Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact the editor at 651-201-3204 or email at sean.plemmons@state.mn.us

Background:

Rulemaking authority and procedure. Minnesota Statutes, section 62J.61, establishes a rulemaking procedure for adopting rules to implement the Minnesota Health Care Administrative Simplification Act, Minnesota Statutes, sections 62J.50 to 62J.61. The procedure provides that:

- the Commissioner of Health must publish proposed rules in the State Register;
- the Commissioner may publish a notice describing the rules and offering a free copy instead of publishing the text of the rules, if the rules would be so lengthy as to be unduly cumbersome to publish;
- interested parties have 30 days to comment; and
- after considering all comments, the Commissioner may adopt the rules by publishing a notice of adoption in the State Register.

Reason for rulemaking authority. Health care industry billing procedures and other business (administrative) transactions must be updated frequently because of rapid changes in business practices, as well as changes in national transactions standards and federal regulations. It is important that related state rules governing health care business transactions remain up-to-date and reflect the ongoing changes in the industry. The Legislature recognized that the normal rulemaking procedures in Minnesota Statutes, chapter 14, which take an average of 18 months, would not be timely enough to keep up with an often much more rapid pace of change. In comparison, the rulemaking permitted under section 62J.61 can be completed within three to six months, significantly reducing any possible lags between any needed changes in the rules and their development and implementation. Further, some rules are lengthy, and it would not be practical to publish them in their entirety in the State Register, especially when they are of interest to a relatively small group of end-users. It is much more timely, efficient, and cost effective to publish a notice of the availability of proposed or adopted rules, along with information regarding changes from previous versions, and to provide a free copy of the complete rules to anyone who requests one.

Recent use of the MS §62J.61 rulemaking process. The Department used the rulemaking process pursuant to Minnesota Statutes, section 62J.61 described above during 2023 for proposing revised versions of Minnesota Uniform Companion Guide (MUCG) rules pursuant to section 62J.536 for the implementation of the following electronic health care business (administrative) transactions:

- X12/005010X222A1 Health Care Claim: Professional (837);

- X12/005010X223A2 Health Care Claim: Institutional (837); and
- X12/005010X279A1 Health Care Eligibility Benefit Inquiry and Response (270/271)

Copies of all MUCG rules, including those above, are available for free viewing or downloading on the *Minnesota Uniform Companion Guides webpage* at <https://www.health.state.mn.us/facilities/ehealth/auc/guides/index.html>. The Department will be using the rulemaking procedure described above in the future to develop, update, and modify versions of MUCGs as needed to ensure that they remain as accurate, relevant, and useful as possible.

Biennial review of rulemaking procedures and rules. Minnesota Statutes, section 62J.61, subdivision 5, requires that the Commissioner of Health conduct a biennial review of the rulemaking procedures noted above and the resulting rules by seeking “comments from affected parties about the effectiveness of and continued need for the rulemaking procedures . . . and about the quality and effectiveness of rules adopted using these procedures.” The Commissioner is also required to prepare a report summarizing the comments and to submit it to the Minnesota Health Data Institute and the *Minnesota Administrative Uniformity Committee* (<https://www.health.state.mn.us/facilities/ehealth/auc/index.html>) by January 15 of every even-numbered year.

Notice of Availability and Request for Comment of the 2024 Draft Impaired Waters List, 2024 Assessment Manual, and 2024 Revisions to Appendix A of the Statewide Mercury TMDL and Request for Comment

Public Comment Period Begins: 11/14/2023
Public Comment Period Ends: 1/12/2024, 11:59 P.M.

Background

Every two years, the Minnesota Pollution Control Agency (MPCA) is required by the US Environmental Protection Agency (EPA), through the Clean Water Act (CWA), to submit a list of impaired waters to EPA for their review and approval. This serves as joint notice of a 60-day formal written comment period for [1] the draft 2024 Impaired Waters List [2] 2024 Assessment Manual and [3] Revisions to Appendix A of the statewide mercury TMDL.

Minnesota’s 2024 Draft Impaired Waters List [1], 2024 Assessment Manual: Guidance for Assessing the Quality of Minnesota Surface Waters [2], and revisions to Appendix A of the approved mercury TMDL [3] are located at the Impaired Waters List webpage at <https://www.pca.state.mn.us/air-water-land-climate/minnesotas-impaired-waters-list>

[1] & [2] Draft 2024 Impaired Waters List and supporting documentation

In accordance with the requirements of Section 303(d) of the CWA, the MPCA is required to list waters that do not meet standards and update that list every even-numbered year. In addition to updating this list, the MPCA updates an Assessment Manual that describes state water quality standards, the data collection and quality requirements, and assessment methods used when developing the Impaired Waters List. Both documents are found on the MPCA’s Impaired Waters List webpage and are open for public comment **November 14, 2023 – January 12, 2024:**

- 2024 Draft Impaired Waters List (wq-iw1-81)
- 2024 Assessment Manual: Guidance for Assessing the Quality of Minnesota Surface Waters for Determination

Official Notices

of Impairment 305(b) Report and 303(d) List (wq-iw1-04m)

While the entirety of both documents are open for comment, MPCA particularly requests comments on areas that have changed since the last public notice of the Impaired Waters List.

- Updates to the Impaired Waters List are (A) new 2024 impairments (indicated by “Year added to List”), and (B) Delistings and Changes and Corrections (each with their own section of the List).
- Significant update to the Guidance Manual is Appendix H regarding beneficial use designations of Waters Used for Production of Wild Rice

[3] The revisions to Appendix A of the approved statewide mercury TMDL

Every two years the MPCA updates Appendix A of the EPA-approved statewide mercury total maximum daily load (TMDL). Appendix A, included in its own section of the Impaired Waters List, contains the list of lakes and river segments covered by the TMDL. New waters added to Appendix A are indicated by “Year added to List.”

Submit written comments

This notice is being published today for the purpose of providing opportunity for public comment on [1] Minnesota’s 2024 Draft Impaired Waters List [2] 2024 Assessment Manual: Guidance for Assessing the Quality of Minnesota Surface Waters, and [3] the revisions to Appendix A to the statewide mercury TMDL.
