After you log in you will see the Application Information page. This page shows you the information you provided the Board in regards to your application type and addresses. You may edit these addresses at any time (this is recommended because your licensure packet will be sent to the last address on file when the Board issues your license).

The screenshot shows the 'Application Information' page. On the left, there is a sidebar with 'Application (PA)' and 'Profile View'. The main content area is titled 'Application Information' and contains the following details:

Type	Physical Therapist Assistant	Received	04/05/2017
Basis	PTA NPTE (new grad)	Reference #	
Status	In Process	Confirmation	

Below this is an 'Addresses' section with a table:

Location	Address	Public Mailing	
Home	Minneapolis, MN 55404	<input checked="" type="checkbox"/>	
Other	Madison, WI 53703	<input checked="" type="checkbox"/>	

The bottom half of the page is the Checklist of Requirements. The Board uses this checklist to communicate which items have been received for your application and which items are still pending. Click the blue comment bubble () to view comments from the Board regarding that particular application item. If the status of an item is “Open”, please view the corresponding comment bubble to see what the Board needs for that item. If the comment requests that you send an email with information, please send the email to physical.therapy@state.mn.us

Checklist of Requirements			
Received	Status	Description	Comment
04/05/2017	Completed	Application Fee	
-	Open	Practice Questions
