Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact the editor at 651-201-3204 or email at sean.plemmons@state.mn.us

Expedited Rules

Provisions exist for the Commissioners of some state agencies to adopt expedited rules when conditions exist that do not allow the Commissioner to comply with the requirements for normal rules. The Commissioner must submit the rule to the attorney general for review and must publish a notice of adoption that includes a copy of the rule and the conditions. Expedited rules are effective upon publication in the State Register, and may be effective up to seven days before publication under certain conditions.

Expedited rules are effective for the period stated or up to 18 months. Specific *Minnesota Statute* citations accompanying these expedited rules detail the agency's rulemaking authority.

KEY: Proposed Rules - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material."

Adopted Rules - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

See the *Minnesota Statutes* governing each agency to determine the specific applicable statutes. Department of Natural Resources

Commissioner's Order #3 ML 2025: Mille Lacs Lake Winter Fishing Regulations

Effective Date: December 1, 2025

Statutory authority: *Minnesota Statutes*, section 97C.005, subdivision 3

Amends: Commissioner's Order #2 ML 2025: Amend Walleye Regulations for Open Water Angling on Lake Mille Lacs, as published on August 18, 2025 (50 SR 177); and those portions of Expedited Emergency Rule Minn. R. 6264.0400 relating to season and possession limits for walleye, yellow perch, and northern pike, as published on April 28, 2025 (49 SR 1193).

BACKGROUND

Each year harvestable surpluses are set for walleye, yellow perch, and northern pike in Lake Mille Lacs by a joint management process between the state and the eight Ojibwe Bands signatory to the Treaty of 1837. The harvestable surplus is the pounds of each species that can be taken safely from Lake Mille Lacs while ensuring sufficient numbers remain in the lake for a healthy population. The harvestable surplus is then divided between the State of Minnesota and the eight Ojibwe Bands. The Minnesota Department of Natural Resources (DNR) sets fishing regulations to keep within the state's share of the harvest. The harvestable surpluses for 2026 will not be determined until January 2026, but regulations must be in place for the winter prior to that date. Based on 2025 fall fisheries surveys, DNR anticipates that the 2026 harvestable surplus will allow for harvest of walleye, yellow perch, and northern pike by state-licensed anglers during the winter 2025-2026 fishing season while not exceeding the state's share of the harvest. DNR will continue to monitor walleye, yellow perch, and northern pike populations and modify regulations to ensure the state's harvest remains within its share of the harvestable surplus and may adjust regulations as needed, including in advance of the open water season that will begin on May 9, 2026.

The winter 2025-2026 fishing season for walleye, yellow perch, and northern pike will commence December 1, 2025. For walleye, the winter season will extend through February 22, 2026. For yellow perch, the winter season will extend through May 8, 2026. For northern pike, the winter season will extend through March 31, 2026. Additional restrictions for these three species are outlined in the order below.

For all other species, the Expedited Emergency Rule adopted on April 28, 2025 remains the same.

Commissioner's Orders

ORDER

NOW, THEREFORE, IT IS HEREBY ORDERED, pursuant to authority vested in me by law, including *Minnesota Statutes*, section 97C.005, subdivision 3, that:

1. The winter angling season for walleye begins at 12:01 a.m. on December 1, 2025, and continues to 11:59 p.m. on February 22, 2026. While a person is on or angling in Lake Mille Lacs or its associated tributaries to the posted boundaries, the daily and possession limit for walleye is three, provided:
 - a. a walleye in possession must be 17 inches or more in length, and
 - b. only one walleye in possession may be greater than 20 inches; all other walleye must be returned immediately to the water.
2. The winter angling season for yellow perch begins at 12:01 a.m. on December 1, 2025, and continues to 11:59 p.m. on May 8, 2026. While a person is on or angling in Lake Mille Lacs or its associated tributaries to the posted boundaries, the daily and possession limit for yellow perch is ten.
3. The winter angling season for northern pike begins at 12:01 a.m. on December 1, 2025, and continues to 11:59 p.m. on March 31, 2026. While a person is on or angling in Lake Mille Lacs or its associated tributaries to the posted boundaries, the daily and possession limit for northern pike is five, provided:
 - a. only northern pike less than 30 inches may be harvested; all other northern pike must be returned immediately to the water.

Fishing regulations for all other species, including largemouth and smallmouth bass, muskellunge, cisco, and panfish, are unaffected by this order.

Official Notices

Pursuant to *Minnesota Statutes* §§ 14.101, an agency must first solicit comments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, and within 60 days of the effective date of any new statutory grant of required rulemaking.

The *State Register* also publishes other official notices of state agencies and non-state agencies, including notices of meetings and matters of public interest.

Department of Labor and Industry (DLI)

Notice of Correction to Highway/Heavy Prevailing Wage Rates

The Commissioner of the Department of Labor & Industry (DLI) certified prevailing wage rates for Highway and Heavy construction projects in all 10 regions on Monday, November 3, 2025. These rates were identified by an annual survey of highway and heavy construction projects in Minnesota collected by DLI.

This notice regards a correction to the rates for Regions 1, 6 and 9 (Job Code 203, Special Equipment Operator, Landscaping), Regions 4, 6, 7 and 10 (Job Code 715, Painter), and Region 5 (Job Code 728, Wiring System Installer). These corrections are for all public works highway and heavy contracts advertised for bid on or after this date.

The revised wage rate determinations and all other wage rate determinations are available online at:

Department of Labor and Industry (DLI) Notice of Determination of Minimum Truck Rental Rates

The Commissioner of DLI has determined the minimum truck rental rates for state-funded highway projects. The truck rate is determined for each equipment type by adding the hourly average of the costs of operating the vehicle as submitted by survey respondents to the certified prevailing wage rate for the driver.

This year there was insufficient cost data submitted to DLI to determine a new hourly average cost of operating a vehicle, except for the four or more axle unit, straight body truck. Cost data used in DLI's analysis must be representative of five trucking firms of various sizes and five independent truck owner operators for each type of truck. Therefore, for the remaining vehicle types, last year's average operational cost has been carried forward and combined with this year's certified prevailing wage rate for a driver to establish the minimum truck rental rate.

Wage rate determinations are available online at: <https://dli.mn.gov/business/employment-practices/prevailing-wage-minimum-truck-rental-rates>

On **Dec. 12, 2025, at 9:00 a.m.**, the Department of Labor and Industry will conduct an informal conference pursuant to Minnesota Rules, part 5200.1105. The informal conference will be a virtual meeting via Teams, and registration is required. You may register for this public meeting by emailing PWSurvey.DLI@state.mn.us. Please provide the attendee's name, phone number, email address, and business name. The purpose of this informal conference is to receive further input about construction truck operational costs prior to the certification and publication of the minimum truck rental rates.

Written input about construction truck operational costs may be submitted before the informal conference to Karen Bugar, state program administrative director; Prevailing wage; Minnesota Department of Labor and Industry; 443 Lafayette Road N.; St. Paul, MN 55155. Written input must be received before Dec. 11, 2025, to assure it is considered prior to the informal conference; persons may provide input at the informal conference as time allows.

State Grants & Loans

In addition to requests by state agencies for technical/professional services (published in the State Contracts Section), the *State Register* also publishes notices about grants and loans available through any agency or branch of state government. Although some grant and loan programs specifically require printing in a statewide publication such as the State Register, there is no requirement for publication in the *State Register* itself. Agencies are encouraged to publish grant and loan notices, and to provide financial estimates as well as sufficient time for interested parties to respond.

Minnesota Lottery Request for Proposals for Minnesota State Lottery Sponsorship Agreements

Description of Opportunity

The Minnesota State Lottery ("Lottery") develops sponsorship agreements throughout the year with organizations, events, and sports teams to create excitement for lottery players, to interest new players and increase the visibility of lottery games. The Lottery encourages and continually seeks new sponsorship agreements to help achieve current Lottery marketing goals.

The Minnesota Lottery finds sponsorship opportunities in two ways. First, the Minnesota Lottery marketing staff locates and approaches potential sponsors to negotiate directly. Second, the Minnesota Lottery accepts incoming potential sponsors through this proposal process. Employing both strategies allows the Minnesota Lottery to find the best sponsorship opportunities, including opportunities that are not already known by staff. Both strategies are evaluated

State Contracts

using the same criteria.

If you feel your organization, event, sports team, or other opportunity is a good fit for the Minnesota Lottery to sponsor, we encourage you to prepare and submit a proposal.

Proposal Content

A sponsorship proposal presented to the Lottery should meet the following three criteria:

1. **Maximize Lottery Visibility** - the event, sports team, or venue sponsorship proposal should draw a large number of attendees (typically 20,000 or more) whose demographics match the Lottery's target audience. The Lottery is interested in effectively delivering its message of fun and entertainment to Minnesota adults, ages 25-64, with a household income of \$75,000+ and an educational background of some college or higher. The Lottery does not market to those under the age of 18, and events with large numbers of children present are generally not accepted. Attendance numbers, on-site signage availability, sales and engagement opportunities, and media exposure are critical components that will be evaluated in the proposal. List and define all assets, value, and benefits that the Lottery would receive as part of the sponsorship, such as PR inclusions, social media posts, prize support, promotional activities, and signage.
2. **Enhance Lottery Image** - the event, sports team, or venue should be a reputable, safe, and well-run event and organization that enhances the Lottery's brand. The Lottery's presence should fit well within the lineup of other sponsors and participants. The Lottery is interested in sponsorships that can promote Lottery products, either via on-site sales from a Lottery booth, from sales-generating promotions with Lottery retailers, or from joint programs with the sponsor's media or other sponsorship partners.
3. **Provide Promotional Extensions** - the event, sports team, or venue proposal should offer exciting, value-added ways to interact with attendees and have opportunities to motivate attendees, listeners, and viewers to participate in and purchase Lottery games. The proposal must include staffing support, or other considerations to help the Lottery implement any appropriate promotional extension ideas.

Proposals should address all pertinent elements of the sponsorship and how the Lottery criteria, as stated above and on the RFP Evaluation Form, are to be met. To view or print copies of the Request for Proposal go to

[*https://www.mnlottery.com/vendors/*](https://www.mnlottery.com/vendors/)

This Solicitation does not obligate the state to award a contract or pursue a proposed sponsorship opportunity, and the state reserves the right to cancel the solicitation if it is considered to be in its best interest.
