# Minnesota Rules: Amendments and Additions

## NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact the editor at 651-201-3204 or email at [sean.plemmons@state.mn.us](mailto:sean.plemmons@state.mn.us)

# Adopted Rules

A rule becomes effective after the requirements of *Minnesota Statutes* §§ 14.05-14.28 have been met and five working days after the rule is published in the *State Register*, unless a later date is required by statutes or specified in the rule. If an adopted rule is identical to its proposed form as previously published, a notice of adoption and a citation to its previous *State Register* publication will be printed. If an adopted rule differs from its proposed form, language which has been deleted will be printed with strikeouts and new language will be underlined. The rule's previous *State Register* publication will be cited.

**KEY: Proposed Rules** - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material."  
**Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

## Department of Health

### Adopted Permanent Rules Related to Health Risk Limits

The rules proposed and published at State Register, Volume 49, Number 19, pages 457-460, November 04, 2024 (49 SR 457), are adopted as proposed.

# Expedited Emergency Rules

Provisions exist for the Commissioners of some state agencies to adopt expedited emergency rules when conditions exist that do not allow the Commissioner to comply with the requirements for emergency rules. The Commissioner must submit the rule to the attorney general for review and must publish a notice of adoption that includes a copy of the rule and the emergency conditions. Expedited emergency rules are effective upon publication in the *State Register*, and may be effective up to seven days before publication under certain emergency conditions.

Expedited emergency rules are effective for the period stated or up to 18 months. Specific *Minnesota Statute* citations accompanying these expedited emergency rules detail the agency's rulemaking authority.

**KEY: Proposed Rules** - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material."

## Department of Natural Resources

### Adopted Expedited Emergency Game and Fish Rules: 2025 Deer Seasons and Special Hunts

Notice is hereby given that the above entitled rules have been adopted through the process prescribed by *Minnesota Statutes*, section 84.027, subdivision 13(b). The statutory authority for the content of the rules is *Minnesota Statutes*, 84.027, subdivision 13; 97A.045, subdivision 11; 97A.091, subdivision 2; 97A.401, subdivision 4; 97A.535, subdivision 2; 97B.111; 97B.301; 97B.311.

The following conditions do not allow compliance with *Minnesota Statutes*, sections 97A.0451 to 97A.0459: Population data needed to set bag limits for specific deer permit areas are not available until spring of each year. Special hunts to reduce deer density in municipalities, state parks and other areas where hunting is not normally allowed are based on annual changes in local deer populations. Other special hunts are authorized to provide opportunities to special groups and for mentoring or for disease control. Changes to the Camp Ripley Game Refuge provide a more effective means of public access while maintaining an equitable distribution of harvest. Annual biological harvest data shows that there is a harvestable surplus of deer in the area.

# Expedited Emergency Rules

---

The emergency rule is also necessitated by the continuing effort to manage Chronic Wasting Disease (CWD), which has been found in wild deer harvested in multiple areas of Minnesota and captive deer in farms in western, north central, and eastern Minnesota. CWD infectious agents are extremely persistent in the environment and transmission may be both direct and indirect. The concentration of deer in certain areas increases the risk of transmission between individual deer. Disease management measures, including sampling requirements and increased harvest opportunities, are implemented to control disease spread based on discoveries of infections in both wild and farm-raised captive deer. Reducing the number of deer reduces the risk of transmission between individuals.

The DNR will also hold a special hunt in mid-December 2025 in deer permit areas where CWD has been classified as a persistent infection in accordance with the DNR's CWD Response Plan. Late hunts offer additional opportunities to harvest deer in known CWD areas and reduce deer densities.

## **6232.0400 REGISTRATION OF DEER.**

~~*[For text of subpart 1, see Minnesota Rules]*~~

### **Subp. 2. Registration requirements.**

~~*[For text of item A, see Minnesota Rules]*~~

B. Deer must be registered according to item A:

(1) before the deer is processed either privately or commercially; and

(2) within ~~24~~ 48 hours after the ~~close of the season in which the~~ deer was taken.

~~*[For text of items C and D, see Minnesota Rules]*~~

~~*[For text of subpart 3, see Minnesota Rules]*~~

### **Subp. 4. General provisions for registration of deer.**

A. Registration agents are not required to inspect deer at registration stations. Legally registered deer may be transported anytime during or after the deer hunting season, except as prescribed in subparts 6 to 8.

B. No part of the carcass, except skin or entrails, may be removed until after the deer has been registered using one of the methods described in subpart 2, except that deer may be quartered prior to registration as long as all parts remain together and are presented for registration and the head of the deer remains attached to one quarter. A person may not process a deer unless it has been registered as evidenced by a possession tag or registration confirmation number.

C. Authorized department staff may transport carcasses statewide when conducting department operations.

Subp. 5. [See repealer.]

### **Subp. 6. Deer carcasses in chronic wasting disease management zone.**

A. Except as provided in items B, D to J, and L to N, carcasses of wild deer harvested by hunters, killed by vehicles, or killed in any other manner in a chronic wasting disease management zone must remain in the zone until the results of a test for chronic wasting disease show the disease has not been detected in the deer.

B. Cut and wrapped meat, quarters, or other portions of meat from a deer taken in the chronic wasting disease management zone may be transported outside the zone if no part of the spinal column or head is attached. Antlers, hides, teeth, finished taxidermy mounts, antlers attached to skull caps that are cleaned of all brain tissue, and whole skulls that are cleaned of all brain tissue may be transported outside the chronic wasting disease management zone.

C. Except as provided in item K, deer, except fawns, taken on November 8 or 9, 2025, in the chronic wasting disease management zone must be submitted at a designated sampling station listed on the Department of Natural Resources website for chronic wasting disease sampling within 24 hours of harvest and before transporting out of the chronic wasting disease management zone.

### Adopted Expedited Emergency Game and Fish Rules: 2025 Youth and Adult Special Deer Hunts and Seasons

Notice is hereby given that the above-entitled rules have been adopted through the process prescribed by *Minnesota Statutes*, section 84.027, subdivision 13(b). The statutory authority for the content of the rules is *Minnesota Statutes*, sections 84.027, subdivision 13; 97B.112; and 97B.311.

The following conditions do not allow compliance with *Minnesota Statutes*, sections 97A.0451 to 97A.0459: Youth and adult special deer hunts are subject to adjustment on an annual basis based upon current biological and harvest data. Deer population and harvest data used for setting quotas and determining areas is gathered annually and analyzed each

winter. Adjustments to areas and quotas are based on annual and long-term population data as well as input from the public.

Dated: June 24, 2025

Sarah Strommen  
Commissioner of Natural Resources

## **6232.2550 YOUTH AND ADULT SPECIAL DEER HUNTS.**

*[For text of subpart 1, see Minnesota Rules]*

### **Subp. 2. Application requirements.**

A. Applications for youth special hunts must be made according to this part and according to application instructions provided by the commissioner. Applicants for youth firearms special hunts must be at least 12 years old and under age 16 by the beginning hunt date. Applicants for youth archery special hunts must be at least 12 years old and under age 18 by the beginning hunt date. Each person must apply at an electronic license system agent or the Department of Natural Resources License Center. Group applications are not allowed. If the number of eligible applicants exceeds the quota established by the commissioner, the commissioner shall conduct a drawing to determine eligible participants. Preference for the youth special hunt drawing is given to applicants based on the number of years they have correctly applied for a youth special hunt permit but have been unsuccessful. Upon issuance of a youth special hunt permit, all accumulated preference is lost. The application deadline is the Friday nearest August 17.

B. Adult learn-to-deer-hunt participants are selected on a first-come, first-served basis.

### **Subp. 3. Restrictions on taking.**

A. In addition to complying with this part, hunters who are hunting under a special deer hunt permit must meet all requirements of the municipality, park, or area in which the special hunt occurs and those of the sponsoring organization. Hunt participants must stay within any boundaries prescribed by the hunt sponsor, on maps provided during a prehunt orientation session, or by posting.

B. While participating in a special hunt in a state park, individuals may possess only nontoxic ammunition on their person while taking wild animals, as defined in Minnesota Statutes, section 97A.015, subdivision 47. For purposes of this item, "nontoxic ammunition" means:

- (1) steel shot or projectile;
- (2) copper-plated, nickel-plated, or zinc-plated steel shot or projectile; or
- (3) shot or projectile made of other nontoxic material approved by the director of the United States Fish and Wildlife Service under Code of Federal Regulations, title 50, section 20.21, paragraph (j).

C. A person who carries a pistol and possesses a valid permit under Minnesota Statutes, section 624.714, may possess ammunition that does not meet the requirement of item B but must not use the ammunition to take wild animals.

D. Participants in youth firearm special hunts that are located inside the shotgun use area described in Minnesota Statutes, section 97B.318, subdivision 1, may possess and use ammunition that does not meet the requirement of item B to take deer if they remove all portions, including entrails, of any deer harvested during the special hunt.

### **Subp. 4. Open areas. The following youth and adult special hunt areas are open by permit in 2025:**

A. Camp Ripley Military Refuge in Morrison County is open October 11 and 12 for youth taking antlerless deer and legal bucks by archery. No more than 100 permits shall be issued. The Minnesota State Archery Association is the sponsor. The bag limit is two.

B. Portions of Afton State Park in Washington County are open November 8 and 9 for youth taking antlerless deer and legal bucks by firearms. No more than 30 permits shall be issued. The Department of Natural Resources,

**EFFECTIVE PERIOD.** The expedited emergency amendments to Minnesota Rules, part 6232.2550, expire December 31, 2025. After the expedited emergency amendments expire, the permanent rules again take effect, subject to any permanent rule amendments that have been adopted in the interim.

# Exempt Rules

Exempt rules are excluded from the normal rulemaking procedures (*Minnesota Statutes* §§ 14.386 and 14.388). They are most often of two kinds. One kind is specifically exempted by the Legislature from rulemaking procedures, but approved for form by the Revisor of Statutes, reviewed for legality by the Office of Administrative Hearings, and then published in the State Register. These exempt rules are effective for two years only.

The second kind of exempt rule is one adopted where an agency for good cause finds that the rulemaking provisions of *Minnesota Statutes*, Chapter 14 are unnecessary, impracticable, or contrary to the public interest. This exemption can be used only where the rules:

- (1) address a serious and immediate threat to the public health, safety, or welfare, or
- (2) comply with a court order or a requirement in federal law in a manner that does not allow for compliance with *Minnesota Statutes* Sections 14.14-14.28, or
- (3) incorporate specific changes set forth in applicable statutes when no interpretation of law is required, or
- (4) make changes that do not alter the sense, meaning, or effect of the rules.

These exempt rules are also reviewed for form by the Revisor of Statutes, for legality by the Office of Administrative Hearings and then published in the *State Register*. In addition, the Office of Administrative Hearings must determine whether the agency has provided adequate justification for the use of this exemption. Rules adopted under clauses (1) or (2) above are effective for two years only. The Legislature may also exempt an agency from the normal rulemaking procedures and establish other procedural and substantive requirements unique to that exemption.

**KEY: Proposed Rules** - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated “all new material.”

## Minnesota Pollution Control Agency (MPCA)

### Division of Resource Management & Assistance

#### Adopted Exempt Permanent Rule: Terminating Postclosure Care of Solid Waste Disposal Facilities; Order Adopting Exempt Rules

Adoption of Rules Relating to Solid Waste, Minnesota Rules, 7035.2655, (Terminating Postclosure Care of Solid Waste Disposal Facilities Rule), Revisor’s ID Number R-4878, OAH Docket Number 25-9003-40430

#### BACKGROUND INFORMATION

1. The Minnesota Pollution Control Agency (MPCA) has complied with all notice and procedural requirements in Minnesota Statutes, chapter 14, Minnesota Rules, chapter 1400, and other applicable law.
2. The Office of Administrative Hearings received 1 written comment on the rules.
3. By Laws of Minnesota 2024, chapter 116, article 2, section 30(b), the Minnesota Legislature requires the Commissioner of the Minnesota Pollution Control Agency to make the following rule changes:
  - a. The commissioner of the Pollution Control Agency must amend rules related to solid waste disposal facilities to require the commissioner’s approval to terminate the postclosure care period.
4. The use of the good cause exempt rulemaking process for this rule is authorized by Laws of Minnesota 2024, chapter 116, article 2, sections 30(b). According to Minnesota Statutes, section 14.388, subdivision 1, clause (3), these changes incorporate specific changes stated in applicable statutes that require no interpretation of law.
5. The rules are needed and reasonable.

## ORDER

The rules of the Minnesota Pollution Control Agency governing Solid Waste in the form set out in the Revisor's draft, R-04878 dated March 18, 2025, are adopted under my authority in Laws of Minnesota Laws of Minnesota 2024, chapter 116, article 2, section 30(b).

Date: June 10, 2025

Sincerely,  
Katrina Kessler P.E. Commissioner  
Minnesota Pollution Control Agency

### 7035.2655 POSTCLOSURE CARE AND USE OF PROPERTY.

Subpart 1. **Postclosure care requirements.** Postclosure care requirements apply to solid waste disposal facilities and are as follows:

A. Postclosure care must continue for at least 20 years after the date of completing closure. Terminating the postclosure care period requires approval from the commissioner based on the requirements of item B.

*[For text of items B and C, see Minnesota Rules]*

*[For text of subpart 2, see Minnesota Rules]*

## Executive Orders

The governor has the authority to issue written statements or orders, called Executive Orders, as well as Emergency Executive Orders. The governor's authority is specified in the Constitution of the State of Minnesota, Article V, and in *Minnesota Statutes* § 4.035. Emergency Executive Orders, for protection from an imminent threat to health and safety, become effective immediately, are filed with the secretary of state, and published in the *State Register* as soon as possible after they are issued. Other Executive Orders become effective 15 days after publication in the *State Register* and filing with the secretary of state. Unless otherwise specified, an executive order expires 90 days after the date the governor who issued the order vacates office.

## Office of the Governor

### Emergency Executive Order 25-08: Providing Assistance to the City of St. Paul

I, Tim Walz, Governor of the State of Minnesota, by the authority vested in me by the Constitution and applicable statutes, issue the following executive order:

On Friday, July 25, 2025, the City of St. Paul experienced a cyberattack that targeted critical systems and digital services. This cyberattack persisted through the weekend, causing significant disruptions and impairing St. Paul's ability to provide vital services.

St. Paul officials have been working around the clock since discovering the cyberattack, closely coordinating with Minnesota Information Technology Services and an external cybersecurity vendor. Unfortunately, the scale and complexity of this incident exceeded both internal and commercial response capabilities. As a result, St. Paul has requested cyber protection support from the Minnesota National Guard to help address this incident and make sure that vital municipal services continue without interruption.

For these reasons, I order as follows

# Executive Orders

1. The Adjutant General is authorized to order to state active duty the personnel, equipment, facilities, and resources needed to provide assistance throughout Minnesota.
2. The Adjutant General is authorized to procure the goods and services needed to accomplish the mission.
3. The costs of this assistance shall be paid from the general fund as allowed by Minnesota Statutes 2024, section 192.52.

This Executive Order is effective immediately under Minnesota Statutes 2024, section 4.035, subd. 2, and remains in effect until the emergency conditions caused by the cyberattack subside or until it is rescinded by proper authority, whichever occurs first.

A determination that any provision of this Executive Order is invalid will not affect the enforceability of any other provision of this Executive Order. Rather, the invalid provision will be modified to the extent necessary so that it is enforceable.

Signed on July 29, 2025.

**Tim Walz**, GOVERNOR

Filed According to Law:

**Steve Simon**, SECRETARY OF STATE

## Official Notices

Pursuant to *Minnesota Statutes* §§ 14.101, an agency must first solicit comments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, and within 60 days of the effective date of any new statutory grant of required rulemaking.

The *State Register* also publishes other official notices of state agencies and non-state agencies, including notices of meetings and matters of public interest.

## Minnesota Department of Agriculture (MDA)

### Notice of the Proposed Emerald Ash Borer Quarantine: southern portion of Itasca County

The Minnesota Department of Agriculture (MDA) is accepting comments on the current state emergency quarantine for emerald ash borer, *Agrilus planipennis* (Fairemaire), for the following areas:

**(A) The southeastern portion of Itasca County:**

- a. **Southern border:** the border with Aitkin County
- b. **Western border:** the Cass County border until that border meets State Highway 6, then following State Highway 6 north, west and north again until the junction with County Road 19
- c. **Northern border:** County Road 19 east to State Highway 38, State Highway 38 south to Clearwater Road, Clearwater Road east to Wabana Road, Wabana Road east to Scenic Drive, Scenic Drive east to County Road 57, County Road 57 east to County Road 8, County Road 8 east to State Highway 65, State Highway 65 south to US Highway 169, US Highway 169 east to the St Louis County border
- d. **Eastern border:** the border with St Louis County

The proposed formal quarantine is to be implemented September 5, 2025.

Oral and written comments regarding the proposed regulations will be accepted via email or phone through September 4, 2025. Submit comments to Mark Abrahamson, Minnesota Department of Agriculture, 625 Robert Street North, St Paul, MN 55155, email: [mark.abrahamson@state.mn.us](mailto:mark.abrahamson@state.mn.us), phone: (651)201-6505.

For more information on emerald ash borer, including a copy of the emergency quarantine, visit the Minnesota Department of Agriculture website at [www.mda.state.mn.us/eab](http://www.mda.state.mn.us/eab).

## State Grants & Loans

In addition to requests by state agencies for technical/professional services (published in the State Contracts Section), the *State Register* also publishes notices about grants and loans available through any agency or branch of state government. Although some grant and loan programs specifically require printing in a statewide publication such as the *State Register*, there is no requirement for publication in the *State Register* itself. Agencies are encouraged to publish grant and loan notices, and to provide financial estimates as well as sufficient time for interested parties to respond.

## Department of Commerce

### Division of Energy Resources

#### Request for Proposals for Minnesota Statewide Solar on Public Buildings Program

The Minnesota Department of Commerce seeks proposals for the Minnesota Statewide Solar on Public Buildings Program.

In 2023 the Minnesota Legislature established the Solar on Public Buildings (SPB) Grant Program (*Minn. Stat. § 216C.377*). The purpose of this program is to provide grants to stimulate the installation of solar energy systems on or adjacent to public buildings. The Department of Commerce will administer \$14.5M in grants to local governments and Tribal Nations statewide in any utility service territory. This is the first statewide round of funding requests.

Eligible applicants for this grant are local units of government owning and operating public buildings. This includes a county, city, town, or other local government jurisdiction, federally recognized Indian Tribes in Minnesota, excluding school districts eligible to receive financial assistance under the Solar for Schools program (*Minn. Stat. § 216C.375*) (*Minn. Stat. § 216C.377, subd. 1*).

Grants will be awarded for 70% of the project costs for a solar array that is built on or adjacent to a public building and is the lesser of 40kW system capacity or 120% of the building's annual energy consumption. Selected proposals are required to file for the 48E Clean Electricity Investment Tax Credit via Direct Pay for project costs not covered by the MN Commerce grant.

A Request for Proposals (RFP) is available for download on the Department's RFP website at *Request for Proposals (RFP) / Minnesota Department of Commerce - Business (mn.gov)*.

All responses to this RFP need to be submitted through a single responder user account via the grant portal, see the RFP for details. Applications will be open continuously until November 14, 2025, or notification from the Department that all funds have been committed, whichever occurs first. The department anticipates responding to applicants within two weeks of submittal. Instructions and links for submitting bids are detailed in the RFP and attachments.

This request does not obligate the State to complete the work contemplated in this notice. The State reserves the right to cancel this solicitation. All expenses incurred in responding to this notice are solely the responsibility of the responder.

## State Contracts

**Informal Solicitations:** Informal solicitations for professional/technical (consultant) contracts valued at over \$5,000 through \$50,000, may either be published in the *State Register* or posted on the Department of Administration, Office of State Procurement (OSP) Website. Interested vendors are encouraged to monitor the P/T Contract Section of the OSP Website at <https://mn.gov/admin/osp> for informal solicitation announcements.

**Formal Solicitations:** Department of Administration procedures require that formal solicitations (announcements for contracts with an estimated value over \$50,000) for professional/technical contracts must be published in the *State Register*. Certain quasi-state agency and Minnesota State College and University institutions are exempt from these requirements.

**Requirements:** There are no statutes or rules requiring contracts to be advertised for any specific length of time, but the Office of State Procurement strongly recommends meeting the following requirements: \$0 - \$5000 does not need to be advertised; \$5,000 - \$25,000 should be advertised in the *State Register* for a period of at least seven calendar days; \$25,000 - \$50,000 should be advertised in the *State Register* for a period of at least 14 calendar days; and anything above \$50,000 should be advertised in the *State Register* for a minimum of at least 21 calendar days.

## Minnesota Lottery Request for Proposals for Minnesota State Lottery Sponsorship Agreements

### Description of Opportunity

The Minnesota State Lottery ("Lottery") develops sponsorship agreements throughout the year with organizations, events, and sports teams to create excitement for lottery players, to interest new players and increase the visibility of lottery games. The Lottery encourages and continually seeks new sponsorship agreements to help achieve current Lottery marketing goals.

The Minnesota Lottery finds sponsorship opportunities in two ways. First, the Minnesota Lottery marketing staff locates and approaches potential sponsors to negotiate directly. Second, the Minnesota Lottery accepts incoming potential sponsors through this proposal process. Employing both strategies allows the Minnesota Lottery to find the best sponsorship opportunities, including opportunities that are not already known by staff. Both strategies are evaluated using the same criteria.

If you feel your organization, event, sports team, or other opportunity is a good fit for the Minnesota Lottery to sponsor, we encourage you to prepare and submit a proposal.

## **Proposal Content**

A sponsorship proposal presented to the Lottery should meet the following three criteria:

1. **Maximize Lottery Visibility** - the event, sports team, or venue sponsorship proposal should draw a large number of attendees (typically 20,000 or more) whose demographics match the Lottery's target audience. The Lottery is interested in effectively delivering its message of fun and entertainment to Minnesota adults, ages 25-64, with a household income of \$75,000+ and an educational background of some college or higher. The Lottery does not market to those under the age of 18, and events with large numbers of children present are generally not accepted. Attendance numbers, on-site signage availability, sales and engagement opportunities, and media exposure are critical components that will be evaluated in the proposal. List and define all assets, value, and benefits that the Lottery would receive as part of the sponsorship, such as PR inclusions, social media posts, prize support, promotional activities, and signage.
2. **Enhance Lottery Image** - the event, sports team, or venue should be a reputable, safe, and well-run event and organization that enhances the Lottery's brand. The Lottery's presence should fit well within the lineup of other sponsors and participants. The Lottery is interested in sponsorships that can promote Lottery products, either via on-site sales from a Lottery booth, from sales-generating promotions with Lottery retailers, or from joint programs with the sponsor's media or other sponsorship partners.
3. **Provide Promotional Extensions** - the event, sports team, or venue proposal should offer exciting, value-added ways to interact with attendees and have opportunities to motivate attendees, listeners, and viewers to participate in and purchase Lottery games. The proposal must include staffing support, or other considerations to help the Lottery implement any appropriate promotional extension ideas.

Proposals should address all pertinent elements of the sponsorship and how the Lottery criteria, as stated above and on the RFP Evaluation Form, are to be met. To view or print copies of the Request for Proposal go to <https://www.mnlottery.com/vendors/>

This Solicitation does not obligate the state to award a contract or pursue a proposed sponsorship opportunity, and the state reserves the right to cancel the solicitation if it is considered to be in its best interest.

Minnesota Zoological Garden  
[lisa.fay@state.mn.us](mailto:lisa.fay@state.mn.us)

**PROPOSAL DEADLINE:** Proposals in response to the Request for Proposals in this advertisement must be received by email not later than 1:00 PM, Central Time, August 25, 2025. **Late proposals will not be considered.** Printed/fax/mailed proposals will **not** be considered.

This request does not obligate the State of Minnesota to award a contract or complete the proposed program, and the State reserves the right to cancel this solicitation if it is considered in its best interest. All costs incurred in responding to this solicitation will be borne by the responder.

## Non-State Public Bids, Contracts & Grants

The State Register also serves as a central marketplace for contracts let out on bid by the public sector. The *State Register* meets state and federal guidelines for statewide circulation of public notices. Any tax-supported institution or government jurisdiction may advertise contracts and requests for proposals from the private sector. It is recommended that contracts and RFPs include the following: 1) name of contact person; 2) institution name, address, and telephone number; 3) brief description of commodity, project or tasks; 4) cost estimate; and 5) final submission date of completed contract proposal. Allow at least three weeks from publication date (four weeks from the date article is submitted for publication). Surveys show that subscribers are interested in hearing about contracts for estimates as low as \$1,000. Contact editor for further details.

Besides the following listing, readers are advised to check: <https://mn.gov/admin/osp> as well as the Office of Grants Management (OGM) at: <https://mn.gov/admin/citizen/grants/>.
