Contract Release C-432(5) Carpet and Resilient Flooring – 87 Counties

These State contracts has been extended an additional 12 months to December 31, 2026. Extensions include a revision of products and pricing for ordering entities. One contractor is certified TG/ED/VO and services all 87 counties. Ordering entities should utilize the contractor’s manufacturer catalogs to verify costs and should review quotes from contractors for accuracy in Discount-off Percentage application. State agencies should make every effort to use the Contractors listed, but the contract does not prohibit State agencies from using their delegated local purchasing authority to procure similar products and services from other contractors.

If you have any questions or comments, please contact the contract administrator, Craig Fernholz, at craig.fernholz@state.mn.us or 651.201.2423.

Contract Release C-785(5) Geospatial Software and Maintenance

The State is in the process of executing enterprise contracts for Geospatial Software and Maintenance. Contracts with Environmental Systems Research Institute, Inc. (Esri), Geomermaids LLC, and GeoSolutions USA Corp., are pending. As contracts are executed, the Contract Release will be updated accordingly.

If you have any questions or comments, please contact contract administrator, Elizabeth Randa at elizabeth.randa@state.mn.us or (651) 201-3122.

NOW IN EFFECT - Mercury Emissions; Reduction ([Minn. Stat. § 116.92](#))

Beginning January 1, 2026, it was illegal to sell, offer for sale, or distribute some types of compact fluorescent lamps or linear fluorescent lamps (light bulbs). This means that after December 31, 2025, lamp types such as T5s, T8s, CFLs, etc. were no longer available in the State of Minnesota.

Some State managed contracts may contain products that could be affected by the new law, such as, but not limited to: Contract Releases L-290(5) Lamps & Bulbs: Various Types and Applications; and T-572(5) Tools, Industrial Supplies, and Equipment - For Maintenance, Repair, and Operations (MRO).

FINAL Reminder - Re-Soliciting: C-1005(5) Multifunction Devices Contracts

The State contracts under release C-1005(5), for MFD Equipment Rental, Purchase & Maintenance have a current expiration date of February 28, 2026. Preparations are underway to re-solicit these contracts.

A MFD can work normally for fifteen years or even longer. For this reason, expired OSP MFD contracts from previous iterations are kept open for State and CPV customers to renew MFD leases and service & maintenance plans. Any MFD lease or service agreement lasts for its full executed term even if the OSP contract expires before the agreement does. For example, you could sign a 60-month MFD lease in February 2026, and the current OSP contract will cover it through February 2031, or longer if there are renewals available.

OSP's contracts are directly with MFD manufacturers. Current manufacturers on C-1005(5) include Canon, Kyocera, Ricoh and Toshiba. Xerox and HP have previously held contracts. Canon, Kyocera, and Ricoh use authorized resellers. Toshiba does not. The C-1005(5) contract release document contains links for resellers if the manufacturer uses them. No MFD reseller is directly awarded a contract under C-1005(5). While the State considers the resellers to be extensions of the manufacturer, the contract itself is with the manufacturer, not with the reseller. Resellers must meet all terms, conditions, and prices as manufacturers. If a reseller does not meet the contract terms in any way, that concern can be raised to OSP, the reseller, and to the manufacturer.

Supplier Portal Training Available for Vendors

The Office of State Procurement provides training sessions for vendors who would like to learn to use the SWIFT Supplier Portal. These two-hour sessions cover registering as a supplier, finding solicitation opportunities, submitting responses, and other key features of the Supplier Portal.

Information on these trainings can be found on OSP's [Vendor Training](#) page, along with on-demand training videos and a link to the Quick Reference Guides. Buyers who interact with vendors who may be interested are encouraged to provide them with this information.

The next available sessions:

State Agencies Only

Procurement Fiscal Year 2026 End Cutoff Dates

The fiscal year-end 2026 deadline established for the submission of requisitions and procurement requests for the following items is March 6, 2026:

- Request for Proposals (RFP) - If the intended procurement method is to make the acquisition through a Request for Proposal (RFP), please contact the Office of State Procurement (OSP) as soon as possible to discuss the procurement and appropriate timelines.
- Agency Single Sources related to Software Licensing and/or Software Maintenance Agreements – Agency Single Sources related to Software Licensing and/or Software Maintenance Agreements processed through the Office of State Procurement (OSP).
- Construction - Construction and construction-related requisitions processed through the Real Estate and Construction Office or the Office of State Procurement. (SWIFT Policy 0901-02).
- Sealed Bids - Requisitions requiring sealed bids (over \$50k) processed through Office of State Procurement.
- Fiscal Year Close/Requisitions - Requisitions over the purchasing Agency's authority processed through Office of State Procurement (under \$50,000).

OSP encourages agencies to submit projects prior to the March 6, 2026 deadline. The 2026 Agency Annual Schedule is now available on [Minnesota Management Budget's Budget and Accounting Instructions webpage](#).

Reminder: Sales and Use Tax Updates

The Minnesota Department of Revenue will be administering the following new sales and use taxes effective January 1, 2026:

- [Martin County 0.5% transit sales and use tax](#)
- [Sibley County 0.5% transit sales and use tax](#)

[The City of New London 0.5% will end Sales and Use Tax on December 31, 2025.](#)

The sales and use tax rate changes apply to sales made on or after January 1, 2026. They will be in addition to all other taxes in effect. Local sales tax applies to retail sales made and taxable services provided within the local taxing area (county/city limits). The tax applies to the same items that are taxable under the Minnesota sales and use tax law.

Agencies entering purchase orders for the new fiscal year, prior to the January 1, 2026 tax effective date, will have the old rate calculated and will need to update their purchase orders.

Purchase orders entered in SWIFT on or after January 1, 2026, will calculate the new tax rates for each county/city. Existing purchase orders and/or their vouchers will need to be adjusted to pay the correct tax if delivery occurs after various dates. Please note that the dates will be different based on whether goods or construction materials are being delivered. Check the tax notice for the affected city for the correct dates.

For assistance in changing the sales tax on a PO, please consult the [Update the Sales Tax Settings on an Existing Purchase Order Quick Reference Guide](#).

Impact of New Local Tax

Please see the Minnesota Department of Revenue tax notice for the appropriate city for guidance in handling purchase orders and payments during the transition period.

Impact on Accounts Payable:

Vouchers entered in SWIFT on or after the tax effective date will calculate the new tax rates for each county/city if the Invoice Date is on or after the tax effective date. If the Invoice Date is before the tax effective date, SWIFT will exclude the new tax rates. Please review the tax calculation carefully prior to payment on all vouchers with Ship To locations within these jurisdictions.

Impact on Purchase Orders:

SWIFT will be updated with the new tax codes for all existing Ship To addresses located in the affected cities. New purchase orders, created on or after January 1, 2026, will calculate the new rate of tax for the ship to addresses within those counties/cities. Existing purchase orders may or may not need to have the tax code updated on the PO if payment can be processed during any allowed grace period(s), again, see the general notice for each county/city. Previously any Ship To addresses in affected cities may have used the tax code of 0000, State Tax only.

To calculate the new combined rate, state and local tax rate, the tax code(s) on the purchase order must be updated to the new tax code(s) from the 0000 tax code. Because of the various transition rules, these codes will not be updated by SWIFT and must be updated by the purchase order buyer.

Monthly SWIFT Reminder: Late Payments on Purchasing Card Statements

US Bank charges late fees on past due purchasing card (PCard) accounts. Agencies are invoiced in the amount of up to one percent (1%) per month on the amount overdue, or a minimum of \$2. Late fees are included on your monthly statement from US Bank and available to view in SWIFT. However, the Late Payment transaction cannot be reconciled the same way other transactions are reconciled.

To pay a late fee associated with a PCard statement, agencies must manually add this fee to their monthly PCard voucher by adding a line and entering the information. Make sure to enter Late Payment Charge in the **Description** field. In the **Account** field use Expense code 430008 (Interest Pd To Vend Late Pymt). After the line has been added, provide the voucher number to [SWIFT Help Desk](#) to have the transaction removed from the PCard pages.

The screenshot shows the 'Invoice Lines' screen in Access Online. A new line is being added with the following details:

- Line: 1
- Ship To: G104THFL80
- Description: LATE PAYMENT CHARGE
- Accounting Tag: (empty)
- Distribute by: Amount
- Item: (empty)
- Quantity: (empty)
- UOM: (empty)
- Unit Price: (empty)
- Line Amount: 0.00

The 'Distribution Lines' section is visible below, showing a table with columns: GL Chart, Exchange Rate, Statistics, Assets, Copy Down, Line, Merchandise Amt, Quantity, GL Unit, Fund, Fin DeptID, Appropriation ID (CF3), and Account. The 'Account' field is highlighted with a purple box and contains the value 430008.

As a reminder, pay PCard statements on time to avoid potential late fees, take advantage of available rebates, and avoid potential violations of Minn. Stat. §16A. Purchasing Policy 1b requires that Purchasing Card Coordinators use Access Online to review statements and monitor account activity.

- If you have questions regarding PCards, please contact the [SWIFT Help Desk](#).
- For questions regarding state Contract Release C-684(5)* Purchasing Payment Services or Purchasing Card Use Policy 1b, please contact the Purchasing Card administrator, Robbyn Overall at robbyn.overall@state.mn.us.

Procurement U Learning Opportunities

Procurement U has empowered thousands of professionals to grow their knowledge and skills through free, high-quality training. To continue to advance the procurement profession, NASPO has created the [Procurement Professionals Alliance](#) a new, member-based nonprofit organization. PPA was formed to serve the broader procurement community including public, private, nonprofit, and academic stakeholders.

Procurement U's 2026 Q1 Instructor-Led Courses are now open for registration, offering both sprint-style and standard formats. [Download the 2026 Q1 Course Schedule PDF](#) [here](#).

SWIFT Training and Resources: Need Help?

You are encouraged to refer to the many SWIFT Training materials including [Quick Reference Guides \(QRGs\)](#) and [Training Videos](#). The SWIFT Training team is actively updating and creating new materials for SWIFT users.

We also understand that live help is often the most useful and immediate route to a solution. The [SWIFT Help Desk](#) responds to many questions, issues, and requests to help you get your work done in SWIFT. Whether you are experiencing a technical issue or need guidance on a SWIFT transaction, the SWIFT Help Desk is your main point of contact. Please do not contact SWIFT module leads or trainers directly. The SWIFT Help Desk ensures your matter is forwarded and escalated as needed.

In addition, the SWIFT Help Desk documents each interaction, helping us identify larger system issues as well as identifying training and communication gaps.
