At its meeting on April 21, 2016, the Licensure Committee passed a motion recommending that the Board delegate authority to Board staff to issue credentials to applicants who satisfactorily demonstrate that they have met all minimum requirements for licensure/registration. A similar motion was considered and passed by the Policy & Planning Committee on December 15, 2015. The Licensure Committee and the Policy and Planning Committee recommend that the Board delegate authority to Board staff to issue credentials to applicants who satisfactorily demonstrate that they have met all minimum requirements for licensure/registration and have no adverse or questionable conduct to consider.

After Board discussion, a motion to delegate authority to Board staff to issue credentials to applicants who satisfactorily demonstrate that they have met all minimum requirements for licensure/registration and have no adverse or questionable conduct to consider passed unanimously. If the Attorney General's Office finds that this delegation has to be made through statute, the Board will reconsider the above motion.

Agenda Item 8: Executive Director's Report

Ruth M. Martinez, M.A., provided a summary of the Executive Director's Report.

The Board continues to participate on the SOOP Work Group, which convenes monthly.
- Interstate Collaboration in Healthcare
The Board continues to participate on weekly conference calls with the Interstate Collaboration in Healthcare.
- National Governors' Association (NGA) Health Care Workforce Technical Assistance Program
The Board continues to participate on the National Governors' Association Health Care Workforce Technical Assistance Program.
- Immigrant International Medical Graduate (IIMG) Stakeholder Advisory Group
Board representatives Molly Schwanz and Ruth Martinez hosted meetings of the Licensure Study work group, and participated in meetings of the Alternate Pathways work group and the larger Stakeholder Advisory work group.
- Metro Minnesota Council on Graduate Medical Education (MMCGME)
On March 22, 2016, MMCGME Director Troy Taubenheim and his fellow representatives met with Board staff to discuss opportunities for sharing licensing data to enhance planning for graduate medical education.
- One Health MN Antibiotic Stewardship
This group talks about antibiotic impact on the community. The group continues to meet to develop a strategic plan for future activities. Ms. Martinez plans to participate in scheduled meetings and calls.
- Board of Medical Practice/Office of Health Facility Complaints
On March 16, 2016, Board staff met with representatives from the MN Dept. of Health, Office of Health Facility Complaints to continue discussions regarding sharing of information, report updates and other relevant issues.
- Interstate Medical Licensure Compact (IMLC) Commission Meeting
On March 31 – April 1, 2016, Minnesota hosted the third meeting of the IMLC Commission at the Stassen Building in St. Paul, Minnesota. The meeting was open to the public. Meeting minutes and notices of upcoming meetings and rules hearings are posted on the Board's website. The next meeting of the Commission will be in Salt Lake City, UT on June 24, 2016. The IMLC Commission is preparing to pilot issuance of licenses and will review a proposed plan at the June meeting.

Jon T. Thomas, M.D., M.B.A., IMLC Commissioner and member of the IMLC Technology Committee reported that the Technology Committee is exploring a solution to transport pertinent documents for a physician application from the state of principle licensure to other participating

states using a cloud-based program called DocuSign. The program is low cost and may even be free if there isn't a large volume of transactions. Most Commissioners are interested in seeking simple, cost effective solutions. However, a few people Commissioners envision a brick-and-mortar Commission building with an executive director, which would cost several hundred thousand dollars a year. At the next IMLC meeting in June, detailed plans and funding will be presented to the Commission.

- MN Psychiatric Association

Board staff was invited to present at the annual meeting of the Minnesota Psychiatric Association on the topic of ethical issues in mental health. Ms. Martinez presented on *Partnering for Success in the Physician – Patient Relationship: Setting clear expectations, establishing treatment goals, and enforcing professional boundaries*, and participated on a panel with other keynote presenters. The meeting was held at the American Swedish Institute in Minneapolis.

- Federation of State Medical Boards (FSMB) Annual Meeting

Board members and staff attended the FSMB Annual Meeting in San Diego, CA.

Ms. Martinez and Shirley Brekken, Executive Director of the Board of Nursing, co-presented with William Sage, M.D., J.D., Professor at the University of Texas School of Law, on *Interprofessional Collaboration and Regulation*.

The FSMB House of Delegates considered a resolution involving pharmaceutical compounding in physicians' offices that was presented to the Reference Committee. The resolution will be further studied over the summer. Ms. Martinez has received correspondence from various specialty groups that do compounding in the office and will direct interested parties to forward concerns to the study group facilitator at the FSMB.

Board staff received a report from the FSMB summarizing the activities of the House of Delegates. The report will be forwarded to Board members after the Board meeting.

After hearing a keynote address at the FSMB Annual Meeting by Surgeon General Vice Admiral Vivek H. Murthy, M.D., M.B.A., Ms. Huntley suggested inviting Dr. Murthy to present at a future Board meeting. Ms. Martinez contacted the Surgeon General's Office for instructions on extending an invitation. Ms. Martinez will work with Keith H. Berge, M.D., to consider scheduling a Board meeting with the Surgeon General at the Mayo Clinic. MMA might also be interested in partnering with the Board to coordinate a meeting locally if the Surgeon General is available to visit Minnesota.

Ms. Martinez expressed gratitude to the FSMB for partnering with the Board to notify FSMB Annual Meeting attendees about the Minnesota Welcome Reception. FSMB sent two e-mail blasts and informed attendees at hotel check-in of the Reception. Ms. Martinez received several messages from attendees thanking the Board for hosting an outstanding Reception. Ms. Martinez thanked Terry Statton for contracting with the Board to provide Minnesota honey samples as a give-away for attendees at the Minnesota Welcome Reception (Reception). Approximately 200 people attended the Reception, making it the most well-attended event hosted by the Minnesota Board of Medical Practice at an FSMB Annual Meeting.

The Board expressed how very proud its members are of our current Board member Mark Eggen, M.D., and former Board member Gregory Snyder, M.D., who campaigned for elected office. Congratulations to Dr. Snyder on his election as Chair-Elect of the FSMB Board of Directors. Dr. Eggen was encouraged to consider a future campaign for elected office and the Board expressed its commitment to rally around Dr. Eggen and other Board members interested in elected office. Dr. Eggen thanked the Board.

- Federal Trade Commission Lawsuits
The Board discussed whether or not the Board is at risk of lawsuits by the Federal Trade Commission, following the Supreme Court ruling on the North Carolina Dentistry case. Ms. Martinez believes that the Board has good processes in place, including due process for licensees and individual case involvement and review by the Attorney General's Office (AGO). The Board absolutely needs to follow due process when arriving at decisions on cases. Assistant Attorney General Brian Williams stated that the AGO continues to monitor and gather information relating to FTC cases involving health licensing boards across the country.
- Prescription Monitoring Program Grant
Ms. Martinez received notice from the Director of the MN Prescription Monitoring Program (PMP), Barbara Carter, announcing that Mayo St. Mary's Emergency Department has been awarded a grant to assist in implementation of an integrated solution to allow access to the PMP via the electronic medical records system.
- Joint Statement Regarding NTSB Guidance
In January 2015, the MN Boards of Medical Practice, Nursing and Pharmacy (Boards) received a letter from Governor Dayton asking the Boards to respond to a National Transportation Safety Board (NTSB) guidance document recommending that healthcare providers discuss with patients the effects of medical conditions and medication use on the ability to safely operate a vehicle in any mode of transportation. The Boards developed a Joint Statement in response to the Governor's request, which was adopted by each Board and published in January 2016. On May 12th, 2016, the Boards received a letter from Governor Dayton stating his satisfaction with the Joint Statement developed and adopted by the Boards.
- Inaugural Minnesota Tri-Regulatory Symposium
The Boards of Medical Practice, Nursing and Pharmacy finalized plans to host the first Minnesota Tri-Regulatory Symposium on June 1, 2016, at the Commons Hotel in Minneapolis. An agenda has been distributed. The Symposium is modeled after two symposia convened by the national collaborative of the Federation of State Medical Boards (FSMB), National Association of Boards of Pharmacy (NABP), and National Council of State Boards of Nursing (NCSBN). Speakers include Doris Gundersen, M.D., Medical Director of the Colorado Physician Health Program, and Barbara Brandt, Ph.D, Director of the University of Minnesota Center for Interprofessional Practice and Education. Panelists include Chief Executive Officers of the FSMB, NABP and NCSBN, and Officers of the Minnesota Boards of Medical Practice, Nursing and Pharmacy. Invited guests include Governor Dayton, key legislators, and members and staff of Minnesota's Boards of Medical Practice, Nursing and Pharmacy. Ms. Martinez encouraged Board members to attend.
- Other Activities
 - As required by Minnesota Management and Budget, staff performance evaluations were completed in April 2016.
 - Mary DelaHunt joined Board staff on March 29, 2016 as a licensure specialist. Vicki Chelgren, Licensure Specialist, retired on April 1, 2016.
 - An overview of the process for conducting criminal background checks (CBC) was provided to Board staff by CBC Program Director Sean McCarthy. Criminal background checks were mandated by statute in 2014 for all health licensing Boards to implement by 2018. Criminal background checks will be implemented by the Board of Medical Practice during 2016. Ms. Martinez will keep the Board updated on implementation processes for criminal background checks.
 - Board staff, Ms. Schwanz and Ms. Martinez, participated in testing and provided feedback regarding a new, on-line open appointments application at the Secretary of State's office.

- Ms. Martinez informed the Board that she and Dr. Berge have been invited by the Department of Health to again participate on the Drug Diversion Coalition in which they previously participated in 2011/2012.

- Legislation

Board staff continues to participate in the 2016 legislative process to advance or monitor progress of several bills, including the following:

- SF 454/HF 1036: Physician assistant housekeeping modifications; temporary suspension process alignment; and traditional midwifery statute modifications.
The housekeeping bill to modify the Physician Assistant Statute failed to pass last year. The bill included revisions to the Midwifery Statute, as well as changes to align internal and administrative hearing processes in Minn. Stat. §214 related to temporary suspension of licenses. Ms. Martinez apologized that the bill failed to pass last year because of the temporary suspension language. This session, the bill included an amendment to the traditional midwifery practice act to allow a recommendation for the physician appointee to the Traditional Midwifery Advisory Council to be made by the professional association, rather than the Minnesota Medical Association.

On May 4, 2016, representatives of the health licensing boards testified before a conference committee (Representatives David Baker, Tara Mack, Debra Hilstrom, Senators Chris Eaton, Mary Kiffmeyer, and Melissa Wicklund). Language proposed by the boards, or language on which the board has taken a neutral position, was approved by the conference committee. The conference committee's report will be presented to the House and Senate for final approval of the bills.

Ms. Martinez thanked the Attorney General's Office and the Office of Administrative Hearings for their work on the language for this bill.

- SF 2341/HF 2445: Osteopathic physician housekeeping modifications.
The Osteopathic Housekeeping bill has passed in both the House and Senate.
- SF 1440/HF 1652: Expansion of access to prescription monitoring program data.
The bill, in part, allows expanded access to PMP data when a regulatory board is actively investigating prescribing practices of a licensee/registrant and requires mandatory registration for prescribers. The bill does NOT mandate use of the PMP.

Ms. Martinez noted that despite some technical difficulties, a link to the MN Prescription Monitoring Program registration site was successfully implemented into the Board's on-line renewal processes for physicians and physician assistants.

- There is a related pharmacy bill that addresses safe disposal of controlled substances. It allows people to return unused medications to a pharmacist, rather than requiring take-back by law enforcement authorities.
- SF 37/HF 978: Authorizes licensing of genetic counselors under the jurisdiction of the Board of Medical Practice.
The Policy & Planning Committee recommended that the Board take a neutral position on the bill, which it did at its meeting on March 12, 2016. The bill, introduced during the 2015 legislative session, is moving successfully through House and Senate committees during the 2016 session and is expected to pass.
 - Ms. Martinez asked Minnesota Medical Association representative Ms. Knoedler and Physician Assistant representative Gay Lentfer, P.A., if they had any legislative information to share. Ms. Knoedler did not. Ms. Lentfer stated that the

Board shouldn't forget physician assistants in the Interstate Licensure Compact (ILC) process. Ms. Martinez and Jon T. Thomas, M.D., M.B.A., noted that the IMLC Commission is aware of the physician assistants' interest in a compact.

- SF 2609/HF 3038: Modifying the MN Athletic Trainers Act; moving from registration to licensure; expanding scope of practice for athletic trainers.
 - Board staff met with legislative authors and with MN Athletic Trainers Association representatives to learn more about the bill and to offer suggestions on how to interact with the Board on legislation that may impact existing statutes or rules.
 - Proposed amendments to the athletic trainer practice act include removal of the requirement for athletic trainers to establish a protocol with a physician; modifies reference to "athlete" and replaces with "patient" and authorizes patient care; and allows athletic trainers to "provide patient care under the direction of, on the prescription of, or in collaboration with" a person from "any licensed health profession..."
 - The bill is unlikely to advance during the 2016 legislative session but is likely to be reintroduced during the 2017 session.
 - The bill's most significant opponent is the MN Physical Therapy Association.

Agenda Item 9: Federation of State Medical Boards' (FSMB) Annual Meeting Instructions

Agenda item 9 was discussed with the Executive Director's Report, Agenda Item 8.

Agenda Item 10: Corrective and Other Actions

The Corrective and other actions were presented for Board information only.

Agenda Item 11: New Business

1. Because Board members are not allowed to print from their state issued iPads, Mr. Kaplan requested that any public documents distributed by Board staff be sent to Board members private e-mail addresses. Ms. Martinez agreed.

3. Mr. Kaplan made a motion to study the sixteen states that currently mandate use of a prescription monitoring program prior to prescribing opioids to find out the impact on physician delivery of services.

The Board discussed the motion. Patricia J. Lindholm, J.D., FAAFP, moved that the Federation of State Medical Boards study the impact on physician delivery of services in the sixteen states that mandate the use of a prescription monitoring program prior to prescribing opioids. Mr. Kaplan accepted the amendment.

After Board discussion, the amended motion to ask the Federation of State Medical Boards to study the impact on delivery of services by prescribers in states that mandate prescription monitoring program use prior to prescribing an opioid passed unanimously.

PASSED PASSED AMENDED LAYED OVER DEFEATED

BACKGROUND:

Mr. Rasmussen is the Board's representative and Chair of the Health Professionals Services Program (HPSP) Program Committee. Attached is his report of the May 10, 2016, HPSP Program Committee meeting.

HPSP Report

The Health Professional Services Program (HPSP) Committee met on May 10, 2016, at 10:00 a.m. Once again the attendance was excellent as all the Health Regulatory Boards were represented.

Monica Feider, HPSP Director, presented an informational report on the Federation of State Physicians Health Programs' annual conference which she attended. Some members suggested that communication between other state agencies, or programs like HPSP would be helpful by sharing best practices and governance models.

HPSP's Governance Planning Work Group did not report because they had not met since the last Program Committee meeting. The Work Group will meet on June 9, 2016, at 4:00 p.m., and report at the August 9, 2016, Program Committee meeting.

Brian Williams from the Minnesota Attorney General's Office attended the meeting to discuss criminal background checks for appointees to the HPSP Advisory Committees. He and members of the Program Committee discussed what type of information to collect and what information would be required in the interest of public protection. The present Secretary of State application does ask the applicant if they have been convicted of a felony. After much discussion, the Committee voted to continue the use of the present application and continue the three member committee to review Advisory Committee applicants and make recommendations to the Program Committee. The chair will appoint replacement members when necessary. Tracy Erfourth presented a case review involving the 2014 legislative reporting requirement for drug diversion. See attached Minnesota Statutes.

MN Tri-Regulatory Symposium

On June 1, 2016, the Minnesota Boards of Medical Practice, Nursing and Pharmacy held the inaugural MN Tri-Regulatory Symposium at The Commons Hotel in Minneapolis. The Symposium was a great success, with more than 60 attendees representing the national regulatory organizations and the Minnesota Boards of Medical Practice, Nursing and Pharmacy. Presentations by the national organizations' Chief Executive Officers and Speakers Dr. Barbara Brandt and Dr. Doris Gundersen were well-received. A survey has been distributed to attendees and feedback will be reported at a future Board meeting. Board members and staff who attended the Symposium are invited and encouraged to offer comments.

The Boards' tri-regulatory initiatives have been recognized both locally and nationally.

Interstate Medical Licensure Compact (IMLC) Commission Meeting

On June 24, 2016, the IMLC Commission held its fourth meeting in Salt Lake City, Utah. Since the last meeting in St. Paul on March 31 – April 1, five states have joined the IMLC, bringing the total number of member states to 17. New Commissioners were welcomed and the Executive Committee presented its report and a timeline for implementing issuance of licenses through the IMLC. IMLC committees reported on committee work since the last meeting and requested action on specific issues. The Commission passed a Conflict of Interest Policy and a resolution specifying that it does not have a conflict of interest with the Federation of State Medical Boards in its facilitation of IMLC activities. The Commission passed a motion to set a target date of January 2017 to begin issuing licenses, and gave direction to committees for the significant work that will be required to meet the January 2017 target date. The Commission set dates for future meetings on August 24, 2016, via conference call, and for an in-person meeting in Kansas City, Kansas on October 3, 2016.
