### INSTRUCTIONS TO APPLICANT

RESIDENCY PERMIT [MN Statute 147.0391, subd. 1](#) requires a person to have a residency permit while participating in an approved residency program or other Board approved graduate medical education program unless licensed by the Board. A separate residency permit is required for each residency program until the applicant is licensed. The residency permit holder shall submit written notification to the Board within 30 days after termination of participation in a residency program.

The Residency Permit only allows an individual the privilege of functioning in the approved institution setting. The practice of medicine outside such a setting, i.e., insurance physicals, remuneration outside the residency program, etc. may be a violation of the Minnesota Medical Practice Act and may result in the implementation of formal legal action against the violator, or denial of permanent licensure or both.
