

(3) obtain informed consent, according to Minnesota Rules, part 3100.9600, subpart 9, for treatments authorized by the collaborating dentist within the licensed dental assistant's scope of practice;

(4) apply topical preventative agents, including fluoride varnishes and pit and fissure sealants;

(5) perform mechanical polishing to clinical crowns not including instrumentation;

(6) complete preliminary charting of the oral cavity and surrounding structures, except periodontal probing and assessment of the periodontal structure;

(7) take photographs extraorally or intraorally; and

(8) take radiographs.

(c) A collaborating dentist must be licensed under this chapter and may enter into a collaborative agreement with no more than two licensed dental assistants, unless otherwise authorized by the board. The board shall develop a process and parameters for obtaining authorization to collaborate with more than two licensed dental assistants. The collaborative agreement must include the elements listed in subdivision 1a, paragraph (b).

Subd. 3. **Dental technicians.** Every licensed dentist and dental therapist who uses the services of any unlicensed person, other than under the dentist's or dental therapist's supervision and within the same practice setting, for the purpose of constructing, altering, repairing or duplicating any denture, partial denture, crown, bridge, splint, orthodontic, prosthetic or other dental appliance, shall be required to furnish such unlicensed person with a written work order in such form as shall be prescribed by the rules of the board. The work order shall be made in duplicate form, a duplicate copy to be retained in a permanent file of the dentist or dental therapist at the practice setting for a period of two years, and the original to be retained in a permanent file for a period of two years by the unlicensed person in that person's place of business. The permanent file of work orders to be kept by the dentist, dental therapist, or unlicensed person shall be open to inspection at any reasonable time by the board or its duly constituted agent.

Subd. 4. **Restorative procedures.** (a) Notwithstanding subdivisions 1, 1a, and 2, a licensed dental hygienist or licensed dental assistant may perform the following restorative procedures:

(1) place, contour, and adjust amalgam restorations;

(2) place, contour, and adjust glass ionomer;

(3) adapt and cement stainless steel crowns; and

(4) place, contour, and adjust class I, II, and V supragingival composite restorations on primary and permanent dentition.

(b) The restorative procedures described in paragraph (a) may be performed only if:

(1) the licensed dental hygienist or licensed dental assistant has completed a board-approved course on the specific procedures;

(2) the board-approved course includes a component that sufficiently prepares the licensed dental hygienist or licensed dental assistant to adjust the occlusion on the newly placed restoration;

(3) a licensed dentist or licensed advanced dental therapist has authorized the procedure to be performed; and

(4) a licensed dentist or licensed advanced dental therapist is available in the clinic while the procedure is being performed.

(c) The dental faculty who teaches the educators of the board-approved courses specified in paragraph (b) must have prior experience teaching these procedures in an accredited dental education program.
