TRADITIONAL MIDWIFE
Application Instructions and Requirements

Please thoroughly review these materials before submitting your application. Any processing fees incurred are your responsibility. The Board reserves the right to reject any outdated applications submitted; therefore, it is recommended that you complete the application in a timely manner. Incomplete applicant files will be destroyed after six months of inactivity.

Methods of Licensure

The statute establishes eligibility for licensure by general or reciprocity, and applicants must select one on the application. All applicants must submit a completed application and appropriate fees online at MN Health Board or by paper to the Medical Board.

General Licensure Requirements

- Current certification of valid and current North American Registry of Midwives (NARM) credential as a certified professional midwife (also serves as documentation verifying the practical experience requirement and approved education program or internship). Obtain through NARM website.

Licensure by Reciprocity Requirements

- Current certification of valid and current North American Registry of Midwives (NARM) credential as a certified professional midwife (also serves as documentation verifying the practical experience requirement and approved education program or internship). Obtain through NARM website.
- Current and unrestricted license from another state which requires NARM accredited program and NARM certification as a certified professional midwife. Verification form included in application packet; will also accept other emailed or mailed verification directly from source (e.g. state board).

The following requirements must be sent directly to the Minnesota Board from the facility/person completing the form:

- **Direct verification of active/expired Licensure/Registration/Certification**: The Verification of Licensure/Registration/Certification Form or the verification of licensure letter can be sent from the state to the Medical Board by email or mail. Verification letters can also be requested through VeriDoc Inc. to the Medical Board. Go to https://www.veridoc.org/ to have a verification letter sent from another participating state board to the Medical Board. If the state does not do verifications, please forward the email response from state stating they do not do verifications or email the link to the state website showing the verbiage the state does not do verifications to the Medical Board and attach the pdf verification from the state website. The Board must receive a separate verification form completed by each state board where you have ever held a healthcare professional license/registration/certification.

Medical Consultation Plan (Certification of Use)

To be eligible for licensure as a traditional midwife, Minn. Stat. §147D.11 requires that an applicant develop a medical consultation plan, including an emergency plan. The plan must describe guidelines and under what conditions the plan is to be implemented for:

1. Transfer of care;
2. Documented medical consultation; and
3. Immediate transport to a hospital.

The conditions requiring the implementation of the Medical Consultation Plan must meet, at a minimum, the conditions established by the most current edition of the Minnesota Midwives Guild in the Standards of Care.

To simplify the application process and ensure that the Medical Consultation Plan requirements are met, a Medical Consultation Plan has been included in the application packet.

I certify that I will use the Medical Consultation Plan as provided in my application packet including the most current edition of the Minnesota Midwives Guild in the Standards of Care.

This plan has not been approved by (name of practice).

Date: _____ Midwife's Signature: _____

Reasons: _____

All midwives licensed by the State of Minnesota are required by law to have an "emergency transport plan" for every client under their care. The law in itself does not define what an "emergency" is. As part of the transport plan, when the situation may be life-threatening to the client or baby, call 911. Those types of situations/conditions may be, but are not limited to: suspected or known placental abruption, cord prolapse, hemorrhage not responding to treatment, suspected severe fetal distress determined by fetal heart tones, cardiac arrest, eclampsia/maternal convulsions, APGAR of 6 or less at 5 minutes and not improving, etc.

Most situations where a client needs to be at the hospital will occur during the intrapartum and immediate postpartum period. To review situations that would require transfer, please request a copy of the most current Minnesota Midwives' Guild Standards of Care or Minnesota Council of Certified Professional Midwives's (MCCPM) Indications for Consultation, Referral, and Transfer of Care in Out of Hospital (Home and Birth Center) Midwifery Practice.
