

Parking and Transit Rate Update FY24

Most Parking & Transit rates will remain the same in FY 2024. The legislatively mandated electric service fee for EV contract parkers will decrease due to language passed during the 2023 legislative session providing the Department of Administration increased flexibility with electric vehicle (EV) charging fees. The rate changes are:

- Electric service fees for general contract parkers will be reduced from \$52/month to \$13/month.
- Electric service fee for metered parkers will be reduced from \$2/hour to \$0.25/hour.

Effective date of these rates is set to begin on September 1, 2023 (August 30 for those on payroll deduction).

Facilities Management Parking & Transit strives to provide a valuable service that meets the needs of employees and visitors and advances sustainable commuting options. In FY 2022, federal relief was received to assist Parking & Transit in paying FY 2022 and FY 2023 operating expenses resulting from reduced revenue due to a decrease in parking contracts. During the 2023 legislative session, Governor Walz and the Minnesota Legislature provided Parking Fund financial relief from our Debt Service obligations helping to keep parking and transit rates cost effective for everyone.

Rate Table for Parking, Metropass, & Bike Parking

Description	FY24 Rate
General Parking - Lot	\$47/month
