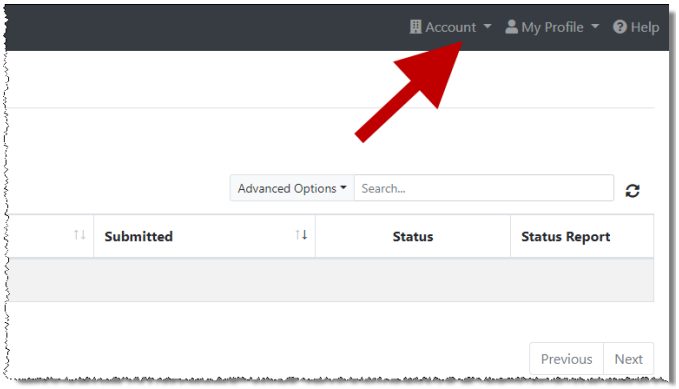
8.2 Adding States to Your Upload Account

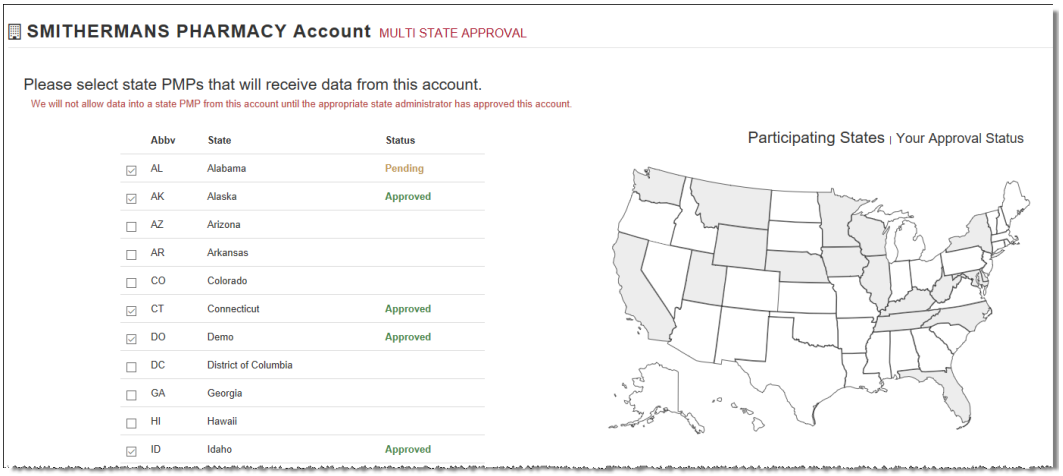
If your organization needs to submit data files to an additional state that uses PMP AWARxE, you can submit the request through PMP Clearinghouse.

1. Log in to PMP Clearinghouse.
2. Click **Account**.



3. Select **Multi State Approval** from the **Account** drop-down menu.

   The Multi State Approval page is displayed. This page displays all states currently using the PMP AWARxE system as well as your data sharing status with each state.



4. To request to submit data to another state, click to select the checkbox next to that state.

   PMP Clearinghouse automatically saves your changes, and your request is submitted to the state's PMP administrator for review and approval. Once the request has been approved, the status for that state will change from "Pending" to "Approved," and you may begin submitting data to that state's PMP.

Notes:

- *If you are submitting data via SFTP, the file must be located in the proper sub-folder to ensure delivery to the desired state PMP.*
- *To cancel data submission to a state's PMP, uncheck the box for that state. Note that if you need to submit data to that state again in the future, you will have to go through the approval process again.*
