

2021 Legislative Update

The 2021 legislative session has concluded. Below is a brief overview of a policy change that relates to the Minnesota Board of Cosmetology, its licensees, and Minnesotans who receive cosmetology services.

Definition of School Manager

Minnesota Statutes 155A.23 subdivision 16 was amended to revise the definition of school manager to include licensees with any type of salon manager license, not just a cosmetology salon manager license. Therefore, anybody who holds any type of salon manager license is now eligible to apply for a school manager license.

Additional Comments or Questions

If you have any comments or questions regarding this legislation, please email the Board at cosmetology@state.mn.us.
