Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact the editor at 651-201-3204 or email at sean.plemmons@state.mn.us

Official Notices

Pursuant to *Minnesota Statutes* §§ 14.101, an agency must first solicit comments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, and within 60 days of the effective date of any new statutory grant of required rulemaking.

The *State Register* also publishes other official notices of state agencies and non-state agencies, including notices of meetings and matters of public interest.

Minnesota Department of Agriculture (MDA)

Notice of the Proposed Emerald Ash Borer Quarantine Renville and Pine County

The Minnesota Department of Agriculture (MDA) is accepting comments on the current state emergency quarantine for emerald ash borer, *Agrilus planipennis* (Fairemaire), for Renville and Pine County and the proposed formal quarantine to be implemented April 15, 2024.

Oral and written comments regarding the proposed regulations will be accepted via email or phone through April 13, 2024. Submit comments to Kimberly Thielen Cremers, Minnesota Department of Agriculture, 625 Robert Street North, St Paul, MN 55155, **email:** ***kimberly.tcremers@state.mn.us***, **phone:** (651)201-6329.

Minnesota Joint Underwriting Association

Notice of Activation to Insure Specified Classes of Business

Commissioner Grace Arnold, Minnesota Department of Commerce provides notice pursuant to Minnesota Statutes section 62I.21 that the Minnesota Joint Underwriting Association (MJUA) is activated to provide insurance coverage for a period of 180 days from the publication of this notice to the following class of business:

- Pedicabs

A hearing will be scheduled at the Office of Administrative Hearings to determine whether activation for this class of business is necessary and should continue beyond 180 days. Minn. Stat. §§ 62I.21-22. Notice of the hearing will be published in the State Register at least 30 days before the hearing date. *Id.* § 62I.22, subd. 2.

Any person wishing to oppose activation of MJUA beyond 180 days for any particular class of business must file a petition to intervene with the Office of Administrative Hearings at least 10 days before the hearing date. Id. If no notice to intervene is filed, the hearing shall be canceled, and the class shall be activated beyond the 180-day period without further action. *Id.*

Activation of a class of business does not guarantee coverage to any class member. Coverage of individual class members will be determined by the MJUA on a case-by-case basis once the class has been activated.

For questions regarding this notice, please contact the MJUA at:

Minnesota Department of Natural Resources

Ecological and Water Resources Division

REQUEST FOR COMMENTS for Possible Amendment to Rules Governing Endangered, Threatened, and Special Concern Species; *Minnesota Rules*, chapter 6134; Revisor's ID Number R-4856

Subject of Rules. The Minnesota Department of Natural Resources (DNR) requests comments on possible amendments to rules designating species as state endangered, threatened, or of special concern. The DNR is considering rule amendments that may include the following adjustments to any part of Minnesota Rules, Chapter 6134:

1. addition of species to a designation:
2. removal of species from a designation;
3. transfer of species from one designation to another; or
4. updating the name of a designated species with or without change to designation.

Persons Affected. The amendments to the rule may affect persons engaging in the prohibited acts of taking, import, transport, sale, purchase, disposal, or possession of any portion of a state endangered or threatened species. Landowners on whose land state endangered or threatened species are present may also be affected. Individuals who modify their activities to avoid taking currently endangered or threatened species may be affected if those species become de-listed as a result of this rulemaking process. Similarly, individuals who modify their activities to comply with the terms of a Permit to Take Endangered or Threatened Species may be affected if those species become de-listed as a result of this rulemaking process.

Statutory Authority. *Minnesota Statutes*, section 84.0895, requires the DNR to reevaluate the designated species list

every three years and make appropriate changes.

Public Comment. Interested persons or groups may submit comments or information on these possible rule amendments in writing until 4:30 p.m. on May 17, 2024. The DNR will not publish a notice of intent to adopt the rules until more than 60 days have elapsed from the date of this request for comments in accordance with Minnesota's rulemaking process. This public comment opportunity is associated with the development of possible rules. There will be another public comment opportunity if the Department later decides to announce its intention to adopt a set of proposed rules. See NOTE below for more information. The Department DNR does not plan to appoint an advisory committee to comment on the possible rules.

The DNR welcomes information related to currently listed endangered, threatened, or special concern species that may warrant change in status as well as any other species that may warrant listing consideration. The DNR is particularly interested in any information on the risk of extinction of any native species in the state, in particular their rarity, trends, and threats. This information will aide the DNR in the species status assessments that will help to inform listing determinations.

The DNR is interested in any information on whether the cost of complying with the rule in the first year after the rule takes effect will equal or exceed $25,000 for any small city or business under *Minnesota Statutes*, section 14.127.

Rules Drafts. The DNR has not yet drafted the possible rule amendments. Comments received at this time will aide in the development of the possible rule amendments.

Department Contact Person. Written comments, questions, and requests for more information on these possible rules should be directed to: Bridget Henning-Randa at Minnesota Department of Natural Resources, 500 Lafayette Rd., Box 25, St. Paul, MN 55155, phone: 651-259-5073, and ***Endangered.Species.List.Revision.DNR@state.mn.us***.

Alternative Format. Upon request, this information can be made available in an alternative format, such as large print, braille, or audio. To make such a request, please reach out to the DNR contact person at the address or telephone number listed above.

NOTE: Comments received in response to this notice will not necessarily be included in the formal rulemaking record submitted to the administrative law judge if and when a proceeding to adopt rules is started. The DNR is required to submit to the judge only those written comments received in response to the rules after they are proposed. If you submit comments during the development of the rules and you want to ensure that the Administrative Law Judge reviews the comments, you should resubmit those comments after the rules are formally proposed.

Description of the General Permit for uncontaminated concrete burial

This permit is a General Permit issued pursuant to Minn. R. 7001.0210 governing the disposal of uncontaminated concrete as defined herein. To be eligible for coverage under this General Permit, the uncontaminated concrete must originate from a demolition on the site where the disposal is to occur. As provided in Minn. R. 7001.0210, subp. 6, the Minnesota Pollution Control Agency (MPCA) reserves the right to issue an individual permit under Minn. R. 7001.3050 for disposal of uncontaminated concrete where the disposal would be more appropriately regulated by an individual permit.

To obtain coverage under this permit, the owner(s) must submit a complete application on a form provided by the Commissioner documenting compliance with the criteria for coverage under this General Permit, prior to disposal of the uncontaminated concrete. To be complete, the application must be signed by the County Solid Waste Official. Coverage under this permit commences upon the owner's receipt of the notice of coverage issued by the MPCA. Following the effective date of coverage, the Permittee(s) may dispose of uncontaminated concrete in compliance with the terms of this General Permit for 12 months or until the expiration date of this permit, whichever comes first.

Permittees that obtained coverage under the current general permit for uncontaminated concrete disposal may continue disposal under the current permit until it expires.

The preliminary determination to reissue this Solid Waste permit is tentative.

Procedure for public participation

As stated in Minn. R. chs. 7000 and 7001, there are three formal procedures for public participation in the MPCA's consideration of this matter. Interested persons may:

1. Submit written comments on the draft permit.
2. Petition the MPCA to hold a public informational meeting.
3. Petition the MPCA to hold a contested case hearing.

Submitting written comments
Comments may be submitted:

1. Online at ***https://mpca.commentinput.com/comment/search***; or
2. By U.S. postal mail to the following address:

Joseph Miller
Minnesota Pollution Control Agency
520 Lafayette Road North
Saint Paul, Minnesota 55155

Submitted comments or petitions must state:

1. Your interest in the permit application or the draft permit.
2. The action you wish the MPCA to take, including specific references to the section of the draft permit you believe should be changed.
3. The reasons supporting your position, stated with sufficient specificity as to allow the MPCA to investigate the merits of the position.

Public informational meeting
A public informational meeting is an informal meeting during which interested persons can ask questions concerning the proposed facility. MPCA staff will be present to provide information. If an interested person would like the MPCA to hold a public informational meeting, the person should include all information identified above and in addition include a statement of the reasons the person desires the MPCA to hold a public informational meeting and the issues that the person would like the agency to address at the public informational meeting.

Contested Case Hearing
A contested case hearing is a formal proceeding before an administrative law judge empowered to advise the MPCA regarding issues of fact. As described in Minn. R. 7000.1800, persons who submit petitions for a contested case hearing must also state the issues they propose to address in a contested case hearing, the specific relief requested or resolution of the matter, and the reasons (which may be in the form of proposed findings) supporting an MPCA decision to hold a contested case hearing. Failure to comply with these rules exactly may result in a denial of the request. To the extent known, the petitioner may also submit a list of prospective witnesses to be called at a hearing, a proposed list of publications, references, or studies to be introduced at a hearing and the approximate time required for the petitioner to present the matter at a hearing. The decision whether to hold a contested case hearing will be made under Minn. R. 7000.1900.

State Grants & Loans

In addition to requests by state agencies for technical/professional services (published in the State Contracts Section), the *State Register* also publishes notices about grants and loans available through any agency or branch of state government. Although some grant and loan programs specifically require printing in a statewide publication such as the State Register, there is no requirement for publication in the *State Register* itself. Agencies are encouraged to publish grant and loan notices, and to provide financial estimates as well as sufficient time for interested parties to respond.

State Contracts

Informal Solicitations: Informal solicitations for professional/technical (consultant) contracts valued at over $5,000 through $50,000, may either be published in the *State Register* or posted on the Department of Administration, Office of State Procurement (OSP) Website. Interested vendors are encouraged to monitor the P/T Contract Section of the OSP Website at *https://mn.gov/admin/osp* for informal solicitation announcements.

Formal Solicitations: Department of Administration procedures require that formal solicitations (announcements for contracts with an estimated value over $50,000) for professional/technical contracts must be published in the *State Register*. Certain quasi-state agency and Minnesota State College and University institutions are exempt from these requirements.

Requirements: There are no statutes or rules requiring contracts to be advertised for any specific length of time, but the Office of State Procurement strongly recommends meeting the following requirements: $0 - $5000 does not need to be advertised; $5,000 - $25,000 should be advertised in the *State Register* for a period of at least seven calendar days; $25,000 - $50,000 should be advertised in the *State Register* for a period of at least 14 calendar days; and anything above $50,000 should be advertised in the *State Register* for a minimum of at least 21 calendar days.
