Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact the editor at 651-201-3204 or email at sean.plemmons@state.mn.us

Proposed Rules

Comments on Planned Rules or Rule Amendments. An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, and within 60 days of the effective date of any new statutory grant of required rulemaking.

Rules to be Adopted After a Hearing. After receiving comments and deciding to hold a public hearing on the rule, an agency drafts its rule. It then publishes its rules with a notice of hearing. All persons wishing to make a statement must register at the hearing. Anyone who wishes to submit written comments may do so at the hearing, or within five working days of the close of the hearing. Administrative law judges may, during the hearing, extend the period for receiving comments up to 20 calendar days. For five business days after the submission period the agency and interested persons may respond to any new information submitted during the written submission period and the record then is closed. The administrative law judge prepares a report within 30 days, stating findings of fact, conclusions and recommendations. After receiving the report, the agency decides whether to adopt, withdraw or modify the proposed rule based on consideration of the comments made during the rule hearing procedure and the report of the administrative law judge. The agency must wait five days after receiving the report before taking any action.

Rules to be Adopted Without a Hearing. Pursuant to *Minnesota Statutes* § 14.22, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing. An agency must first solicit **Comments on Planned Rules** or **Comments on Planned Rule Amendments** from the public. The agency then publishes a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the *State Register*. If, during the 30-day comment period, 25 or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of §§ 14.1414.20, which state that if an agency decides to hold a public hearing, it must publish a notice of intent in the *State Register*.

KEY: Proposed Rules - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated “all new material.” **Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

Subject of the Repeal of Obsolete Rules and Statutory Authority.

- **Personal Care Services:** Minnesota Rules, part 9505.0335. The requirements and other information in this rule part are outdated and have been replaced by Minnesota Statutes, section 256.0659.
- **Health Services Records:** Minnesota Rules, part 9505.2175, subpart 7. This subpart references a repealed statute (Minnesota Statutes, section 256B.0655, subdivisions 5-6) and a rule part that the Department is proposing to repeal (Minnesota Rules, part 9505.0335). This subpart also references documentation requirements that are already in statute or elsewhere in rule (Minnesota Rules, part 9505.2175, subparts 1-2; and Minnesota Statutes, section 256.0659, subdivisions 10, 12, 14, and 16).
- **References to Proposed Repealed Rules:** References to these proposed repealed rules are also being updated accordingly in Minnesota Rules, parts 3300.5060, 9505.0295, 9505.0297, and 9505.0360.

The Department identified the proposed obsolete rules to be repealed in its annual obsolete rules report under Minnesota Statutes section 14.05, subdivision 5. The statutory authority to repeal the obsolete rules is found in Minnesota Statutes, section 14.3895. The initial statutory authority under which these rules were created is found in Minnesota Statutes, section 256B.04, which gives the Commissioner of Human Services the authority to make rules to carry out and enforce the medical assistance program in Minnesota. A copy of the proposed obsolete rules to be repealed is published in the State Register and included with this notice as mailed.

Comments. You have until 4:30 p.m. on Friday, Sept. 22, 2023, to submit written comment in support of or in opposition to the proposed repeal of obsolete rules and any part or subpart of the repeal. Your comment must be in writing and received by the agency contact person by the due date. The Department encourages comment. Your comment should identify the portion of the proposed obsolete rules to be repealed addressed and the reason for the comment. In addition, you are encouraged to object to the repeal of any part or subpart. You must also make any comments on the legality of the proposed rules during this comment period.

Request for Hearing. In addition to submitting comments, you may also request that a hearing be held on the rules. You must make your request in writing and the agency contact person must receive it by 4:30 p.m. on Friday, Sept. 22, 2023. Your written request must include your name and address. You must identify the portion of the proposed repealed rules to which you object or state that you oppose the entire set of rules. Any request that does not comply with these requirements is not valid and the Department cannot count it for determining whether it must hold a public hearing. You are also encouraged to state the reason for the request and any changes you want made to the proposed rules.

- **Effect of Requests.** If 25 or more people submit a written request, the Department will have to meet the requirements of Minnesota Statutes, sections 14.131 to 14.20 for rules adopted after a hearing or the requirements of Minnesota Statutes, sections 14.22 to 14.28 for rules adopted without a hearing, including the preparation of a statement of need and reasonableness and the opportunity for a hearing.

Proposed Rules

Modifications. The Department might modify its choice of these designated rules or parts proposed for repeal (for example, fixing a typo or deciding not to repeal a rule because the rule is discovered not to be obsolete), based on comments and information submitted to the Department. If the final rules are identical to the rules originally published in the State Register, the Department will publish a notice of adopting the repealers in the State Register. If the final rules are different from the rules originally published in the State Register, the Department must publish a copy of the changes in the State Register. If the proposed repeal of obsolete rules affects you in any way, the Department encourages you to participate in the rulemaking process.

Alternative Format. Upon request, this information can be made available in an alternative format, such as large print, braille, or audio. To make such a request, please contact the agency contact person at the address or telephone number listed above.

Lobbyist Registration. *Minnesota Statutes*, chapter 10A, requires each lobbyist to register with the State Campaign Finance and Public Disclosure Board. You may direct questions regarding this requirement to the Campaign Finance and Public Disclosure Board at: Suite 190, Centennial Building, 658 Cedar Street, St. Paul, Minnesota 55155, telephone (651) 539-1180 or 1-800-657-3889.

Repeal and Review of Obsolete Rules. If no hearing is required, the Department may repeal the obsolete rules at the end of the comment period. The Department will then submit rules and supporting documents to the Office of Administrative Hearings for review for legality. You may ask to be notified of the date that the Department submits the rules. If you want to be so notified, or want to receive a copy of the repealed obsolete rules, or want to register with the Department to receive notice of future rule proceedings, submit your request to the agency contact person listed above.

The Department is considering rule amendments to include requirements for the permitting and installation of submerged closed loop heat exchangers in water supply wells and other subjects that come up, but only as time permits.

Note: This amendment process is separate and in addition to the proposed amendments to the Well Code to add an additional allowable form of Portland Cement. (See, Proposed Amendments to Rules Governing Wells and Borings, *Minnesota Rules*, Chapter 4725; Revisor's ID, R4754; OAH Docket No. 22-9000-38392.)

Persons Affected. The amendment to the rules would likely affect licensed well contractors, water supply well owners, submerged closed loop heat exchanger system owners, public water suppliers, and property owners adjacent to possible submerged closed loop heat exchanger system installations.

Statutory Authority. *Minnesota Statutes*, section 103I.208, subdivision 3, requires the commissioner to adopt rules "to implement requirements for the permitting and installation of submerged closed loop heat exchangers according to chapter 14." Additional authority comes from section 103I.101, subdivision 5, which authorizes the Department to adopt rules governing the construction, design, repair, sealing, maintenance, monitoring, and safety of wells and borings.

Public Comment. Interested persons or groups may submit comments or information on these possible rules in writing or orally until further notice is published in the State Register that the Department intends to adopt or withdraw the rules. The Department will not publish a notice of intent to adopt the rules until more than 60 days have elapsed from the date of this request for comments.

The Department plans to appoint an advisory committee to comment on the possible rules. The advisory committee will consist of representatives of the likely affected parties and members of the general public. The committee will meet approximately four times during the next six to twelve months to discuss proposed revisions to the Well Code.

The Department is also interested in whether local governments might be required to adopt or amend an ordinance or other regulation to implement these rules and therefore requests that local governments provide us with relevant information about their ordinances.

Official Notices

The Department is seeking information about whether the cost of complying with the rule in the first year after the rule takes effect will cost will exceed \$25,000 for one small city or business under Minnesota Statutes, section 14.127 and are requesting comments about the “cumulative effect of the rule with other federal and state regulations,” as required by Minnesota Statutes, section 14.131(8).

Rules Drafts. The Department has not yet drafted the possible rule amendments. When a draft becomes available, the Department will post it to its webpage for this rulemaking project at <https://www.health.state.mn.us/communities/environment/water/wells/index.html>. You may review the most recently published version of *Minnesota Rules*, Chapter 4725, Wells and Borings at <https://www.revisor.mn.gov/rules/4725/>.

Minnesota Department of Health (MDH)

Division of Health Policy

Notice of Proposed Revised Rules: Minnesota Uniform Companion Guide for the Implementation of the ASC X12/005010X279A1 Health Care Eligibility Benefit Inquiry and Response (270/271)

NOTICE IS HEREBY GIVEN that the Minnesota Department of Health (MDH) is seeking information or opinions from outside sources regarding a proposed revised version (version 13.0) of the Minnesota Uniform Companion Guide (MUCG) for the implementation of the ASC X12/005010X279A1 Health Care Eligibility Benefit Inquiry and Response (270/271). For brevity, the proposed revised MUCG for the implementation of the ASC X12/005010X279A1 Health Care Eligibility Benefit Inquiry and Response (270/271) transaction is hereinafter referred to as “v13 270-271” or “v13 270-271 MUCG.”

Written comments. Written comments regarding the proposed revised rules above will be accepted during a 30-day public comment period beginning Monday, July 17, 2023, and until 4:00 p.m. on Wednesday, August 16, 2023. All

comments must be submitted via the *Minnesota Office of Administrative Hearings (OAH) Rulemaking e-comments website* (<https://minnesotaoah.granicusideas.com/discussions>).

Obtaining copies of the proposed revised rules. The proposed v13 270-271 MUCG will be available for viewing and downloading at the *MDH Health Care Administrative Simplification* webpage at <https://www.health.state.mn.us/facilities/ehealth/asa/index.html>.

Agency contact person. Questions about this announcement of proposed revised rules and the related public comment period may be submitted to Susie Blake at MDH via e-mail at susie.blake@state.mn.us, or via phone at (651) 201-5508.

Description of the Rules. Minnesota Statutes, section 62J.536, requires the Minnesota Commissioner of Health, in consultation with the Minnesota Administrative Uniformity Committee (AUC), to promulgate rules pursuant to section 62J.61 establishing and requiring group purchasers, clearinghouses, and health care providers to exchange specified health care administrative transactions electronically, using the applicable single, uniform companion guide adopted by the Commissioner of Health. Under Minnesota Statutes, section 62J.61, the Commissioner of Health is exempt from chapter 14, including section 14.386, in implementing sections 62J.50 to 62J.54, subdivision 3, and 62J.56 to 62J.59. More information regarding the AUC can be accessed on the *Minnesota Administrative Uniformity Committee* webpage at <https://www.health.state.mn.us/facilities/ehealth/auc/index.html>.

MDH currently administers and maintains a suite of the single uniform companion guides that have been adopted into rule pursuant to Minnesota Statutes section 62J.536 and 62J.61. Each of the companion guides that has been adopted into rule is known as a Minnesota Uniform Companion Guide (MUCG). The 270-271 MUCG describes standard data content and technical specifications for the required exchange of the 270-271 transaction by entities subject to Minnesota Statutes, section 62J.536.

When the MUCG are adopted into rule, they:

- Are to be used in conjunction with all applicable Minnesota and federal regulations, including 45 CFR Parts 160, 162, and 164 (HIPAA Administrative Simplification, including adopted federal operating rules) and related X12N and retail pharmacy specifications (X12N and National Council of Prescription Drug Plans (NCPDP) implementation specifications);
- Supplement, but do not otherwise modify, the ASC X12N and NCPDP implementation specifications in a manner that will make their implementation by users to be out of compliance; and
- Must be appropriately incorporated by reference and/or the relevant transaction information must be displayed in any companion guides provided by entities subject to Minnesota Statutes, section 62J.536. In particular, the applicable information in the adopted rules must be appropriately incorporated by reference and/or displayed so as to satisfy requirements of the Code of Federal Regulations 45 § 162.1203 and § 162.1603 for companion guide compliance with the “CORE v5010 Master Companion Guide Template.”
- The MUCG are updated and revised as needed to reflect changes in federal and state laws, business needs and operations, familiarity with health care electronic data interchange, and other factors to ensure that they remain current, accurate, relevant, and most useful. The MUCG are adopted into rule through the rulemaking process pursuant to Minnesota Statutes, section 62J.61.

Changes and Updates to Previously Adopted Rules. The Commissioner of Health, in consultation with the AUC and its Technical Advisory Groups (TAGs), determined that it is necessary to revise the version of the 270-271 MUCG that was most recently adopted into rule and that is in force as of the publication date of this notice. The previously adopted 270-271 MUCG that is currently in force was published as “version 12.0” and is available at the *MDH Health Care Administrative Simplification* webpage at <https://www.health.state.mn.us/facilities/ehealth/asa/index>.

Official Notices

html. The proposed revised version of the rule is “version 13.0” and will also be available on the *MDH Health Care Administrative Simplification* webpage, <https://www.health.state.mn.us/facilities/ehealth/asa/index.html>. The proposed v13 MUCG was developed in consultation with the Minnesota Administrative Uniformity Committee (AUC) and its Eligibility Technical Advisory Group (TAG).

Pursuant to Minnesota Statutes, section 62J.61, because the Commissioner of Health has determined that it is unduly cumbersome to publish the entire text of the proposed rule revisions, the Commissioner is publishing this notice of the proposed revisions to the adopted rules now in force.

Revisions proposed for the v13 270-271 MUCG.

The v12 270-271 MUCG title page and sections 1 and 2 have been considerably shortened and consolidated into a single “Introduction and Overview” section in the proposed v13, to be more consistent with more recently adopted Minnesota Uniform Companion Guides (MUCG), such as the most recently adopted version (*v16 of the 837 Professional MUCG*).

As a result of the reorganization above, the section numbering throughout the v13 document has been revised as needed.

Formatting has been changed to be consistent with more recently adopted Minnesota Uniform Companion Guides (MUCG), such as the most recently adopted version (*v16 of the 837 Professional MUCG*) (<https://www.health.state.mn.us/facilities/ehealth/auc/guides/docs/cg837p.pdf>).

References to other sections within the document have been revised to read correctly and other minor errors have been corrected.

An error in the table on pages 17-18 of the v12 270-271 MUCG was corrected as follows in the proposed v13:

In the last row on page 17 of the v12 MUCG (“Loop 2100C Subscriber Name, AAA Subscriber Request Validation”), the entry in the last column of the row has been corrected to read “Refer to section 2.3, Rejected Transaction Reporting, for more information.”

In the first row on page 18 of the v12 MUCG (“Loop 2100C Subscriber Name, DTP Subscriber Date”), the entry in the last column of the row has been corrected to read “For only the ‘e-prescribing’ use case, as defined in Minnesota Statutes, section 62J.497, either the code 291 or 307 may be returned.”

Consideration of comments and potential subsequent rulemaking

After the Commissioner of Health has considered all comments received, the Commissioner will publish a notice pursuant to Minnesota Statutes, section 62J.61 of the adoption into rule of the above referenced MUCG. Per statute, if the adopted rules are the same as the proposed rules, the notice shall state that the rules have been adopted as proposed. If the adopted rules differ from the proposed rules, the portions of the adopted rules which differ from the proposed rules shall be included in the notice of adoption. The adopted version of the 270-271 MUCG will be known as version 14.0 and will supersede any previous versions. The version 14.0 rules will take effect 30 days subsequent to the notice of adoption.

Request for Proposals for Exceptions to the Nursing Home Moratorium

Purpose

The commissioner of health is accepting written proposals from nursing homes and certified boarding care homes requesting funding through the moratorium exception process, according to Minn. Stat. § 144A.073. The commissioner of health, in coordination with the commissioner of human services, may approve such requests under conditions listed in the Minnesota Statutes. These conditions refer to categories of exceptions which are defined as:

- (a) “Conversion” means the relocation of a nursing home bed from a nursing home to an attached hospital.
- (b) “Relocation” means the movement of licensed nursing home beds or certified boarding care beds as permitted by state statute to promote equitable access across the state or to move the beds to another site.
- (c) “Renovation” means extensive remodeling of an existing facility with a total cost exceeding ten percent of the appraised value of the facility or \$200,000, whichever is less. A renovation may include the replacement or upgrade of existing mechanical or electrical systems.
- (d) “Replacement” means the construction of a completely new facility.
- (e) “Addition” means the construction of new space to an existing facility.
- (f) “Upgrading” means a change in the level of licensure of a bed from a boarding care bed to a nursing home bed in a certified boarding care facility.
- (g) “Phased project” means a proposal that identifies construction occurring with more than one distinct completion date. To be considered a distinct completion, each phase must have construction that is ready for resident use, as determined by the commissioner, which is not dependent on similar commissioner approval for future phases of construction. The commissioner of human services shall only allow rate adjustments for construction projects in phases if the proposal from a facility identifies construction in phases and each phase can be approved for use independent of the other phases.
- (h) “Consolidation” means a project that meets the criteria for “consolidation of nursing facilities” as outlined in 144A.071, Subd. 4d.

Appropriation Available

The amount of the legislative appropriation available for the total additional biennial costs to the Medical Assistance program for this Request for Proposals (RFP) is approximately **\$4,984,509**.

NOTE: As of October 1, 2022, Minn. Stat. § 256B.434, Subd. 4f, allows projects with costs less than \$2,359,742 to proceed without applying for a moratorium exception under this process.

Eligibility to Submit a Proposal

A proposal for an exception to the nursing home moratorium may be submitted by an organization or individual authorized by a facility’s governing board or management to prepare and submit a proposal to the commissioner of health.

Method for Estimating Proposal Cost

The method that the commissioner will use in evaluating proposals for approval or disapproval for estimating the cost of a proposal is detailed in the application materials.

Criteria for Review

Minn. Stat. § 144A.073, Subd. 4a, states the criteria the commissioner of health is to consider in reviewing moratorium exception proposals:

Subd. 4a. **Criteria for review.** In reviewing the application materials and submitted costs by an applicant to the moratorium process, the review panel shall consider the following criteria in recommending proposals:

- (1) the extent to which the proposed nursing home project is integrated with other health and long-term care services for older adults;

State Grants & Loans

- (2) the extent to which the project provides for the complete replacement of an outdated physical plant;
- (3) the extent to which the project results in a reduction of nursing facility beds in an area that has a relatively high number of beds per thousand occupied by persons age 85 and over;
- (4) the extent to which the project produces improvements in health; safety, including life safety code corrections; quality of life; and privacy of residents;
- (5) the extent to which, under the current facility ownership and management, the provider has shown the ability to provide good quality of care based on health-related findings on certification surveys, quality indicator scores, and quality-of-life scores, including those from the Minnesota nursing home report card;
- (6) the extent to which the project integrates the latest technology and design features in a way that improves the resident experience and improves the working environment for employees;
- (7) the extent to which the sustainability of the nursing facility can be demonstrated based on the need for services in the area and the proposed financing of the project; and
- (8) the extent to which the project provides or maintains access to nursing facility services needed in the community.

The State Register also serves as a central marketplace for contracts let out on bid by the public sector. The *State Register* meets state and federal guidelines for statewide circulation of public notices. Any tax-supported institution or government jurisdiction may advertise contracts and requests for proposals from the private sector. It is recommended that contracts and RFPs include the following: 1) name of contact person; 2) institution name, address, and telephone number; 3) brief description of commodity, project or tasks; 4) cost estimate; and 5) final submission date of completed contract proposal. Allow at least three weeks from publication date (four weeks from the date article is submitted for publication).
