Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact the editor at 651-201-3204 or email at sean.plemmons@state.mn.us

Official Notices

Pursuant to *Minnesota Statutes* §§ 14.101, an agency must first solicit comments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, and within 60 days of the effective date of any new statutory grant of required rulemaking.

The *State Register* also publishes other official notices of state agencies and non-state agencies, including notices of meetings and matters of public interest.

Department of Employment and Economic Development (DEED) Notice of Public Hearing by the Minnesota Department of Employment and Economic Development with Respect to a Proposed Project and the Provision of Funds from the Minnesota Forward Fund Program under Minnesota Statutes 116J.8752

NOTICE IS HEREBY GIVEN that the Minnesota Department of Employment and Economic Development (“DEED”) will conduct a public hearing on Wednesday, October 15, 2025, at 1:00 p.m., or as soon thereafter as reasonably possible at 180 East Fifth Street, 12th Floor, St. Paul, Minnesota 55101 on one (1) proposal to provide funding through the Minnesota Forward Fund Program (“MFF”) pursuant to authority granted under *Minnesota Statutes* 116J.8752. This hearing is conducted in accordance with *Minnesota Statutes* 116J.994, Subd. 5.

Description of Project and Proposed MFF Funding: Dem-Con HZI Bioenergy, LLC (“DCHZI”) (NAICS: 221210) with its principal place of business at 13020 Dem-Con Drive, Shakopee, MN 55379 has applied for funding through the MFF. DCHZI is a joint venture of Dem-Con Green Fuels, LLC, a subsidiary of Dem-Con Companies, LLC, which is a third-generation family-owned Twin Cities company that has been operating since the 1960s recycling, processing, and disposing of waste; and Kanadevia Inova U.S.A. LLC (formerly Hitachi Zosen Inova U.S.A. LLC), an international cleantech company specializing in advanced anaerobic digestion technology. DCHZI has formed a public-private partnership (“PPP”) with Ramsey and Washington counties in Minnesota, through the Ramsey/Washington Recycling & Energy Center (“R&E”), to develop and operate the Minnesota Renewable Energy and Organic Waste Anaerobic Digestion Project, an advanced food waste recycling facility to process organic materials that would otherwise be disposed of in landfills. This facility will produce renewable natural gas (“RNG”) and biochar, a soil amendment, which will help Minnesota meet its climate change, recycling, and waste diversion goals.

DCHZI plans to construct a new facility at 147th Street and Red Rock Drive (Louisville Township), Shakopee, MN 55379, which is close to their current location. The new facility will process 75,000 tons of organic waste annually, increasing organics processing by more than 60% from the 114,000 tons of source-separated organics collected statewide in 2022. The project will also create 200,000 million British thermal units (MMBtu) of RNG, generate 10,000 tons of biochar, and reduce carbon dioxide equivalent (CO₂e) by 30,000 tons per year. R&E will provide much of the organic feedstock to the facility. The target markets for the outgoing RNG are local gas utilities, and industrial customers. The facility will be directly connected to the CenterPoint Energy pipeline, allowing for widespread distribution to anyone connected to the network of gas pipelines. The target markets for the biochar will be composting companies, agriculture, and industrial filtration.

The project is scheduled to break ground in November 2025 and commercial operations will begin in Quarter 1 2028. Once operational, this business will create twelve (12) new full-time jobs in Shakopee. The project will invest \$92,037,000 and is projected to receive up to \$10,000,000 from the MFF as a forgivable loan subject to capital investment and wage goal attainment.

All interested persons may appear and be heard at the time and place set forth above. Persons interested in participating via teleconference should contact Donna Corbo, Economic Development Specialist at (651) 259-7692 or donna.corbo@state.mn.us prior to the date of the hearing for instructions on how to participate in the call.

Interested persons may mail written comments to Donna Corbo at 180 East Fifth Street, 12th Floor, St. Paul, MN

Official Notices

55101 or e-mail donna.corbo@state.mn.us prior to the date of the hearing set forth above. All persons who appear at the meeting or participate via teleconference will be given an opportunity to express their views with respect to the proposal to award funds from the MFF.

Public Utilities Commission

Notice of Permit Decision in the Matter of the Application of Coneflower Energy, LLC for a Site Permit for the up to 235 MW Coneflower Solar Project in Lyon County, Minnesota; PUC Docket No. IP-7132/GS-24-215

NOTICE IS HEREBY GIVEN that in an order issued on August 25, 2025, the Minnesota Public Utilities Commission: (1) found that the environmental assessment and the record created at the public hearing addressed the issues identified in the scoping decision; and (2) issued a site permit to Coneflower Energy, LLC for the up to 235-megawatt Coneflower Solar Project in Lyon County, Minnesota.

The order and permit are available on the Commission's eDocket System at: *Coneflower Solar Project August 25, 2025 Order and Site Permit*.

Questions about this project may be directed to Scott Ek at scott.ek@state.mn.us or 651-539-1070.

State Grants & Loans

In addition to requests by state agencies for technical/professional services (published in the State Contracts Section), the *State Register* also publishes notices about grants and loans available through any agency or branch of state government. Although some grant and loan programs specifically require printing in a statewide publication such as the State Register, there is no requirement for publication in the *State Register* itself. Agencies are encouraged to publish grant and loan notices, and to provide financial estimates as well as sufficient time for interested parties to respond.

Minnesota Housing Finance Agency Request for Proposals for Property Owner Risk Mitigation Fund (RMF) Program

Minnesota Housing announces up to \$1,160,000 in available funding to create or expand risk mitigation programs to reduce the financial risk of property owners renting to Family Homeless Prevention Assistance Program (FHPAP) eligible households as governed by *Minnesota Statute 462A.204*.

These funds will be available through the Property Owner Risk Mitigation Fund (RMF) Program, awarded as grants through a competitive Request for Proposals (RFP) process, and are subject to all policies established by the *Minnesota Department of Administration Office of Grants Management*.

Applications are due to Minnesota Housing by Friday, December 5, 2025, at 4:30 p.m. Central Time.

State Grants & Loans

The RMF Program is intended to expand housing opportunities for households with barriers to accessing housing, or those unable to obtain housing without additional funding coverage or guarantees in place by reducing risks to property owners. Grant funds are used to create or expand risk mitigation programs that recruit and engage property owners, reimburse property owners for damages or other eligible costs, link property owners and renter households to tenancy support services, and establish other strategies to support property owners serving eligible households.

Households served by property owners under the RMF Program must be eligible under the FHPAP guidelines outlined in the *FHPAP Program Guide*. While grant funds will be directed only to services, activities, and reimbursements for property owners, grant outcomes will be tracked for both property owners and renters.

Program information and application materials are available on the *Property Owner Risk Mitigation Fund Program* webpage.

Questions about the program should be directed to Kristen Mortenson at kristen.mortenson@state.mn.us.

This request does not obligate the Minnesota Housing Finance Agency to award a contract or complete the proposed program, and the Minnesota Housing Finance Agency reserves the right to cancel this solicitation if it is considered in its best interest. All expenses incurred in responding to this solicitation are solely the responsibility of the responder.

Minnesota Department of Human Services Notice of Grant Opportunities

NOTICE IS HEREBY GIVEN that the Minnesota Department of Human Services (DHS) places notice of any available grant opportunities on the DHS Grant Requests for Proposals website: *Open grants, RFPs and RFIs*.

Minnesota Department of Labor and Industry Construction Codes and Licensing Division Notice of Request for Proposals for the 2026 Building Official Training Municipal Grant Program

The Minnesota Department of Labor and Industry announces the availability of approximately \$750,000 in grant funding for the implementation and coordination of the Building Official Training Municipal Grant Program in the State of Minnesota. The performance period for up to ten (10) grants of up to \$75,000 each will be from the date the contract is executed to December 31, 2026.

I. Background

The Building Official Training Municipal Grant program (referred to as the BOT Grant or BOT) from the Construction Codes and Licensing Division (CCLD) of the Minnesota Department of Labor and Industry (DLI) was created to offer competitive grants to qualified municipalities that want to establish a training program, in their municipality's building code department, to train an individual toward becoming a Minnesota certified building official. This will be achieved through a competitive grant process and the implementation and coordination of partnerships between the State of Minnesota and those qualified municipalities.

Funding for the BOT Grant program is provided by the Construction Codes and Licensing Division (CCLD) permit surcharge surplus as allowed in MN. Statute 326B.148 subdivision 1.

II. Objective of the RFP

The BOT Grant Program Request for Proposal (RFP) details information about this grant offering including application/proposal process and requirements, timeline, required documents, purpose, funding, reporting, eligibility, and legal aspects. The RFP can be obtained at the BOT grant website: www.dli.mn.gov/bot.

State Grants & Loans

III. Eligibility

Proposals will be accepted from qualified municipalities and funding will be allocated through a competitive grant process. Consult the RFP for more information. The deadline to submit a grant proposal to the Minnesota Department of Labor and Industry is 4 p.m. October 17, 2025. DLI staff will review all applications for eligibility. The grant review committee will evaluate and score eligible grant applications and proposals.

IV. Application Process

For information about the grant application process consult the RFP and other documents available at www.dli.mn.gov/bot. Email requests for help obtaining these documents to: bot.dli@state.mn.us.

State Contracts

Informal Solicitations: Informal solicitations for professional/technical (consultant) contracts valued at over \$5,000 through \$50,000, may either be published in the *State Register* or posted on the Department of Administration, Office of State Procurement (OSP) Website. Interested vendors are encouraged to monitor the P/T Contract Section of the OSP Website at <https://mn.gov/admin/osp> for informal solicitation announcements.

Formal Solicitations: Department of Administration procedures require that formal solicitations (announcements for contracts with an estimated value over \$50,000) for professional/technical contracts must be published in the *State Register*. Certain quasi-state agency and Minnesota State College and University institutions are exempt from these requirements.

Requirements: There are no statutes or rules requiring contracts to be advertised for any specific length of time, but the Office of State Procurement strongly recommends meeting the following requirements: \$0 - \$5000 does not need to be advertised; \$5,000 - \$25,000 should be advertised in the *State Register* for a period of at least seven calendar days; \$25,000 - \$50,000 should be advertised in the *State Register* for a period of at least 14 calendar days; and anything above \$50,000 should be advertised in the *State Register* for a minimum of at least 21 calendar days.

Department of Commerce

Division of Energy Resources

Request for Proposals for Biennial Transmission Projects Report and Grid Enhancing Technologies Plans Review

The Minnesota Department of Commerce (“Department”) seeks proposals from qualified organizations or individuals to assist in the review of the upcoming Biennial Transmission Projects Report (“BTPR”) and Grid Enhancing Technologies (“GETs”) plans filed by utilities.

Utilities will file the BTPR in Docket No. E999/M-25-99 on November 3, 2025. The plan will review in excess of 150 different transmission inadequacies, and the Department intends to review parts of the plan that are not part of an external review. A subset of the 14 utilities will also file a new evaluation of Grid Enhancing Technologies (GETs) plans as a solution for areas of forecasted high congestion. Engineering expertise is needed to review a select number of transmission inadequacies and the GETs plans.

A Request for Proposal (“RFP”) and required forms are available to view and download on the Minnesota Department of Commerce’s RFP website at <https://mn.gov/commerce/business/rfp.jsp>.

Proposals must be submitted to energy.contracts@state.mn.us by no later than **Monday, October 20, 2025 at 5:00 PM CDT**. Instructions for submitting proposals are detailed in the RFP. **Late proposals will not be considered.**

This request does not obligate the State to complete the work contemplated in this notice. The State reserves the right to cancel this solicitation. All expenses incurred in responding to this notice are solely the responsibility of the responder.

Department of Commerce

Division of Energy Resources

Request for Proposals for Specialized Technical and Professional Support for Docket E-123/C-25-219

The Department of Commerce (“Department”) requests proposals for specialized technical and professional investigative services to assist with proceedings related to Minnesota Public Utilities Commission (“Commission”) Docket E-123/C-25-219. The Department is a party to that docket and the associated contested case before the State of Minnesota Court of Administrative Hearings (“Court” or “CAH”), CAH 28-2500-41041. In its August 13, 2025 order referring to the Court for a contested case, the Commission requested the Department to procure specialized technical and professional investigative services.

The Department expects the Contractor to conduct an engineering review and report on its findings under the direction of Department staff and counsel. The Contractor should also prepare written and/or oral testimony for the Court.

A Request for Proposal (“RFP”) and required forms are available to view and download on the Minnesota Department of Commerce’s RFP website at <https://mn.gov/commerce/business/rfp.jsp>.

Proposals must be submitted to energy.contracts@state.mn.us by no later than **Monday, October 20, 2025 at 5:00 PM CDT**. Instructions for submitting proposals are detailed in the RFP. **Late proposals will not be considered.**

This request does not obligate the State to complete the work contemplated in this notice. The State reserves the right to cancel this solicitation. All expenses incurred in responding to this notice are solely the responsibility of the responder.

Minnesota Zoo

Request for Proposals for Minnesota Zoo Custom Animal Sculptures

PROJECT NAME: Minnesota Zoo Custom Animal Sculptures

DETAILS: The Minnesota Zoological Garden is requesting proposals for the design, fabrication, and installation of:

- one realistic, life-sized, custom red panda sculpture,
- one realistic, life-sized, custom Japanese macaque sculpture grouping of one adult female with a juvenile, and
- three to five small, realistic, life-sized, custom Minnesota freshwater wetland animal sculptures such as a painted turtle, dragonfly, muskrat, salamander, waterfowl, or a songbird.

Bronze sculptures are strongly preferred. These realistic sculptures must include required support structures, mounts, Braille labels, and hidden attachment hardware. The project is consistent with the Zoo's interpretive aesthetic, which features many realistic, touchable, bronze animal sculptures throughout the grounds, encouraging guest interaction, photo opportunities, and moments of surprise and delight.

An optional pre-proposal site meeting will be held at 9:00 am, Central Time, October 9, 2025. Attendees must rsvp by 7:00 am, Central Time, October 9, 2025.

Work is anticipated to start late October 2025.

COPY REQUEST: To receive a copy of the Request for Proposals, please send a written request by email to:

PROPOSAL DEADLINE: Proposals in response to the Request for Proposals in this advertisement must be received via email not later than 10:00 am, Central Time, October 21, 2025. **Late proposals will not be considered.** Printed/fax/mailed proposals will **not** be considered.

This request does not obligate the State of Minnesota to award a contract or complete the proposed program, and the State reserves the right to cancel this solicitation if it is considered in its best interest. All costs incurred in responding to this solicitation will be borne by the responder.

Non-State Public Bids, Contracts & Grants

The State Register also serves as a central marketplace for contracts let out on bid by the public sector. The *State Register* meets state and federal guidelines for statewide circulation of public notices. Any tax-supported institution or government jurisdiction may advertise contracts and requests for proposals from the private sector. It is recommended that contracts and RFPs include the following: 1) name of contact person; 2) institution name, address, and telephone number; 3) brief description of commodity, project or tasks; 4) cost estimate; and 5) final submission date of completed contract proposal. Allow at least three weeks from publication date (four weeks from the date article is submitted for publication). Surveys show that subscribers are interested in hearing about contracts for estimates as low as \$1,000. Contact editor for further details.
