes 2021, section 12.31, and order as follows:

1. The Adjutant General is authorized to order to state active duty on May 21, 2022 the personnel, equipment, and resources needed to support emergency flood operations.

2. The Adjutant General is authorized to procure the goods and services needed to accomplish the mission.

3. HSEM will continue to coordinate the provision of on-site support and assistance to affected local governments and determine the need for supplementary emergency assistance.

4. All relevant state agencies, in cooperation with appropriate federal agencies, will provide the assistance necessary to help local units of government respond to and recover from this emergency.

5. The costs of this assistance will be paid from the general fund as allowed by Minnesota Statutes 2021, section 192.52.

This Executive Order and declaration of peacetime emergency are effective immediately under Minnesota Statutes 2021, section 4.035, subdivision 2. The peacetime emergency declared in this Executive Order expires in accordance with Minnesota Statutes 2021, section 12.31, subdivision 2. The remainder of this Executive Order, including the activation of the Minnesota National Guard, remains in effect until the emergency conditions caused by the flooding subside or June 6, 2022, whichever occurs first.

A determination that any provision of this Executive Order is invalid will not affect the enforceability of any other

provision of this Executive Order. Rather, the invalid provision will be modified to the extent necessary so that it is enforceable.

Signed on May 19, 2022.

## Notice of Correction to Commercial Prevailing Wage Rates

On December 27, 2021, the Commissioner of Labor & Industry certified prevailing wage rates for commercial construction projects in 87 counties. These rates were identified by annual voluntary survey of public and private commercial construction projects in Minnesota collected by the Department.

This notice regards a correction to Sheetmetal Worker (721) rates in Cass, Crow Wing, Hubbard, and Wadena counties. The revised wage rate determinations are available online at: ***http://dli.mn.gov/business/employment-practices/prevailing-wage-commercial-rates***

Questions regarding determinations may be directed to the following:

# State Grants & Loans

In addition to requests by state agencies for technical/professional services (published in the State Contracts Section), the *State Register* also publishes notices about grants and loans available through any agency or branch of state government. Although some grant and loan programs specifically require printing in a statewide publication such as the State Register, there is no requirement for publication in the *State Register* itself. Agencies are encouraged to publish grant and loan notices, and to provide financial estimates as well as sufficient time for interested parties to respond.

# Non-State Public Bids, Contracts & Grants

The State Register also serves as a central marketplace for contracts let out on bid by the public sector. The *State Register* meets state and federal guidelines for statewide circulation of public notices. Any tax-supported institution or government jurisdiction may advertise contracts and requests for proposals from the private sector. It is recommended that contracts and RFPs include the following: 1) name of contact person; 2) institution name, address, and telephone number; 3) brief description of commodity, project or tasks; 4) cost estimate; and 5) final submission date of completed contract proposal. Allow at least three weeks from publication date (four weeks from the date article is submitted for publication). Surveys show that subscribers are interested in hearing about contracts for estimates as low as $1,000. Contact editor for further details.

Besides the following listing, readers are advised to check: *http://www.mmd.admin.state.mn.us/solicitations.htm* as well as the Office of Grants Management (OGM) at: *http://www.grants.state.mn.us/public/*.
