PHYSICAL THERAPIST FACT SHEET

PHYSICAL THERAPY BOARD

The Physical Therapy Board is appointed by the Governor to act on issues regarding physical therapist licensure standards, enforcement of laws and complaint review. The Board is composed of five physical therapists, one licensed physician, two physical therapist assistant, and three public members.

TITLE PROTECTION

Nonlicensed individuals are prohibited from using the title "Physical Therapist," "Physiotherapist," "Physical Therapy Technician," "Registered Physical Therapist," "Licensed Physical Therapist," "P.T.," "P.T.T.," "R.P.T.," "L.P.T." or any other words, letters, abbreviations, or insignia indicating or implying that the individual is licensed by the state. Nonlicensed individuals holding themselves out as a physical therapist shall be subject to criminal prosecution for the unauthorized practice.

LICENSURE REQUIREMENTS

US/Canadian Graduates. To establish eligibility for licensure, an applicant must have successfully completed an accredited physical therapy educational program and have passed an approved licensing exam.

DELEGATION OF DUTIES

The PT is responsible for all procedures or tasks delegated to a PTA or PT Aide.

PT Assistant. The PT may delegate patient treatment procedures to a qualified PT Assistant (PTA) except: patient evaluation, treatment planning, initial treatment, change of treatment, and initial or final documentation. The PT must provide on-site observation of the treatment and documentation of its appropriateness at least every six treatment sessions. A PT may supervise no more than two PTAs at any time. The PT is not required to be onsite, but must be easily available by telecommunication.

PT Aide. A PT may assign selected treatment procedures to a PT Aide. The PT must observe the patient's status before and after the treatment. All tasks must be performed under the direct supervision of a PT who is readily available for advice, instruction, or immediate assistance.

CONTINUING EDUCATION

Each licensed physical therapist must complete at least 20 contact hours of continuing education credit every two years as a condition of licensure renewal. Newly licensed physical therapists commence their two year cycle on January 1 immediately following the date licensure was granted, and continuing education credits may be accrued during the first partial year in addition to the two full years of licensure. Licensees are required to attest to completion of continuing education by reporting to the Board at renewal time. Continuing education documentation must be retained by each licensee in the event they are selected for an audit.

PRACTICE REQUIREMENT

Physical therapists must practice the equivalent of eight full weeks (320 hours) during the past five years in order to be issued a license, renew, reinstate following a lapse in licensure, or return to active licensure status from inactive status. Alternatively, physical therapists may choose to retake and pass the National Physical Therapy Exam or complete no less than eight weeks of Board approved supervised clinical practice. The supervised clinical practice length and site must be pre-approved by the Board.

RENEWAL CYCLE

Licensure must be renewed annually before **January 1** of each year. Renewal reminders are sent approximately 45 days prior to expiration. It is the physical therapist's responsibility to keep the Board advised of their current address with written notification within 30 days of any address change. The Board will mail the renewal reminder to the address on file. Failure to receive the renewal reminder does not relieve the physical therapist of his or her renewal obligation.

***The Temporary Permit Expiration Date is whichever date occurs first.** Board meetings are scheduled however there is always a remote possibility of a cancellation or postponement of the meeting. NOTE: If the applicant fails the exam then the Temporary Permit expiration date will be changed by operation of statute when the application is reviewed at the next Board meeting. Shaded rows show the uninterrupted temporary permit to licensure routes, assuming the application achieves a passing score on the NPTE.

****PT Board meeting date.** Applicants who answer “yes” to a question on their application or provide incomplete information must be reviewed by the Licensure Committee and Board at a PT Board meeting.

The practice of physical therapy by an applicant after the Temporary Permit expiration date has been changed by operation of statute will be considered to be unlicensed practice and subject to possible disciplinary action under MS 148.75 (a)(1), (18), and 148.76, Subd. 1, (1).

148.71 TEMPORARY PERMITS.

Subdivision 1. [Repealed, 2007 c 123 s 137]

Subd. 2. **Issuance.** (a) The board may, upon completion of the application prescribed by the board and payment of a fee set by the board, issue a temporary permit to practice physical therapy under supervision to an applicant for licensure as a physical therapist or physical therapist assistant who meets the educational requirements of section 148.721 or 148.722 and qualified for admission to examination for licensing as a physical therapist or physical therapist assistant. A temporary permit may be issued only once and cannot be renewed. It expires 90 days after the next examination for licensing given by the board or on the date on which the board, after examination of the applicant, grants or denies the applicant a license to practice, whichever occurs first. A temporary permit expires on the first day the board begins its next examination for license after the permit is issued if the holder does not submit to examination on that date. The holder of a temporary permit to practice under supervision may practice physical therapy as defined in section 148.65 if the entire practice is under the supervision of a person holding a valid license to practice physical therapy in this state. The supervision shall be direct, immediate, and on premises.

(b) An applicant from another state who is licensed or otherwise registered in good standing as a physical therapist by that state and meets the requirements for licensing under section 148.721 does not require supervision to practice physical therapy while holding a temporary permit in this state. The temporary permit remains valid only until the meeting of the board at which the application for licensing is considered.

Please thoroughly review these materials before submitting your application. Any processing fees incurred are your responsibility. The Board reserves the right to reject any outdated applications submitted.

IMPORTANT NOTICE REGARDING PEAT AND NPTE

New graduate applicants need to be VERY CAREFUL about what study materials they use and share. Pleading ignorance of the source ("I didn't know they were real PEAT or NPTE test questions") will not sway the Federation to mitigate those penalties.
