Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact the editor at 651-201-3204 or email at sean.plemmons@state.mn.us

Adopted Rules

A rule becomes effective after the requirements of *Minnesota Statutes* §§ 14.05-14.28 have been met and five working days after the rule is published in the *State Register*, unless a later date is required by statutes or specified in the rule. If an adopted rule is identical to its proposed form as previously published, a notice of adoption and a citation to its previous *State Register* publication will be printed. If an adopted rule differs from its proposed form, language which has been deleted will be printed with strikeouts and new language will be underlined. The rule's previous *State Register* publication will be cited.

KEY: Proposed Rules - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **Adopted Rules** - Underlining indicates additions to proposed rule language. Strikeout indicates deletions from proposed rule language.

Board of Dentistry

Adopted Permanent Rules Relating to Licensing and Administration of Sedation and Anesthesia

The rules proposed and published at State Register, Volume 48, Number 34, pages 773-796, February 20, 2024 (48 SR 773), are adopted as proposed.

Expedited Emergency Rules

Provisions exist for the Commissioners of some state agencies to adopt expedited emergency rules when conditions exist that do not allow the Commissioner to comply with the requirements for emergency rules. The Commissioner must submit the rule to the attorney general for review and must publish a notice of adoption that includes a copy of the rule and the emergency conditions. Expedited emergency rules are effective upon publication in the *State Register*, and may be effective up to seven days before publication under certain emergency conditions.

Expedited emergency rules are effective for the period stated or up to 18 months. Specific *Minnesota Statute* citations accompanying these expedited emergency rules detail the agency's rulemaking authority.

KEY: Proposed Rules - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

Department of Natural Resources

Adopted Expedited Emergency Game and Fish Rules: 2024 Bear Season

Notice is hereby given that the above entitled rules have been adopted through the process prescribed by *Minnesota Statutes*, section 84.027, subdivision 13(b). The statutory authority for the content of the rules is *Minnesota Statutes*, sections 97B.405, 97B.411, 97B.425, and 97B.431.

The following conditions do not allow compliance with *Minnesota Statutes*, sections 97A.0451 to 97A.0459. Annual population and harvest data are used to set bag limits and allow timely adjustment of permit area boundaries to better reflect bear habitat conditions, hunting opportunities and the State's bear management coordination efforts with Tribal governments.

Changes to rules about bait station registration and signage are intended to provide more accurate annual information

on hunter density and distribution. Although the state bear population has been stable in recent years, changes to requirements for taking problem bears are necessary as residential expansion in rural areas, among other issues, results in increased human-bear conflicts, safety concerns, and property impacts. Problem bears taken by hunters under a validated bear hunting license can be used by the hunter. Simplifying the process for licensed hunters to address problem bears promotes utilization of an important natural resource. Changes to bear quota area boundary 51 and the related creation of a new bear quota area 53 that follows the reservation boundary of the Fond du Lac Band of Lake Superior Chippewa are based on annual population and harvest data for that area and will allow better state-tribal coordination of natural resource management within the Fond du Lac Reservation.

Department of Natural Resources

Adopted Expedited Emergency Game and Fish Rules: 2024 Elk Season

Notice is hereby given that the above-entitled rules have been adopted through the process prescribed by *Minnesota Statutes*, section 84.027, subdivision 13(b). The statutory authority for the content of the rules is *Minnesota Statutes*, sections 84.027, subdivision 13(a)(1),(b); 97A.045, subdivision 11; 97A.433, subdivisions 1, 2, and 4; 97A.535, subdivision 2; and 97B.515, subdivision 2.

The following conditions do not allow compliance with *Minnesota Statutes*, sections 97A.0451 to 97A.0459: Agency staff were forced to delay and eventually cancel the aerial elk population survey due to lack of snow cover. Although the statistical method used to estimate elk populations is adequate for this year, the use of annually updated aerial survey data is necessary to maintain sustainable elk populations in keeping with the agency's elk management plan. The data are used to set appropriate seasons, open areas, set hunter orientation requirements, and license quotas. Current harvest data are also used to make determinations on additional annual changes to the season including providing for an extension of the hunt if unforeseen conditions, such as extended inclement weather, prevent hunters from harvesting an adequate number of elk during the scheduled seasons. Additionally, the requirement that harvested elk be presented for biological sampling is necessary for detecting and controlling transmissible wildlife diseases, such as Chronic Wasting Disease.

Request for Comments on the Minnesota Reform 2020: Pathways to Independence section 1115 Medicaid Demonstration Waiver Extension Request

DHS is announcing a 30-day comment period on the proposed extension of the Minnesota Reform 2020: Pathways to Independence section 1115 Medicaid demonstration waiver.

The Reform 2020: Pathways to Independence waiver (Reform 2020) was first approved by the Centers for Medicare & Medicaid Services (CMS) in October 2013. The waiver provides federal authority to cover expenditures, for Alternative Care services provided to eligible individuals, to be regarded and claimed as expenditures under DHS' Title XIX plan for the period of this waiver extension. To be eligible, the participant must be age 65 or older, meet the nursing facility level of care criteria, not yet be eligible for Medical Assistance (MA) due to being over the MA eligibility limits, and have excess income and assets that are insufficient to pay for 135-days of nursing facility care. Services covered are based on the individual assessed needs of the participant and are authorized in a person-centered support plan. The services available are a subset of home and community-based services covered under Minnesota's Elderly Waiver which is available to people age 65 or older who are eligible for MA. Additionally, Alternative Care covers three services that are not covered under the Elderly Waiver: conversion case management, nutrition services and discretionary services.

The Minnesota Department of Human Services (DHS) is requesting an extension of the waiver for the period of February 1, 2025 through January 31, 2030. The extension request includes changing the name of the waiver to Reform: Pathways to Independence, changing the implementation date for Community First Services and Supports from June 1, 2024 to October 1, 2024, and adding transitional services as a covered benefit.

The current waiver ends January 31, 2025. DHS invites public comment on the waiver extension request. A summary of the waiver extension request, the most recent waiver evaluation, and an electronic version of the full waiver extension request can be found at ***Federal health care waivers with public hearings and comments / Minnesota Department of Human Services (mn.gov)***. The current Reform 2020 waiver documents are also on ***CMS's website***.

Written comments may be submitted to the following email mailbox:***Section1115WaiverComments@state.mn.us***. To support making comments available to people who use screen readers, DHS requests comments be submitted in Microsoft Word format or incorporated within the email text. If you would also like to provide a signed copy of a comment letter, you may submit a second copy in Adobe PDF format. Comments must be received by July 3, 2024.

In addition to the opportunity to submit written comments during the 30-day public comment period, two hearings will be held to provide the public with an opportunity to comment directly to DHS staff. The dates and times of the two hearings are:

First Hearing – In-person
Date: Tuesday, June 25, 2024
Time: 1:30 – 2:30 p.m.

Second Hearing – Video Conference
Date: Wednesday, June 26, 2024
Time: 10:30 – 11:30 a.m.

If you would like to attend either hearing, please send an email request to ***Section1115WaiverComments@state.mn.us*** to obtain the call/video conference information or in-person registration information. The in-person hearing will be held at the DHS offices located at 540 Cedar Street, St. Paul, MN. Comments and feedback may be audio recorded. A summary of all comments and feedback received and DHS' responses will be shared publicly as part of the waiver extension request.

Minnesota Lottery

Request for Proposals for Minnesota State Lottery Sponsorship Agreements

Description of Opportunity

The Minnesota State Lottery ("Lottery") develops sponsorship agreements throughout the year with organizations, events, and sports teams to create excitement for lottery players, to interest new players and increase the visibility of lottery games. The Lottery encourages and continually seeks new sponsorship agreements to help achieve current Lottery marketing goals.

The Minnesota Lottery finds sponsorship opportunities in two ways. First, the Minnesota Lottery marketing staff locates and approaches potential sponsors to negotiate directly. Second, the Minnesota Lottery accepts incoming potential sponsors through this proposal process. Employing both strategies allows the Minnesota Lottery to find the best sponsorship opportunities, including opportunities that are not already known by staff. Both strategies are evaluated using the same criteria.

If you feel your organization, event, sports team, or other opportunity is a good fit for the Minnesota Lottery to sponsor, we encourage you to prepare and submit a proposal.

Proposal Content

A sponsorship proposal presented to the Lottery should meet the following three criteria:

1. Maximize Lottery Visibility - the event, sports team, or venue sponsorship proposal should draw a large number of attendees (typically 20,000 or more) whose demographics match the Lottery's target audience. The Lottery is interested in effectively delivering its message of fun and entertainment to Minnesota adults, ages 25-64, with a household income of $75,000+ and an educational background of some college or higher. The Lottery does not market to those under the age of 18, and events with large numbers of children present are generally not accepted. Attendance numbers, on-site signage availability, sales and engagement opportunities, and media exposure are critical components that will be evaluated in the proposal. List and define all assets, value, and benefits that the Lottery would receive as part of the sponsorship, such as PR inclusions, social media posts, prize support, promotional activities, and signage.

2. Enhance Lottery Image - the event, sports team, or venue should be a reputable, safe, and well-run event and

organization that enhances the Lottery's brand. The Lottery's presence should fit well within the lineup of other sponsors and participants. The Lottery is interested in sponsorships that can promote Lottery products, either via on-site sales from a Lottery booth, from sales-generating promotions with Lottery retailers, or from joint programs with the sponsor's media or other sponsorship partners.

3. Provide Promotional Extensions - the event, sports team, or venue proposal should offer exciting, value-added ways to interact with attendees and have opportunities to motivate attendees, listeners, and viewers to participate in and purchase Lottery games. The proposal must include staffing support, or other considerations to help the Lottery implement any appropriate promotional extension ideas.

Proposals should address all pertinent elements of the sponsorship and how the Lottery criteria, as stated above and on the RFP Evaluation Form, are to be met. To view or print copies of the Request for Proposal go to ***https://www.mnlottery.com/vendors/***

This Solicitation does not obligate the state to award a contract or pursue a proposed sponsorship opportunity, and the state reserves the right to cancel the solicitation if it is considered to be in its best interest.
