# Minnesota Rules: Amendments and Additions

## NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact the editor at 651-201-3204 or email at sean.plemmons@state.mn.us

# Adopted Rules

A rule becomes effective after the requirements of *Minnesota Statutes* §§ 14.05-14.28 have been met and five working days after the rule is published in the *State Register*, unless a later date is required by statutes or specified in the rule. If an adopted rule is identical to its proposed form as previously published, a notice of adoption and a citation to its previous *State Register* publication will be printed. If an adopted rule differs from its proposed form, language which has been deleted will be printed with strikeouts and new language will be underlined. The rule's previous *State Register* publication will be cited.

**KEY: Proposed Rules** - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material."

**Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

## Department of Human Services Adopted Repeal of Obsolete Rules

The rules proposed and published at State Register, Volume 49, Number 39, pages 1075-1077, March 24, 2025 (49 SR 1075), are adopted as proposed.

# Expedited Emergency Rules

Provisions exist for the Commissioners of some state agencies to adopt expedited emergency rules when conditions exist that do not allow the Commissioner to comply with the requirements for emergency rules. The Commissioner must submit the rule to the attorney general for review and must publish a notice of adoption that includes a copy of the rule and the emergency conditions. Expedited emergency rules are effective upon publication in the *State Register*, and may be effective up to seven days before publication under certain emergency conditions.

Expedited emergency rules are effective for the period stated or up to 18 months. Specific *Minnesota Statute* citations accompanying these expedited emergency rules detail the agency's rulemaking authority.

**KEY: Proposed Rules** - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material."

**Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

## Department of Natural Resources Adopted Expedited Emergency Game and Fish Rules: 2025 Waterfowl and Sandhill Crane Hunting, Light Goose Population Control, Game Refuges, Controlled Hunting Zones, and Feeding and Resting Areas

Notice is hereby given that the above entitled rules have been adopted through the process prescribed by *Minnesota Statutes*, section 84.027, subdivision 13(b). The statutory authority for the content of the rules is *Minnesota Statutes*, sections 84.027, subdivision 13(a), 97A.091, subdivision 2; 97A.092; 97A.137, subdivision 2; 97A.401, subdivision 5; 97B.105; 97B.112; and 97B.731, subdivision 1(b).

The following conditions do not allow compliance with *Minnesota Statutes*, sections 97A.0451 to 97A.0459: Waterfowl hunting season dates are based on annual determinations of season timing and selection of options as allowed under federal frameworks for migratory bird hunting. Provisions allowing or prohibiting taking waterfowl on refuges are based on local annual population assessments that show whether a harvestable surplus of ducks or geese exists.

# Expedited Emergency Rules

---

State game refuges open to taking geese are adjusted on a regular basis to reflect changing use by Canada goose populations. Additions to the list of Migratory Waterfowl Feeding and Resting Areas where electric motors may be used during waterfowl season allow additional access and hunting opportunity while maintaining substantial areas of undisturbed waterfowl habitat.

Modifications to controlled hunting zones (CHZs) have been implemented in response to annual harvest data showing declining use by hunters due in part to changes in goose abundance and fall staging patterns.

Falconry season changes standardize opening and closing dates with firearms seasons for waterfowl and provide additional days after the firearms season to reach the maximum number of falconry hunting days allowed under the federal framework.

Regulations prohibiting the take of teal on certain rice beds within the Leech Lake, Mille Lacs, and White Earth Reservations address tribal concerns about the potential for interference between hunters and *manoomin* (wild rice) harvesters during the early-teal season. During the early-teal season (Sept. 6-10), hunters will be restricted from the taking of teal in an area one-half mile from rice beds posted as open for ricing by tribal authorities when hunting within the boundaries of the Leech Lake Reservation. During the early-teal season (Sept. 6-10), hunters will be restricted from the taking of teal on rice beds posted as open for ricing by tribal authorities when hunting within the boundaries of the Mille Lacs Indian Reservation. During the early-teal season (Sept. 6-10), hunters will be prohibited from the taking of teal on all wild rice waters identified by tribal authorities within the White Earth Reservation.

Amendments governing migratory bird seasons include: (a) setting dates for the early goose season; (b) setting shooting hours to allow duck hunters to begin shooting one-half hour before sunrise on the opening day of duck season, which is consistent with federal waterfowl regulations; (c) setting shooting hours to begin one-half hour later during the early-teal season to prevent misidentification by hunters; (d) increasing the possession limit for harvested migratory waterfowl to be consistent with federal regulations; (e) providing allowances for the use of watercraft in certain areas during the waterfowl seasons; (f) setting a mourning dove season that reflects an expansion in the federal framework introduced by the U.S. Fish and Wildlife Service; (g) setting youth waterfowl hunting days consistent with federal regulations; and (h) setting open seasons, limits, and restricted areas for the sandhill crane, coot, moorhen, duck, merganser, and goose seasons. Each of these seasonal variables are required to be adjusted on an annual basis based upon current biological and harvest data.

Commissioner of Natural Resources

## **Department of Natural Resources Division of Lands and Minerals Notice of Proposed Boundary Line Agreement**

**NOTICE IS HEREBY GIVEN**, that the Minnesota Department of Natural Resources, Division of Lands and Minerals, proposes to enter into a boundary line agreement, under the authority of *Minnesota Statutes* section 84.0273, to correct boundary line issues affecting the ownership interests of the State and adjacent landowner Gary W. Kostecka. The boundary line agreement involves land located in Government Lot 2, Section 26, Township 128 North, Range 39 West, Douglas County, Minnesota. ## Minnesota Lottery Request for Proposals for Minnesota State Lottery Sponsorship Agreements

### Description of Opportunity

The Minnesota State Lottery (“Lottery”) develops sponsorship agreements throughout the year with organizations, events, and sports teams to create excitement for lottery players, to interest new players and increase the visibility of lottery games. The Lottery encourages and continually seeks new sponsorship agreements to help achieve current Lottery marketing goals.

The Minnesota Lottery finds sponsorship opportunities in two ways. First, the Minnesota Lottery marketing staff locates and approaches potential sponsors to negotiate directly. Second, the Minnesota Lottery accepts incoming potential sponsors through this proposal process. Employing both strategies allows the Minnesota Lottery to find the best sponsorship opportunities, including opportunities that are not already known by staff. Both strategies are evaluated using the same criteria.

If you feel your organization, event, sports team, or other opportunity is a good fit for the Minnesota Lottery to sponsor, we encourage you to prepare and submit a proposal.

### Proposal Content

A sponsorship proposal presented to the Lottery should meet the following three criteria:

1. Maximize Lottery Visibility - the event, sports team, or venue sponsorship proposal should draw a large number of attendees (typically 20,000 or more) whose demographics match the Lottery’s target audience. The Lottery is interested in effectively delivering its message of fun and entertainment to Minnesota adults, ages 25-64, with a household income of \$75,000+ and an educational background of some college or higher. The

Lottery does not market to those under the age of 18, and events with large numbers of children present are generally not accepted. Attendance numbers, on-site signage availability, sales and engagement opportunities, and media exposure are critical components that will be evaluated in the proposal. List and define all assets, value, and benefits that the Lottery would receive as part of the sponsorship, such as PR inclusions, social media posts, prize support, promotional activities, and signage.

2. Enhance Lottery Image - the event, sports team, or venue should be a reputable, safe, and well-run event and organization that enhances the Lottery's brand. The Lottery's presence should fit well within the lineup of other sponsors and participants. The Lottery is interested in sponsorships that can promote Lottery products, either via on-site sales from a Lottery booth, from sales-generating promotions with Lottery retailers, or from joint programs with the sponsor's media or other sponsorship partners.
3. Provide Promotional Extensions - the event, sports team, or venue proposal should offer exciting, value-added ways to interact with attendees and have opportunities to motivate attendees, listeners, and viewers to participate in and purchase Lottery games. The proposal must include staffing support, or other considerations to help the Lottery implement any appropriate promotional extension ideas.

Proposals should address all pertinent elements of the sponsorship and how the Lottery criteria, as stated above and on the RFP Evaluation Form, are to be met. To view or print copies of the Request for Proposal go to <https://www.mnlottery.com/vendors/>

This Solicitation does not obligate the state to award a contract or pursue a proposed sponsorship opportunity, and the state reserves the right to cancel the solicitation if it is considered to be in its best interest.
