Welcome back! This issue of the Board of Dentistry Updates marks a return to our plan to publish a quarterly newsletter. Please forgive the absence of your newsletter, which was last issued for Winter/Spring 2001. We hope you find the information interesting and worthwhile.

Professional Corporations

There have been many questions raised regarding what a licensed dental professional must provide to the Minnesota Board of Dentistry when the dentist incorporates under Chapter 319B as a professional firm, limited liability corporation or limited liability partnership.

As required by Minnesota Statute §319B.11, Subpart 4;

No professional firm may furnish professional services within Minnesota until the firm files with each board having jurisdiction over the pertinent professional services.

Many professionals utilize a practice attorney. Regardless, the corporation must file with the Minnesota Secretary of State. After the papers are filed, the attorney or dentist must submit the following to the Board:

1. Certificate of Incorporation, officially stamped by the Secretary of State.
2. Articles of Incorporation, officially stamped by the Secretary of State.
3. A list of the names of all shareholders/owners of the corporation on the letterhead of either the attorney or licensee. The appointed offices that individuals hold and their license numbers must be delineated.

Upon receiving the above mentioned documents, the Board office creates a file for the corporation. The initial filing fee (\$100.00) is due by the January 1st following the year the business is incorporated. An Annual Report is mailed to the corporation each fall. The annual fee is \$25 every year thereafter.

If a licensed dentist wishes to sell a corporation, he/she needs to file a "Certificate of Dissolution" with the Minnesota Secretary of State. A photocopy of that certificate – along with the fee of \$25 for the last year the individual was incorporated – is due to the Board office upon dissolution. Until the licensee officially dissolves his/her corporation, they are obligated to pay their annual report fee.

MESSAGE FROM THE PRESIDENT

Freeman Rosenblum, DDS, MSD

This has been a very busy year for the Board of Dentistry. Due to legislation passed last year, there have been many meetings addressing the issues of dental access. Representatives from the various education programs, along with members of the professional associations, met with Board members to address this serious problem.

The Credentials Committee has been very busy due to the tremendous number of foreign-trained dentist applications. We are attempting to establish a protocol to handle this issue. Rest assured that every effort will be made to ensure that only those who are qualified will be eligible to take the National Boards and the CRDTS exams.

The Complaint Committees have also been stretched to the limit due to the increased number of complaints. In addition, the cases are getting more complicated and costly to resolve due to increased time spent by the Attorney General's office. Particularly, there has been one contested case and several pending cases that will stretch our budget.

The Dental Board has several issues that they have presented to the legislature this session that are making progress. The mandatory reporting and complaint immunity bill has support in the Senate and House. Next year we will be seeking legislation dealing with cost recovery and assessing civil penalties to professionals who have committed serious harm to the public.

The subject of specialty licensure was discussed by the Board this year. At this point no decision has been made. Clearly we must do all we can to not make it difficult for a well trained individual to practice in Minnesota.

The subject of expanded functions has been extensively evaluated. Dental education association members and Board members have met numerous times. We are starting to see the light at the end of the tunnel on this subject. It is everyone's desire to enhance the skills of the registered dental assistant. This will be done in a fashion that will not affect the quality of care, but will hopefully aid in the resolution of the access problem for citizens of this state.

The Board of Dentistry is not only going to have their usual booth at the Star of the North Meeting, but will also be giving a lecture on record keeping. This will be a one hour presentation by the staff on Monday, April 22, at 1:00 p.m. We hope that it will alleviate some of the confusion that we have noticed in the complaint process, and result in improved care to the public.

In the next year or so, the Board's website will be improved to allow licensees and registrants to gain additional information. This vehicle will become more important as the years go by.

On the sad side, the Board lost one of its public members, Julia Heubner, to cancer this past year. As of this writing, Governor Ventura has not made a new appointment. This, along with the sudden illness of one of our staff, Nancy Skoog, has placed a dent in our ability to work at 100%. In addition, the untimely strike by State employees put us behind an additional two weeks. We are starting to catch up. For those of you who have had issues with the Board delays, we apologize. Hopefully, Board responses will continually improve into the future.

Our primary function is protecting the public. The issue of problems in dental access and the suggestions to correct it have been challenging. Fortunately, through the combined efforts of the various professional associations, dental educators, and this Board, we are making sound decisions that will not only improve access, but maintain the high quality of care for all citizens.

Recordkeeping Presentation

Board of Dentistry's conference booth in the main lobby*

IN MEMORIAM

Julia Huebner, a public member of the Board, passed away in November, 2001. Ms. Huebner joined the Board in 1999, appointed by Governor Jesse Ventura. She served on a complaint committee of the Board, and could be counted on to provide a consumer perspective to issues facing the Board. Her contributions will be missed.

Bob Hoover passed away earlier this month. Dr. Hoover served two terms on the Board, from 1981 to 1989. He was originally appointed by Governor Al Quie. He chaired the Board's Rules Committee, and served as a CRDTS examiner on behalf of the Board.

RULEMAKING PROCESS

There has been some confusion regarding new rules proposed by the Board. Rulemaking is a long and arduous process, involving numerous opportunities for public input. *Rules are not effective until the hearing process has been completed*, the rules signed by the Governor, filed with the Secretary of State, and published in the State Register.

If you have questions about a particular statute, rule, or rumor, please contact the Board for clarification.

PUBLIC BOARD MEMBER VACANCY

The Board of Dentistry is seeking nominees for a public Board member. Appointments are generally for 4-year terms. This initial appointment would expire in January, 2003, however.

Board appointments are coordinated through the Secretary of State's office, with final appointments made by the Governor.

A public member of the Board, according to Minn. Stat. §§ 214.02 and 645.44, subd. 5a, cannot now or ever have been a member of the regulated profession or the spouse of a person regulated by that Board. The individual also can never have had a material financial interest in the profession or any activity directly related to the profession being regulated.

The Board offers per diem payments of \$55 for each day involved in Board activities. If you know of someone who may be interested in serving on the Board, please let them know to act quickly, and contact the Secretary of State. Applications and information can be obtained from Nancy Breems at 651-297-5845, or on-line at www.sos.us/openapp/Open%20Appointments.pdf.

LEGISLATIVE UPDATE

The 2002 legislative session has been busy, and a number of dental concerns have been addressed at the Capitol this year.

The Board was required by the 2001 special session of the legislature to report on expanded functions for dental auxiliaries and the opportunity for foreign-trained dentists to practice in Minnesota in various roles. The Board is engaged in the rulemaking process to expand the scope of practice for dental hygienists and dental assistants. The Board continues to develop appropriate criteria for assessing the comparability of the education received by foreign-trained dentists. Until formal rules are enacted, the Board's Credentials Committee will be reviewing applications from foreign-trained dentists on a case-by-case basis.

For 2002, the Board requested statutory changes that would provide for mandatory reporting of impaired practitioners, cost recovery measures, and licensure of dental assistants. An additional bill moved forward that would establish a mechanism for providing guest licensure status for dentists, hygienists, and assistants. Guest licensure would allow dental professionals licensed in good standing in border states to apply for a limited practice credential in Minnesota, so that they could provide care in specific public health clinics.

As of this writing, the legislature is still in session, and changes are being made daily. When changes are finalized that would affect your practice, we will report the changes to you by newsletter, our web site, and/or through e-mail alerts.

NOTICE OF TERMINATED LICENSES AND REGISTRATIONS

The following licenses and registrations were terminated on April 1, 2002, for failure to pay the annual renewal fee or failure to meet the five-year continuing education requirement. According to Minn. Rule 3100.1700, subp. 3b, "the expiration and termination will not be considered disciplinary action against the licensee or registrant." The Board has notified these people of their status. These people are not eligible to practice dentistry, dental hygiene, or registered dental assisting in Minnesota until their license or registration is reinstated. Because of the time lapse between termination and the publication of this newsletter, some individuals listed here may have already had their license or registration reinstated, in which case they are practicing legally. Please notify the Board if you feel that a name needs clarification or if you believe that any of those listed are practicing dentistry, dental hygiene, or registered dental assisting in Minnesota.

JURISPRUDENCE EXAM UPDATE

Effective April 1, 2002, the Jurisprudence examination for Minnesota will no longer be administered by the Board of Dentistry, except for licensees or registrants who have been ordered to take the exam through disciplinary or corrective action. In addition, the exam will no longer be mailed to schools or other state dental boards to be administered. Administration of the exam will now be conducted solely by EVALCOR, under contract with the Board.

Due to the Board's desire to maintain the security and integrity of the exam, a determination was made to have the Jurisprudence exam managed and coordinated by a single administrator. The Board will continue to be involved in test development, and oversight of the contract. Under the contract, EVALCOR has been allowed to charge a \$35 fee to test takers. This fee goes to EVALCOR for its administrative costs; the Board receives no funds directly or indirectly related to the administration of the exam.

Schools and residency programs within Minnesota wishing to schedule testing dates for the Jurisprudence exam should contact EVALCOR directly through Dr. Allan Lange at 651-641-0266. Please contact EVALCOR by April 30 so that the 2002 schedule can be established and published. Questions or concerns may be directed to the Board office.

DISCIPLINARY ACTIONS

July 1, 2001 – March 15, 2002

Tommy Black, D.D.S.
Order for Unconditional License, St. Paul, MN
08/08/01

Richard Burmaster, D.D.S.
Voluntary Surrender
Cambridge, MN
3/15/02

Donald Dill, D.D.S.
Order for Conditional License, Springfield, MN
08/08/01

John Haubner, D.D.S.
Unconditional License,
Carlton, MN
08/08/01

Gail (Olson) Humes, D.H.
Order for Voluntary Surrender,
Duluth, MN
12/14/01

Peter Jorgenson, D.D.S.
Order for Conditional License,
Annandale, MN
12/14/01

Harold Mason, D.D.S.
Order for Unconditional License, Eagan, MN
01/25/02

John Muller, D.D.S.
Order for Third Amended Conditional/Limited License,
St. Cloud, MN
09/21/01

James Potocnik, D.D.S.
Order for Unconditional License,
St. Paul, MN
3/15/02

William P. Rolfe, Jr., D.D.S.
Order for Amended Conditional/Limited License,
Hopkins
09/21/01

Annette Toland-Hoyt, D.H.
Order for Suspension
South Range, WI
12/14/01

Milos Tomaides, D.D.S.
Order for Unconditional License,
New Hope, MN
01/25/02

Thomas R. Trutna, D.D.S.
Order for Conditional/Voluntary Surrender
Hastings, MN
12/14/01/ 3/15/02

Mark Watson, D.D.S.
Order for Unconditional License
St. Paul, MN
01/25/02

Definition of Terms:

Conditional License – licensee may continue to practice but must meet specific conditions of Order.

Limited License – licensee may continue to practice but may not perform certain procedures specified in the Order.

Suspended License – licensee may not practice for a specified length of time or until certain conditions are met.

Unconditional license/registration – all terms of the Order have been met, the individual's license/registration is fully restored, and s/he may practice without special conditions or restrictions.

Note: the full text of orders enacted since March 15, 2002, may now be viewed on the Board's web site.

Go to www.dentalboard.state.mn.us, click on "Disciplinary Actions," and click on the highlighted order that you are interested in reviewing.

DISCIPLINARY ORDER VS. AGREEMENT FOR CORRECTIVE ACTION

STIPULATION AND ORDER:

- This type of legal document is classified as a public document. The Board is required by state law to provide a copy of it to whoever makes such a request.
- A Stipulation and Order is considered "disciplinary action" and, as such, the Board is required to report it to the National Practitioner Data Bank.
- Since 1993, the Board has been publishing its disciplinary actions in its newsletter. Since 1999, the Board has also published the information on our web-site. The information published includes the person's name, practice location, license number, type of order (limited, conditional, etc.), and date of the order. The full order may now be viewed on our website.

AGREEMENT FOR CORRECTIVE ACTION:

- This type of legal document is classified as a "public" document. The Board is required by state law to provide a copy of it to whoever makes such a request.
- Although this is a public document, it is not considered "disciplinary" action and, therefore, the Board does not publish such actions in its newsletter, and the information is not reported to the National Practitioner Data Bank.

Hiring new graduates this summer?

Dentists and dental hygienists can begin treating patients *after* a license number has been issued from the Board of Dentistry. Individuals who have received notice of passing their clinical exams cannot practice until they have applied for and been issued a license number.

Dental assistants can begin performing the Expanded Functions (including radiology duties) *after* a registration number has been issued from the Board. Dental assistants who have passed the MN Registration Examination must apply for and have been issued a registration number to perform these duties.

The Board processes all complete licensure and registration applications in 3-6 working days after they are received.

Job Opportunity at the Board

The Board is interested in hiring an individual who has both a dental and a legal services background. The position would involve assisting with the preparation of legal documents, conducting chart reviews, coordinating the rulemaking process, and support of complaint and compliance activities.

This position will not be formally posted due to the State's hiring freeze; we would like to move quickly on filling this position once we receive authorization to do so. If you are interested please contact the Office Manager, Sheryl Herrick, at 612-617-2253.

RECORD KEEPING RULE Q & A: RELEASE OF RECORDS

Do I have to release a patient's dental record?

Yes. A number of complaints received at the Board deal with this question. According to Minnesota Statute §144.335: "Upon request, a provider shall supply to a patient complete and current information possessed by that provider concerning any diagnosis, treatment and prognosis of the patient in terms and language the patient can reasonably be expected to understand."

Can I charge a fee to release the records?

The office may charge a retrieval fee and a copy fee. The Minnesota Department of Health has stated that a provider may charge a maximum of \$13.55 in retrieval fees and \$1.03 per page. There is also an allowable fee for the retrieval and duplication of x-rays that may be the actual charge of duplication.

Can I hold the records until they pay their bill?

The office CANNOT withhold dental records. The Board rule states that: "A patient's dental records shall be transferred in accordance with Minnesota Statute, sec-

tion 144.335, irrespective of the status of the patient's account." Some patients will pay the fee prior to receiving the requested information, some will receive a bill. But, the office must transfer.

What if the patient wants the records immediately?

Patients, when calling the Board for clarification, are asked to send their request in writing and to give the dental office a reasonable amount of time to compile and mail the information.

Do I have to give the records to the patient or the provider?

The information may be sent directly to the patient, and not always to another provider.

Do I have to keep a copy of the record?

The office must retain a copy of the chart for seven years after the last appointment. If the patient is a minor child, the office must keep chart information until that child is 25 years old.

UPCOMING BOARD AND COMMITTEE MEETINGS

Complaint Committee "B" -	May 9, 2002, 8:00 a.m.	CLOSED

Board Meeting -	September 20, 2002, 8:30 a.m.	OPEN

NEWLY APPOINTED BOARD MEMBER

Linda Boyum, CDA, RDA was appointed by Governor Ventura to a 4-year term on the Board expiring 2006. Ms. Boyum joins the Board with 25 years experience as a dental assistant, including twelve years as a dental assistant educator in the Twin Cities. She received her dental assistant education from Hennepin Technical College in 1982.

Ms. Boyum has extensive involvement with local, state, and national dental assistants associations – including a term president of the Minnesota Dental Assistants Association. She also served as the MDAA liaison to the Minnesota Association of Community Dentists, and as the appointed consultant representative to the Board for MDAA and the Minnesota Educators of Dental Assistants.

Currently, Ms. Boyum is a dental assistant instructor and externship coordinator at Lakeland Medical/Dental Academy in Minneapolis and volunteers as a clinical dental assistant at Uptown Community Clinic. She enjoys spending time with family and friends, swimming, reading, and traveling. Highlighting her travels was a recent trip to Egypt on a professional dental assisting exchange sponsored by ADA.

WHAT IS CONTINUING EDUCATION VERIFICATION?

On July 1, 2000 the Board implemented a policy stating that any time licensees and registrants submit CE to the Board for credit consideration, they need to send their CDE card along with attending verification. Over the course of this past year, there have been many requests to clarify what the Board considers verification.

VERIFICATION:

- Comes in many forms: course completion certificates, agendas, programs, registration literature or school transcripts. The original documents should always be retained by the individual licensee/registrant. A photocopy should be submitted, along with attending CDE card to the Board office.

Must provide the following information:

- ✓ The date of the course, seminar or lecture
- ✓ The credit hours awarded by the sponsor
- ✓ A brief description of the content of the course

It is important to note that if you attend a course sponsored by a “Board Approved Sponsor” (example: MDA, ADA) the organization is obligated to collect your CDE card and submit it along with verification to the Board. If the sponsor of your course is a “Non-Board Approved” sponsor (example: AGD) you may still receive credit for the course (as long as the content of that course meets Board criteria). You will have to individually submit for CE credit consideration to the Board, by sending your CDE card along with VERIFICATION!!!!!!

Questions? Contact Joyce at 612-617-2252 or Joyce.Nelson@state.mn.us.

TRANSITIONS

- ❑ **Phyllis Gilbert**, the first Dental Assistant to serve as president of a state Board of Dentistry, completed her second and final term on the Board. Ms. Gilbert was an extremely active Board member, participating in and/or chairing complaint committees, policy committees, dental auxiliary education committees, conducting accreditation site visits, and numerous other responsibilities. A reception honoring Phyllis will be held the evening of Friday, June 21. Please contact the Board office if you are interested in more information about the reception.
- ❑ 2002 Executive Committee: at the January Board meeting, the following officers were elected to the Executive Committee...
Freeman Rosenblum, DDS: president
Annie Stone Thelen, DDS: vice-president
Marguerite Rheinberger, JD, MPH, MA: secretary
Susan Gross, DDS: past president
- ❑ **Linda Boyum, RDA**, has been appointed by the Governor to the Board.

If you have a name or address change you must inform the Board in writing within 30 days of the change. Practicing dentists are required to have their primary practice address on record with the Board. All others may list a home address. Note: Your name and address are public information. **Request for e-mail addresses:** The Board would like to occasionally send information affecting licensure to dentists, hygienists and assistants via e-mail alerts. Please provide the Board with your e-mail address if you wish to receive these notices.
