Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact the editor at 651-201-3204 or email at sean.plemmons@state.mn.us

Pursuant to *Minnesota Statutes* §§ 14.101, an agency must first solicit comments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, and within 60 days of the effective date of any new statutory grant of required rulemaking.

Notice of Public Hearing for Low Income Home Energy Assistance Program Draft FFY2023 State Plan

Date: **Friday, July 15, 2022**
Time: **11:00am**
Location: **Webex meeting**
Register: ***mn.gov/commerce/industries/energy/service-providers/eap/***

Background

The draft FFY2023 Low Income Home Energy Assistance Program (LIHEAP) State Plan describes how federal LIHEAP funds will be used to help low-income households reduce their energy burdens.

Commerce uses comments received at the public hearing and during the comment period to develop the final state plan.

Visit ***mn.gov/commerce/industries/energy/service-providers/eap/*** to read the draft state plan and proposed EAP changes.

Public Hearing Information

- The public hearing starts on time and continues until all attendees have an opportunity to offer comments and ask questions, or until 12:00pm, whichever comes first
- You may join the Webex meeting up to 10 minutes early
- Minnesota Department of Commerce staff run the hearing and are available to answer questions
- You may share verbal comments at the hearing or you may submit written comments as described below

Submit Comments

Please share your comments about the FFY2023 State Plan and about Minnesota's Energy Assistance Program (EAP). We are especially interested in these topics.

- EAP only serves 25% of the estimated income eligible population. What prevents some people from applying, even when their incomes are low enough to be eligible for Energy Assistance?
- What part of applying for Energy Assistance is most difficult? If you could change one thing about the application process, what would it be?
- Are Energy Assistance applications readily available in your community and/or easy to get? What is the easiest way to get one? What is one thing that would make getting an application easier?
- Any additional comments about Minnesota's EAP?

Comment Period: **Open through Friday, July 29, 2022 at 4:30pm**

Public Notice Regarding Changes to Payment Rates and Methodologies, and Services under the Medical Assistance Program

This notice is published pursuant to *Code of Federal Regulations*, title 42, part 447, section 205 (42 CFR § 447.205), which requires publication of a notice when there is any significant proposed change in the methods and standards for setting payment rates for Medicaid services.

These changes are estimated to affect net spending in the Medical Assistance (MA) program as described below. All estimates represent the expected change in aggregate expenditures which includes state and federal funds.

Information related to the implementation of these changes will be sent to health care providers through newsletters and updates to the Minnesota Health Care Programs Provider Manual, available at ***http://www.dhs.state.mn.us***

The changes are as follows:

Medical Assistance Services and Payment Rates

Effective July 1, 2022, telehealth visits provided through audio and real time video communication may be used to satisfy the face-to-face requirement for reimbursement under the payment methods that apply to federally qualified health centers, rural health centers, Indian Health Service and 638 Tribal clinics, and certified community behavioral health centers. This change extends the current telehealth reimbursement policy for these provider types beyond the federal public health emergency. This change is not expected to have a fiscal impact. *Laws of Minnesota 2021, First Special Session, chapter 7, article 6, section 11*.

Minnesota Public Utilities Commission

REQUEST FOR COMMENTS for Possible Amendments to Rules Governing Pipeline Definitions and Exemptions, *Minnesota Rules*, Chapter 7852; Revisor's ID Number R-04759; PUC Docket No. G-999/R-22-279

Subject of Rules. The Minnesota Public Utilities Commission (PUC) requests comments on possible amendments to rules governing pipeline definitions and exemptions. The Commission recently determined that it is the exclusive permitting authority for CO2 pipeline route permits (*In the Matter of a Commission Investigation into Potential Rule Amendments Related to Liquefied Carbon Dioxide*, PUC Docket No. U-999/CI-21-847, Order Finding Authority (June 15, 2022)). As part of that docket, the Commission received many comments in favor of amending the Commission's definitions relating to pipeline route permitting. The Commission is considering rule amendments that modernize the Commission's pipeline routing rules by explicitly including carbon dioxide (CO2) in the definition of a gas, modifying the definition of a hazardous liquid to conform with a federal definition, removing an unused definition, and potentially incorporating a de minimis exemption for certain small CO2 pipeline projects.

Persons Affected. The amendments to the rules would likely affect pipeline developers and members of the public who are affected by or interested in pipelines that may be proposed in the future.

Statutory Authority. *Minnesota Statutes*, section 216G.02, subdivision 3, authorizes the Commission to adopt rules governing the routing of pipelines.

Public Comment. Interested persons or groups may submit comments or information on these possible rules in writing until 4:30 p.m. on August 1, 2022. The Commission seeks comments on the working draft language below, including potential impacts of the rule amendments, whether any additional definitions should be updated or modified, and any related issues. The Commission will not publish a notice of intent to adopt the rules until more than 60 days have elapsed from the date of this request for comments. Please refer to PUC Docket No. G-999/R-22-279 in your comments. You may also electronically file your comments using the Commission's electronic filing system located at: https://www.edockets.state.mn.us/EFiling.

Advisory Committee. The Commission has not determined whether to appoint an advisory committee to comment on the possible amendments. The Commission welcomes comments that address whether to appoint an advisory committee.

Agency Contact Person. Written comments, questions, and requests for more information on these possible rules should be directed to: Lauren Bethke, Staff Attorney, Public Utilities Commission, 121 7th Place East, Suite 350, Saint Paul, Minnesota, 55101-2147; **email:** lauren.bethke@state.mn.us, **telephone:** (651) 201-2196; **fax:** (651) 297-7073.

Alternative Format. Upon request, this information can be made available in an alternative format, such as large print, braille, or audio. To make such a request, please contact the agency contact person at the address or telephone number listed above.

NOTE: Comments received in response to this notice will not necessarily be included in the formal rulemaking record submitted to the administrative law judge if and when a proceeding to adopt rules is started. The agency is required to submit to the judge only those written comments received in response to the rules after they are proposed. If you submitted comments during the development of the rules and you want to ensure that the Administrative Law Judge reviews the comments, you should resubmit the comments after the rules are formally proposed.

Rule Draft. The Commission's current working draft of the possible amendments is set forth below.

State Grants & Loans

In addition to requests by state agencies for technical/professional services (published in the State Contracts Section), the *State Register* also publishes notices about grants and loans available through any agency or branch of state government. Although some grant and loan programs specifically require printing in a statewide publication such as the State Register, there is no requirement for publication in the *State Register* itself. Agencies are encouraged to publish grant and loan notices, and to provide financial estimates as well as sufficient time for interested parties to respond.

Executive Orders

The governor has the authority to issue written statements or orders, called Executive Orders, as well as Emergency Executive Orders. The governor's authority is specified in the Constitution of the State of Minnesota, Article V, and in *Minnesota Statutes* § 4.035. Emergency Executive Orders, for protection from an imminent threat to health and safety, become effective immediately, are filed with the secretary of state, and published in the *State Register* as soon as possible after they are issued. Other Executive Orders become effective 15 days after publication in the *State Register* and filing with the secretary of state. Unless otherwise specified, an executive order expires 90 days after the date the governor who issued the order vacates office.

Office of the Governor

Emergency Executive Order 22-16: Protecting Access to Reproductive Health Care Services in Minnesota

I, Tim Walz, Governor of the State of Minnesota, by the authority vested in me by the Constitution and applicable statutes, issue the following Executive Order:

Reproductive freedom is a right under Minnesota law. The United States Supreme Court's decision in *Dobbs v. Jackson Women's Health Organization* does not change that. *Dobbs*—a case involving the *federal* right to reproductive health care services—overturned almost 50 years of settled precedent and took away that federal right from millions of Americans. The United States Supreme Court had previously written that the right to reproductive health care services was "central to personal dignity and autonomy." Despite the ruling in *Dobbs*, the right to reproductive health care services continues to be essential to personal dignity and autonomy, and it remains protected in Minnesota.

While the right to reproductive health care services remains in Minnesota, that right no longer exists in many states, including many of our neighboring states. In the coming days, some states will severely restrict access to reproductive health care services. Others will adopt laws that impose civil or criminal liability or professional sanctions on health care professionals who provide reproductive health care services. Some states may go so far as to criminalize seeking or obtaining reproductive health care services. The impending loss of freedom to people around the nation poses an imminent threat to the health and safety of people in Minnesota to the extent that other states may seek to infringe on essential liberties protected by the Minnesota Constitution.

We are committed to protecting access to reproductive health care services. No one who is lawfully providing, assisting, seeking, or obtaining reproductive health care services should be subject to legal liability or professional sanctions.

Nothing in this Executive Order should be construed to change Minnesota law. Instead, this Executive Order ensures that people in Minnesota are afforded the protections and rights provided under Minnesota law.

For these reasons, I order as follows:

1. **Definitions.** For the purposes of this Executive Order, the terms below are defined as follows:

    a. "Reproductive health care services" means all medical, surgical, counseling, or referral services relating to the human reproductive system, including but not limited to services relating to pregnancy, contraception, miscarriage, or the termination of a pregnancy.

    b. "State agencies" means the departments and agencies listed in Minnesota Statutes 2021, section 15.06, subdivision 1, as well as the Office of Higher Education and the Department of Military Affairs.

2. **State coordination to protect reproductive health care services.** All state agencies must, to the fullest extent of their lawful authority, pursue opportunities and coordinate with each other to protect people or entities who are providing, assisting, seeking, or obtaining lawful reproductive health care services in Minnesota.

a. By no later than August 1, 2022, the Minnesota Department of Health and the Minnesota Department of Human Services will present a report to the Governor, Lieutenant Governor, and Legislature summarizing the safety, effectiveness, and importance of reproductive health care services to people in Minnesota.

3. **No assistance from state agencies.** Except as required by court order, or by Minnesota or federal law, no state agency may provide any information or expend or use time, money, facilities, property, equipment, personnel, or other resources in furtherance of any investigation or proceeding that seeks to impose civil or criminal liability or professional sanctions upon a person or entity for:

   a. the provision of, securing of, receipt of, or any inquiry concerning reproductive health care services that are legal in Minnesota; or

   b. any assistance given to any person or entity that relates to the provision of, securing of, receipt of, or any inquiry concerning reproductive health care services that are legal in Minnesota.

   This limitation does not apply to any investigation or proceeding in which the conduct that is subject to potential liability under the investigation or proceeding would be subject to civil or criminal liability or professional sanction under Minnesota law if committed in Minnesota. Notwithstanding the general prohibition of this section, state agencies may provide information or assistance in connection with such an investigation or proceeding in response to the written request of the subject of such an investigation or proceeding.

4. **Protection against extradition.** To the maximum extent permitted under the United States and Minnesota Constitutions, and Minnesota Statutes 2021, Chapter 629, and in consultation with the Minnesota Attorney General pursuant to Minnesota Statutes 2021, section 629.04, I will exercise my discretion to decline requests for the arrest or surrender of any person charged with a criminal violation of a law of another state where the violation alleged involves the provision of, assistance with, securing of, or receipt of reproductive health care services, unless the acts forming the basis of the prosecution of the crime charged would also constitute a criminal offense under Minnesota law.

This Executive Order is effective immediately under Minnesota Statutes 2021, section 4.035, subdivision 2. It will remain in effect until rescinded by proper authority or until it expires in accordance with Minnesota Statutes 2021, section 4.035, subdivision 3.

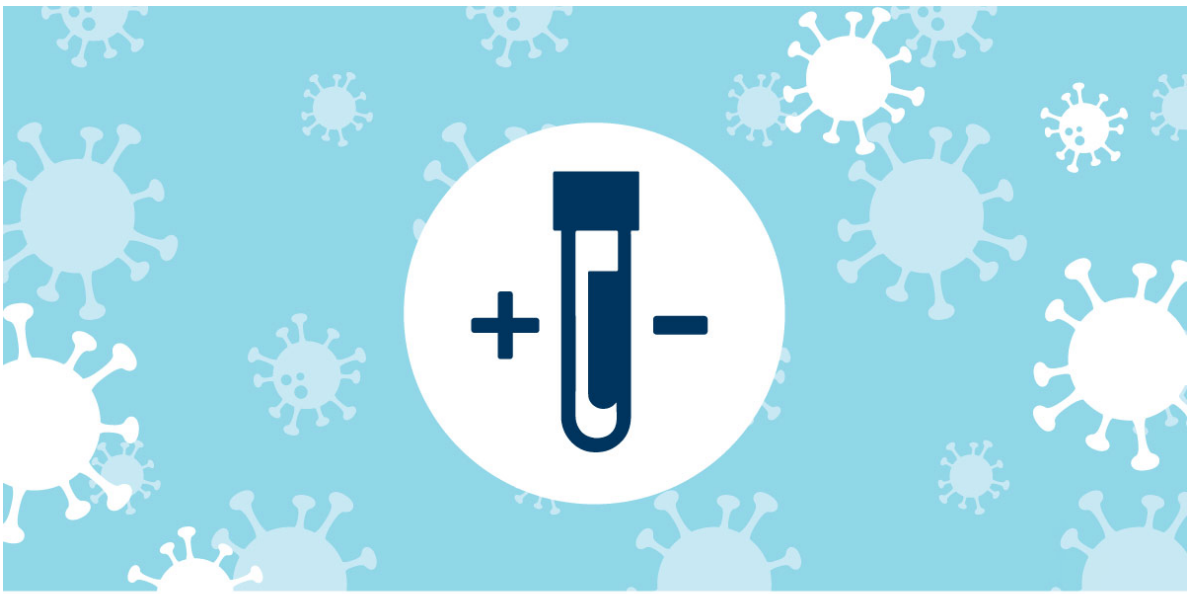

A determination that any provision of this Executive Order is invalid will not affect the enforceability of any other provision of this Executive Order. Rather, the invalid provision will be modified to the extent necessary so that it is enforceable.

Signed on June 25, 2022.

Tim Walz
