Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact the editor at 651-201-3204 or email at sean.plemmons@state.mn.us

Expedited Emergency Rules

Provisions exist for the Commissioners of some state agencies to adopt expedited emergency rules when conditions exist that do not allow the Commissioner to comply with the requirements for emergency rules. The Commissioner must submit the rule to the attorney general for review and must publish a notice of adoption that includes a copy of the rule and the emergency conditions. Expedited emergency rules are effective upon publication in the *State Register*, and may be effective up to seven days before publication under certain emergency conditions.

Expedited emergency rules are effective for the period stated or up to 18 months. Specific *Minnesota Statute* citations accompanying these expedited emergency rules detail the agency's rulemaking authority.

KEY: Proposed Rules - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material."

Adopted Rules - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

Adopted Expedited Emergency Game and Fish Rules: Daily and Possession Limits for Gar

Notice is hereby given that the above entitled rules have been adopted through the process prescribed by *Minnesota Statutes*, section 84.027, subdivision 13(b). The statutory authority for the content of the rules is *Minnesota Statutes*, section 97C.401, subdivision 3.

The rule follows the directive set forth in *Minnesota Statutes*, section 97C.401, subdivision 3, requiring the commissioner to annually establish daily and possession limits for gar under section 84.027, subdivision 13, paragraph (b). The rule establishes a daily and possession limit for gar of 10 fish, effective for 18 months from date of publication.

Department of Natural Resources

Adopted Expedited Emergency Game and Fish Rules: 2024 Update to Prohibition on Placing Deer Feed and Using Deer Attractants

Notice is hereby given that the following rules are being adopted through the process prescribed by *Minnesota Statutes*, section 84.027, subdivision 13, which authorizes the Commissioner to adopt expedited emergency rules to control wildlife disease. Additional authority for the content of the rule is found in *Minnesota Statutes*, section 97A.045, subdivision 11.

The following conditions do not allow compliance with *Minnesota Statutes*, sections 97A.0451 to 97A.0459: The rules are necessary to combat the spread of Chronic Wasting Disease (CWD). Prions, the infectious agents that transmit the disease, are shed through saliva, urine, blood, feces, and antler velvet. Prions are highly resistant to degradation and can persist in the environment for decades. Prions spread among individual deer through both direct (animal-to-animal) and indirect (environmental) contact. The use of deer feed and attractants causes deer to concentrate in one area, thus greatly increasing the risk of CWD transmission between individuals. CWD, which is always fatal, has been detected among captive and wild deer in portions of northern, central and southeastern Minnesota. The detection of the disease in two additional free-ranging deer near Grand Rapids, which generated the need to expand restrictions to Aitkin County,

Expedited Emergency Rules

underscores the shifting and unpredictable distribution of the disease in Minnesota. The most effective means to reduce disease transmission and spread is to implement management strategies as soon as possible after detection. Because of potential damage that CWD could do to the wild deer population in the time it would take to use the Chapter 14 rulemaking process to adopt this rule, the Minnesota Department of Natural Resources (DNR) is using its expedited emergency rulemaking authority pursuant to Minn. Stat. § 84.027, subd. 13(b). Additionally, the DNR is expressly authorized by Minn. Stat. § 97A.045, subdivision 11 to adopt expedited emergency rules to prevent or control wildlife disease.

Changes to allow bear bait stations in counties where placing wildlife feed is otherwise prohibited are required as wildlife feeding restrictions expand to northern counties, where bear hunting is common. Bear bait stations normally contain sugary foods that do not typically attract multiple deer at one time. Moreover, bear baits are placed in August and September, when natural deer food is abundant, making it unlikely that multiple deer will find and feed on bear bait.

To further reduce the transmission of CWD, the placement or distribution of deer feed and deer attractants is prohibited in the counties of Aitkin, Beltrami, Carver, Cass, Crow Wing, Dakota, Dodge, Fillmore, Goodhue, Hennepin, Houston, Hubbard, Itasca, Le Sueur, Mower, Norman, Olmsted, Polk, Rice, Scott, Sibley, Wabasha, Washington, and Winona.

Dated: June 6, 2024

Sarah Strommen
Commissioner of Natural Resources

6232.4800 FEEDING AND ATTRACTING DEER PROHIBITED IN CERTAIN COUNTIES.

Subpart 1. Definitions. For purposes of this part:

A. “attractants” means liquid food scents, salt, minerals, and other natural or manufactured products that are capable of attracting or enticing deer, including any product that contains or purports to contain cervid urine, blood, gland oil, feces, or other bodily fluid;

B. “feed” means grains, fruits, vegetables, nuts, hay, and other food that is capable of attracting or enticing deer;
and

C. “place” includes to place, cause to place, distribute, or otherwise put on a person’s property in an outdoor location accessible to deer or to allow another person to so place, cause to place, distribute, or put on a person’s property.

Subp. 2. Applicability; prohibition; feed and attractants. In Aitkin, Beltrami, Carver, Cass, Crow Wing, Dakota, Dodge, Fillmore, Goodhue, Hennepin, Houston, Hubbard, Itasca, Le Sueur, Mower, Norman, Olmsted, Polk, Rice, Scott, Sibley, Wabasha, Washington, and Winona Counties, a person may not place feed or attractants, except as provided in subpart 3.

Subp. 3. Exceptions. The prohibition in subpart 2 does not include feed that is:

A. intended to feed wildlife other than deer, if the feed is:

(1) arranged to exclude access to deer; or

(2) put at least six feet above the ground;

B. present solely as a result of normal agricultural, forest management, or wildlife food-planting practices; or

C. for livestock purposes if the feed is:

(1) for domestic livestock that are present and actively consuming the feed daily;

(2) covered to deter deer from accessing the feed; or

Expedited Emergency Rules

(3) stored consistent with normal agricultural practices.

Subp. 4. **Cleanup.**

A. In addition to any other penalties imposed, a person must immediately remove any feed and attractants that have been placed in violation of subpart 2.

B. Failure to comply with this subpart is a separate violation from and in addition to a violation of subpart 2.

Subp. 5. **Bear bait stations in counties where placing feed or attractants is prohibited.** A person may establish a bear bait station, as described in part 6232.2600, subpart 3, in counties where placing feed or attractants is otherwise prohibited under subpart 2.

REPEALER. Minnesota Rules, part 6232.4800, published in the State Register, volume 47, page 1205, June 26, 2023, is repealed.

Expedited Rules

Provisions exist for the Commissioners of some state agencies to adopt expedited rules when conditions exist that do not allow the Commissioner to comply with the requirements for normal rules. The Commissioner must submit the rule to the attorney general for review and must publish a notice of adoption that includes a copy of the rule and the conditions. Expedited rules are effective upon publication in the State Register, and may be effective up to seven days before publication under certain conditions.

Expedited rules are effective for the period stated or up to 18 months. Specific *Minnesota Statute* citations accompanying these expedited rules detail the agency's rulemaking authority.

KEY: Proposed Rules - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material."

Adopted Expedited Permanent Game and Fish Rule: Netting Whitefish and Ciscoes

The rules proposed and published at State Register, Volume 47, Number 42, pages 1005-1012, April 17, 2023 (47 SR 1005), are adopted as proposed.

Executive Orders

The governor has the authority to issue written statements or orders, called Executive Orders, as well as Emergency Executive Orders. The governor's authority is specified in the Constitution of the State of Minnesota, Article V, and in *Minnesota Statutes* § 4.035. Emergency Executive Orders, for protection from an imminent threat to health and safety, become effective immediately, are filed with the secretary of state, and published in the *State Register* as soon as possible after they are issued. Other Executive Orders become effective 15 days after publication in the *State Register* and filing with the secretary of state. Unless otherwise specified, an executive order expires 90 days after the date the governor who issued the order vacates office.

Office of the Governor

Emergency Executive Order 24-06: Providing National Guard Assistance to the State of Wisconsin

I, Tim Walz, Governor of the State of Minnesota, by the authority vested in me by the Constitution and applicable statutes, issue the following executive order:

The State of Wisconsin and the City of Milwaukee are hosting the 2024 Republican National Convention (RNC) from July 15, 2024, through July 18, 2024, and have identified critical resource needs. The United States Department of Homeland Security has designated the RNC as a National Special Security Event, as the event requires greater security operations. Due to the scale of the Convention, local, county, and state governments do not have the requisite resources required for hosting a safe and secure event.

In response, Wisconsin Governor Tony Evers has declared a state of emergency. The State of Wisconsin has requested Minnesota National Guard support, under the Emergency Management Assistance Compact, to supplement local resources. The Minnesota National Guard regularly provides emergency assistance to other States when requested under the Compact.

For these reasons, I order as follows:

1. The Adjutant General may order to state active duty on July 9, 2024, the people, equipment, and facilities needed to support emergency operations in Wisconsin.
2. The Adjutant General is authorized to procure the goods and services needed to accomplish the mission.
3. The Adjutant General is authorized to enter into any supplementary agreements with the State of Wisconsin necessary to accomplish the mission.
4. The costs of this assistance shall be paid from the general fund as allowed by Minnesota Statutes 2023, section 192.52.

This Executive Order is effective immediately under Minnesota Statutes 2023, section 4.035, subdivision 2, and remains in effect until such date as National Guard resources are no longer required, or until July 21, 2024, whichever occurs first.

A determination that any provision of this Executive Order is invalid will not affect the enforceability of any other provision of this Executive Order. Rather, the invalid provision will be modified to the extent necessary so that it is enforceable.

Signed on June 28, 2024.

Tim Walz, GOVERNOR

Filed According to Law:

Steve Simon, SECRETARY OF STATE

Revenue Notices

The Department of Revenue began issuing Revenue Notices in July of 1991. Revenue Notices are statements of policy made by the department that provide interpretation, detail, or supplementary information concerning a particular statute, rule, or departmental practice. The authority to issue Revenue Notices is found in *Minnesota Statutes*, Section 270C.07.

KEY: Underlining indicates additions to existing language. ~~Strikeouts~~ indicate deletions from existing language.

Minnesota Department of Revenue

Revenue Notice # 24-01: Sales and Use Tax – Sale and Purchase – Third-Party Installation Services

Introduction

This Revenue Notice states the department's position on the taxability of third-party installation services according to *Minnesota Statutes*, section 297A.61, subdivision 3, paragraph (j). This section states that “[a] sale and a purchase includes the furnishing for a consideration of installation if the installation charges would be subject to the sales tax if the installation were provided by the seller of the item being installed.”

Minnesota Statutes, section 297A.61, subdivision 4, paragraph (a), clause (2), defines “retail sale” to include the services listed in *Minnesota Statutes*, section 297A.61, subdivision 3, for any purpose other than resale by the purchaser in the normal course of business. *Minnesota Statutes*, section 297A.61, subdivision 7, paragraph (a), clause (5), defines “sales price” to include installation charges.

Department Position

Installation by a third-party is only taxable if the installation would have been taxable if the seller of the item had also provided the installation. If an installer did not sell the item that is being installed to the purchaser, the installer must determine if charges for installation would have been taxable if the seller that sold the item had also installed the item.

Generally, if the sale of an item is taxable, then charges for installation are also taxable. If charges for installation would have been taxable if the seller of the item had installed it, then a third-party installer must collect sales tax on the installation charges. If the sale of the item is not taxable, then charges for installation of the item are not taxable, regardless of who installs it.

Example: *Prewritten Computer Software*

Company A sells prewritten computer software to a customer. The customer does not purchase software installation services from Company A. The sale is sourced as required under *Minnesota Statutes*, section 297A.668, subdivision 2, and the appropriate sales tax is paid. Three months later, the customer hires Company B to install the software purchased from Company A. The sale of software installation services by the third-party, Company B, are taxable because the installation services would have been taxable if Company A had installed the software.

Example: *Isolated and Occasional Sales*

Person A sells their used car stereo to their sibling, Person B. No sales tax is due because the sale is exempt as an isolated and occasional sale. One month later, Person B hires a company to install the car stereo in their car. The installation of the car stereo by the company is not taxable because, if Person A had installed the car stereo, charges for installation would not have been taxable. If Person A had installed the car stereo into Person B's car and charged for the installation, the installation charge would not have been taxable because the sale of the car stereo was exempt from sales tax.

Revenue Notices

Because Person B is not a business, Person B would likely not have an exemption certificate (Form ST3) to provide to the company. To establish that the charge for installation services was not taxable, the company would need to document in their records that Person B's purchase of the car stereo was not taxable.

However, in some situations, such as with improvements to real property, a sale of an item that is otherwise taxable is not taxable when sold with installation. If the sale of an item would not have been taxable if sold with installation, charges for installation of the item by a third-party installer are not taxable.

Example: *Contractor-Retailers*

Contractor A sells and installs carpeting. A customer purchases carpeting from Contractor A without installation. This is a retail sale of tangible personal property and subject to sales tax. One month later, the customer hires Contractor B to install the carpeting into their home. The installation of the carpeting by the third-party, Contractor B, is not taxable because, if Contractor A had installed the carpet, charges for installation would not have been taxable. If Contractor A had installed the carpeting, the installation charge would not have been taxable because the sale of carpeting, including installation, is an improvement of real property not subject to sales tax.

State Grants & Loans

In addition to requests by state agencies for technical/professional services (published in the State Contracts Section), the *State Register* also publishes notices about grants and loans available through any agency or branch of state government. Although some grant and loan programs specifically require printing in a statewide publication such as the State Register, there is no requirement for publication in the *State Register* itself. Agencies are encouraged to publish grant and loan notices, and to provide financial estimates as well as sufficient time for interested parties to respond.

Department of Labor and Industry Request for Proposals for Labor Education Advancement Program (LEAP) Grant 2025

Apprenticeship Minnesota at the Department of Labor and Industry (DLI) announces the availability of *grant funding for the operation of Labor Education Advancement Programs (LEAP)* in Minnesota under Minnesota Statutes § 178.11 and Minnesota Rules Chapter 5227. The available funding is up to \$400,000, with a grant period of performance of October 1, 2024, or the date the contract is fully executed, whichever occurs later, until March 31, 2026. Grants will be awarded on a competitive basis.

Objective

This grant funding is to facilitate the participation and/or retention of people of color, Indigenous people, and women in registered apprenticeship programs through various means, including outreach, education, assessment, preparation, support services, instruction, training, placement, and retention activities.

People of color, Indigenous people, and women are traditionally underrepresented in registered apprenticeship programs. A goal of this funding is to introduce those groups of people to registered apprenticeship as a viable career opportunity, enroll them into registered apprenticeship programs, and support their retention in those programs.

Eligibility

Proposals will be accepted from community-based and nonprofit organizations, including 501(c)3 and 501(c)5 organizations, and Minnesota Tribal governments as defined in Minnesota Statutes § 10.65, serving the grant focus populations. **The deadline to submit a written proposal to the Department of Labor and Industry is no later than 12:00 p.m., Central Daylight Time, July 26, 2024.**

Application process

Information about this grant, eligibility, proposal requirements and deadlines is available online at dli.mn.gov/business/workforce/apprenticeship-funding-opportunities. Contact Lyla Brown, DLI, at lyla.brown@state.mn.us with questions or for technical assistance.

State Contracts

Informal Solicitations: Informal solicitations for professional/technical (consultant) contracts valued at over \$5,000 through \$50,000, may either be published in the *State Register* or posted on the Department of Administration, Office of State Procurement (OSP) Website. Interested vendors are encouraged to monitor the P/T Contract Section of the OSP Website at <https://mn.gov/admin/osp> for informal solicitation announcements.

Formal Solicitations: Department of Administration procedures require that formal solicitations (announcements for contracts with an estimated value over \$50,000) for professional/technical contracts must be published in the *State Register*. Certain quasi-state agency and Minnesota State College and University institutions are exempt from these requirements.

Requirements: There are no statutes or rules requiring contracts to be advertised for any specific length of time, but the Office of State Procurement strongly recommends meeting the following requirements: \$0 - \$5000 does not need to be advertised; \$5,000 - \$25,000 should be advertised in the *State Register* for a period of at least seven calendar days; \$25,000 - \$50,000 should be advertised in the *State Register* for a period of at least 14 calendar days; and anything above \$50,000 should be advertised in the *State Register* for a minimum of at least 21 calendar days.

Minnesota Lottery

Request for Proposals for Minnesota State Lottery Sponsorship Agreements

Description of Opportunity

The Minnesota State Lottery ("Lottery") develops sponsorship agreements throughout the year with organizations, events, and sports teams to create excitement for lottery players, to interest new players and increase the visibility of lottery games. The Lottery encourages and continually seeks new sponsorship agreements to help achieve current Lottery marketing goals.

The Minnesota Lottery finds sponsorship opportunities in two ways. First, the Minnesota Lottery marketing staff locates and approaches potential sponsors to negotiate directly. Second, the Minnesota Lottery accepts incoming potential sponsors through this proposal process. Employing both strategies allows the Minnesota Lottery to find the best sponsorship opportunities, including opportunities that are not already known by staff. Both strategies are evaluated using the same criteria.

If you feel your organization, event, sports team, or other opportunity is a good fit for the Minnesota Lottery to sponsor, we encourage you to prepare and submit a proposal.

Proposal Content

A sponsorship proposal presented to the Lottery should meet the following three criteria:

1. Maximize Lottery Visibility - the event, sports team, or venue sponsorship proposal should draw a large number of attendees (typically 20,000 or more) whose demographics match the Lottery's target audience. The Lottery is interested in effectively delivering its message of fun and entertainment to Minnesota adults, ages 25-64, with a household income of \$75,000+ and an educational background of some college or higher. The Lottery does not market to those under the age of 18, and events with large numbers of children present are generally not accepted. Attendance numbers, on-site signage availability, sales and engagement opportunities, and media exposure are critical components that will be evaluated in the proposal. List and define all assets,

value, and benefits that the Lottery would receive as part of the sponsorship, such as PR inclusions, social media posts, prize support, promotional activities, and signage.

2. Enhance Lottery Image - the event, sports team, or venue should be a reputable, safe, and well-run event and organization that enhances the Lottery's brand. The Lottery's presence should fit well within the lineup of other sponsors and participants. The Lottery is interested in sponsorships that can promote Lottery products, either via on-site sales from a Lottery booth, from sales-generating promotions with Lottery retailers, or from joint programs with the sponsor's media or other sponsorship partners.
3. Provide Promotional Extensions - the event, sports team, or venue proposal should offer exciting, value-added ways to interact with attendees and have opportunities to motivate attendees, listeners, and viewers to participate in and purchase Lottery games. The proposal must include staffing support, or other considerations to help the Lottery implement any appropriate promotional extension ideas.

Proposals should address all pertinent elements of the sponsorship and how the Lottery criteria, as stated above and on the RFP Evaluation Form, are to be met. To view or print copies of the Request for Proposal go to <https://www.mnlottery.com/vendors/>

This Solicitation does not obligate the state to award a contract or pursue a proposed sponsorship opportunity, and the state reserves the right to cancel the solicitation if it is considered to be in its best interest.

Minnesota Zoo

Request for Proposals for Seasonal Illuminated Event Contractor

PROJECT NAME: Seasonal Illuminated Event

DETAILS: The Minnesota Zoological Garden (Minnesota Zoo, or Zoo) is seeking a Contractor to provide an illuminated seasonal event in spring, summer, or winter. We seek a partner that brings strong ideation and vision in line with the Zoo's mission, creativity, industry trends, best practices, and emerging opportunities that will maximize financial return to the Minnesota Zoo. The Zoo is following a Request for Proposal-Invitation to Negotiate process to secure the Contractor.

We seek a Contractor that will:

- Design, deliver, and execute a highly visual, experiential, multimedia, profitable revenue-generating, impactful, and inclusive illuminated seasonal event on the Zoo campus in Apple Valley, Minnesota.
- Provide project management and coordination of the entire event in collaboration with the Minnesota Zoo Special Events team.
- Ensure animal welfare and safety considerations are top-of-mind, and operations are sustainable to the extent possible.
- Develop a multi-year tiered event activation and investment approach.

The Minnesota Zoo is anticipating a revenue/cost share model for this project.

A mandatory in person pre-proposal meeting will be held on July 9, 2024.

Work is anticipated to start in August 2024.

Non-State Public Bids, Contracts & Grants

The State Register also serves as a central marketplace for contracts let out on bid by the public sector. The *State Register* meets state and federal guidelines for statewide circulation of public notices. Any tax-supported institution or government jurisdiction may advertise contracts and requests for proposals from the private sector. It is recommended that contracts and RFPs include the following: 1) name of contact person; 2) institution name, address, and telephone number; 3) brief description of commodity, project or tasks; 4) cost estimate; and 5) final submission date of completed contract proposal. Allow at least three weeks from publication date (four weeks from the date article is submitted for publication). Surveys show that subscribers are interested in hearing about contracts for estimates as low as \$1,000. Contact editor for further details.
