Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact the editor at 651-201-3204 or email at sean.plemmons@state.mn.us

Adopted Rules

A rule becomes effective after the requirements of *Minnesota Statutes* §§ 14.05-14.28 have been met and five working days after the rule is published in the *State Register*, unless a later date is required by statutes or specified in the rule. If an adopted rule is identical to its proposed form as previously published, a notice of adoption and a citation to its previous *State Register* publication will be printed. If an adopted rule differs from its proposed form, language which has been deleted will be printed with strikeouts and new language will be underlined. The rule's previous *State Register* publication will be cited.

KEY: Proposed Rules - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material."

Professional Educator Licensing and Standards Board (PELSB) Adopted Permanent Rules Relating to School Counseling Programs and Licensure

The rules proposed and published at State Register, Volume 49, Number 49, pages 1311-1316, June 02, 2025 (49 SR 1311), are adopted as proposed.

Executive Orders

The governor has the authority to issue written statements or orders, called Executive Orders, as well as Emergency Executive Orders. The governor's authority is specified in the Constitution of the State of Minnesota, Article V, and in *Minnesota Statutes* § 4.035. Emergency Executive Orders, for protection from an imminent threat to health and safety, become effective immediately, are filed with the secretary of state, and published in the *State Register* as soon as possible after they are issued. Other Executive Orders become effective 15 days after publication in the *State Register* and filing with the secretary of state. Unless otherwise specified, an executive order expires 90 days after the date the governor who issued the order vacates office.

Office of the Governor

Emergency Executive Order 25-11: Addressing Food Insecurity Among Veterans

I, Tim Walz, Governor of the State of Minnesota, by the authority vested in me by the Constitution and applicable statutes, issue the following executive order:

Over 280,000 veterans call Minnesota home, and we are committed to honoring their service and sacrifice and ensuring their well-being. The United States Department of Veterans Affairs estimates that 13% of veterans who are enrolled in healthcare through the VA have reported food insecurity. Recent data from the Minnesota Department of Children, Youth, and Families show that thousands of Minnesota veterans depend on federal food programs like SNAP to feed themselves and their families. Food insecurity persists among veterans across Minnesota due to economic, health, and access barriers. Given these existing conditions, along with the impact of the federal government shutdown, we need to take a new approach to address food insecurity for veterans.

The Minnesota Department of Veterans Affairs ("MDVA") delivers programs and services statewide and has already made significant progress in ending veteran homelessness by coordinating with partner organizations to identify gaps in the homelessness response system. MDVA is well positioned to coordinate efforts that improve reliable access to nutritious food for veterans, service members, and their families.

For these reasons, I order as follows:

Executive Orders

1. MDVA may, to the maximum extent allowed by law, and within available resources:
 - a. Coordinate a statewide Veteran Food Pantry Network (“Network”) focused on food insecurity throughout Minnesota that impacts Veterans, service members, and their families. The MDVA may utilize existing agency resources and programs to implement any aspect of this Executive Order.
 - b. Enter into agreements with nonprofit organizations, other government agencies, and private-sector entities (“Partners”) to support the Network, including food sourcing, warehousing, transportation, volunteer coordination, and data reporting.
 - c. Accept gifts of nonperishable food items (“Donations”) to support the Network under the authority of Minnesota Statutes 2024, section 196.052. Consistent with Minnesota Statutes 2024, section 3.736, MDVA will not be liable for loss, damages, or destruction in connection with the distribution or consumption of the nonperishable Donations.
 - d. Coordinate the development of operational standards related to storage, procurement, distribution, recordkeeping, coordination, and other such topics to ensure the Network operates efficiently, complements existing state programs, and avoids duplication of services. MDVA will refer to the Department of Administration’s Property Management Policy and User Guide for a Consumable Inventory while the Donations are under the management and control of MDVA.
2. Distributions of nonperishable food items will be made to Partners in accordance with the terms and conditions in their agreements with MDVA, and such distribution is exempt from the State’s surplus property disposal process, thereby ensuring efficient access for Minnesota’s veterans, service members, and their families a path forward to managing food insecurity.

This Emergency Executive Order is effective immediately after publication in the State Register and filing with the Secretary of State. It will remain in effect until rescinded by proper authority or until it expires in accordance with Minnesota Statutes 2024, section 4.035, subdivision 3.

A determination that any provision of this Executive Order is invalid will not affect the enforceability of any other provision of this Executive Order. Rather, the invalid provision will be modified to the extent necessary so that it is enforceable.

Signed on November 11, 2025.

Tim Walz, GOVERNOR

Filed According to Law:

Department of Public Safety

Driver and Vehicle Services

Request for Comments for Possible Rules Relating to a Competitive-Bidding Process for Replacing an Existing and Approved Office Location of a Driver's License Agent or Deputy Registrar; Revisor's ID Number R-04975

Subject of rules. The Minnesota Department of Public Safety requests comments on the department's possible rules on driver's license agents and deputy registrars governed under Minnesota Rules, chapters 7404 and 7406, respectively.

The rule chapters prescribe how the department must consider an application for a new driver's license agent or deputy registrar, including how a new office location may affect existing offices and standards for evaluating whether to allow an existing office to move to another location. Neither rule chapter prescribes how the department must evaluate competing applications when an approved office location closes.

This issue of competing applications was addressed in 2024, when the legislature established new requirements for replacing both driver's license agents and deputy registrars when either permanently stops offering services at their approved office location and permanently closes the approved office location. When this happens, the department must now use a competitive-bidding process for appointing a replacement driver's license agent or deputy registrar if an agent or registrar wants to continue offering services at the closed office location.

Official Notices

The department must establish this competitive-bidding process in its respective rule chapters for driver's license agents and deputy registrars. The department will seek to develop a process that promotes transparency, encourages competition, and helps ensure high-quality services continue to be offered to clients.

The department may also amend the two rule chapters to:

1. replace obsolete requirements;
2. remove or update requirements that conflict with statute; and
3. adopt requirements to protect public safety.

People affected. The rule amendments will likely affect the following people:

1. all applicants applying for a driver's license, provisional license, restricted license, duplicate license, instruction permit, Minnesota identification card, or motorized bicycle operator's permit;
2. all people who require vehicle-related services such as registration, title transfers, and license-plate issuance and renewals;
3. all driver's license agents and deputy registrars;
4. the Minnesota Deputy Registrar's Association and the Deputy Registrar Business Owners Association;
5. all counties and cities—including county and city license bureaus—that appoint driver's license agents and deputy registrars; and
6. the Association of Minnesota Counties and the League of Minnesota Cities.

Statutory authority. The department has the statutory authority to amend and adopt rules on driver's license agents under Minnesota Statutes, section 171.061, subdivisions 5a and 6.

The department has the statutory authority to adopt rules on deputy registrars under Minnesota Statutes, section 168.33, subdivisions 8b and 9.

Public comment. Interested individuals or groups may email or mail comments or information on the possible rules until the department publishes a notice of intent to adopt the rules. The department will not publish a notice of intent to adopt the rules until more than 60 days have elapsed from this notice's publication date.

Rules drafts. The department has not yet drafted the possible rules but anticipates that rule drafts will be available on its website (<https://dps.mn.gov/about-dps/programs-and-legislative-requirements/rulemaking#search=rulemaking>) when drafts become available.

Agency contact person. Written comments, questions, requests to receive rule drafts, and requests for more information on the possible rules should be directed to Ian Lewenstein, dps.rulemaking@state.mn.us, 651-201-7180, or the Department of Public Safety, 445 Minnesota Street, St. Paul, Minnesota 55101.

Alternative format. Upon request, the information in this notice can be made available in an alternative format such as large print, braille, or audio. To make a request, please contact Ian Lewenstein.

Note: If the department starts a proceeding to adopt rules, comments received in response to this notice will not necessarily be included in the formal rulemaking record submitted to the administrative law judge.

The department must submit to the administrative law judge only written comments received in response to the rules after they are formally proposed in a notice of intent to adopt rules published in the *State Register*. If you submit comments before the notice is published and you want to ensure that the administrative law judge reviews your comments, you should resubmit your comments after the rules are formally proposed.

Dated: November 17, 2025

Bob Jacobson, Commissioner
Department of Public Safety

Non-State Public Bids, Contracts & Grants

The State Register also serves as a central marketplace for contracts let out on bid by the public sector. The *State Register* meets state and federal guidelines for statewide circulation of public notices. Any tax-supported institution or government jurisdiction may advertise contracts and requests for proposals from the private sector. It is recommended that contracts and RFPs include the following: 1) name of contact person; 2) institution name, address, and telephone number; 3) brief description of commodity, project or tasks; 4) cost estimate; and 5) final submission date of completed contract proposal. Allow at least three weeks from publication date (four weeks from the date article is submitted for publication). Surveys show that subscribers are interested in hearing about contracts for estimates as low as \$1,000. Contact editor for further details.
