Dear Dr. Tyler:

The Complaint Resolution Committee of the Minnesota Board of Optometry reviewed your Agreement for Correction Action (ACA) and documentation you submitted in support of satisfaction of the terms contained therein. The Committee concluded that the Agreement has been satisfied. You have now met the requirements of the Agreement for Corrective Action and your license listed as Active.

The Committee reminds you that the Agreement for Correction is non-disciplinary and the intent is to focus education to current contemporary standards of practice. The original ACA and this letter are classified as public documents.
