Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact the editor at 651-201-3204 or email at sean.plemmons@state.mn.us

Notice of Proposed Conveyance to Correct Boundary Line Issues

NOTICE IS HEREBY GIVEN, that the Minnesota Department of Natural Resources, Division of Lands and Minerals, proposes to make a conveyance, under the authority of *Minnesota Statutes*, section 84.0273, to correct boundary line issues affecting the ownership interests of the state and adjacent landowners, Brian D. Gruhot and Kristin L. Gruhot, Trustees of the Brian D. Gruhot Revocable Living Trust dated March 19, 2020, and Kristin L. Gruhot and Brian D. Gruhot, Trustees of the Kristin L. Gruhot Revocable Living Trust dated March 19, 2020. The conveyance involves land located in part of the Southwest Quarter of the Northwest Quarter of Section 33, Township 111 North, Range 42 West in Lyon County, Minnesota. The reason for the conveyance is to describe the east-west boundary line between the Gruhots and the State which was agreed to in a mediated settlement of the quiet title action, *Gruhot v. State of Minnesota*, Lyon County District Court File No. 42-CV-22-1156. The State and the Gruhots wish to make their mutual boundaries more definite and certain, and clarify their legal descriptions to coincide with the agreed upon east-west boundary.

For more information about this conveyance or a copy of the proposed conveyance, contact Vicki Sellner, Department of Natural Resources, Division of Lands and Minerals, 1525 Third Avenue East, Hibbing, Minnesota 55746; telephone 218-231-8454, TTY: 1-800-657-3929, vicki.sellner@state.mn.us.

State Grants & Loans

In addition to requests by state agencies for technical/professional services (published in the State Contracts Section), the *State Register* also publishes notices about grants and loans available through any agency or branch of state government. Although some grant and loan programs specifically require printing in a statewide publication such as the State Register, there is no requirement for publication in the *State Register* itself. Agencies are encouraged to publish grant and loan notices, and to provide financial estimates as well as sufficient time for interested parties to respond.

Minnesota State Colleges and Universities (Minnesota State) System Office – Career and Technical Education (CTE) Unit, Workforce & Economic Development Division Request for Proposals for Availability of Funds for Institutional Grants for Serving Corrections and Disabilities

Under the auspices of the Strengthening Career and Technical Education Act of 2018, Minnesota State is authorized to assist **institutions serving individuals with disabilities or ex-offenders for support with career-related services and activities**. This grant program serves incarcerated adults or youth, those on probation or individuals transitioning out of incarceration.

Currently, Minnesota State is requesting proposals from institutions that meet the following eligibility:

1. Correctional institutions or agencies including community corrections that serve adults or youth who are incarcerated or have transitioned out of incarceration or are justice-involved (i.e. active probation)
2. Community organizations that provide direct services to individuals transitioning from correctional institutions –such as group transitional facilities, workforce centers, assistance to veterans, community-based programs, etc.—such as job or skills training and employment services.
3. State institutions or agencies and community organizations that provide direct services to youth or adults with disabilities (regardless of any affiliation with corrections) (Examples: veterans, chemical dependency recovery, etc.)
4. Other organizations that provide direct services, support, and programming for career preparation, employment training, job skill development, etc., within the disabilities.

This initiative has two primary goals to address persistent disparities among these populations: (1) Provide support that assists persons in career-related services and job preparation, which improve work-readiness and job skills leading to economic stability; (2) To assist in the development of career-related services that help improve the successful transition of individuals into employment and/or technical education. Please refer to the full document online for further details and grant description.

For FY 2025, up to **\$50,000** is available for this funding. **Grants awarded are between \$5,000 to \$25,000.** Funds made available under the Perkins Act provide **capacity-building support or to fund new initiatives** and do **NOT supplant** any current funding for programs and services. This request for proposals does not obligate Minnesota State to award a contract. All rights are reserved to cancel the solicitation if it is in its best interest. Any contract executed under this RFP will depend on funding from the federal Office of Career, Technical and Adult Education (OCTAE).

Any parties interested in pursuing this grant should refer to the Request for Proposals (RFP) and the online application. **Grant applications will be accepted through the ONLINE SYSTEM ONLY.** To apply online, go to <https://sites.google.com/site/correctionsrfp/>.
