LICENSURE ELIGIBILITY
A personal appearance is no longer required for all applicants, but may be required for some applicants to resolve issues during the application review process. A notarized driver’s license, legible with a clear photo is accepted in lieu of the personal appearance. Applicants must show good moral character and must not be under license suspension or revocation by the licensing board of the jurisdiction in which the misconduct occurred.

Medical Faculty Physician Requirements
1. Graduate of a medical school listed in the International Medical Education Directory (IMED).
2. Successfully complete two years of US/Canadian graduate, clinical medical training in an accredited program unless 1) admitted as a permanent immigrant to the United States as a person of exceptional ability in sciences pursuant to rules of the U.S. Department of Labor or 2) issued a permanent immigrant visa as a person of extraordinary ability or as an outstanding professor or researcher and has a valid medical license in another country; or 3) licensed in another state and practiced 5 years without disciplinary action in the US/Canada, completed one year US/Canadian accredited training and passed SPEX within three attempts in the 24 months prior to licensing. See Minn. Stat. §147.0375, Subd. 1, (c) for details.
3. Present evidence satisfactory to the Board that the applicant has been appointed to serve as a faculty member of a medical school accredited by the Liaison Committee of Medical Education or an osteopathic medical school accredited by the American Osteopathic Association.

LICENSURE EXEMPTIONS
Minnesota does not require the following physicians to be licensed while:
1. Practicing at a federal facility providing s/he is licensed elsewhere.
2. In actual consultation here providing s/he is licensed in another state or country.
3. Serving as a camp doctor in Minnesota; however, physicians must register with the board. There is no fee involved.
4. A student practicing under the direct supervision of a preceptor and attending a recognized medical school.
5. Performing the duties of an intern or resident or engaged in postgraduate work approved by the board as meeting standards similar to those of a national accrediting organization provided the student has a residency permit issued by the Board.
6. Employed in a scientific, sanitary or teaching capacity by a bona fide educational institution or state health department while engaged in such duties.
7. Providing medical services at a competitive athletic event if the physician is registered with the Board and is licensed in another state.

CONTINUING MEDICAL EDUCATION
Each licensed physician must obtain 75 hours of continuing medical education (CME) category 1 credit every three years as a condition of licensure renewal. The Board accepts (re)certification or current Maintenance of Competency issued by ABMS, RCPSC, CFPC or AOA in lieu of CME. Newly licensed physicians commence their three year cycle on their birth month following the initial date of licensure. Physicians under Emeritus registration and licensees in full-time residency or fellowship training at a professionally accredited facility are exempt from the continuing medical education requirement.
RENEWAL CYCLE
Medical licenses must be renewed annually based on birth month. Renewal notices are sent
approximately 45 days prior to expiration. It is the physician's responsibility to keep the Board advised of
his/her current address. The Board is obligated to mail the renewal information to the address on file.
Failure to receive the renewal information does not relieve physicians of their renewal obligations.
Physicians practicing in Minnesota without a current, valid license are practicing illegally which may result
in potential liability or disciplinary action. Physicians not practicing in Minnesota who allow their licenses
to lapse are cancelled after two years due to nonrenewal and must reapply and meet the requirements in
place at the time in order to become licensed and resume practice in Minnesota.

If any part of this Fact Sheet conflicts with the rules or laws, the rules or laws take precedence. It
is your responsibility to comply with Minnesota's laws and rules. Ignorance of the law is not a
defense. Contact the Board with any questions at: 612-617-2130.
In accordance with Minn. Stat. §147.091, the Board may deny an application or grant a restricted license based on the following conduct:

a. Failure to demonstrate qualifications or satisfy licensure requirements.

b. Obtaining a license by fraud or cheating, or attempting to subvert the licensing examination process.

c. Conviction, during the previous five years, of a felony reasonably related to the practice of medicine.

d. Revocation, suspension, restriction, limitation, or other disciplinary action against the person’s medical license in another state or jurisdiction, failure to report to the board that charges regarding the person’s license have been brought in another state or jurisdiction, or having been refused a license by any other state or jurisdiction.

e. False or misleading advertising.

f. Violating a rule promulgated by the board or an order of the board, a state, or federal law which relates to the practice of medicine or a state or federal narcotics or controlled substance law.

g. Engaging in any unethical conduct; conduct likely to deceive, defraud, or harm the public, or demonstrating a willful or careless disregard for the health, welfare or safety of a patient; or medical practice which is professionally incompetent.

h. Failure to supervise a physician’s assistant or failure to supervise a physician under any agreement with the board.

i. Aiding or abetting an unlicensed person in practice of medicine.

j. Adjudication as mentally incompetent, mentally ill or mentally retarded, or as a chemically dependent person, a person dangerous to the public, or a person who has psychopathic personality by a court of competent jurisdiction.

k. Engaging in unprofessional conduct including any departure from or the failure to conform to the minimal standards of acceptable and prevailing medical practice.

l. Inability to practice medicine with reasonable skill and safety to patients by reason of illness, drunkenness, use of drugs, narcotics, chemicals or any other type of material or as a result of any mental or physical condition, including deterioration through the aging process or loss of motor skills.

m. Revealing a privileged communication from or relating to a patient except when otherwise required or permitted by law.

n. Failure by a doctor of osteopathy to identify the school of healing in the professional use of the doctor’s name.

o. Improper management of medical records.

p. Fee splitting.

q. Engaging in abusive or fraudulent billing practices.

r. Becoming addicted or habituated to a drug or intoxicant.

s. Prescribing a drug or device for other than medically accepted therapeutic purposes.

t. Inappropriate sexual conduct.

u. Failure to fulfill reporting obligation.

v. Knowingly providing false or misleading information directly related to the care of a patient unless done for accepted therapeutic purposes; e.g. administration of a placebo.

w. Aiding suicide or aiding attempted suicide.

x. Practicing under lapsed or non-renewed credentials.

y. Failure to repay a state or federally secured student loan in accordance with loan provisions.

z. Providing interstate telemedicine services other than according to section 147.032.

The Board may not grant a license to practice medicine to any person who has been convicted of a felony-level criminal sexual conduct offense. “Conviction” means a plea of guilty, a verdict of guilty by a jury, or a finding of guilty by the court and “criminal sexual conduct offense” means a violation of Minn. Stat. §§ 609.342 to 609.345 or a similar statute in another jurisdiction.

The Board will closely examine any application where applicant has been disciplined in another state. Applicant must not be under license suspension or revocation by the licensing board of the state or jurisdiction in which the conduct that caused the suspension or revocation occurred.
