# Minnesota Rules: Amendments and Additions

## NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact the editor at 651-201-3204 or email at sean.plemmons@state.mn.us

# Exempt Rules

Exempt rules are excluded from the normal rulemaking procedures (*Minnesota Statutes* §§ 14.386 and 14.388). They are most often of two kinds. One kind is specifically exempted by the Legislature from rulemaking procedures, but approved for form by the Revisor of Statutes, reviewed for legality by the Office of Administrative Hearings, and then published in the State Register. These exempt rules are effective for two years only.

The second kind of exempt rule is one adopted where an agency for good cause finds that the rulemaking provisions of *Minnesota Statutes*, Chapter 14 are unnecessary, impracticable, or contrary to the public interest. This exemption can be used only where the rules:

- (1) address a serious and immediate threat to the public health, safety, or welfare, or
- (2) comply with a court order or a requirement in federal law in a manner that does not allow for compliance with *Minnesota Statutes* Sections 14.14-14.28, or
- (3) incorporate specific changes set forth in applicable statutes when no interpretation of law is required, or
- (4) make changes that do not alter the sense, meaning, or effect of the rules.

These exempt rules are also reviewed for form by the Revisor of Statutes, for legality by the Office of Administrative Hearings and then published in the *State Register*. In addition, the Office of Administrative Hearings must determine whether the agency has provided adequate justification for the use of this exemption. Rules adopted under clauses (1) or (2) above are effective for two years only. The Legislature may also exempt an agency from the normal rulemaking procedures and establish other procedural and substantive requirements unique to that exemption.

**KEY: Proposed Rules** - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material."  
**Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

## SUMMARY OF CHANGES

The following is a brief and partial summary of the proposed amendments. To review the complete *Federal Register* notice referenced below, visit [www.osha.gov](http://www.osha.gov).

(A) “Occupational Exposure to COVID-19, Emergency Temporary Standard” On June 21, 2021, Federal OSHA published an Emergency Temporary Standard (ETS) for COVID-19 in the Federal Register, to protect workers providing healthcare or healthcare support services. On December 27, 2021 Federal OSHA announced that it was withdrawing the non-recordkeeping portions of the healthcare ETS, while keeping the COVID-19 log and reporting provisions of 29 CFR 1910.502(q)(2)(ii), (q)(3)(ii)-(iv), and (r) in effect, as they were adopted under a separate provision of the OSH Act, section 8. MNOSHA proposes to permanently adopt certain provisions of the Healthcare ETS published in the Federal Register on June 21, 2021.

This rule proposal incorporates by reference paragraphs of the Healthcare ETS that include the recordkeeping requirements for a COVID-19 log. This requires covered employers with more than 10 employees to record COVID-19 cases of their employees on their COVID-19 log if a worker is infected by COVID-19, regardless of whether the instance is connected to exposure at work.

This rule adoption also requires covered employers to report to MNOSHA each work-related COVID-19 fatality within 8 hours of the employer learning about the fatality, and each work-related in-patient hospitalization within 24 hours of the employer learning about the hospitalization regardless of when the fatality or hospitalization occurred. As stated in 29 CFR 1910.502(r)(2), the employer must follow the requirements in 29 CFR 1904.39, except for 29 CFR 1904.39(a)(1) and (2) and (b)(6).

By this notice, Minnesota OSHA proposes to adopt the final rule published in the *Federal Register* June 21, 2021 for “Occupational Exposure to COVID-19; Emergency Temporary Standard,” with the exception of 29 CFR 1910.502 (c) - (p), (s); 29 CFR 1910.504; 29 CFR 1910.505; and 29 CFR 1910.509.

## Minnesota Pollution Control Agency (MPCA) Environmental Analysis and Outcomes Division Public Notice on State Implementation Plan Revision

**NOTICE IS HEREBY GIVEN** that the Commissioner of the Minnesota Pollution Control Agency (MPCA) has determined that a Regional Haze State Implementation Plan (SIP) update must be submitted to meet Minnesota's requirements under section 169A of the Clean Air Act (CAA). The draft SIP update is now available for public comment.

**Background.** Section 169A of the CAA requires that each state prepare and submit to the U.S. Environmental Protection Agency (EPA) SIPs to achieve national visibility goals in designated Class I areas. In Minnesota, Voyageurs National Park and the Boundary Waters Canoe Area Wilderness are subject to the Regional Haze Rule established in 40 CFR Part 51, Subpart P.

**Purpose of the SIP revision.** The purpose of this SIP revision is to fulfill Minnesota's responsibility under the CAA to work towards natural visibility conditions in Minnesota's Class I areas.

When states update the rules and statutes that are part of their SIP, they must submit those updates to EPA for review and approval into the SIP. Minnesota first submitted a Regional Haze SIP during the first implementation period in 2009. This SIP draft covers the second implementation period.

The MPCA will consider changing the contents of the proposed SIP revision based on comments received during the comment period. Following the end of the comment period, the Commissioner will decide whether to submit the proposed SIP revision to the EPA.

### Submitting written comments

Comments may be submitted by: (1) Online at <https://www.pca.state.mn.us/air/minnesotas-regional-haze-state-implementation-plan> (2) By mail to: Maggie Wenger, Minnesota Pollution Control Agency, Environmental Analysis and Outcomes Division, 520 Lafayette Road North, St. Paul, Minnesota 55155-4194.

## State Grants & Loans

In addition to requests by state agencies for technical/professional services (published in the State Contracts Section), the *State Register* also publishes notices about grants and loans available through any agency or branch of state government. Although some grant and loan programs specifically require printing in a statewide publication such as the State Register, there is no requirement for publication in the *State Register* itself. Agencies are encouraged to publish grant and loan notices, and to provide financial estimates as well as sufficient time for interested parties to respond.

### II. Objective of the RFP

DLI seeks proposals from qualified municipalities to partner with and provide partial funding through competitive grants.

## Midwestern Higher Education Compact (MHEC)

### Request for Proposals for Data Analytics for Student Success, Institutional Efficiencies, and Integration MHEC-RFP-08152022

**PROJECT NAME:** Data Analytics for Student Success, Institutional Efficiencies, and Integration MHEC-RFP-08152022

**DETAILS:** The Midwestern Higher Education Compact (MHEC) is competitively soliciting proposals on behalf of MHEC's 12 Compact member states for innovative and cost-effective Data Analytics for Student Success, Institutional Efficiencies, and Integration. The Midwestern Higher Education Compact (MHEC) is an instrumentality of 12 Midwestern states (Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Nebraska, North Dakota, Ohio, South Dakota, and Wisconsin). The Compact was established in 1991 through a common statute enacted into law by each of the member states (Minnesota Statute – Section 135A.20). MHEC's mission is to bring together midwestern states to develop and support best practices, collaborative efforts, and cost-sharing opportunities. Through these efforts it works to ensure strong, equitable postsecondary educational opportunities and outcomes for all.

MHEC has determined that developing a region-wide acquisition strategy for higher education Data Analytics for Student Success, Institutional Efficiencies, and Integration through one or more providers will benefit both the higher education community and the provider(s). MHEC is seeking competitive solicitations with the intent to negotiate master agreement terms and conditions, licensing, and pricing. The resulting master agreement will allow an institution to focus most of its energy on finding the technology solution that best fits its needs instead of the contract itself. The result of a master agreement facilitates a direct relationship between the technology provider(s) and institution(s) and contains discounted pricing as well as terms and conditions that are better than most higher education institutions can negotiate individually.

For further information about the Compact's education technology contracts, visit <https://www.mhec.org/contracts/technology>

**PUBLISH DATE:** A comprehensive Request for Proposal (RFP) for Data Analytics for Student Success, Institutional Efficiencies, and Integration MHEC-RFP-08152022 will be available on August 15, 2022, at MHEC's website <https://www.mhec.org/news>
