

RFO Number RFO0118
Requesting Entity Name Human Services Department
Request Title MNsure Project - Java Developers
Request Description MN.IT@DHS is issuing this Request for Offers (RFO) to procure the services of three (3) JAVA Developer/Programmers with experience in large and complex systems development projects. Successful Responders will be responsible for the development of and production maintenance support to the ESOR (Enrollment System of Record) or any other project under the MNsure Java Development/Integration Team. The successful Developer/Programmers must be able to provide diagnostic analysis of the MNsure system as issues are reported. Diagnostic analysis includes changes required due to system modifications or newly introduced code from adjoining systems such as IBM/Cúram, Connecture, EngagePoint product suite and ESOR (Enrollment System of Record), etc. We expect the applicant, upon request, to analyze a reported issues, offer solutions, and to help troubleshoot as well as provide root cause analysis.

Contract(s) Awarded
