Incident Reporting – Internet-based First Report of Injury
Step 1

September 27, 2012
Incident Reporting – Internet-based Form

Overview

Incidents/injuries are reported to and managed in iRISK.

Definitions

Incident – any event that has resulted in or could have resulted in personal injury or physical damage or loss.

Requirements

Reporters must have a valid State of Mn employee ID# and SEMA4 Self Service Password to be able to report an incident/injury.

NOTE: Reporters must use Internet Explorer version 7.0 or later version to report an incident/injury.

Procedure

Incidents are inputted into iRISK by using the MN Incident Report form accessed through State of Mn Employee Self Service.

1. **Accessing the State of Mn Incident Report Form**
   1.1. Open Internet Explorer 7.0 or later version and select your Self Service bookmark or enter the following website address:

   [https://portal.s4web.state.mn.us/psp/por91ssap/SELFSERVICE/ENTP/h/?tab=MN_GUEST](https://portal.s4web.state.mn.us/psp/por91ssap/SELFSERVICE/ENTP/h/?tab=MN_GUEST)
1.2. Enter your current valid User ID and Password and click on **Sign In**.

1.3. If your User ID and Password are valid, the Self Service Main Menu will be displayed. Find and click on the folder titled **First Report of Injury**.

1.4. The Folder will provide links to the internet-based incident reporting form (FRI) and to the Injury Reporting Checklist. Click on the First Report of Injury link.

1.5. The link will take the reporter to an intermediate web page indicating that they will be leaving Self Service and MMB and proceeding to a page that is administered by Admin, Risk Management Division, Workers’ Compensation Program. Click on **Transfer to FRI website**.
1.6. A new browser window will open displaying the Workers’ Compensation Incident Report for Minnesota completed with the reporter's ID#, First and Last Name.

1.7. The Incident Report form window can be moved on the screen or resized by the Reporter to the Reporter's preferred location and size.

1.7.1. To move window left click and hold on the top of the Incident Report form window and drag to the desired location.

1.7.2. To resize the Incident Report form click, hold, and drag on the lower right hand corner of the window until the desired size is achieved.

2. Entering information into the Incident Report Form

2.1. Movement through the form is accomplished by either clicking in desired fields or by tabbing from field to field.

2.2. The form includes a spell check feature for any field that is free form text.

2.2.1. Insert cursor in the field to spell check.

2.2.1.2. Click Spell Check icon at the top right corner of the form.

2.2.1.3. An iRISK Spell Checker window will display.

2.2.1.4. Follow directions in spell checker.
3. **Completing the Report Preparer Section**

3.1. The form will pre-populate with the Reporter’s ID Number, First Name, and Last Name (from Self Service log in)

3.2. Reporter enters their 10 digit phone number.

   **Note:** Enter numbers only – the form will automatically format number. Entering numbers to quickly will cause an error in formatting of the phone number.

3.3. Reporter selects Yes or No in the drop down box for the question “Are you reporting an incident from one of the following State Agencies or for an employee who does not have a State of Minnesota employee ID (interns, student workers, or volunteers)”

   3.3.1. A “No” response represents the reporting process for state employees with a State of MN SEMA4 Employee ID Number. To complete the reporting process the reporter must have:

       3.3.1.1. The involved employee’s state employee ID Number.
       3.3.1.2. The correct spelling of the employee’s last name.
       3.3.1.3. And be able to select the correct employment record for the employee.

   3.3.2. A “Yes” response represents the reporting process for any one that does not have a State of MN State Employee ID Number (e.g. volunteers, student workers, quasi-state agencies) (required). To complete the reporting process the reporter must have:
