

IMPORTANT NOTICE

Effective December 15, 2016, the temporary permit/license/registration option will be discontinued for the following professions:

Acupuncture (temporary permit)
Athletic Trainer (temporary permit)
Naturopathic Doctor (temporary registration)
Physician (temporary permit)
Physician Assistant (temporary license)
Respiratory Therapist (temporary permit)
Traditional Midwife (temporary permit)

The Board has authorized issuance of a full license/registration for a regulated professional upon verification that the applicant satisfactorily demonstrates that all minimum requirements have been met. Because a full license/registration no longer requires ratification at a meeting of the Board, issuance of a temporary credential is unnecessary.

Fee payment, submitted on or after December 15, 2016, for a temporary permit/license/registration will be returned.
