3. **If your official transcript does not reflect completion of 700 clock hours of supervised field experience (only lists credits earned) you will need to request other official verification.** This may be accomplished by having the program director or equivalent from your school submit a letter directly to the Board office, verifying 700 hours of supervised field experience. In the alternative, you may have your site supervisor(s) submit a verification letter directly to the Board office if the supervisor indicates their professional title and their professional relationship to you (for example “site supervisor”). The verification letter(s) must list the clock hours that were accrued.
