

Inspections Made Easier

We're Going MOBILE

Goodbye, clipboards!
Now, you'll see your inspector using a laptop or tablet, taking notes and photos.

This makes us quicker! You'll receive a copy of your inspection report within

24 hours

And Putting OTCs ONLINE

Receive an Order to Comply (OTC)? Be sure to tell us how you have corrected shortcomings within

10 days

You can now complete your OTC easily via computer, tablet, or mobile phone.

But wait, there's more!
We are working on online inspection reports and payments. Hold tight while we get these up and running!

Tips & Reminders

Avoid Penalties

Inspection penalties can be issued for certain violations.

Don't get fined. Don't do these things:

- Re-use a single-use tool
- Have a callus shaver or grater
- Fail to display a license
- Practice after your license expires
- Refuse an inspection

View the full list of inspection penalties in Minnesota Rule 2105.0115.

Who's That Inspector?

 Our inspectors **always** carry a Minnesota Board of Cosmetology photo ID and business card.

 Our inspectors **never** directly accept any payment of any kind, any time.

 If you **ever** question whether an inspector is legitimate, call our office at 651-201-2742.

Keep Us Updated

Be sure to let us know if any of these change (or plan to change):

Email Address
Designated Licensed Salon Manager
Salon Owner
Floor Plan (i.e. remodel)

We'll keep your file updated & make sure your update meets requirements!

Salon Closed? There's a Form for That

If your salon permanently closes, send us a Salon Closure Notification Form. This helps us plan inspection routes and saves time for inspectors.

Remember to Post

You'll receive a **new** inspection report each time your salon is inspected. Remember to post this new report visibly in your salon!

Disinfectant Reminder

The Board does not endorse, or require a specific brand or product. We do require that salons use a hospital-level disinfectant registered with the EPA as a **virucide, fungicide, and bactericide.**
