CEU Audit Report – Presented by Caroline Hlas. Continuing Education Audits were completed for CEU cycle Dec. 1, 2021 – Nov. 30, 2024. There was a total of 188 licensees randomly selected to comply with the audit, 184 audits completed prior to the Board meeting with 2 audits in progress, and 2 voluntary terminations received during the audit. Certified mail was sent to 4 licensees as a final notice to submit CEU documentation for audit compliance. Issues during the audit process that caused some delay: Certificates missing necessary information (participant name, date activity was completed, CEUs awarded), non-approved CDR PDP activity logs submitted for audit, and not counting/submitting enough CEU completed within the CEU cycle. Committee members discussed outstanding audits in progress and will allow 2 additional weeks from the date of the Board meeting for licensees to comply with CE audit. If non-compliant past the 2-week timeframe, then we would proceed with administrative termination.

Motion to approve the CEU Audit Report was made and seconded; a roll call vote was conducted with no Nays or Abstentions of above-mentioned members.

A question was presented by Schuler to define the gray area if not enough CEU was completed within the cycle for audit approval. Gjesvold suggested creating an internal guidance document to work with people in helping them meet the guidelines. Keep the topic in mind for future meetings to come up with a solution before the beginning of the next cycle.

CEU Committee Approvals – Presented by Hlas and Grendahl. Motion to approve the CEU committee approvals was made and seconded; a roll call vote was conducted with no Nays or Abstentions of above-mentioned members. Total of 23 CEU certificates approved by the committee.

Budget Report – FY25 Revenues/Expenditures – Motion to approve the Budget Report was made and seconded; a roll call vote was conducted with no Nays or Abstentions of above-mentioned members.

Legislative Update – Grendahl reported that she testified at a State Senate hearing 2 weeks prior to the Board meeting regarding discussion of the Governor's budget and Board operating appropriation increase request.

Dietitian Licensure Compact Discussion

Discussion once again took place regarding the pros and cons of joining a national compact. Discussion focused on Minnesota having two separate licenses for dietitians and nutrition, unlike other states that were joining. Grendahl reported that MN has always had a streamlined application process requiring only a notarized CDR card and completion of a Criminal Background check, with some applicants being licensed in just over 2 weeks. Grendahl also stated the Board has had expedited and temporary licensing for former and current members of the military and spouses of an active military member since 2015. It was determined to continue to monitor the compact with no immediate necessity to join.

MAND Report - MAND members not in attendance for report.

New Business - Request received by Ruth regarding ideas of clip art or images in relation to dietetics and nutrition which could be used for a gravestone, as requested by a family member of deceased licensee.

Question presented asking if a licensee got CNS certification and gave it up, could they be reinstated as a nutritionist in Minnesota? Schuler stated it is a gray area and that BCNS states it would be a Board decision.

Executive Director Annual Review (Closed Session) – Chair Gjesvold reported completing Grendahl's Performance Review and having exceeded expectations in all areas of performance and awarded her an Achievement award. The Board ratified the performance review as reported.

2025 Meeting Schedule: June 10, October 14
