Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact the editor at 651-201-3204 or email at sean.plemmons@state.mn.us

Commissioner's Orders

Various agency commissioners are authorized to issue "commissioner's orders" on specified activities governed by their agency's enabling laws. See the *Minnesota Statutes* governing each agency to determine the specific applicable statutes. Commissioners' orders are approved by assistant attorneys general as to form and execution and published in the *State Register*. These commissioners orders are compiled in the year-end subject matter index for each volume of the *State Register*.

Second Request for Comments for Possible Amendments and New Rules Governing X-ray Machines and Other Sources of Ionizing Radiation; *Minnesota Rules*, Chapter 4732; Revisor's ID R4418

Subject of Rules. The Minnesota Department of Health (MDH) requests comments on its possible amendments and new rules governing X-ray machines and other sources of ionizing radiation, *Minnesota rules*, Chapter. 4732. MDH began this rulemaking process in 2016, and the department published a request for comments on July 18, 2016. In 2020, the COVID pandemic put the rulemaking process on hold. This second request for comments (RFC) is MDH's legal notice of its intent to continue the rulemaking initially announced on July 18, 2016. We are now restarting the rulemaking process again and resubmitting this document.

These rules will address advances in equipment technology, best practices, scope of practice for operators of X-ray equipment, service provider responsibilities, inspection requirements, and other related things that come up as time permits. This chapter was last revised in 2008.

Persons Affected. The proposed amendments would likely affect health care facilities, health care professionals, and all authorized operators of X-ray and other ionizing radiation-producing equipment. These affected groups include:

- Health care professionals (licensed practitioners of the healing arts, medical physicists, mid-level medical professionals)
- Veterinarians
- Training programs (colleges, radiologic training programs)
- Radiologic accrediting organizations
- Professional organizations (medical associations and radiologic associations)
- Service providers of X-ray and other ionizing radiation-producing equipment
- Licensing boards (Board of Medical Practice, Board of Nursing, Board of Dentistry, Board of Chiropractic Examiners, Mn veterinary licensing board)
- Law enforcement
- Industrial and manufacturing registrants

Official Notices

- Other interested persons (e.g., patient-oriented advocacy groups).

Statutory Authority. *Minnesota Statutes*, section 144.12, paragraph (14), which authorizes the Commissioner of Health to control, through rulemaking, sources of radiation, and the handling, storage, transportation, use and disposal of radioactive isotopes and fissionable materials. *Minnesota Statutes*, section 144.121, subdivision 1, governs other aspects of regulating X-ray machines and other sources ionizing radiation such as equipment registration, inspections, limitations on practice, and variances. *Minnesota Statutes*, section 144.121, subdivision 1a, paragraph (c) governs the use of security screening systems. *Minnesota Statutes*, section 144.1215, subdivision 5 governs the use of handheld dental x-ray equipment.

Public Comment Interested persons or groups may submit comments or information on possible changes to the rules in writing or orally until further notice is published in the *State Register* that the Department intends to adopt or withdraw the rules. The Department will not publish a notice of intent to adopt the rules until more than 60 days have elapsed from the date of this request for comments. You can provide comments directly through the department's website at *X-ray Rulemaking, Chapter Revision - MN Dept. of Health* (<https://www.health.state.mn.us/communities/environment/radiation/xray/rules/xrayrulerev.html>)

Rules Drafts. The Department has not yet prepared a draft of the possible rules' amendment. More information will be posted on the website as it becomes available.

Agency Contact Person. Direct your written or oral comments or questions, and requests for more information on these possible rules should be directed to: Patricia Freeman at Minnesota Department of Health, 625 N. Robert Street, Saint Paul, MN 55164. Phone: (651) 201-4151, and email health.x-rayrules@state.mn.us. MDH will also post information on the Department's website at *X-ray Rulemaking, Chapter Revision - MN Dept. of Health* (<https://www.health.state.mn.us/communities/environment/radiation/xray/rules/xrayrulerev.html>) where you can also provide comments.

Alternative Format. Upon request, this information can be made available in an alternative format, such as large print, braille, or audio. To make such a request, please contact the agency contact person at the address or telephone number listed above.

NOTE: Comments received in response to this notice will not necessarily be included in the formal rulemaking record submitted to the administrative law judge if and when a proceeding to adopt rules is started. The agency is required to submit to the judge only those written comments received in response to the rules after they are proposed. If you submitted comments during the development of the rules and you want to ensure that the Administrative Law Judge reviews the comments, you must resubmit the comments after the rules are formally proposed.

Public Notice Regarding Changes to Payment Rates and Methodologies, and Services under the Medical Assistance Program

Hospital Stabilization Program

Effective July 1, 2027, a hospital stabilization payment pool will be created for distribution to hospitals that qualify as a Medicaid disproportionate share hospital excluding a Medicaid disproportionate share hospital that qualifies solely based upon providing transplant services. The estimated impact to the state budget is \$30 million.

Laws of Minnesota 2026, Chapter 127, Article 3, Section 15

Minnesota Actual Acquisition Cost (MNAAC) Implementation

As part of the phased implementation of a single Pharmacy Benefit Manager for Medical Assistance, the Department of Human Services will implement a new reimbursement for drugs paid for through the fee-for-service program on January 1, 2027. The new reimbursement will use the new MNAAC price in claims process. In the 2026-'27 biennium, the estimated savings resulting from this change is expected to be \$144,000.

State Grants & Loans

In addition to requests by state agencies for technical/professional services (published in the State Contracts Section), the *State Register* also publishes notices about grants and loans available through any agency or branch of state government. Although some grant and loan programs specifically require printing in a statewide publication such as the State Register, there is no requirement for publication in the *State Register* itself. Agencies are encouraged to publish grant and loan notices, and to provide financial estimates as well as sufficient time for interested parties to respond.

State Contracts

Informal Solicitations: Informal solicitations for professional/technical (consultant) contracts valued at over \$5,000 through \$50,000, may either be published in the *State Register* or posted on the Department of Administration, Office of State Procurement (OSP) Website. Interested vendors are encouraged to monitor the P/T Contract Section of the OSP Website at <https://mn.gov/admin/osp> for informal solicitation announcements.

Formal Solicitations: Department of Administration procedures require that formal solicitations (announcements for contracts with an estimated value over \$50,000) for professional/technical contracts must be published in the *State Register*. Certain quasi-state agency and Minnesota State College and University institutions are exempt from these requirements.

Requirements: There are no statutes or rules requiring contracts to be advertised for any specific length of time, but the Office of State Procurement strongly recommends meeting the following requirements: \$0 - \$5000 does not need to be advertised; \$5,000 - \$25,000 should be advertised in the *State Register* for a period of at least seven calendar days; \$25,000 - \$50,000 should be advertised in the *State Register* for a period of at least 14 calendar days; and anything above \$50,000 should be advertised in the *State Register* for a minimum of at least 21 calendar days.

Non-State Public Bids, Contracts & Grants

The State Register also serves as a central marketplace for contracts let out on bid by the public sector. The *State Register* meets state and federal guidelines for statewide circulation of public notices. Any tax-supported institution or government jurisdiction may advertise contracts and requests for proposals from the private sector. It is recommended that contracts and RFPs include the following: 1) name of contact person; 2) institution name, address, and telephone number; 3) brief description of commodity, project or tasks; 4) cost estimate; and 5) final submission date of completed contract proposal. Allow at least three weeks from publication date (four weeks from the date article is submitted for publication). Surveys show that subscribers are interested in hearing about contracts for estimates as low as \$1,000. Contact editor for further details.

Minnesota River Area Agency on Aging, Inc. (MNRAAA) Request for Proposal to Service Older Adults and Caregivers

The Minnesota River Area Agency on Aging, Inc. (MNRAAA) has announced four Request for Proposals to serve older adults and caregivers. These awards are to assist those with the greatest economic need and those with the greatest social need within the Southwestern Minnesota twenty-seven-county planning and service area. This is a competitive RFP that encompasses the four areas under the OAA. They are, OAA Title III-B Supportive Services, OAA Title III-C Nutrition Services, OAA Title III-D Evidenced-Based Health Promotions, and OAA Title III-E Family Caregiver Services.

MNRAAA awards Federal as well as State of Minnesota funds under Title III-C Nutrition Services. These services include Congregate Dining and Home-Delivered Meals. This year MNRAAA will be focusing on innovative approaches to expanding Congregate Dining areas.

The RFPs are open through August 10, 2026. MNRAAA will be hosting two technical calls. They will be on July 22, 2026, and August 5, 2026, at 1:00 PM. Organizations are asked to register for the call. This can be done on the MNRAAA website. All the information relating to the proposals can be found at www.mnraaa.org.

MNRAAA will be prioritizing areas that feature a lack of affordable housing, are food deserts, seeing a decline in health providers or a recent facility closure. Other factors include rural areas and areas that do not feature an older adult focal point, like a senior center or community gathering space for older adults.
