Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact the editor at 651-201-3204 or email at sean.plemmons@state.mn.us

Capitol Area Architectural and Planning Board

REQUEST FOR COMMENTS for Application to add a new Commemorative Work at the State Capitol Grounds: The Pillbox (Ballpark)

The Capitol Area Architectural and Planning Board requests comments on whether ALL of the conditions in *Minnesota Rules 2400.2703 Subpart 2* have been met for the Board to consider an application to commemorate the 'Pillbox' (ballpark) on the Minnesota State Capitol campus.

Official Notices

Background

The Downtown Baseball Park, also known as the Pillbox due to its small size, was a historic baseball venue located at 12th and Robert in St. Paul. In use from 1903 to 1910, it served as the home field for the St. Paul Saints, a minor league team, and frequently hosted the all-Black St. Paul Gophers (also called the St. Paul Colored Gophers). At the time, professional baseball remained segregated, with organized leagues excluding Black players until the 1940s. However, independent Black teams, like the Gophers, played against both amateur and professional white teams, sometimes integrating outside talent for special matchups.

In its later years, the Pillbox was a key home for the team, who notably faced the Saints in 1907. Star pitcher and future Negro National League founder Andrew “Rube” Foster played with the Gophers, even throwing a no-hitter in 1908. The team continued playing at the Pillbox until the park was abandoned in 1910, leading to the team’s decline. Beyond baseball, the Pillbox hosted events such as speed skating in winter and professional wrestling in summer. Today, the site is occupied by a laboratory building for the Minnesota Departments of Health and Agriculture, located near Spaghetti Junction.

On December 18, 2024, CAAPB received an application from Stew Thornley of the Halsey Hall Chapter Society of American Baseball Research, to add a new Commemorative Work for The Pillbox per Minnesota Rules 2400.2703, on the State Capitol Grounds.

Detailed information on the application to commemorate The Pillbox can be found on the CAAPB website: <https://bit.ly/4j1GPBQ>

Board Consideration

“Conditions for adding new artwork. The board must consider displaying new commemorative artwork in the Capitol area if the artwork meets all of the following conditions:

- B. the artwork has lasting statewide significance for Minnesotans;
- C. the artwork is respectful of the diversity of Minnesotans;
- D. viewing the artwork provides a rich experience to broaden the understanding of Minnesota’s shared history, heritage, and culture;”

Staff Finding Leads to Public Comment

The Board itself will only consider the addition request if it meets ALL of the conditions stated in *Minnesota Rules 2400.2703 Subpart 2*. So far, CAAPB’s staff have made the finding that the removal request meets all of the conditions, which means that by Rule, the Board is now required to open a 30-day public comment period to gather input on the conditions.

Public Comment Request Due May 5th

Interested persons may mail comments on whether they believe ALL of the conditions have been met to CAAPB via email or mail (to the contact below) until 4:30pm on May 5, 2025.
