Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact the editor at 651-201-3204 or email at sean.plemmons@state.mn.us

Proposed Rules

Comments on Planned Rules or Rule Amendments. An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, and within 60 days of the effective date of any new statutory grant of required rulemaking.

Rules to be Adopted After a Hearing. After receiving comments and deciding to hold a public hearing on the rule, an agency drafts its rule. It then publishes its rules with a notice of hearing. All persons wishing to make a statement must register at the hearing. Anyone who wishes to submit written comments may do so at the hearing, or within five working days of the close of the hearing. Administrative law judges may, during the hearing, extend the period for receiving comments up to 20 calendar days. For five business days after the submission period the agency and interested persons may respond to any new information submitted during the written submission period and the record then is closed. The administrative law judge prepares a report within 30 days, stating findings of fact, conclusions and recommendations. After receiving the report, the agency decides whether to adopt, withdraw or modify the proposed rule based on consideration of the comments made during the rule hearing procedure and the report of the administrative law judge. The agency must wait five days after receiving the report before taking any action.

Rules to be Adopted Without a Hearing. Pursuant to *Minnesota Statutes* § 14.22, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing. An agency must first solicit **Comments on Planned Rules** or **Comments on Planned Rule Amendments** from the public. The agency then publishes a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the *State Register*. If, during the 30-day comment period, 25 or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of §§ 14.141-14.20, which state that if an agency decides to hold a public hearing, it must publish a notice of intent in the *State Register*.

KEY: Proposed Rules - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated “all new material.” **Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

Proposed Permanent Rules Relating to Class 2 Waters Beneficial Use Designations; Notice of Hearing

Proposed Amendments to Rules Governing Water Quality Standards – Use Classification 2, *Minnesota Rules*, chapter 7050; Revisor’s ID Number R-04692, OAH docket number 23-9003-37415

Overview. This notice is the Minnesota Pollution Control Agency’s (MPCA) legal notice of its intent to adopt amended water rules following a hearing. The purpose of these rules, known as the 2021-2022 Class 2 Use Designation Rule, is to update designated uses for some state waters to improve their restoration and protection. Assigning the appropriate beneficial use is an important first step in the process to assure the goals for each water body are attainable and can be protected.

This notice provides you the opportunity to submit your comments on this rule to the Administrative Law Judge (ALJ) **during the public comment period for this notice which ends at 4:30 p.m. on Friday, February 3, 2023**, orally at the hearing, and in writing after the hearing before the close of the hearing record. The **Subject of Rules** section provides further description of these proposed rules. If the proposed rules affect you in any way, the MPCA encourages you to participate in the rulemaking process.

Public Hearing. The MPCA intends to adopt rules after a public hearing following the procedures in the rules of

Proposed Rules

the Office of Administrative Hearings (OAH), *Minnesota Rules* parts 1400.2200 to 1400.2240, and the Administrative Procedure Act, *Minnesota Statutes*, sections 14.131 to 14.20. The MPCA will hold a virtual public hearing on the above-named rules, with the login and call-in information listed below. The hearing will be held on **Thursday, February 16, 2023, starting at 2:00 p.m.** The hearing continues until all parties present are heard. At the beginning of the hearing, the ALJ will give a presentation on the rulemaking process and the MPCA will give a presentation on the proposed rule amendments. Combined, these presentations are expected to take up to one hour, before the ALJ begins taking oral comment at the hearing.

Additional information regarding the hearings and the rules being proposed is provided at <https://www.pca.state.mn.us/get-engaged/use-designations-for-some-stream-reaches>. Hearing exhibits will also be posted to this website before the hearing.

All interested or affected persons will have an opportunity to participate by submitting either oral or written data, statements, or arguments. You may submit a statement without appearing at the hearing. Refer to the **Comments** section for information on submitting statements.

Administrative Law Judge. ALJ Suzanne Todnem will conduct the hearing. Judge Todnem's Legal Assistant, Michelle Severson, can be reached at the OAH, 600 North Robert Street, P.O. Box 64620, St. Paul, Minnesota 55164-0620, telephone 651-361-7874, and fax 651-539-0310. The rule hearing procedure is governed by *Minnesota Statutes*, sections 14.131 to 14.20, and by the rules of the OAH, *Minnesota Rules*, parts 1400.2000 to 1400.2240. You should direct questions about the rule hearing procedure to the ALJ.

Subject of Rules. Minnesota's surface waters are currently assigned, or designated, a number of possible beneficial uses (e.g., drinking water, aquatic life, and recreation such as fishing and swimming) based on which beneficial uses are or should be attained in those waters. Different physical and chemical criteria apply depending on the beneficial uses that need to be protected in each water. The MPCA routinely reviews use designations to ensure that assigned beneficial uses are protective and attainable as defined by the Clean Water Act and Minnesota Rule. As the result of routine monitoring and data generated by the Minnesota Department of Natural Resources trout waters rulemaking, the MPCA has identified waterbodies where the currently designated beneficial use does not accurately reflect an attainable use. The designated beneficial use for each water body must be correct and appropriate because the designated use affects many water quality protection and restoration efforts (e.g., assessment, stressor identification, National Pollutant Discharge Elimination System permitting, and Watershed Restoration and Protection Strategies). The proposed rules update designated uses for some state waters to improve their restoration and protection. Assigning the appropriate beneficial use is an important first step in the process to assure the goals for each water body are attainable and can be protected.

The proposed rules do not change numeric or narrative water quality standards. The proposed rules make updates and corrections to Class 2 (Aquatic Life) beneficial use designations or classifications for streams. These updates fall into two groups: 1) reviewing streams for appropriate classification as cold or warm water habitats; and 2) reviewing streams under the tiered aquatic life use (TALU) framework. The TALU rules are a framework for classifying streams based on the aquatic life each supports or has the potential to support; it assigns streams to one of three tiers: Exceptional Use, General Use, and Modified Use; and builds upon existing water quality standards. Described below are the main parts of the rule amendments the MPCA is proposing. For more information about the proposed rules, please refer to the

Proposed Rules

statement of need and reasonableness (SONAR) which is available as stated below.

1. Minn. R. 7050.0470. The proposed rules update the use designations for 232 stream reaches. The MPCA is updating the use designation tables incorporated by reference in Minn. R. 7050.0470 that list the specific use designations. The proposed changes to update these use designation tables, and a summary table of the Class 2 proposed use designations is available on the MPCA website for this rulemaking at <https://www.pca.state.mn.us/get-engaged/use-designations-for-some-stream-reaches>.
2. Minn. R. 7050.0470. The proposed rules will result in minor revisions to rule language in Minn. R. 7050.0470 and identify the estimated date for adoption of these proposed rules.

Public Comments. You and all interested or affected persons, including representatives of associations and other interested groups, will have multiple opportunities to submit comments. **Under this notice, you have until 4:30 p.m. on Friday, February 3, 2023,** to submit written comment in support of or in opposition to the proposed rules. The ALJ will then also accept your comments orally at the hearing on Thursday, February 16, 2023, and in writing after the hearing before the hearing record closes.

Please submit written comments **to the ALJ via the OAH Rulemaking eComments website at <https://minnesotaoah.granicusideas.com/discussions>**. If it is not possible for you to use the eComments website, you may submit your written comments in person, by U.S. mail, or by fax to the ALJ using the contact information provided in the ALJ section of this notice. Any comments or materials that you present or submit must relate to the proposed rules.

Post-hearing Comments. After the hearing, you may submit written comments to the ALJ using the eComments website (the preferred method) or by U.S. mail, fax, or personal delivery. These comments must be submitted within five working days after the hearing date. At the hearing, the ALJ may order this five-day comment period extended for no more than 20 calendar days.

After the comment period, there is an additional five-working-day rebuttal period during which the MPCA and any interested person may respond in writing to any new information submitted. No one may submit additional evidence during the five-day rebuttal period.

All comments and responses must be submitted to the ALJ no later than 4:30 p.m. on the due date. All comments or responses received are public and will be available for review at <https://minnesotaoah.granicusideas.com/discussions>

You may learn more about the OAH Rulemaking eComments website, including step-by-step instructions and frequently asked questions at <https://mn.gov/oah/forms-and-filing/eComments/>. Questions about submitting comments via the OAH Rulemaking eComments website should be directed to the OAH at 651-361-7900.

Please note that comments regarding the MPCA's proposal must be sent to the ALJ. Comments sent to the MPCA alone will not be part of the rulemaking record. Comments submitted after the close of the comment period will not be accepted or considered part of the record.

Modifications. The MPCA may modify the proposed rules as a result of the rule hearing process. It must support modifications by data and views presented during the rule hearing process. The adopted rules may not be substantially different than these proposed rules, unless the MPCA follows the procedure under *Minnesota Rules*, part 1400.2110. The public is also advised that depending upon the comments received the MPCA may withdraw the proposed changes.

MPCA Contact Person. The MPCA contact person is: Mary H. Lynn at the MPCA, 520 Lafayette Road North, St. Paul, Minnesota 55155-4194; telephone 651-757-2439, and mary.lynn@state.mn.us. You may also call the MPCA at 651-296-6300 or 1-800-657-3864; use your preferred relay service.

Availability of Rules. A copy of the proposed rules is published in the *State Register* after this notice, or they can be viewed on the MPCA website for this rulemaking at <https://www.pca.state.mn.us/get-engaged/use-designations-for-some-stream-reaches>. A free copy of the proposed rules is also available upon request by contacting the **MPCA contact person**. One copy per request will be sent.

Proposed Rules

Availability of Statement of Need and Reasonableness. The statement of need and reasonableness (SONAR) summarizes the justification for the proposed rules, including a description of who will be affected by the proposed rules and an estimate of the probable cost of the proposed rules. The SONAR can be viewed at the MPCA's website for this rulemaking at <https://www.pca.state.mn.us/get-engaged/use-designations-for-some-stream-reaches>. A print copy is available for the cost of reproduction by contacting the MPCA contact person.

Alternative Format/Accommodation. Upon request, this information can be made available in an alternative format, such as large print, braille, or audio. To make such a request or if you need an accommodation to make this hearing accessible, please contact the **MPCA contact person**.

Lobbyist Registration. *Minnesota Statutes*, chapter 10A, requires each lobbyist to register with the State Campaign Finance and Public Disclosure Board. You should direct questions regarding this requirement to the Campaign Finance and Public Disclosure Board at Suite #190, Centennial Building, 658 Cedar Street, St. Paul, Minnesota 55155, telephone 651-539-1180 or 1-800-657-3889.

Statutory Authority. The proposed rules are authorized by *Minnesota Statutes*, sections 115.03 and 115.44.

Adoption Procedure after the Hearing. After the close of the hearing record, the ALJ will issue a report on the proposed rules. You may ask to be notified of the date when the ALJ's report will become available and can make this request at the hearing or in writing to the ALJ. You may also ask to be notified of the date that the MPCA adopts the rules and files them with the Secretary of State, or ask to register with the MPCA to receive notice of future rule proceedings. You may make these requests at the hearing or in writing to the **MPCA contact person**.

Order. I order that the rulemaking hearing be held at the date, time, and location listed above.

Date: November 29, 2022

Expedited Emergency Rules

Provisions exist for the Commissioners of some state agencies to adopt expedited emergency rules when conditions exist that do not allow the Commissioner to comply with the requirements for emergency rules. The Commissioner must submit the rule to the attorney general for review and must publish a notice of adoption that includes a copy of the rule and the emergency conditions. Expedited emergency rules are effective upon publication in the *State Register*, and may be effective up to seven days before publication under certain emergency conditions.

Expedited emergency rules are effective for the period stated or up to 18 months. Specific *Minnesota Statute* citations accompanying these expedited emergency rules detail the agency's rulemaking authority.

Department of Natural Resources

Adopted Expedited Emergency Game and Fish Rules: Additional Special Hunts for Managing Chronic Wasting Disease in Deer

Notice is hereby given that, pursuant to the Commissioner's authority set forth in Minn. Stat. § 84.027, subd. 13(b) to set hunting seasons and Minn. Stat. § 97A.045, subds. 2(b), 11 to protect a species of a wild animal and to act to prevent or control wildlife disease, the Commissioner is adopting the following rule to assess and thus help prevent the spread of chronic wasting disease (CWD) among the deer population in deer permit area 184 in portions of Beltrami, Clearwater and Hubbard Counties. This rule is adopted as an expedited emergency rule pursuant to the authority granted to the commissioner to adopt expedited emergency rules in Minn. Stat. § 97A.045, subds. 2(b), 11. The use of the department's expedited emergency rulemaking authority is necessitated by the detection of CWD in a wild deer in Beltrami County during the firearms deer season. Because it is important to collect samples from additional deer in this area as soon as possible, the Minnesota Department of Natural Resources (DNR) is using its expedited emergency rulemaking authority pursuant to Minn. Stat. §§ 84.027, subd. 13(b), 97A.045, subds. 2(b), 11 instead of the Chapter 14 rulemaking process, or department's emergency rule making authority set forth in Minn. Stat. §§ 97A.0451 -97A.053.

CWD was detected in a wild deer in Beltrami County that was harvested during the November 2022 firearms hunting season. CWD infectious agents are extremely resistant in the environment, and transmission of CWD can occur both directly through interaction between deer and indirectly by interaction of deer with places in the environment that have been occupied by infected deer.

All hunters must submit samples from deer taken during this special hunt to the DNR for testing at a designated site. By testing harvested deer, the DNR can track the spread of the disease, determine whether the risk to the wild deer herd is increasing, and determine whether further actions to control the spread may be necessary.

Subp. 9. Disease management hunts.

Expedited Emergency Rules

A. To participate in the special hunt under item B, hunters must purchase a disease management permit according to part 6232.1980 or possess an unused site tag from a 2022 Minnesota landowner license, youth or adult firearm license, youth or adult muzzleloader license, youth or adult archery license, bonus permit, or early antlerless permit. During the special hunt under item B:

[For text of subitems (1) and (2), see State Register, volume 47, page 141]

(3) firearm hunters in deer permit areas 605, 643, 645, 646, 647, 648, 649, and 655 may use only legal shotguns loaded with single-slug shotgun shells, legal muzzle-loading long guns, legal handguns, or legal crossbows for taking deer and firearm hunters in deer permit area 184 may use any legal firearm for taking deer; and

[For text of subitem (4), see State Register, volume 47, page 141]

B. The special hunt is open December 16 to 18 as provided in item A for taking an unlimited number of either-sex deer by firearms, muzzleloader, and archery, unless otherwise indicated, in the following areas:

(1) deer permit areas 184, 605, 643, 645, 646, 647, 648, 649, and 655 as described in part 6232.4700;

[For text of subitems (2) to (5), see State Register, volume 47, page 141]

[For text of items C and D, see State Register, volume 47, page 141]

E. During the special hunt in item B, disease management permits are valid in deer permit area 184 for either-sex deer without first purchasing an archery, a firearm, or a muzzleloader license according to part 6232.1980, published in the State Register, volume 47, page 141.

EFFECTIVE PERIOD. The expedited emergency amendment to Minnesota Rules, part 6232.1600, subpart 9, expires January 31, 2023.

Revenue Notices

The Department of Revenue began issuing Revenue Notices in July of 1991. Revenue Notices are statements of policy made by the department that provide interpretation, detail, or supplementary information concerning a particular statute, rule, or departmental practice. The authority to issue Revenue Notices is found in *Minnesota Statutes*, Section 270C.07.

Minnesota Department of Revenue

Revenue Notice # 22-03: Civil Procedures - Substantial Understatement Penalty – Definitions

Introduction

This Revenue Notice states the Department's position that the terms "substantial authority" and "reasonable basis" used in *Minnesota Statutes*, section 289A.60, subdivision 4(d) have the meaning given to those terms in *Treasury Regulations*, sections 1.6662-4(d)(2), -4(d)(3)(i) and (ii), and 1.6662-3(b)(3), as amended through the date of publication of this Notice (collectively herein, the "Federal Definitions") as well as the meaning given to those terms in the "Cross-Referenced Language" as that term is defined below.

Background

Minnesota Statutes, section 289A.60, subdivision 4 requires the Commissioner of Revenue to "impose a penalty for substantial understatement of any tax payable to the commissioner, except the tax imposed under chapter 297A." Section

Revenue Notices

289A.60, subdivision 4(d) provides, in pertinent part, that:

The amount of the understatement shall be reduced by that part of the understatement that is attributable to the tax treatment of any item by the taxpayer if (1) there is or was **substantial authority** for the treatment, or (2)(i) any item with respect to which the relevant facts affecting the items are adequately disclosed in the return or in a statement attached to the return and (ii) there is a **reasonable basis** for the tax treatment of the item. (Emphasis added.)

The terms “substantial authority” and “reasonable basis” are not defined in section 289A.60, subdivision 4(d). However, that section does provide cross-references to certain provisions of section 6662(d) of the *Internal Revenue Code* when discussing the terms “substantial authority,” “reasonable basis,” and “special rules in cases involving tax shelters” (collectively, the “Cross-Referenced Language”).

Section 6662 of the *Internal Revenue Code* imposes a penalty for, among other things, the substantial understatement of federal income tax. Section 6662(d)(2)(B) provides, similar to *Minnesota Statutes*, section 289A.60, subdivision 4(d), for reduction in the amount of the understatement penalty under the following conditions:

The amount of the [substantial] understatement under subparagraph (A) shall be reduced by that portion of the understatement which is attributable to—

- (i) the tax treatment of any item by the taxpayer if there is or was **substantial authority** for such treatment, or
- (ii) any item if—
 - (I) the relevant facts affecting the item’s tax treatment are adequately disclosed in the return or in a statement attached to the return, and
 - (II) there is a **reasonable basis** for the tax treatment of such item by the taxpayer.

(Emphasis added.)

Congress authorized the U.S. Department of the Treasury to prescribe regulations implementing the substantial understatement penalty and the related reductions provided therein. See section 7805(a) of the *Internal Revenue Code*. *Treasury Regulations*, sections 1.6662-3 and 1.6662-4 were first enacted in 1991 and last amended in 2003. The current version of those regulations contains the following provisions discussing the term “substantial authority”:

(d) Substantial authority - . . .

(2) Substantial authority standard. The substantial authority standard is an objective standard involving an analysis of the law and application of the law to relevant facts. The substantial authority standard is less stringent than the more likely than not standard (the standard that is met when there is a greater than 50-percent likelihood of the position being upheld), but more stringent than the reasonable basis standard as defined in § 1.6662-3(b)(3). The possibility that a return will not be audited or, if audited, that an item will not be raised on audit, is not relevant in determining whether the substantial authority standard (or the reasonable basis standard) is satisfied.

(3) Determination of whether substantial authority is present -

(i) Evaluation of authorities. There is substantial authority for the tax treatment of an item only if the weight of the authorities supporting the treatment is substantial in relation to the weight of authorities supporting contrary treatment. All authorities relevant to the tax treatment of an item, including the authorities contrary to the treatment, are taken into account in determining whether substantial authority exists. The weight of authorities is determined in light of the pertinent facts and circumstances in the manner prescribed by paragraph (d)(3)(ii) of this section. There may be substantial authority for more than one position with respect to the same item. Because the substantial authority standard is an objective standard, the taxpayer’s belief that there is substantial authority for the tax treatment of an item is not relevant in determining whether there is

substantial authority for that treatment.

(ii) Nature of analysis. The weight accorded an authority depends on its relevance and persuasiveness, and the type of document providing the authority. For example, a case or revenue ruling having some facts in common with the tax treatment at issue is not particularly relevant if the authority is materially distinguishable on its facts, or is otherwise inapplicable to the tax treatment at issue. An authority that merely states a conclusion ordinarily is less persuasive than one that reaches its conclusion by cogently relating the applicable law to pertinent facts. The weight of an authority from which information has been deleted, such as a private letter ruling, is diminished to the extent that the deleted information may have affected the authority's conclusions. The type of document also must be considered. For example, a revenue ruling is accorded greater weight than a private letter ruling addressing the same issue. An older private letter ruling, technical advice memorandum, general counsel memorandum or action on decision generally must be accorded less weight than a more recent one. Any document described in the preceding sentence that is more than 10 years old generally is accorded very little weight. However, the persuasiveness and relevance of a document, viewed in light of subsequent developments, should be taken into account along with the age of the document. There may be substantial authority for the tax treatment of an item despite the absence of certain types of authority. Thus, a taxpayer may have substantial authority for a position that is supported only by a well-reasoned construction of the applicable statutory provision.

Treasury Regulations, sections 1.6662-4(d)(2) and 1.6626-4(d)(3)(i) and (ii).

These treasury regulations also contain the following provision discussing the term “reasonable basis”:

(3) Reasonable basis. Reasonable basis is a relatively high standard of tax reporting, that is, significantly higher than not frivolous or not patently improper. The reasonable basis standard is not satisfied by a return position that is merely arguable or that is merely a colorable claim. If a return position is reasonably based on one or more of the authorities set forth in § 1.6662-4(d)(3)(iii) (taking into account the relevance and persuasiveness of the authorities, and subsequent developments), the return position will generally satisfy the reasonable basis standard even though it may not satisfy the substantial authority standard as defined in § 1.6662-4(d)(2). (See § 1.6662-4(d)(3)(ii) for rules with respect to relevance, persuasiveness, subsequent developments, and use of a well-reasoned construction of an applicable statutory provision for purposes of the substantial understatement penalty.)

Treasury Regulations, section 1.6662-3(b)(3).

These provisions, which reflect the federal regulations in effect on the date of publication of this Revenue Notice, are collectively referred to in this Notice as the “Federal Definitions.” Any amendments made to these federal regulations after publication of this Notice are not automatically included within the term “Federal Definitions” as used in this Revenue Notice.

Department Position

This Revenue Notice provides taxpayers with guidance on how the Department interprets the terms “substantial authority” and “reasonable basis” in *Minnesota Statutes*, section 289A.60, subdivision 4(d). The Department has determined it is appropriate to give these terms the same meaning they are given in administering the comparable federal understatement penalty imposed under section 6662 of the *Internal Revenue Code*, as reflected in the Federal Definitions, as well as the Cross-Referenced Language in *Minnesota Statutes*, section 289A.60, subdivision 4(d).

Notice of Meeting Schedule, Meeting Via Conference Call

Future monthly meetings of the Rural Finance Authority Board are scheduled for 1:00 P.M. at 625 Robert Street North on the following dates in 2023: January 11; February 8; March 8; April 12; May 10; June 14; September 13; October 11; November 8; December 13. July and August meetings are combined into one all-day, out-state meeting and tour. Notice of the date and location of the out-state meeting will be published at a later date. Some members may participate in certain of these meetings by electronic means. In accordance with Minnesota Statutes, Section 471.705 (1997), the Agency, to the extent practicable, will allow a person to monitor those certain meetings electronically from a remote location. If such monitoring shall occur, the Agency may require the person making such a connection to pay for documented marginal costs that the Agency incurs as a result of the additional connection. If you wish to attend, sign in at the front desk; you will be issued a badge and call 651-201-6004 for an escort to the meeting.

State Grants & Loans

In addition to requests by state agencies for technical/professional services (published in the State Contracts Section), the *State Register* also publishes notices about grants and loans available through any agency or branch of state government. Although some grant and loan programs specifically require printing in a statewide publication such as the *State Register*, there is no requirement for publication in the *State Register* itself. Agencies are encouraged to publish grant and loan notices, and to provide financial estimates as well as sufficient time for interested parties to respond.

State Contracts

Informal Solicitations: Informal solicitations for professional/technical (consultant) contracts valued at over \$5,000 through \$50,000, may either be published in the *State Register* or posted on the Department of Administration, Materials Management Division's (MMD) Web site. Interested vendors are encouraged to monitor the P/T Contract Section of the MMD Website at www.mmd.admin.state.mn.us for informal solicitation announcements.

Formal Solicitations: Department of Administration procedures require that formal solicitations (announcements for contracts with an estimated value over \$50,000) for professional/technical contracts must be published in the *State Register*. Certain quasi-state agency and Minnesota State College and University institutions are exempt from these requirements.

Requirements: There are no statutes or rules requiring contracts to be advertised for any specific length of time, but the Materials Management Division strongly recommends meeting the following requirements: \$0 - \$5000 does not need to be advertised. Contact the Materials Management Division: (651) 296-2600 \$5,000 - \$25,000 should be advertised in the *State Register* for a period of at least seven calendar days; \$25,000 - \$50,000 should be advertised in the *State Register* for a period of at least 14 calendar days; and anything above \$50,000 should be advertised in the *State Register* for a minimum of at least 21 calendar days.
