Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact the editor at 651-201-3204 or email at sean.plemmons@state.mn.us

Expedited Emergency Rules

Provisions exist for the Commissioners of some state agencies to adopt expedited emergency rules when conditions exist that do not allow the Commissioner to comply with the requirements for emergency rules. The Commissioner must submit the rule to the attorney general for review and must publish a notice of adoption that includes a copy of the rule and the emergency conditions. Expedited emergency rules are effective upon publication in the *State Register*, and may be effective up to seven days before publication under certain emergency conditions.

Expedited emergency rules are effective for the period stated or up to 18 months. Specific *Minnesota Statute* citations accompanying these expedited emergency rules detail the agency's rulemaking authority.

KEY: Proposed Rules - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material."

Adopted Rules - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

Department of Natural Resources

Adopted Expedited Emergency Game and Fish Rules: Light Goose Population Control

Notice is hereby given that the above entitled rules have been adopted through the process prescribed by *Minnesota Statutes*, section 84.027, subdivision 13(b). The statutory authority for the contents of these rule is *Minnesota Statutes*, section 97B.731, subdivision 1(b).

The conditions that do not allow compliance with *Minnesota Statutes*, sections 97A.0451 to 97A.0459, are as follows. Each year, Minnesota joins other states along the light goose migration route in allowing a spring harvest for population reduction. This action is intended to mitigate the impact of light geese on fragile arctic nesting habitat, as prescribed by the United States Fish and Wildlife Service ("USFWS"). This action has been authorized by the USFWS, has been held annually in Minnesota since 2000, and accounts for about half of the state's average annual take of 4,000 light geese. The Department of Natural Resources uses current biological and harvest data to adjust the season variables associated with this action.

Unless otherwise specified, an executive order expires 90 days after the date the governor who issued the order vacates office.

Office of the Governor

Executive Order 24-01; Rescinding Executive Order 19-23: Directing the Development and Maintenance of the Minnesota Continuity of Government Plan and Agency Continuity of Operations Plans

I, Tim Walz, Governor of the State of Minnesota, by the authority vested in me by the Constitution and applicable statutes, issue the following Executive Order:

Government is instituted for the security, benefit, and protection of the people, and the Governor is required to take care that the laws be faithfully executed. Emergencies and disasters can interrupt government operations and hinder the ability of the State to deliver critical priority services to the people of Minnesota. The State of Minnesota must be prepared to sustain and restore government and government services in a timely and effective manner.

The Continuity of Government Plan ("COG") addresses the succession of governmental leadership, the survivability of state-level constitutional and democratic government, and State Essential Functions ("SEF"). To ensure the State's wellbeing, the leaders of the State are responsible for providing SEF at all times, including during and after a crisis.

Executive Orders

The Continuity of Operations Plan (“COOP”) addresses continuation of critical priority services after a disruption of normal activities.

The State maintains a comprehensive and effective COG that provides the framework for the continuation of SEF under all circumstances and COOPs that provide for the continuation of priority services during any incident, emergency, or disaster that may disrupt normal operations.

For these reasons, I order that:

1. In this Executive Order, “agency” refers to each department, independent division, bureau, board, commission, and independent institution of state government. Each agency will carry out the COG, COOP, and other preparedness responsibilities described in this executive order. The head of each agency is accountable for the execution of the responsibilities described in this executive order and must commit the resources necessary for the development and maintenance of continuity plans and preparations.
2. Minnesota Management and Budget is designated as the lead agency for continuity planning and program coordination.
3. Minnesota Management and Budget will direct the State’s response during continuity emergencies impacting agencies or facilities.
4. The Continuity Policy Coordination Sub-Cabinet (“Sub-Cabinet”) is continued, and consists of the commissioner, or commissioner’s designees, of the following agencies:
 - a. Department of Administration (“Admin”)
 - b. Minnesota Management and Budget (“MMB”)
 - c. Minnesota IT Services (“MNIT”)
 - d. Department of Public Safety (“DPS”)
5. The commissioner of MMB will continue as Chair and may designate additional Sub-Cabinet members as necessary.
6. The purpose of the Sub-Cabinet is to maintain a framework for the COG and oversee agency COOP planning.
7. The commissioner of MMB will designate an Enterprise Continuity Director.
8. The Enterprise Continuity Director will identify opportunities for collaboration on the COG with representatives of the judicial branch, the legislative branch, and the Offices of the Secretary of State, the State Auditor, and the Attorney General. To advance the State’s response during continuity emergencies, the Enterprise Continuity Director will collaborate with these representatives to provide information and assistance for continuity planning and program coordination.
9. MMB will provide administrative support including, but not limited to, personnel necessary to perform the duties and responsibilities of the Sub-Cabinet. Participating agencies will assist in providing any additional administrative support requested by the Sub-Cabinet.
10. MMB will:
 - a. Manage the State’s emergency paid leave authorization during continuity emergencies requiring office closures.
 - b. Coordinate the reassignment of state employees between agencies during continuity emergencies.
 - c. Provide coordination of emergency messaging to agency employees during continuity emergencies.

Executive Orders

- d. Communicate with union officials and appropriate representatives proactively to reduce disruption of state service delivery by employees during a continuity emergency.
 - e. Develop options to sustain staffing at agencies during a continuity emergency.
- 11. MNIT will maintain information technology disaster recovery plans that align with the priorities and recovery timelines of agency priority services to ensure the State is adequately managing the risk of system and service interruptions.
- 12. Admin will:
 - a. Coordinate and contract for alternate facilities for use by agencies. Upon request by Admin, agencies not impacted by the continuity emergency will coordinate with Admin to provide space to an impacted agency.
 - b. Assist state agencies with the procurement of goods and services through the Office of State Procurement.
 - c. Provide resource management assistance to agencies through the operation of mail services and the Facilities Management Division.
- 13. DPS will:
 - a. Provide guidance to MMB on public safety considerations during a continuity incident.
 - b. Provide 24-hour support through the on-call duty officer to receive calls from agencies to alert the Sub-Cabinet of a continuity incident.
- 14. Agencies will designate a continuity coordinator charged with coordinating the development of agency-specific COOPs and support of the COG.
- 15. Agencies will ensure that continuity coordinators earn and maintain a Continuity Professional Certification issued by at least one of the following recognized and accredited organizations:
 - a. DRI International
 - b. Business Continuity Institute
 - c. Federal Emergency Management Agency
- 16. Each agency will plan to support the COG in a manner and form prescribed by MMB.
- 17. Continuity of Operations Plans will be consistent with federal continuity directives and guidance, as well as guidance adopted by the State, to the extent possible. Agency COOPs will address:
 - a. Critical priority services: The limited set of agency functions that must be continued throughout, or resumed rapidly after, an interruption of normal activities.
 - b. Order of succession: Provisions for the assumption of leadership or other key positions during an emergency in the event that any of the incumbents are unavailable to execute their duties.
 - c. Delegation of authority: Delegation of statutory, other legal authority, or decision-making power to subordinates in the event that any of the incumbents are unavailable to execute the authority.
 - d. Alternate facilities: Locations from which leadership and others may operate during a continuity event if their primary facility is unavailable. These may include one or more alternate facilities, virtual offices, or telework locations from which to continue priority services.
 - e. Continuity communications: Plans, procedures, and systems that support information sharing and

Executive Orders

connectivity between leadership, employees, and other organizations and partners to perform priority services during a continuity emergency.

- f. Essential records management: Identification, protection, and availability of information systems and applications, electronic and hardcopy data, documents, references, and records needed to support priority services during a continuity emergency.
 - g. Human resources considerations: Policies, plans, and procedures that address human resources needs during a continuity incident, such as guidance on pay, leave, work scheduling, benefits, telework, and hiring.
 - h. Plan training, exercising, and evaluation: Policies, plans, and procedures that address training and exercising of agency plans and employees to enhance continuity readiness.
 - i. Reconstitution: The process by which an agency and its employees resume normal operations from the agency's original facility or at a replacement facility following the loss of a facility during a continuity emergency.
 - j. Continuity requirements for third parties providing or supporting SEF and priority services: The responsibilities of third party organizations are to support an agency's SEF and priority services during a continuity emergency.
 - k. Policies, plans, and procedures: Documentation on how an agency will execute its responsibilities assigned by this order.
 - l. Incident command/crisis management: Strategies and procedures outlining how an agency will manage a significant continuity emergency.
18. MMB, in consultation with the Sub-Cabinet, will implement the use of a centralized continuity management software tool. A single tool will improve continuity planning by using common terminology, planning templates, and information sharing. Cabinet and other agencies meeting criteria defined by MMB will use this tool. The option to use this tool will be offered to all agencies.
19. MMB, in consultation with the Sub-Cabinet, will implement the use of a centralized employee mass notification tool. A single tool will allow messages to be sent to employees across multiple agencies and locations. Agencies currently using employee mass notification tools will transition to the central tool in a reasonable time defined by MMB. This requirement does not affect use of notification tools for purposes other than the mass notification of emergency information to employees, such as communication with members of the public.
20. The commissioner of MMB will distribute this Executive Order to all agencies and ensure that its provisions are implemented.
21. Executive Order 19-23 is rescinded.

This Executive Order is effective fifteen days after publication in the State Register and filing with the Secretary of State. It will remain in effect until rescinded by proper authority or until it expires in accordance with Minnesota Statutes 2023, section 4.035, subdivision 3.

A determination that any provision of this Executive Order is invalid will not affect the enforceability of any other provision of this Executive Order. Rather, the invalid provision will be modified to the extent necessary so that it is enforceable.

Signed on January 18, 2024.

Executive Order 24-02: Amending Executive Order 19-19

I, **Tim Walz, Governor of the State of Minnesota**, by the authority vested in me by the Constitution and applicable statutes, issue the following Executive Order:

Railroads are critical to Minnesota's economy. On April 1, 2019, I issued Executive Order 19-19, establishing the Governor's Council on Freight Rail ("Council"). The Council's purpose is to strengthen the partnership between the State of Minnesota and railroads, promote safety, and ensure the efficient movement of goods while minimizing the impacts of those operations on our local communities. Executive Order 19-19 requires the State to work with key stakeholders, including labor unions, in evaluating the array of issues impacting freight rail operations. The perspective of labor unions has been invaluable to maintaining safe and efficient freight rail operations in Minnesota. To recognize their contributions, we are making changes to the makeup of the Council to formally include representatives from labor unions.

For these reasons, I order that:

1. Paragraph 3 of Executive Order 19-19, as amended by Executive Order 23-05, is amended by the following addition (indicated by underlined text):
 3. The Commissioner of Transportation, or the Commissioner's designee, will serve as the Vice Chair of the Council.
2. Paragraph 4 of Executive Order 19-19, as amended by Executive Order 23-05, is amended by the following addition (indicated by underlined text) and deletions (indicated by strikethrough):
 4. The Council will include the other following cabinet members, or their designee:
 - a. Commissioner of Agriculture
 - b. ~~Commissioner of Commerce~~
 - c. Commissioner of Employment and Economic Development
 - d. ~~Commissioner of Iron Range Resources and Rehabilitation~~
 - e. Chair of the Metropolitan Council
 - f. Commissioner of the Pollution Control Agency
 - g. Commissioner of Public Safety
 - h. ~~Commissioner of Revenue~~
3. Paragraph 5 of Executive Order 19-19, as amended by Executive Order 23-05, is amended by the following addition (indicated by underlined text):
 - g. Two members representing labor unions
4. Paragraph 6 of Executive Order 19-19, as amended by Executive Order 23-05, is amended by the following addition (indicated by underlined text) and deletion (indicated by strikethrough):
 6. The Council will consult with and solicit advice from private industry, governmental entities, ~~labor~~

Executive Orders

unions, and nonprofits, and the commissioners of Commerce, Iron Range Resources and Rehabilitation, and Revenue regarding concerns and opportunities with freight railroads and related activities.

5. Paragraph 7.a of Executive Order 19-19, as amended by Executive Order 23-05, is amended by the following addition (indicated by underlined text) and deletion (indicated by strikethrough):

- a. The Council must meet at least ~~four~~ two times per year. ~~At least two of the meetings must be in person.~~

This Executive Order is effective fifteen days after publication in the State Register and filing with the Secretary of State. It will remain in effect until rescinded by proper authority or until it expires in accordance with Minnesota Statutes 2023, section 4.035, subdivision 3.

Department of Employment and Economic Development (DEED) REQUEST FOR COMMENTS for New Rules Governing Minnesota Paid Leave, *Minnesota Rules*, Chapter 3317; Revisor's ID Number R-04846

Subject of Rules. The Minnesota Department of Employment and Economic Development (DEED) requests comments on its possible new rules governing the Minnesota Paid Leave program. DEED is considering rules to implement the Minnesota Paid Leave program as required by Minn. Stat. § 268B.02, subd. 3. This request for comments is the first of several opportunities for public comment and input on this rulemaking. At this stage, DEED does not have draft rules. DEED is seeking feedback about the following potential topics for new rules for the Minnesota Paid Leave program:

- Rules to further define terms including “health care provider”;
- Rules to identify what serious health conditions and other events are prospectively presumed to constitute a seven-day qualifying event such that an employee could seek benefits under the Minnesota Paid Leave program;
- Rules to set out the procedures for hearings regarding appeals of determinations made in the Minnesota Paid Leave program;
- Rules to set out the process for documenting safety leave; and
- Rules regarding private plans that provide paid family, paid medical, or paid family and medical benefits, including rules specifying the manner in which an employer must provide a notice of withdrawal from a private plan and rules requiring private plans to submit reports to DEED.

As time permits, DEED may consider adopting other new rules identified in the rule review process.

Persons Affected. The new rules may affect anyone who is an employee, self-employed, unemployed, a family member of an employee, an employer, or an individual or an organization that assists community members with economic assistance.

Request for Proposals for Custodian Services

The Minnesota State Retirement System ("MSRS") requests proposals from requests proposals for financial custodian services from qualified firms. MSRS intends to evaluate and select a financial custodian for a 24-month period starting June 1, 2025, with the option to extend three (3) additional years. If the selected firm is not the incumbent, the period from June 1, 2025, to June 30, 2025, will be devoted to transition activities. MSRS currently retains Empower Trust Company, LLC, as the Custodian for the Funds. The current five-year contract will expire on June 30, 2025 and an RFP process must be completed before a new contract can be issued. MSRS is issuing this RFP to comply with State law that requires all contracts be posted for bid when the contract reaches its maximum extension, not out of dissatisfaction with the performance of the incumbent custodian. MSRS encourages custody organizations to respond to this RFP. The incumbent Custodian is retained by MSRS through June 30, 2025.

The purpose of this RFP is to obtain a Custodian capable of providing MSRS with the custodial services necessary to fulfill its fiduciary responsibility. All cash contributions to the Plans pending investment, all cash being transferred among the investment options offered by the Plans, and all cash awaiting distribution to the participants and beneficiaries of the Plans will be held in custodian bank accounts for the exclusive benefit of the Plans' participants and beneficiaries. The Custodian, with respect to property of the MSRS held by the custodian, is expected to:

- Hold securities
- Provide custodial services for the Money Market Fund and the Stable Value Fund and temporarily hold assets

- Health Care Savings Plan (HCSP)

MSRS intends to evaluate and select a recordkeeping firm for a 6-year contract period starting July 1, 2024 and ending June 30, 2030. Responders are asked to provide pricing for a 6-year contract in their Cost Proposal. If MSRS determines there are significant cost savings to the State to extend 10 years, and if the Department of Administration approves the extension, the resulting contract may be extended to a maximum contract length of 10 years, in increments determined by the State.

There is an incumbent Recordkeeper retained by MSRS through June 30, 2025. If MSRS selects a new Recordkeeper as part of the RFP process, the period from July 1, 2024 to June 30, 2025 will be devoted to transition and data-conversion activities led by the incoming Recordkeeper.
