
RFO Number RFO0114
Requesting Entity Name Human Services Department
Request Title FileNet 5.2.x Upgrade and Commerce Migration
Request Description The IBM FileNet P8 environment at DHS is running on version 5.1 on Solaris hardware, and needs to be upgraded to version 5.2.x on Linux hardware. The move to 5.2.x incorporates a rather major technical change, which involves combining the Content and Process engines into one engine / database. We are looking for technical assistance and expertise in order to make this change successfully and efficiently. Once the upgrade is complete, FileNet P8 content currently stored in a 4.5 environment needs to be migrated over to this environment. As a part of that migration, existing systems and connections residing at Department of Commerce will need to be configured to connect with the new FileNet 5.2.x environment.
